Mayor Orders a Police Force and a Lock Up for the Nebraska Side of the River-Other Work of the Council,

The council met last evening with Mayor Lawrence and Aldermen Tibbitts, Graves, Pace, Smith and Gelse present. The bids for filling up of certain lands that have been covered with water, were opened and after being read were referred to the city engineer for tabulation. Considerable discussion arose as to the advisability of filling some of the lots on which the water would probably have gried up before the contractors got to work on them. A motion to reject all the bids was made by Smith and carried, after which a resolution was passed authorizing the engineer and the committee on streets and alleys to make such contracts for filling in all lots where notice has been served as their judgment shall indicate. A resolution from the board of health deciaring several lots in Hati's and Crawford's additions to be nuisances was con curred in and the marshal was instructed to

serve the necessary notice for abatement. A petition was presented from forty-three property owners on Cut-Off island, stating that the place was becoming a rendezvous for tough characters as a result of the lack of police protection, and asking that two police officers and a calaboose be given them. Mayor Lawrence stated that he had made partial arrangements for a building to be used as a calaboose and court room. He recommended that telephonic communication be established between the police headquarters and the Cut-Off cala-

boose. It was decided to act in accordance with the mayor's recommendation. Alderman Graves registered a large able-bodied kick in behalf of his constituents in the Sixth ward on account of the lack of police protection in that part of the city. ken row did not take place on the street, in which men and women by the score or more took part. The police never came any farther west than Sixteenth street, and he thought his part of the city needed police protection as much as or more than Cut-Off. This speech met with a cold, clammy reception from the mayor, who showed his appre-ciation of the aiderman's remarks by sug-

gesting that all the city buildings be painted the same shade of red. Mayor Lawrence stated that he had appointed Elisworth Easdale as special police-man for the northwestern part of the city, and George Scanlan as clerk, sergeant and all-around man for the police force. The appointments were ratified. He also stated that he had made a year's contract with John Hammer for a dumping ground for \$12.50 per year.

A polition was read from Chief of Police Scanlan asking that a telephone be put in at his house so as to enable him to put in twenty-four hours a day when necessary stead of only eighteen as at present. petition was granted.

Alderman Graves moved that an appro-priation of \$125 be made for the purpose of buying a wagon which should be in more perfect accord with the eternal fitness of things in the city electrician's department. The motion was again referred to the com-

Sneak Thief with a Knife. Charles Goff, who keeps a second hand store on Broadway near the corner of Eighth street, had an experience yesterday afternoon with four darkey sneak thieves. He was in the back room of his store when he heard a noise in the front room. On looking up he saw a colored man making for the front door with a watch in his hand which he had stolen from the show case. He immediately gave chase and caught the thief at the dummy depot. When the fellow was brought to bay he drew a small dirk out of his pocket and attacked Goff savagely. At the same moment three of the darkey's friends showed up. In spite of the odds against him (joff managed to deliver a kick that landed rhowed up. In spite of the odds against him Goff managed to deliver a kick that landed in the vicinity of one of the darkey's dinner and doubled the fellow up in a heap on the ground. SELECTED A CHICAGO MAN

[CONTINUED FROM PIRST PAGE.] that any particular person had been decided upon during the convention. The names of Messrs, Massey of Delaware, Chency of New Hampshire, Campbell of Illinois and Carter of Montana had been mentioned, but he was not advised as to whether the nominee had made a definite selection. An inquiry was made as to whether all these gentlemen were

members of the national committee, and it was developed that Mr. Cheney and Mr. Campbell were the only ones who were nembers of the committee.

Mr. Keys of Missouri moved that a committee be appointed by the chair to wait on the presidential and vice presidential nominees and ascertain their preferences in the matter. The motion was lost.
Mr. Fassett suggested that possibly Mr

Elgins might inform the committee as to Mr Harrison's choice.
Further discussion was cut short by a n tion to take a recess until 3 o'clock, which

was carried.

When the committee reassembled at 3 o'clock, on motion of Mr. Payne of Wiscon-sin a committee of three was appointed to draft suitable resolutions expressive of the views of the committee on the retirement of Mr. Ciarkson as chairman, Messrs. Payne of Wilconsin, Wolcott of Colorado and Fassett of New York being appointed as such committee.

Resolution on Representation,

Mr. Scott of West Virginia sent to the chairman the following resolution, which was read and laid on the table to be taken up for action at some future time:

Resolved. That hereafter republican national conventions be composed of delegates from the several states, apportioned upon the republican votes actually east in the last preceding presidential election, 7,000 votes and fractions thereof greater than one-half to be the basis of representation for each delegate. The national committee shall certify to the chairman of each state committee the num-ber of delegates to which each state is entitled under the rule and shall regulate the appor-tionment and election of such delegates.

At the request of Chairman Clarkson Mr. J. F. Burke of Pittsburg, president of the College League of Republican Clubs, ad-dressed the meeting. He said that on May 17 last a national organization of republican leagues was effected. The meeting represented nearly all of the colleges of the northern states. It had been found that a large proportion of the young men who graduated from the colleges went out into the world as free traders. This was due to the fact that many of our colleges use European text-books, the work of free trade political economists, and this pernicious influence is brought to bear upon the students when they first enter the institution and continued till the day they leave it. It has been found necessary to set up a line of resistance to this influence and so the college leagues were organized. The necessity for some movement to counteract the insidious influ-ence is shown from the fact that 20,000 young men are graduated from the American colleges every year and therefore 75,000 young men cast their first votes at every presiden-tial election. The league, Mr. Burke said, proposed to organize a branch in each col-lege and to place college boys on the stump. Most efficient work on behalf of republican principles was confidently expected through these college organizations.

The Illinoisan Elected. Mr. Payne of Wisconsin placed in nomination as chairman of the republican national committee William J. Campbell of Illinois Representatives of several other states sec-onded the nomination as one eminently fit-ting and proper, and predicting under his complete success for the repub-

lican party in November.

Mr. Campbell was elected by acciamation. Representative Hansbrough of North Da-kota placed in nomination as vice chairman Mr. M. H. De Young of California. Mr. Rosewater of Omaha, on behalf of his state, seconded the nomination. On a vote Mr. De Young was deciared elected unani-

mously.

Mr. Sewell of New Jersey placed in nomination Mr. Thomas Carter of Montana as secretary of the committee, Mr. Fassett of New York nominated G.

A. Hobert of New Jersey, but subsequently withdrew the nomination, and Mr. Carter was unanimously elected.

Cornelius N. Bliss of New York was
unanimously elected treasurer, and F. L.

Resolutions Adopted.

Mr. Fessenden of Connecticut offered the following resolution, which was adopted: Resolved. That in accordance with the rule adopted by the republican national conven-tion an executive committee of nine, com-posed of members of this convention, shall have the conduct and management of the campairn of 1892, and that the chairman of this committee, after conference with the candidates, shall select the members of such executive committee and its officers. Resolved, further, That the chairman, vice-chairman, secretary and treasurer of this chairman, secretary and treasurer of thi-committee shall be ex-officio members o committee shall be ex-officio members of said executive committee.

Resolutions were reported by the resolutions committee on the chairman and were unanimously adopted. They extended the thanks of the committee and the gratitude of all republicans to the retiring chairman, J. S. Clarkson, for the unselfish, untiring and

splendedly efficient services rendered during the many years of his service as a member of this and other republican committees. Will Continue to Work for the Party.

in the course of his remarks, thanking the committee for the honor conferred upon him, General Clarkson said: "It have spent twenty-five years in politics and believe from my experience that the best place to serve the republican party is in the ranks. In my politics I have found there can be made and are made the most precious friendships of one's life. In 1884 we had a hard workin committee and lost. In 1888 we had a barde working committee and to my knowledge n campaign was ever conducted more cleanly, more honorably than the campaign of 1888, I know Senator Quay and General Dudley and I hope there is no republican in this lam who will ever coase to render due honor t those two honorable men, who went into the hottest fire for the republican party and emerged victorious and without detraction The cases of Senator Quay and General Dud ley afford vivid examples of this practice. They were attacked by a party whose suc-cess is derived by the use of the knife in the south and the assassination of character in the north. They were attacked, not because Senator Quay was guilty of anything wrong in the campaign; only he won a victory for the republican party and restored the government to an honest basis. In conclusion I want to state that no man on the continent desires to help elect the republican ticket or will do more according to his ability than I. ado. Presented to the President. On motion of Senator Saunders the como'clock this evening and proceed in a body to the white house and pay their respects to the president. At a little after 7 o'clock the committee met at the Arlington and went in a body to the white house to call upon the president. The committee was conducted to the blue room where they were joined by the president. Chairman Campbell intro duced each member and explained that the committee had effected an organization and had called to pay their respects. The president, in a few words, expressed his appreciation of the courtesy and after shaking hands with all who were present the committee

IOWA'S REPUBLICAN TICKET.

Prohibition Still Obstructing Unanimity-Anti-Convention Potentialities. DES MOINES, Ia., June 27.-The delegates

are beginning to gather in Des Moines for the state convention, which meets here next Wednesday to place in nomination a state ticket. Secretary of State McFarland and State Treasurer Besson will be renominated for their offices without opposition. There will be some opposition to Attorney General Stone, who is a candidate for a third term. he will, however, be renominated. For railroad commissioner there are a large number of candidates, including the present incumbent, Spencer Smith of Council Bings, Those who are in the lead against bim are State Senator Perkins of Fremont count y and Representative Morrow of Union county. Both men have served on legislative railroad commissions and are in a measure acquainted with the work of the office to which they aspire. The opposition to Smith comes largely from the fact that he has held the office for three terms already. Some of the railroad employes are understood to be unriendly to him on account of his record or the board. An effort has been made to bring out L. S. Coffin of Fort Dodge, who is popular with the rairroad men on account of his work for safety couplers. For auditor the leading candidates are C. G. McCarthy, Story county; W. C. Vanglider, Monroe county; W. N. Brown, Keokuk county, and W. F. Johnson of Taylor county. McCarthy is so will have enough votes to nominate him on the first ballot. The only other interest in the convention is in regard to a platform. The prohibition and anti-prohibition elements in the party are not able to agree as to the kind of declaration which should be empodied. The question will not enter into this year's campaign, and it is likely that no reference will be made to it.

THIRD PARTY POSSIBILITIES.

Loucks of South Dakoka for Permanent Chairman-Presidential Candidates. St. Louis, Mo., June 27 .- Hon. H. E. Taubeneck in conversation with an Associated Press reporter tonight in regard to the people's party convention to be held in Omaha July 2, said: "Temporary and permanent chairman of the convention will be selected from the south and northwest respectively. I think we will agree on C. H. Ellington of Georgia for temporary chairman, while the permanent chairman will in all probability be H. F. Loucks of South Dakota. For the secretary the general secretary of the Knights of Labor, Mr. Hayes of Philadelphia, will probably be chosen."

Asked regarding presidential candidates, be executive committee chairman said: "If the executive committee chairman said: he will accept, Judge Walter Q. Gresham can have the nomination. Should be decline, Schator Stewart of Nevada has been mentioned. So have Ignatius Donnelly of Minne-sota, Colonel Norton of Chicago, Dr. Mc-Cune of Georgia, Grand Master Powderly of the Knights of Labor, ex-Governor Weaver and some others. As to the platform we will adopt, I think it will be practically the platform agreed upon at St. Louis in February last."

Silverites Turn to the Third Party. HELENA, Mont., June 27 .- Extensive preparations are being made for the approaching mining congress for the purpose of making it an important factor in the third party movement. In view of the dissatisfaction of the people of the mining states with the republican and democratic cominees for the presidency and both platforms, silver men will take advantage of the national mining congress here July 12 to bring about a grand rally in the interest of free coinage and the

third party. Senators Wolcott, John P. Jones and Stew art, Thomas M. Patterson and other promi-nent silver men have consented to attend the mining congress.

LAST WEEK'S SHIPMENTS. Steady Improvement Shown in the Volume

of East-Bound Business. CHICAGO, Ill., June 27 .- A steady improvement in the volume of east-bound traffic is shown by the weekly statements. Last week's shipments of dead freight by all lines from Chicago to eastern points amounted to 57,904 tons against 56,122 for the preceding week, an increase of 1,822 tons against 39,200 tons for the corresponding week last year, an increase of 18,740 tons. The Chicago & Erie continued to hold first piace by securing over 1,600 tons more freight than its strongest competitor. The Lake Shore's reduction of rates on provisions and hogs has not yet had the effect of increasing that road's share of

the business to any appreciable degree. The shipments of flour, grain and provisions from Chicago to the seapoard by the lipes in the Central Traffic association amounted to 20,180 tons against 18,120 for the preceding week, an increase of 2,063 tons, and against 12,363 for the corresponding week last year, an increase of 7,417 tons. Of this traffic the Vanderbilt lines carried 53 per cent, the Pennsylvania lines 25 per cent. the

cent, the Ponnsylvania lines 25 per cent, the Chicago & Grand Trunk 15 per cent, and the Baltimore & Ohio 7 per cent.

The annual report of the Chicago & Western Indiana road shows that the total income for 1891 amounted to \$802,969; expenses, \$608,855, leaving a net balance of \$134,114. The stock is \$5,000,000, owned equally by the Chicago & Eastern Illinois, the Wabash, the Monon, the Eric and the Chicago & Grand Trunk. The net earnings of the Chicago Trunk. The net earnings of the Chicago Belt railroad, which leases sixty-six miles of the Western Indiana tracks, were \$214,354, an increase over those of the preceding year of \$14,094.

Chicago ticket brokers still adhere to their resolution not to buy or sell tickets reading over the Chicago, Burlington & Quincy or the Chicago, Milwaukee & St. Paul railroads. This information was wired by them to their correspondents today. The report circulated on last Saturday that a large number of Burlington tickets had been placed in the hands of brokers who are not members of the local association was probably exagger-ated, as no such tickets could be found on the market today. Rivals of the Burlington intimate that the tickets were withdrawn to avoid trouble.

Valley Railroad Affairs. NEW YORK, June 27 .- The bondholders of the Valley Railroad of Ohio met in this city today. The road has recently defaulted on its bonds, and a committee was appointed to look after the interests of the bondholders.

Bismarck is Still Able to Drink. MUNICH, June 27 .- While visiting at the Artists club here, Prince Bismarck drank "a draught of welcome" from a pewter five-litre jug, humorously remarking: "I can drain it at a single draught, as did the burgemaster of Rothenburg and saved the city thereby."

THAT IS A Fine Ranch

of yours. Youhave worked

hard for it, haven't you? It wasn't worth a dollar an acre when you settled on it, and now you would'nt take fifty. How long do you expect to live on that place? Would you be surprised if some railroad land agent or claim jumper should come along some dayand tell you to move on? Unless you have a patent on record you are not safe-perhaps not then. Why don't you ask The Bae Bureau of Claims to look into your title an1 get you a patent that will stick?
