Interesting Program for the Eleventh Annual Session.

IT WILL BE OPENED EARLY IN JULY

Location of the Assembly Is One of the Attractive Features-How a Pleasant Outing May Be Spent-Literary News Notes.

CRETE, Neb., June 12 .- | Special to THE BEG. |-The program for the eleventh annual session of the Crete Chautauqua assembly which will be in session from July 6 to July 16, are now ready for distribution and compare favorably with that of any previous year. This is the oldest and best Chautauqua assembly in the state, and its programs are always superior to those western assemblies. Its locaother

also very superior and desirable. The 109 acros of beautiful campus, grove and river bank, the meturesque scenery, the twenty-six permanent buildings, and the hundreds of snug tents, render the Crete assembly grounds a most delightful place in which to spend a summer

outing.
People who desire to make the most of their brief summer vacation and get the most physical, mental and spiritual enjoy-ment for the least money, can go no better than attend the coming session of the assembly People from other towns often make up parties of friends and come together for a fortnight tenting in the woods. Thus they add social pleasure to the many pleasing features of the assembly program. The trip costs them but little money, and yields them large returns of pleasure and profit.

The program this year is, as usual, in strict accord with the original Chautauqua plan. In fact, on the Crete program are several names that also appear on the New York Chautauqua program. This speaks well for the Crete program, for none but the best are telerated at the original Chau. best are telerated at the original Chau-

Superior Lectures Promised,

That there are to be some superior lectures this year is verified by a casual glance at the program for the coming session. Among the lecturers we notice the names of Dr. Henson of Chicago, Drs. Duryea and Thain of Omana, Rev. Smith Baker, D.D., of Boston, Rev. Albert Bushnen of St. Joseph, Mo., and others equally interesting. Dr. Lasby will give two of his popular stereopticon lectures, one being a superbly illustrated lecture on "The Passion Play of Ober Ammergau." The efficient Mrs. P. V. M. Ammergau." The efficient Mrs. P. V. M. Raymond of Lincoln, who conducted the Lincoln May festival so successfurly, is musical director, and will conduct two chorus training classes daily. This gives all an opportunity of enjoying first-class musical drills free of charge. Mrs. Raymond will also conduct the concerts which are always such an attractive feature of the assembly. She will be assisted by the assembly. She will be assisted by the Acme quartette of Lancoln, the Assembly chorus, and the Lincoln May fescival chorus of over sixty voices. In May people from all over the state went to Lincoln and paid a funcy price for the privilege of hearing this fine chorus. It can be heard at the Crete assembly for the usual admission fee.

There will be the usual daily bible and normal classes, children's and teachers' classes, Chautauqua Literary and Scientific Circle, round table, etc. These will all be conducted by earnest and competent in-

A new feature is found the Sunday School hour at 4:30 each day. These meetings will be conducted by a number of earnest workers, among whom are noticed the names of the president and vicepresident of the Ne-braska State Sunday School association, Mrs. Cathoun Dixon, a reader and impersonator who is well and favorably known throughout the country, will give one or two of her pleasing entertainments. She will also give daily instruction in elocution and voice culture. Rev. Willard Scott, the president of the assembly will preside at the various platform meetings. This assures capable management, for there are few more capable and pleasing ministers than Dr. Scott. He will also preach the as sembly sermon and conduct some of the morning prayer meetings. Altogether this eleventh annual session of

the Crete assembly promises to be very pleas ing and successful. The public is cordially invited to attend it, thus helping along the great Chantauqua movement and at the same time gaining much personal pleasure and

THE BEE. |- The Hartington High school commencement exercises were held at the First Baptist church Saturday evening. The building was packed and many persons turned away. There were only two graduates this year, Misses Carrie Felber and Abbie May Merrill. Miss Merril's oration, entitled "True greatness," was delivered in a very able manner and was very interesting to the large audience. Miss Felber's oration, en-titled "Co-operation and Individuality," was delivered in a very acceptable manner, and showed much study and preparation.

FRANKLIN, Neb., June 12.—[Special to THE BEE. |—The graduating exercises of the class of '92 of Franklin academy occurred Thursday before a large gathering of friends and visitors from surrounding communities and this vicinity. There were two graduates

of the classical course, Charles B. Elkins and Miss Kittle Shackleton; five of the scientific course, Miss Maud Bishop, James I. Cochrano, Miss Jessie Dean, Chancy D. Warner and Charles A. Yeoman, and three in the business course, Hendrick E. Paine, Miss Stella Paine and Joseph E. Taylor.

In the afternoon the annual address was delivered by Rev. Dr. Thain of Omaha and was an impressing discourse. The Care of the Car was an impressive discourse. The house was beautifully decorated and
the program was insterially helped by
selections rendered by Chadron's musicians.
The class consisted of Edward Eason, Bert
Renshaw, Bess O'Llon, Maggie Miaka and Minnis Bendixon. The entire class rendered their orations and essays with unusual spirit, and we think will compare very favorably,

as regards—their course of study, with any nigh school in the state. Tuesday night about 250—prominent people ant down at the annual banquet of the Chad-ron neadeny. Numerous toasts were reron academy. Numerous toasts were re-sponded to, after which all college graduates In the audience joined to singing the old time college songs. It was indeed a treat to see men and women whose hair is now be ning to turn gray sing the old songs, Wednesday evening the commencement ex-orcises were held at the First Congregational church. After the five business gradu-ntes were presented with their diplomas, the graduates in the scientific and classical courses delivered their orations. The fol-lowing were the members of the class-James Brown, Ada Brown, Edwin Arnold, Nathan Gardner and Craig Bowdish. In this as well as in the High school, the music furnished by our home talent was a very important part of the program. The Chadron academy is one of which this

portion is, and has just right to be proud. About three years old, having an elegant three story and basement brick building, with a campus unexcelled, it has the start a. far as buildings and apparatus is concerned, that will seldom be seen in a school of its age. The enrollment for the past term has been in the neighborhool of 100, besides many of the young folk of the town who

Wilber's Interesting Program. WHERE, Neb., June 12 .- | Special to THE -The Seventh annual commencement of the Wilbur High school at the Methodist Episcopal church Friday evening attracted a large cathering of Wilber's people, and proved an intellectual feast of no ordinary degree. It was composed of three young ladies who are not only the idols of their friends, but the pride of the community. Miss Birtle Kilgore, the sal itatorian, discoursed upon "The Progress of the Ages," Miss Pearl Tucker, upon "Hope and Memory," and Mary Tocka, the valedictorian, upon "Every Cloud Has a Silver Lining."

DOUGLAS ADDITION.

Why the Matter Should Be Voted Upon

Favorably Set Forth. OMAHA, June 11,-To the Editor of THE Bee: I desire through the medium of your paper to call the attention of the public to the proposition to be voted upon on the 16th of the present month, to ratify and confirm the action of the Board of County Commissioners in respect to platting and selling a portion of the poor farm now known as Douglas addition.

I do not think it necessary to enter into

any argument in support of the proposition, but the voters of the county are entitled to an explanation of the causes which have

given rise to its submission. At the general election in 1886, there was submitted to the people of Douglas county a proposition to authorize the Board of County Commissioners to plat and sub-divide the east fifty acres of the Douglas county poor farm and to sell the lots to such persons as might desire to purchase the same. At the election at which this proposition was submitted there was cast in favor of it 2,930 votes and against about 700. tion having received, therefore, more than two-thirds of all the votes east upon that subject was declared carried and was by all of the public officials of the county at that time honestly believed to have been carried. The county commissioners thercupon caused the east fifty acres of the poor farm to be surveyed into lots, blocks, streets and alleys and advertised the same for sale, and at a publi sale heid in the early part of 1887 sold a great many of these lots at such prices as purchasers were willing at that time to pay. The money raised from the sale of lots went into a fund known as the "hospital fund" and was expended as far as collected in the construction of the Douglas county hospital. A very large part of the purchase price still remains to be paid and is secured by mortgages upon the lots, and suits are now pending to foreclose a part of these mortgages. Since the saie of these lots, however, the supreme court in s similar case from another county has de-cided that in order to carry a proposition of that kind there must be cast in its favor not less than two-thirds of the votes of all persons voting at that election and not merely two-thirds of all votes cast upon the proposition. As there were over 9,000 votes pelled at the general election in 1886, it is apparent that there were not cast in favor of the proposition twothirds of the votes of all persons voting at that election, and this has given rise to a serious question as to the validity of the title conveyed by the county and serious re-suits have followed. First, persons who have purchased lots and have paid for them and made improvements thereon and desire to hold and retain their property, find their titles in a measure clouded, and should

they see fit to sell or to mortgage their property would find great difficulty in doing so. Second, a number of persons who have bought lots from the county new want, to "trade needs" from the county now want to "trade back" and make use of this apparent cloud upon their titles as a reason why the county should receive back lots and pay them the should receive back lots and pay them the amount of money paid as part of the purchase price, with interest at the rate of 7 per cent. Claims of this kind have been presented to the county, up to the present time, aggregating more than \$130,030, and should the courts decide that these people are entitled to have their money back a tax will have to be levied upon the property of the county to meet these claims and others of like nature, which will doubtless require of like nature, which will doubtless require the creation of a judgment fund of upwards

The object of the proposition now before the people is to secure their ratification of the sales made by the Board of County Comthe sales made by the Board of County Com-missioners and thus at once to perfect and quiet the little of all purchasers who desire to retain their lots, so that such purchasers may have clear and unclouded title to their property, and at the same time to put the county in a position to furnish absolutely good titles to all other purchasers and thereby cut off their claim to recover \$200,000 or up-wards from the county upon a mero techni-

The people who have the power to author ize a saic of lands by the county commission ers have unquestionably the power to ratify such sale after it has been made and should the proposition now pending before the voters be adopted by not less than two-thirds of all votes cast at the election to be

Their Home Burned. A one-story frame cottage at Sixteenth and Wyman streets was burned to the ground early yesterday morning. The building was not worth over \$100, but to at least two people it seemed a loss that could never be repaired. The cottage belonged to Anton Soviatski, who occupied it with his wife and infant child. Anton had only been in this country a year and his wife joined bim about three months ago. They had invested all their savings in the little unsightly building and the meage stock of furniture that it contained. They were awakened yesterday morning by the hot breath of the flunes and in a quarier of an hour all their earthly possessions were in
