

THE CONDITION OF TRADE

The Wholesale Trade of Omaha Continues Good.

COLLECTIONS REPORTED AS VERY GOOD

Business in Omaha both in a jobbing and a retail way very satisfactory--Movement of Goods, Never Larger Than Now.

Another week has rolled around and still the enormous trade which Omaha jobbers have been enjoying shows no signs of abating.

The railroads have also been crowded and they have been unable to deliver goods with the usual promptness.

It is this urgency that rushes the jobbers and crowds the freight departments of the railroads.

While this condition of business means lots of work it is at the same time a relief to the jobber, as there is no rush to get goods better than to be rushed with orders.

Another agreeable feature connected with the jobbing trade is the fact that collections are good.

The amount of farm products held until late in the season is small.

Omaha's Retail Trade.

In Omaha the retail trade also shows an improvement over what it was a few weeks ago.

The building trades are more active and a large number of men are finding employment in that line.

Manufacturers of the city are generally busy, the demand for goods being active.

Wholesale and Retail Trade in Omaha Very Good for the Season.

W. H. Roberson, manager of the mercantile agency of R. G. Dun & Co., makes the following statement regarding trade in Omaha for the past week:

Retail trade has been fair in dry goods, groceries, hardware and furniture, but dull in most other lines.

The unusual feature of the situation was the purchase by a local bank of \$100,000 in 10 per cent city bonds.

The receipts of cattle in large numbers and prices are very high.

The hog market opened steady at yesterday's advances.

The corn market was not quite so narrow as yesterday.

Lincoln Live Stock.

Lincoln, Neb., June 25--(Special to The Bee.)--There was a fair run of hogs at West Lincoln today.

Decided change in the tone of the market is now noticeable.

That idea no longer exists, but in its place there is a feeling that property has touched a point lower than it will ever reach again.

There is considerable property changing hands but mostly in a small way.

As previously noted there is very little speculative buying, but that always follows in the wake of an active market for property.

The secretary of the Mutual Loan and Building association was authorized by its directors to issue bonds.

George N. Hicks reports the sale of a lot of 50x100 feet, at \$10,000.

The arrangements have all been perfected and work will be commenced in the near future.

Mrs. L. R. Patton, Rockford, Ill., writes: "From personal experience I can recommend DeWitt's Sarsaparilla, a cure for impure blood and general debility."

Has no Hope of Convicting Them.
