THE OMAHA BEE. NEWS FROM COUNCIL BLUFFS

Thousands Turn Out to Listen to Governor McKinley's Tariff Talk.

UNBOUNDED ENTHUSIASM IS AROUSED

He Holds His Audience in the Closest Attention from Beginning to Ending-A Convincing and Logical Argument-His Reception.

A large amount of republican enthusiasm found vent yesterday in Council Bluffs on the occasion of Governor McKiniey's visit. Delegations came in from the surrounding towns, every train bringing in its quota. The reception committee, which had been appointed by the citizens to meet Ohio's governor, went to Lincoln on the morning train and excerted him to Omana, where they were re-enforced by a large number of citizens and brought to this side of the river. Dalbey's band led the march to the Grand hotel, discoursing music along the way.

The address was advertised to commence at 2:30 o'clock, and before that time the grand stand at the driving park was well filled with a very warm but very eager crowd, who awaited the governor's arrival, and still the crowd was coming. At last he came, drawn by a fine team of horses and accompanied by a number of prominent citizens, who escorted him amid loud applause to a platform that had been improvised in front of the grand stand, where he was to make his address. He was accompanied on the platform by Chairman J. E. Blytne, of the republican state central committee, of Mason City, Judge W. I. Smith, will-be Congress man A. L. Hagar of Greenfield, Dr. O. W. Gordon, Hon. J. Y. Stone and Judge K. J. R.

Reed of the court of private land claims. Judge Reed introduced him to the audience in a few well chosen remarks, and as he ceme to the front of the platform the speaker was greeted with redoubled applause. From the first of his address he caught his audience's attention, and he kept it until the close of one of the finest speeches that has ever been made before a Council Bluffs audience. Throughout it was a masterly de-fense of the law which bears his name, as well as of the American tariff as a whole He frequently was compelled to stop until the cheering of the audience had died away sufficiently so that his voice could be heard.
At the close of his address the governor was taken to the Grand hotel, where he held

an informal reception, during which a large number of citizens took advantage of the op-portunity of meeting him. He was then taken in charge by a committee of Omana citizens, who took him to the other side of the river, where he is booked for an address The following outsiders were noticed on

Yesterday morning at 4 o'clock a party of thirty ladies and gentlemen from Omana landed some boats at the beach and took an early morning swim. They pronounced everything satisfactory, except the want of a restaurant and something to eat. If the management would put up a small restaurant on the beach and serve hot potatoes, fresh fish, bread and butter, coffee and tea, they would be doing a good thing for their patrons. Champ Investment company, applied to the district court Wednesday night for a writ of Injunction to restrain George E. Gage, who is in the city for a short time representing the eastern members of the company, from taking away certain securities which have been in the possession of the company until recently. The securities in question consisted of a bond which was given by the investment company and signed by George F. Wright and others as sureties, for the payment of \$17,000 indebtedness to J. E. Hoyd. It was understood that they were to lie in the vaults of the Council Bluffs Savings bank, but the petition slieges that in some way Gage got hold of them and intended to take them back to Boston and sell them. The writ of injunction was issued and Mr. Gage was required to refrain from taking the securities away, or from selling them.

The writ was put in the hands of Deputy Sheriff O'Brien, and he went to Omaha to flud Gage, who had just gone to catch the

east bound train. O'Brien went on the train with him to Plattsmouth incog, and did not introduce himself until he reached Pacific Junction, when he was on the Iowa side of the river and consequently able to act in his official capacity. The valuable papers were returned to the bank.

Young Housebreakers. For some time past a gang of boys between the ages of 13 and 16 years of age has been organized for the purpose of carrying on a system of depredations in various parts of the city. Various houses have been broken into and whatever articles of value that had been left loose were carried away. The gang operated principally in dwellings which had been left empty while their owners were out of the city. The house of M. E. Smith at the corner of Eighth street and Second avonue was one of the last to be visited. A man who had rented the house went to look it over and found that the led pipe, brass fixtures and all the rest of the plumbing materials that were in the house had been cut off and

Drugged and Robbed. A young man named Burrowes was reported to the police yesterday morning as being among the missing. He was last seen Monday morning on his way to work, but at the foot of Main street he left the car and that was the last seen of him. His wife, who is in St. Paul, was telegraphed to, but she had seen or heard nothing of him, and was almost beside herself with apprehension. About noon he turned up at his residence near the corner of Broadway and Sixth street rnd was found by some of his friends just getting into bed. He was unable to tell where he had been or what had happened to him. He remembered indistinctly having drank some beer on Monday, and he thought it must have been drugged, for everything suddenly became blank and he could not account for himself during the days interuening between his disappearance and his return.
