DUN'S REVIEW OF THE WEEK

Decided Improvement in All Lines of Trade Pespite the Warm Weather.

B. IGHTENING PROSPECTS EVERYWHERE

Promises of Exceedingly Large Crops Lend a New Impetus to Trade and Reports from Business Centers Are Flattering -The Clearing House Statements.

NEW YORK, July 29 .- R. G. Dun & Co.'s weekly review of trade says: There is a distinct improvement, not only in transactions in comparison with the same time last year, but also in prospects for the coming season. Prospects of spring wheat are remarkably good, and reports from many of the states surpass all expectations. Wheat has risen 21's cents in spite of western receipts, amounting to 1,136,000 bushels, in three days, against exports of 908,000 bushels. Oats also rose 1 cent and pork products are higher, and corn advanced 114 cents. In coffee there was a slight advance, and in oil a fractional decline. But in the cotton market a decline of a sixteenth occurred on the sales of 560,000

Reports from Business Centers.

Dry goods at Boston is active, with liberal western orders. Cotton mills are actively employed, and orders will keep the woolen mills crowded for some time, while the boot and shoe makers are full; the rubber works are busy, leather firm, and wool freely sought by manufacturers, sales reaching 500,000 pounds for the week.

At Philadelphia trade in most lines is fair,

but more firm in manufactured iron, while wool sales are large and the grocery trade is excellent for the season.

Manufactured iron is stiffened at Pitts-burg by the closing of many mills, and the works at Cleveland are pushed beyond their capacity. There is some advance in structural iron. Trade is better than last year,
The clothing trade at Cincinnati increases

and the trade in shoes improves, In all leading lines trade exceeds last year's at Chicago and prospects for maturing collections are very healthy. Receipts of wheat and corn fall short this week, but the usual large increase appears in cured meats, hogs and cattle, with receipts of flour double, of oats three times and of barley and rye four times last year's.

At Milwaukee trade is satisfactory. From Minnesota reports indicate a reproduction of last year's great crop. At St. Paul trade is quiet.
At Duluth the tone of lumber, building materials and flour was never more satis-

fastory.

At. St. Louis trade is fair.

Receipts of cattle are liberal at Kansas
City and trade fairly good.

Trade Excellent at Omaha.

At Omaha general trade is excellent, At Denver trade is very good. At Mem-phis trade is fair, but at other southern points duliness appears. Rain is reported to have slightly affected cotton. Considerable improvement is seen in New Orieans, though Southern sales depress prices of pig iron, but bar, plates and structural iron are very

but bar, plates and structural iron are very active and higher.

Lake copper is weak with large sales at 11½ cents. Tin lower, at 20.60 cents and lead at 4 cents. A further advance in anthracite coal is proposed, but soft coal has sold at \$2 at Philadelphia.

The stock market has been little affected by the vote of the Burlington & Quincy to withdraw from the Western Traffic association. Fine crop prospects and the coming adjournment of congress gives strong operators a basis for a successful campaign rators a basis for a successful campaign against the shorts. Money is unusually

Merchandise exports in three weeks of July are only half of 1 per cent larger than last year, while in imports a large increase appears.
The business failures occurring through-

out the country during the last seven days number 187, as compared with 190 last week number 187, as compared with 190 last week. For the corresponding week of last year the

Due from village of Valley.... Compared with same period of 1891, Treasurer frey's report shows to a splendid advantage. He collected \$397.683.03 in taxes against \$332,391 last year, and had a gain of \$3.607 in miscellaneous collections. In Omata city taxes he collected \$59,431, while his predecessor secured but \$8,641 in the corresponding six months of last year. In re-demption money Mr. Irev secured \$90,000 in six months, against \$61,000 for the corres-ponding period in 1891. He paid the state ponding period in 1891. He paid the state treasurer \$127,059,83 as against \$70,859 for the corresponding period in 1891, and paid for the same period \$64,313.44 to the city treas-urer of Omaha as against \$13,823 for last year. There is a balance in the fund with all sal aries and expenses of the office paid of \$6,884.71. Under the 5 per cent commission on tax sales, of which the present incumbent has been deprived the benefit, the fee fund would have been \$4,284 larger than its pres-

ent healthy size. Fifth Ward Republicans. A. C. HARTE, Secretary. To the Public. I have no besitatancy in recommending Chamberlain's Colic, Cholera and Diarrhesa remony to the public, as I do to my friends and patrons. I used it myself after other well known remedies had failed and it cured me in a few minutes. I recommend it candidly and cheerfully upon its merits, not from a financial standpoint, because I have others in stock on which I make a larger profit, but because Chamberlain's is the best remedy I know of for bowel complaints. There is no doubt about it, it does the work. James Forgy, Druggist, McVeytown, Penu.

Agents who have searched the archives of the British museum and the historic wealth of Spain have made accurate contributions to the great spectacle of "Columbus and the Discovery of America," which has received spectacular treatment at the hands of Imre Kiralfy, and is pronounced by all who have seen it the master theatric production of the age. The stirring events of 400 years ago have been vivified, and the great living tableaux, clad in the picturesque costuming of the 15th century, enlivened by music bearing the ear marks of that age and pantomimically counterfeiting the historic climaxes familiarized by the school histories, presents an object lesson full of instruction, patriotism and inspiration. But, while all this has been added, the other departments of this matchless show have not been lost sight of. We begin our annual midsummer sale of all the odd suit pants that have accumulated during the past season. The thousands who have profited by these sales in other years will need no urging to be on hand. These sales are too well known to need

more than bare mention to bring our pateon out in full force. These sales are entirely original with "The Nebraska," and can neither be equalled nor imitated. For magnitude of assortment -quantity to choose from-value for your hard earned dollar-they stand without rivals in the clothing world. The sale this season comprises nearly

2500 PAIRS OF PANTS

In almost every conceivable shade and colordark, medium and light. They are in plaidsstripes-checks- mixtures-fancy and plain colors. They are in cassimeres-cheviotshomespuns--worsteds--serges--tweeds-- flannels. They are in lots of from one to twenty pairs of a kind, and represent about every style of a suit that we've sold since the first of March. We've divided them into three great lots at

The pants at one fifty are out of suits up to seven fifty--the two fifty ones are out of suits up to thirteen fifty -- while the three fifty ones are from the finest suits we've sold this season.

The lot of pants at two dollars and fifty cents a pair we claim to be the biggest value ever offered by any clothing house in this whole country -- and consists entirely of pants that would cost you four--five and six dollars a pair out of regular stock. If you are compelled to wear your coat this hot weather on account of the "holy" condition of your pants -- why -you know two fifty ain't much.
