SYPHILIS A Written Guarantee
to Cure Every Case or
Money Refunded.
Cur cure is permanent and not a patching up. Cases
treated seven years ago have never seen a symptom
since. By describing case fully up on Post, you by since. By describing case fully we can treat you by mall, and we give the same strong guarantee to cure or refund all money. Those who prefer to come here for treatment can do so and we will pay railroad fare both ways and botel bills while here, if we fail to cure We challenge the world for a case that our Magic Remedy will not cure. Write for particulars and get theevidence. In our seven years practice with the Magic Remedy it has been most difficult to evercome the projudices against socialed specifics. But under our strong guarantee thousands are trying it and be ingoured. Weguarantee to cure or refund every dollar, and as we have a reputation to protect, also financial backing of \$50,000 it is perfectly safe to all who will try the treatment. Heretofore you have putting up and paying out your money for different treatments, and although you are not yet cured no one has paid back your money. We will postuvely cure you. Old chronic deep scated cases cured in 51 to 80 days. Investigate our financial standing, our reputation as business men. Write us for names and addresses of those we have cured who have given permission to refer to them. It costs you only post age to do this. If your symptoms are sore throat, nucous patches in mouth, the amatism in bones and oints, hair failing out, cruptions on any part of the ody, feeling of general depression, pains in head or bones. You have no time to waste. Those Who are constantly taking mercury and potash, should dis continue it. Constant use of these drugs will surely bring sores and eating ulcers in the end. Don't fail to write. All correspondence sent scaled in plain en-velops. We invite the most rigid investigation and

The question of reviews, oral and written, was the one at issue during the Sunday school hour, under the guidance of Rev. G

The little girl's clothing caught fire from a leaking gasolene stove, and before the flames could be extinguished her entire body was burned almost to a crisp. The child suffered terribly from the burns and her agonizing cries were only husbed after a physician had been called and administered an anesthetic. The child will hardly recover, as the flesh on her body is

The Board of Education has been unable to agree upon a selection for the drawing teacher for the ensuing year. Miss M. Davis, who has filled the position in the past, is again seeking the place, as is Miss Jennie Littel. At the last meeting several ballots were taken, each lady receiving three votes. The board adjourned without making a selection and met last evening for that purpose. Considerable interest was manifest, as was attested by the large number of spectators in attendance. Ten radies were present in the interest of Miss Davis. Communications were read urging that lady's selection. Also a communication from a number of teachers protesting against the employ-ment of Miss Davis. The board took sev-

years, and she appeared before the board for the purpose of ascertaining why she had been dropped from the teachers' list this year. The young rady is handsome and a very entertaining speaker, and in choice language she derivated her lecture to the board. The members failed to enlighten Miss Ryan as to why she had not been reengaged as a teacher, although they assured her that it was not because of any lack of ability on her part, nor because her services in the past had not given the best of satis-faction. The young lady replied that the reason of her not being re-engaged was evidently because of her religion, and she up-held that in a very creditable manner. The board adjourned to most next Tues-

day evening Ordered the Lots Filled,

Several months ago a large number of city ots were declared a nuisance and ordered filled up to the established grade. A majority of the lots are located on Twentyfourth street and the folly of paying that thoroughfare without first having those lots filled has manifested itself. The lots in question are merely holes in the ground and catch basins for surface water which stands in staguant pools during the warm weather. That, however, is not the worst state of affairs. At several places along Twenty-fourth street the curting has been torn away by reason of caving banks on the vacant lots and the pavement has settled in several

places. The only remody at hand is to see that the lots are filled to grade. This matter has been brought to the attention of the council and that body has in-structed Street Commissioner Tobias to order the lots flied. If the owners neglect to do so the city will perform the necessary labor and the cost will be taxed by special assessment against the property. The lots in question are as follows: Three lots at Twenty-fourth and I streets, two at Twentyfourth and H streets, two at Twenty fourth and E streets, four at Twenty-fourth and H streets, three at Twenty-fourth and L streets, four at Twenty-fourth and H streets, two at Twenty-sixth and J streets, two at Twenty-sixth and K streets, one at Sixteenth treet and Missouri avenue, one at Thirtleth and Shelby streets.

Just now the Rell Department store is

having trouble with one of its departments and the trouble has reached the courts. It was on March 30, 1892, that the store opened for business in the Williams block, at Fifteenth and Dodge atreets. At that time Moody, Ackerman & Williams, the proprietors of the store, made a deal with W. H Grover to put in a crockery and glassware department. The department was to con-tinue in operation for the period of one year, and during that time the store people were to furnish the store space, the lights, heat and clerk hire. They were to deliver the goods soid, do the advertising and have 10 per cent of the gross receipts. The goods placed in the department, valued at \$1.500, were sold to Groves by Gatch & Lauman and everything went well until a few days ago, when for the first time the plaintiffs allege that Groves, Gatch & Lauman and J. L. Brandeis & Son conspired together. As a result of the conspiracy they decided to remove the crockery department from the Bell store and to the lieston store, where they proposed to advertise it as a bankrupt stock from the

Bell Department store. This, the petition declares, would injure their business, besides it would be in viola-tion of the agreement that they made with

ing order which prevents the removal of the stock until the case can be heard. THE REALTY MARKET.
