Dun & Co.'s weekly review of trade says: There is a stronger demand for finished products of iron and steel, while pig tron is overloaded and weaker, and the Thomas company has reduced its price for No. 1 anthracite \$1.00 to \$1.50 per ton, which is believed to be the lowest price ever recorded. Sales of 10,000 tons of steel raits have been made by eastern works and the aggregate for the half year has been \$60,000 with 560,000 tons actually fleiivered, which corresponds with the deprease in railroad building and the prospect that the new mileage for the year will be puly about 3,000. Bar iron is in neavy demand and structural also, with an advance of about \$1 per ton. Textile mills are all well employed for the season, and better orders for woolen goods have given an impulse to purchases of wool by manufacturors.

Boot and shoe shops are busy and pressed for early deliveries, and eastern shipments are now the largest ever known for the year thus far-1,827,000 cases, against 1,733,000 inst year, and 1,820,000 in 1800, hitherto the maximum

It Cured the Boy,

My little boy was very bad off for two months with diarrhoes. We used various medicines, also called in two doctors, but nothing did him any good until we used Chambertain's Colle, Cholora and Diarrhoma remedy, which gave prompt relief and cured him permanently. I consider it the best medicine made and can conscientiously recommend it to all who need a reliable remedy for diarrhoes, colic or cholers morbus. J. E. Hare, Trenton, Tex.

He refers the supreme court to a decision mude by a "justice of the poace in Sodom before the destruction of that city of the plains. A traveler was passing through that city to his home in Canasa, riging an ass. After leavlog Sodom a stranger, who proved to be a Sodomite, rode up by the side of the trav-eler and with his sword cut off the ear of the travoler's ass. Thereupon the traveler re-monstrated at the outrage and threatened to

The justice gave his decision that in smuch as the Sodomito had wantonly, crueily and wrongfuily cut off the ear of the traveler's ass he should keep the ass until his ear grew on again. Narrowly Escaped Death.

Hon. John P. Sutton, secretary of the Irish National league, and a companion named Thomas Meagher narrowly escaped drowning at Burlington beach, the new pleasure resort three miles from this city, last evening. They had crossed the lake in a rowboat and in attempting to change places the boat was capsized. Both gentlemen were indifferent swimmers. Mr. Sutton succeeded in clinging to the overturned boat and his loud cries for assistance attracted the attention of George Bostater and C. E. Finch. who were on the opposite side of the take in a sail boat. They at once went to the assistance of the drowning men. Mr. Sutton was taken in in an exhausted condition, while Mr. Meagher had gone down for the third time and was unconscious when taken into the boat. He was soon restored and both men are today all right. Messrs, Bostater and Finch were the only men on the lake at the time and out for their presence Meagher at least would have been drowned.
