WE ARE AFTER THEM

We Mean the Milliners in This City-The Reason is Plain to Those Who See Our Price

I. OBERFELDER & CO. 203-12 S 11th St. We Are Selling Millinery at Much Less Than Wholesale Cost, as We Never

Carry Old Goods Over, and Are

Getting Ready for Fall.

We are determined to close out all of our stock which we have in our retail department downstairs before the beginning of the fall season, and have

therefore again cut on our heretofore

We have placed our untrimmed hats, which we have heretofore sold at from 40c to 60c, at 25c. Goods from 65c to \$1.60 at 50c.

Goods from \$1.00 to \$1.65 at 75c and We mean all of our black and colored hats, our white hats in French chip, leg-

horn and milan. We are receiving new styles dally. Our untrimmed hats are lower than

On our flowers we have also reduced our prices, and before buying it will pay you to look at ours. We have placed a new and complete line of ostrich and fancy feathers on our tables for present use, which are the present styles in Paris and New York. Our line of ribbons and laces are still complete in every detail, and whatever you may not be able to find elsewhere you will always find it with us. Our prices in all lines are fully from 25 to 100 per cent lower than any other house in this city will be able to sell them for, as we are a wholesale house, and in fact, the only wholesale house in the city, no matter if others call themselves wholesalers. We are, therefore, not de-pending on the retail business, and it is, therefore, a side issue with us, and for reasons known to the retailers. Remember we do and mean what we say. A saving of from 25 to 100 per cent is a good deal, but, nevertheless, it is so. While our location is strictly in the wholesale district and somewhat out of your way, we will guarantee it will pay

to see our line. Have just placed on our tables an elegant line of mull hats which you will not find in any house in this city and which are the new things for summer wear. Also a new line of yachting caps at very low prices. Remember the place. It will pay you to look us up. 208, 210, 212 S. Eleventh st., between Farnam and Douglas.

I. OBERFELDER & CO. Prepare for the 4th.

The 99 cent store, 1319 Farnam street, enormous display of fireworks, flags, lanterns, etc., etc. The lowest prices. New and rare drugs. Sherman & Mc connell 1513 Dodge, 3d door west P. O.

Columbia Polish cleans all kinds of metal. Ask your dealer for it. Shaw & Co. sell Union Soap.

Ed N. Brown, Gladstone Bros., R. A. Lenhart, C. W. Courtney, Hetzel Bros., Heimrod & Hansen, have each bought Domestic soap and other D. M. brands in 100 box lots. This season quality wins.

We cater to the best city trade on fine phaetons, surreys and carriages. We handle the very finest eastern lines that are represented in the city. We can save you from \$25.00 to \$100.00 on a surrey. It is worth your while to see us before purchasing. Our wholesale and retail carriage repository is on the corner of 6th and Pacific streets, where on will have a variety of over 200 job to select from. Lininger & Metcalf Co.

W. T. Seaman, wagons and carriages Summer School.

Special classes will be formed for a six weeks' course in the following branches. Shorthand and typewriting, six week's, \$6.00; English branches and penman-ship, \$5.00; bookkeeping, \$6.00; penmanship, \$4.00. Rathbun's business college, corner 24th and Hamilton streets.

W. J. Pickering sells Union Soap.

Latest Sheet Music. Received daily, A. Hospe, music rooms.

Plausible Scheme of a South Dakota Man to Avoid the Law. Sioux Falls, S. D., June 25. - A scheme is on foot to make the city of Sloux Falls a saloonkeeper. After the meeting of the city council this evening W. H. Lyon, United States commissioner, asked the city solons for attention, and started out with the statement: "I want to go into the saloon busi-

ness and want the city for a partner." When the first shock had passed he went into details of a plan whereby the city should absolutely control and run all saloons. He claimed that his plan was perfectly feasible and legal under the prohibition law. The number of dispensaries would be governed by the territory to be covered after the style of postoffices. Mr. Lyon claimed the result to the city would be an income of \$35,000 per

So sure is he of the success of the plan that he offers to put up the money necessary to try the experiment and turn the business over to the city control. The mayor will appoint to the city control. The mayor with appoint a committee to investigate the project. It is being widely discussed and the experiment will probably be made. With reference to legality Mr. Lyon said the state constitution does not forbid the saie of liquor by "corporations." The statute so forbids, but it is a question whether the supreme court will hold the statute covers municipal corpora whether the supreme court will

The temperature for the season remains

slightly below the normal and the season is

generally from one to two weeks late, but

the deficiency in the seasonal temperature is

apparently growing less, and there is at pres-

ture in New England and the lower lake re-

gion. Over the eastern slope of the Rocky

mountains, including the Missouri valley

per day lower than usual.

Precipitation—The rainfall for the past week has been less than usual over the greater portion of the southern, middle and New England states, although

to recent rains in those sections. The seasonal rainfall on the Pacific coast is gener-

ally in excess, although Sacramento, Cal., and Portland, Ore., report from 80 to 90 per

cent of the normal rainfall. About 75 per

cent of the normal rainfall has occurred in northern New England, while in southern

New England the rainfall was slightly below

General Remarks.

above and precipitation below average, except heavy local storms in northern sections.

where damage was done by wind, hall and

lightning. Crop conditions invorable; to-bacco setting well along; cranberries prom-

New York-Temperature and sunshine

above and rainfail much below normal. Prospects for grass and winter grain very

favorable: late crops advance rapidly, but there is considerable local fallure of spring

grains: buckwheat being planted; outlook

for tree fruit and grapes rather unfavor-

New Jersey-Temperature and sunshine

above average and rainfall very deficient and uneventy distributed, there being a total

absence in southern portion, where early truck is seriously affected. Cereals are in fine condition in all sections; having com-

menced in southern portion, yield fair; de-structive hall storm in Warren and Sussex

Pennsylvania-Unusually favorable re-ports from most sections of the state; har-vesting begun in southern counties, and will

be quito general next week; grain doing well; corn has made very rapid progress; some

Maryland and Delaware-The warm wave

of last week improved all crops throughout

the states, except in portions of eastern Maryland, where light injuries are reported

on account of excessive heat and dry weather.

Rose bugs greatly injuring fruit and berries

In the Southern States

Virginia-Temperature and sunshine abov

normal; from one to three inches of rain in Shenandoah valley, none in north-central section, and light elsewhere; wheat harvest

progressing, except extreme north; tobacco and corn generally doing well; grass and oat

crop short.
North Carolina-Warm and dry with

abundant sunshine; very favorable for har-

vesting wheat and oats, which has been in

progress during the tweek; all crops have made good progress and are cleared of grass;

general condition excellent.
South Carolina—Ramfall local and below,

temperature average, and suushine above normal. Cotton plant small, but has been

brought to patter condition by favorable season than at any time during the year

plant clean of grass and making rapid progress in growth; corn, rice and other crops unusually good, but needing rain.

crops unusually good, but needing rain.

Georgia—During the past week showers have failen in all sections except in southeast, but have been badly distributed and very variable in the amount; the southern baif of the state is suffering from drought; the weather has been very hot and sunshine abundant; cotton has improved in the north but is generally small; corn is small and is suffering from rain; in the south wheat is yielding a fair crop; melons are ripening but are small; peaches and small fruits are giving a good crop; apples and pears in less promising condition; tobacco and rice need rain.

Florida Temperature and sunshine normal, rainfall deficient and scattered,

especially in the more northern and southern

counties where crops are suffering from

on eastern shore.

damage by hall in south-central counties.

ounties did much damage to crops.

appearing in advanced plants; sugar cause cut short by dry, hot weather; fruit ripening rapidly and yield much better than first of season indicated; Irish totatoes needed rain; gardens seriously damaged by dry, hot Mississippi - Temperature and sunshine normal; local showers in nearly every part of state; cotton making good progress, stands not good; first blooms reported; corn doing well, but stalks small in some sec-Polka Dot Challies on Black Ground, 2 1-2c

tions; hay crop excellent.

Louisiana — Temperature and sunshine deficient, and rainfall above normal, well distributed and beneficial, though hampering laying by of crops. Cotton beginning to bloom; corn, cane and rice very promising;

gardens improving; pastures good.

Texas—Weather generally favorable for farming operations; corn will make a good. crop without more rain; cotton plants small, but healthy and well cultivated; generally fair weather over the northwestern part of the state has been favorable for saving small

Arkansas—Temperature above, sunshe about and precipitation below the average. All crops improved; cotton and cora generally clean; wheat and oats ripening and being harvested, yield about an average; planting in portions of overflowed districts

planting in portions of overflowed districts begun; oreasional showers needed.

Tennessee—Warm, dry weather most of week enabled barvesting to progress rapidly; most crops looking fairly well; the warm showers of past two days beneficial to growing crops; grapes rotting rapidly; apples dropping; Irist potatoes being shipped.

Kentucky—Temperature and sunshine excessive; precipitation deficient; wheat harvest begun, and except slight damage from rust is fluest crop in years; corn backward but improving; tobacco setting nearly completed; rain needed, especially in easter counties.

Missouri-Unusually hot; copious showers since 17th; damage by winds 17th; having and wheat harvesting progressing; oats poor,

heading low; corn improving wonderfully but needs cultivating; fruits generally poor; rains needed to fill fall grains; complaints of smut, rust and firing; some loss of animals from overwork in heat. From the West. lilinois—Temperature and rainfall generally above average. Work retarded; field looded; wheat lodged; harvesting in south-

ern portion, and will begin in central portion about July 1; conditions generally favorable; corn nearly planted. Indiana—Average rainfall, but badly dis-tributed; high temerature with average sun-shine. Wheat ripening fast and harvest commenced in southern portion, and will begin next week in central and northern portions; early planted corn growing fast.
West Virginia-Warm sunshine with
showers beneficial to crops; general showers past few days materially aided grass; corn much improved and growing vigorousiv; wheat lodged in some localities, otherwise abundant; harvesting commenced. Ohio-Rainfall below and temperature and

sunshine much above average, causing rapid growth of crops. Wheat, barley and clover being harvested in southern sections and are maturing elsewhere; corn nearly in and growing finely; oats and grass looking very well; tobacco planted; fruit short crop; showers would be beneficial. ent a slight excess in the seasonal tempera-Michigan—Temperature and rainfall above normal: sunshine average; week generally states, the temperature from March I to date ranges from three degrees to four degrees favorable to growing crops; corn mostly all planted; wheat, oats and barley doing finely;

wheat lodged in some sections. Wisconsin—Too much rain; corn planting about finished; everything on high ground in excellent condition, on low ground fair to very poor; winter wheat and rye nearly headed; tobacco plants being set are small. Minnesota—Crops growing rapidly and of good stand; some wheat and oats drowned out in east-central and southeast counties; corn continues backward. lowa-Weather generally favorable for crops. Temperature and sunshine above

average, and rainfail sufficient over larger portion of state; heavy local excesses in northeast counties, where wind and water are causing damage; corn doing well; some reports of rust in small grain. North Dakota—Favorable weather; average Columbia river, but light showers occurred in Washington and northern Oregon. The seasonal rainfall continues largely in sunshing and temperature; rainfall very deficient; a few complaints of weeds in crops; excess generally throughout the central val-leys north of the gulf states, and conditions are more favorable in southern Goorgia, northern Florida and southern Texas, owing all crops advancing rapidly; warm showers

mal; rainfa'l and sunshine about average; very favorable week; all crops made marked advancement and rapidly gaining on belated season: corn cultivation progressing: grass excellent and hay will be plentiful; all vege-

South Dakota-Temperature below nor-

Nebraska's Report. Nebraska-Light showers general in all sections except the extreme northern sec-tion, where rainfall was heavy; small grain slightly injured by lack of rain; corn doing reil, but rain would be beneficial.

Kansas—Rainfall deficient in eastern counties and excessive in central and western; temperature deficient west and excessive east; sunshine normal. These conditions are beneficial to all crops, which are much

tation appears juxuriant.

sheap shearing begun.

improved; harvesting in Barber county; corn growing fast; rainfall four inches in central counties Okiahoma—Temperature and sunshing above and precipitation below average Wheat and out harvest continues; excellent weather for all crops; cora is in tassel; cot-ton still improves; although crops are not suffering a good shower would be beneficial.

Montana—Crops and cattle ranges in good ondition; western portion is fifteen days behind, while eastern portion is up with average season; good hay crop assured;

Wyoming—Average amount of precipita-tion; temperature slightly below the normal; very fair growing weather. Colorado—Grain prospects are excellent; corn improving greatly; good crop of aifalfa, cutting in progress; twig blight has made its appearance in serious form in northern portion, and fruit propects are accordingly lowered; frost and high winds in San Duis,

ers in some localities; general rains needed for grass and unirrigated crops and fruit; plenty of water for irrigation. Arizona-No rain; temperature about normal; warm weather benefiting crops in west-era portion; frosts have considerably damaged vegetation in north, central and southern portions.
Utah—Fore part of week cool, latter part

New Mexico-Drought relieved by show-

warm. Hall in northern counties in early part of week did some damage; grain doing well; fall whoat in the milk; corn and vegetables have done better since it became Washington-Grain doing fairly well, excepts in Adams county, where there has been great destruction by drought; recovering in other sections from dry winds; hops growng slowly but well; lice general but not

ncreasing. Oregon—Cool, party cloudy weather, with showers, has prevailed; more rain needed in wheat districts; cereals improved somewhat during week, but general crop not up to average; fruit conditions unimproved. California—Haying over and crop above average; barley is a heavy crop; wheat harvesting begun and output is variable, some average, others below; warm wave latter part of week favored fruit, hops and ate grain; cherries, apricots, prunes and pears above average.

Has No Competitors Wonderland will be the only place of amasement open during the coming week, and the Bijou Opera company will present the latest opera and great eastern success, "A Trip to India," introducing a strong chorus and replete with catchy songs and dances. The curio ball will have "Lulu," the magnetic girl, and the living "half woman." The wax figures will give the

visitors an elegant show.
