## SUBMITTED TO THE JURY

All Testimony in the Paul Embezzlement Trial Concluded.

FIST'S ATTORNEYS PREPARING HIS CASE

Affidavit for a Bill of Particulars Filed=It Will Be Considered Today - High Water at Nebraska City-State News.

HASTINGS, Neb., July 6,-[Special Telegram to Tue Bee. |-The arguments before the jury that has for a week been listening to testimony in the Paul embezziement case were concluded this afternoon. County Attorney Christopher Hoeppner opened yesterday for the state, followed this morning by Judge W. P. McCreary for the defense. Judge R. A. Batty, counsel for the state, was the last to address the jury at the morning session. Major B. F. Smith closed for the defense and General A. H. Bowen for the prosecu-

Then the court read its instructions to the jury. On requests of the state they were instructed as to the information and the law of embezziement. The amounts of money said to have been appropriated by Mr. Paul were public moneys and any disposition of said money, except as provided by law or the proper authority, was an embezzlement. The failure to pay over any funds collected to his successor was to be taken as an evidence of embezzlement which would remove the defendant's presumption of innocence. Loans, with or without interest, were also evidences of embezzlement. The amount of the defaication, if any, was to be ascertained by the jury and inserted in the verdict.

On becalf of the defendant instructions were prayed for and granted that every material allegation in the information must be proven. The court gave the additional in structions that the jury was to judge as to the credibility of witnesses, and gave it two verdict blanks, one finding the defendant not guilty and the other guilty, as charged, of embezzling blank dollars. The jury was placed in the hands of Deputy Sheriff Al Boyd, who conducted it to

the room where it will deliberate.

Mrs. Paul was an interested spectator to-

day, sitting by her husband and listening intently to the argument. Messrs. Hartigan and Tibbetts, attorneys for Deputy Fist, have filed a motion with an affidavit for a bill of particulars as to the dates and specific amounts he is said to have embezzled and aided Mr. Paul in embezzling. The motion will probably be argued tomorrow morning, as the state has announced its readiness to proceed with Mr. Fist's trial When court reassembled at 7:30 this even

ing the attorneys interested were present but it soon became evident that the jury would not soon agree. A bailiff sent into the jury room at 8:30 reported that the statement had been made that an agreement could not be reached in less than two hours. court and attorneys stayed around swapping stories until a late hour, when they sepa-rated, although Mr. Paul remained in the house in the hope of hearing the

### REGULATING RAILROADS.

Members of the State Board of Transporta-

tion Busy.

Linedin, Neb., July 6.—[Special Telegram to THE BEE. !- The State Board of Transportation held its regular monthly meeting this afternoon. Three cases which had been under the consideration of the board of secretaries for some time were taken up. In the Mayberry case, in which the citizens of Mayberry, a small town in Pawnee county. petitioned the board to compel the railroad company to establish and maintain a depot, secretaries recommended that the rail road company be required to construct a platform and stop one passenger train and one freight train each way per day. The secretaries denied the petition for a depot, but recommended the putting in of a plat-form. The fludings of the secretaries were

approved by the board, . The citizens of Rulo had petitioned for an overhead crossing over Bedard street and for the opening of Third street, now closed by the railroad. They also complain that the traffic on First street was obstructed by trains standing across that street. The sec retaries reported adversely on the overhead crossing and in the matter of opening Third atreet. Their report was approved and the board ordered that the railroad company be notified that the obstruction of First street must be remedied.

The Rulo people had also asked that Commercial street through that town be opened up, but the board overruled their request. The B. & M. was ordered, upon recommenda-tion of the secretaries, to construct a side track and grant elevator privileges upon the same at Thompson, in Jefferson county, within twenty days or show cause why the

same should not be done.

The reports from the officers of the grain departments at Omaha were then taken up. Chief Inspector Thompson reported that o lune 1 his books showed a deficit of \$526.36 June 1 his books showed a deficit of \$525.36. During that month he inspected 948 cars of grain and collected fees to the amount of \$331.80. His expenses for the month were \$189.71, leaving a deficit on July 1 of \$384.27. Weighmaster Taylor reported that during the month of June he had weighed 927 cars of grain and collected \$331.75 in fees. He put in a bill of \$112 for extra help employed during the month and the matter was reduring the month and the matter was re ferred to Secretary Koontz for a written re port. Register Hilton appeared board to see if something could not be a towards paying him his salary. Register Hilton appeared before the stated that upon receiving his appointment, when the law went into effect, he opened an office in Omaha, he has not received anything by way of compensation. His case was taken under advisement and the board adjourned.

Fourth of July Celebrations. FREMONT, Neb., July 6 .- | Special to The Ber. |-After spending a very quiet Sabbath on the Chautauqua grounds, where no picnic nor pleasure parties disturbed the sanctity of the day, the people participated most heartily in the life and merriment of the glorious Fourth. Thousands of people flocked to the grounds to spend their holi-day. With boating, bathing, ball playing firemen's contest, regular classes and lectures, the people realized that the Chautau-qua afforded both recreation and study. In the atternoon the auditorium was crowded to its utmost capacity to hear Rev. Conrad Haney. In the evening Rev. J. P. Mills,

D.D., lectured. Brain, Neb., July 6.—Special to the The celebration here was a success: about 500 families attended. Dr. Renner of Nebraska City delivered the oration both in English and German. The exercises closed with a grand display of fireworks in the

today restraining the city of Nebraska City and the Board of Education from levying and collecting taxes upon that portion of the Chicago, Burlington & Quincy bridge which had always been supposed to be within the city limits. The commany alleges that the property is in the channel of the Missouri river and therefore not taxable for city and school purposes. The case will be argued at Plattsmouth July 20.

### LINCOLN INDEPENDENTS RATIFY.

Mrs. Leese and General James Field En-

lighten the Nebraska Faithful. Lincoln, Neb., July 6 .- | Special Telegram to THE BER |-The independents of Lincoln held a ratification meeting at the Lansing theater this evening, but owing to the fact that the gathering was insufficiently advertised but a comparatively small audience was present. The first speaker was Mrs. Mary Leese of Kansas. She spoke for an hour and a half upon the objects and aims of the people's independent party. She was especially savere upon both the old parties. Speaking of the promises made by the democratic party on the silver question. she stated that the much talked of silver bill which the democrats agreed to pass was now sleeping its last long

sleep with a majority of 148 democrats watch-ing over its last resting place. She asserted that both parties were identical and that they are masquerading under different names for campaign purposes. The independent party, she said, sought to unite Abraham Lincoln republicanism with Jeffersonian democracy. She concluded her address with an eloquent reference to the Omaha convention, saying that July 4, 1892, marked the beginning of a new epoch in American history and that date would occupy a place in history above the day that English barons gathered on the banks of the Runnymeade wrested the magna charta from the unwilling hands

of King John, above the day when the iron ongue of the bell in Faneuil's beilty proclaimed the signing of the Declaration of In-dependence and above the day when the imnortal name of Abraham Luncoln was affixed to the proclamation that emancipated 4,000,-000 black men and consigned their shackles to the museums of history.

At the conclusion of Mrs. Leese's address Jerome Schamp of this city introduced Gen-

eral James Field, the people's party candi-date for vice president, air. Field stated that he had no apology to offer for his poli-tics. He was a son of Virginia and had al-ways teen a democrat. He admitted at the outset that his main reason for being in the independent party today was to bring about a return to the true and unsullied principles of democracy.

Walking for a Record. Sinner, Neb., July 6,- Special Telegram to THE BEE, |-John Howard and wife ar rived here this afternoon with their wheelbarrow and cooking utensils with which they are making a tour across the country from Seattle, Wash., to Chicago. It is on a bet of \$10,000 with capitalists of Scattic, of which they receive one-half providing they complete their journey by September 10 Both look badly weather beaten. They av erage twenty miles a day.

Accused of Forgery. GRAND ISLAND, Neb., July 6,- Special Telegram to THE BEE. |-F. Ricaud has been bookkeeper for the Oxnard Beet Sugar company for some time. Saturday night and Sunday he passed various checks amounting to about \$200. Today it was discovered that they were forged. The fellow had all day Sunday, Monday and Tuesday to get away and took good advantage of his opportunity. The name of E. C. Howe, agent of the company, was cleverly forged.

Beatrice Democrats Organize. BEATRICE, Neb., July 6.-[Special Tele gram to The Bee.]-The west side democ racy of Beatrice have organized a new demo cratic club, to be known as the Jefferson club. The officers are: President, T. B. Perkins; vice president, John Combs; treasurer, Frank Hurst; secretary, C. J. McAll. The club starts out with a membership of

fifty-six. Flood Damage at Nebraska City. NERRASKA CITY, Neb., July 6 .- | Specia Telegram to THE BEE. |-During the past twenty-four hours the Missouri has risen five inches. BIG NIGHT FOR JUDGE LYNCH.

Iwo Mississippi Murderers Taken from Jaii

and Hanged. Vicksburg, Miss., July 6.-Smith Tooley and John L. Adams, alias "Tooch," were hanged last night at 12:30 o'clock in the court house yard by a mob of nearly 700 cit izens, all white. The Warren light artillers declined to defend the jail and the mob had no resistance. Tooley was found alone in his cell and was knocked down and taken out into the street in front of the jail, where he was crossquestioned. Meantime Adams was brought out. Mr. Henry Blake, brother of the murdered man, pleaded with the avengers, but in vain. Tooley was taken over to the court house and finally to the court room, in which were 500 people. the examination was continued. Both were cool. The people finally grew tired of the fruitless examination and a rush was made downstairs with the prisoners. Both were then banged.

The crime was the murder of Mr. Benson Blake, a planter and merchant at Redwood, last Thursday, the culmination of thirteen obberies and assassinations within the past

## PREVENTED A LYNCHING.

Cannon and Midtia Keep a Mob From Assaulting a Jail.

JACKSONVILLE, Fig., July 6.—Nearly 700 negroes are under arms, deployed in squads from ten to twenty and all within two blocks of the Duval county jail in this city. They claim that a threat was made by the whites about lynching the negro Frank Heed, con fined in jail for the murder of Frank Burrows yesterday. No attempt at lynching has yet been made, however, and this is wholly unwarranted. Governor Fleming late last night issued orders to Adjutant General Lang for two infantry companies and one artillery company in this city to hold themselves in readiness for today. The companies assembled at their armories at midnight and remained there until daybreak At sunset last night a crowd of negroes began to assemble again in front of the pall and in the neighborhood, and by 8 o'clock there were fully 500 of them in the vicinity. Their leaders, learning that the militia had been ordered out, sent a committee to confer with Captain Turner of the Wilson battery, in command of three companies. The com-mittee was assured that the soldiers intended no harm to the negroes, but they were ordered to protect the jail and disperse at The committee then promised to ad iress the negroes and advise them to go

When the committee returned to the mot with this advice, the mot refused to listen and still larger numbers congregated in the atreets about the jail. Just before 10 o'clock three companies, the Wilson battery with a Gatling gun and twenty-five men, and the Metropolitan light infantry, and the Jackson-vine light infantry, about fifty men each, all under command of M. H. Turner of the battery, marched up to the jail. The negroes did not interfere with them. The Gatling gun was planted within ten feet of the jail door and manned. The negroes are stiff door and manned. The negroes are still scattered all about the neighborhood in small squade, but in such a manner that they could hardly be called a mob. At a signal, how-over, fully 700 of them (all armed) could be brought together. They are not drinking any and talk very reasonably. Matters are at a very high tension and the slightest move

is apt to occasion trouble. Just an Ordinary Lynching. WHEELING, W. Va., July 6.—Edgar Jones, colored, who muraered Michael Tierney Monday night, was taken out of jail at Weston, Lewis county, by a large mob and
