nois, and Edna A. Isenberger of Coffee county, Kausas, were married last evening by Justice Hammer. The place of holding the Epworth league

district convention has been changed from the Fifth Avenue Methodist church to the Trinity, corner of Ninth avenue and Fourth street.

Marriage licenses were issued yesterday to Henry E. Schultz of Waterlown, S. D., and Jennie West of Braddyville. In., and to Sen-Jennie West of Braddyville, Is., and to Sen-teriow Butler and Sarah Jane Potter, both of Council Bluffs.

The quarterly election of officers of the Philomathean Literary club will occur at the regular meeting in the Young Mon's Christan association lecture room this evening. A full attendance is desired.

The young ladies of Miss Luring's Sunday school class will give a "peanut social" Thursday evening, June 30, in the partors of the Broadwar Methodist Episcopal church. A program will be rendered, after which re A wreck was caused on the Rock Island

President E. E. Sheiton of the Ninth district of the Epworth league of the Methodist church delivered the annual sermon before the league last evening. Most of the dele gates to the convention are expected to are today. The sessions are to be held in Trinity Methodist church, instead of the Fifth Avenue, as first announced.

A colored man has been disturbing the people living in the northwestern part of the city, all the way from Fiftcenth street and the driving park, by making a disgusting ex-hibition of himself, and a day or two ago by assaulting a man with a razor. The police have been on the lookout for him but every e he has managed to turn the corner just ahead of them. They have a clue now, how ever, by which they hope to get him today and give him the punishment he richly de serves.

The chorus of children nearly a thousand strong, which has been rehearsing for sev-eral weeks past under the leadership of Prof. L. A. Torrens for the Chautuaqua 2ssembly, had its last rehearsal yesterday after-noon. A great deal of improvement is noticeable in the work done by the children since they began, and the concert at which they appear will undoubtedly be one of the big gest drawing cards of the assembly. The mixed chorus also and its closing rehearsal last evening.

O. J. Martin, Will Martin, Will McCoy and Ed Smith went to Hanthorn lake last Sat-urday for a fishing excursion. When they were returning Sunday morning the buggy broke down and the horse, taking fright, began a mad race for Council Bluffs. It was some time before he could be stopped, and small pieces of the buggy were scattered along the route for about a mile. The boys were all thrown out and were badly skinned,

People on Cut-Off Island Demand Police Frotection of the Council. WILL HAVE A CALABOOSE AT ONCE Mayor Orders a Police Force and a Lock Up for the Nebraska side of the River-

Other Work of the Council.

The council met last evening with Mayor Lawrence and Aldermen Tibbitts, Graves, Pace, Smith and Geise present. The bids for filling up of certain lands that have been covered with water, were opened and atter being read were referred to the city engineer for tabulation. Considerable discussion arose as to the advisability of filling some of the lots on which the water would probably have dried up before the contractors got to work on them. A motion to reject all the bids was made by Smith and carried, after which a resolution was passed authorizing the engineer and the committee on streets and alleys to make such contracts for filling in all lots where notice has been served as their judgment shall indicate. A resolution from the board of health declaring several lots in Hall's and Crawford's additions to be nuisances was concurred in and the marshal was instructed to serve the necessary notice for abatement. A petition was presented from forty-three

property owners on Cut-OT island, stating that the place was becoming a rendezvous for tough characters as a result of the lack of police protection, and asking that two police officers and a calaboose be given them. Mayor Lawrence stated that he had made partial arrangements for a building to be used as a calaboose and court room. He recommended that telephonic communication be established between the police headquarters and the Cut-Off calapoose. It was decided to act in accordance

with the mayor's recommendation. Alderman Graves registered a large able bodied kick in behalf of his constituents in the Sixth ward on account of the lack of police protection in that part of the city. He said that hardly a night passed that a drunken row did not take place on the street, in which men and women by the score or more took part. The police never came any farther west than Sixteenth street, and he thought his part of the city needed police protection as much as or more than Cut-Off. This speech met with a cold, clammy resep tion from the mayor, who showed his appre

ciation of the alderman's remarks by sug-gesting that all the city buildings be painted the same shade of red. Mayor Lawrence stated that he had ap

pointed Ellsworth Easdale as special police man for the northwestern part of the city and George Scanlan as clerk, sergeant and all-around man for the police force. The ap pointments were ratified. He also stated that he had made a year's contract John Hammer for a dumping ground for \$12.50 per year.

A petition was read from Chief of Police Scanlan asking that a telephone be put in at his house so as to enable him to put in twenty-four hours a day when necessary, instead of only eighteen as at present. The

petition was granted. Alderman Graves moved that an appro Alderman Graves moved to purpose of priation of \$125 be made for the purpose of should be in more puying a wagon which should be in more perfect accord with the eternal fitness of things in the city electrician's department The motion was again referred to mittee of the whole.

Massev of Delaware, Chency of New Hampshire, Campbell of Illinois and Carter of Montana had been mentioned, but he was not advised as to whether the nominee had made a definite selection. An inquiry was made as to whether all these gentlemen were members of the national committee, and it was developed that Mr. Choney and Mr.

Campbell were the only ones who were members of the committee. Mr. Keys of Missouri moved that a committee be appointed by the chair to wait on the presidential and vice presidential nominees and ascertain their preferences in the Mr. Fassett suggested that possibly Mr

Elkins might inform the committee as to Mr Harrison's choice. Further discussion was cut short by a mo-

o'clock, on motion of Mr. Payne of Wiscon-sin a committee of three was appointed to draft suitable resolutions expressive of the views of the committee on the retirement of Mr. Clarkson as chairman, Messrs. Payne of Wilconsin, Wolcott of Colorado and Fassett of New York being appointed as such committee.

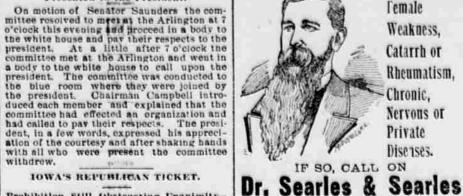

Resolution on Representation.

Mr. Scott of West Virginia sent to the chairman the following resolution, which was read and laid on the table to be taken up for action at some future time: Resolved. That hereafter republican tional conventions be composed of delegates from the several states, apportioned upon the republican votes actually cast in the last preceding presidential election, 7,000 votes an fractions thereof greater than one-half to b the basis of representation for each delegate. The national committee shall certify to the chairman of each state committee the num-ber of delegates to which each state is entitled

under the rule and shall regulate the appor-tionment and election of such delevates. At the request of Chairman Clarkson Mr. J. F. Burke of Pittsburg, president of the College League of Republican Clubs, addressed the meeting. He said that on May 17 last a national organization of republican

eagues was effected. The meeting repre sented nearly all of the colleges of the north ern states. It had been found that a larg proportion of the young men who graduate It had been found that a large from the colleges went out into the world as free traders. Sneak Thief with a Knife.

Charles Goff, who keeps a second hand store on Broadway near the corner of Eighth street, had an experience yesterday afternoon with four darkey sneak thieves. He was in the back room of his store when he heard a noise in the front room. On looking up he saw a colored man making for the front door with a watch in his hand which he had stolen from the show case. He immediately gave chase and caught the thief at the dummy depot. When the fellow was brought to bay he drew a small dirk out of his pocket and attacked Goff savagely. At the same moment three of the durkey's triends showed up. In spite of the durkey's that landed (loff managed to deliver a kick that landed rhowed up. In spite of the odds against him Goff managed to deliver a kick that landed in the vicinity of one of the darkey's dinner and doubled the fellow up in a heap on the ground. The boy who stole the watch had thrown it away during the chase, but one of his friends got it and returned it to Goff, who decided to let the quartet go without further ado. The quartet immediately started on the run down Broadway, but when Goff got back to his store he found that a revolver was also missing. H notified Officer Leuch

till the day they leave it. It has been found necessary to set up a line of resistance to this influence and so the college leagues were organized. The necessity for some movement to counteract the insidious influ-ence is shown from the fact that 20,000 young men are graduated from the American col-leges every year and therefore 75,000 young men cast their first votes at every presider tial election. The league, Mr. Burke said, proposed to organize a branch in each col-lege and to place college boys on the stump. Most efficient work on behalf of republican principles was confidently expected through these college organizations.
