### AFFAIRS AT SOUTH OMAHA

Condition of the East L Street Paving Contract Brought Up Again.

HAS LAIN DORMANT NEARLY A YEAR

People Once Wanted Ventura Asphalt but Are Now Inclined to Stone-Judge Dundy Grants an Injunction on Twenty-fourth Street.

During July, 1891, several new paving districts were created by the council and later order paved. With one exception they were paved. The exception is District No. 7, which comprises L street, from the west line of Twenty-fourth street, west to the east end

August 81, 1891, a majority of property owners in the district petitioned for Ventura asphaltum, and on September 14, 1891, the council ordered the street paved with that material, and instructed the committee on viaducts, streets and alloys to advertise for bids. Here is where the proceedings came to a sudden termination.

The committee so instructed by the council failed to advertise for bids for paving the street, and no action whatever has since been taken. The failure of the committee to act is due to the fact that the property owners desired Ventura asphaltum, which is only laid by the Stradamant company. At that time the company had been awarded the contract to pave Twenty-fourth street, and the council was enjoined from entering into the contract with that company. The committee and property owners vied with each other and concluded to await the outcome of the in-junction and also to ascertain how the pavement would stand the test when laid on Twenty-fourth street. From that time the fact that East L street had been ordered paved seems to have been forgotten. The funds are on hand for paving the street intersections, having teen set aside for that purpose at the time the street was ordered

An interested property owner interested himself in the matter yesterday and will bring it to the attention of the council and urge that the action of the council of 1891 be carried out. A petition will be circulated asking that the street be not paved with as-

phaltum, but with brick or stone.
The California Petroleum and Asphalt company applied to Judge Dundy vesterday for an injunction to restrain the authorities of South Omaha from interfering with the work of paving on Twenty fourth street, between A and B streets.
A temporary injunction was granted and

the defendants were notified to appear on July 27 and show cause why the injunction should not be permanent. Another Lodge Chartered.

South Omaha Jodge No. 36, Railway Employes Fraternal Beneficial association, has been chartered by the supreme officers and starts off with brilliant prospects. The

officers are: President, Mayor C. P. Miller; vice president, W. H. Slabaugh; secretary, G. E. Jonte; treasurer, W. B. Wyman; conductor, D. H. Roche; sentinet, F. McGovern; trustees, C. P. Miller, A. R. Kelly. W. H. Slausurh; past president, A. R. Kelly.

The supreme president has appointed G. E. Joute deputy superintendent president and Dr. W. H. Slabaugh medical examiner.

He Enjoys Jan Life, Martin Welch, netter known as "One-Eyed Riley," is in jail again. He appears very regularly in police court and seems to enjoy the short sentences he receives and is compelled to serve in the county jail, Yesterday he was arrested upon the charge of stealing a revolver from Officer Emerick. Judge Fowler sentenced him to thirty days in the county jail, to be passed in close confinement, if such a thing is possible.

Enjoined Benson's School Board. School district No. 9, or Benson place, as it is better known, is just now indulging in the luxury of a lawsuit, brought on by an at-

tempt to erect a new school house.
On June 22 the school board of that place opened bids for the creation of the building.
John H. Case, after looking at the pians and
specifications, bid \$5,885, while George Sasil
bid \$6,400. The board, disregarding the fact
that Case was the lower bidder, awarded the contract to Sheil Yesterday Case succeeded in securing a mandamus, which prevents the board from contracting with Sheil.

Forty Dollars for a Kiss. W. Johnsey, a weiner-wurst peddier, was one of the guests at a Bohemian wedding Wednesday night and saw

there a lady whose beauty was so perfectly satisfactory to him that the only adequate expression of his appreciation only acceptate expression of his appreciation he could make was to kiss her. He did so and the lady resented the familiarity. So did her husband, who proceeded to have Mr. Johnsey arrested. Judge Berka valued the kiss at \$40 and taxed the kisser for the costs of the arbitration.

PEOPLE'S PARTY HEADQUARTERS. Several Omaha Hotel Men Have Business Propositions to Make.

The location here of the national headquar ters of the people's party depends almost wholly upon what inducements the city will offer. Mr. V. O. Strickler, who is a member of the executive committee of seven which has the matter in charge, said yesterday that Omaha could undoubtedly have it if it would equal the offer of St. Louis, which was to provide suitable rooms, a stenographer, stationery, and entertainment for the chairman and secretary. He stated that the members of the committee wore very favorably disposed toward Omaha and he believed they would come here if these matters were attended to.

Mr. Strickler spoke of two hotel men be-sides Mr. Mercer who had requested him not to close any deal until they had time to submit a proposition, saving that they would like to have the headquarters at their hotels, just as a stroke of business enterprise. Mr. strickler said that no subscribed sum of money was expected or desired.

School Board Officers. The Board of Education has a very interesting kettle of fish on just at present. Next

Saturday night will come the election of secretary of the board and superintendent of buildings, and a lively fight is anticipated over the election of secretary. Mr. Charles Conover, the present incumbent, is pulling every string to secure the position for another year, but there are several others in the field who are making the contest rather Mr. J. B. Piper who held the office for four

years prior to Mr. Conoyer's election two years ago, is understood to be a candidate. Mr. George W. Holbrook is said to have aspirations in the same direction. Mr. E. E. Zimmerman has several energetic friends working in his interest for the place. A prominent member of the beard said to a BEE reporter today, "While there is quite a fight being made on Conoyer, I think he will have eight, or possibly nine votes as follows: Martin, Smith, Coryell, C. E. Babceck, Points, Poppleton, Wehrer and W. N. Babcack, It looks rather strange to see republicans voting for a prominent democrat, but both Wehrer and Coryell seem to liave strings to them that the democratic members of the beard know E. Zimmerman has several energetic friends the democratic members of the board know how to puil."

There will also be a fight made on Mr. Hamilton, superintendent of buildings. Mr. Joseph Hummel wants the job and Charles Conoyer has undertaken to deliver the goods to Mr. Hummel. The prevailing opinion among members of the board seems to be, nowever, that Mr. Hummei will not be called upon to assume the duties of superintendent of buildings this year and that Mr. Hamilton
