SECRETARY FOSTER ON STATE BANK ISSUES.

Hon. Charles Foster, secretary of the treasury, opened the republican campaign in Ohio a few days ago with a most instructive speech on the finances of the country.

The proposal of the democratic party, in its national platform, to repeal the tax on state bank issues naturally received a liberal share of attention from Secretary Foster.

The attendance at the Douglas County Normal Institute is surprisingly small.

BLAINE gathers mushrooms every morning. Cleveland seems to be gathering only chestnuts.

ONE thing can truthfully be said of labor in Omaha and that is that every laborer who is willing to work can find employment.

KATE FIELD wants the next United States ship named Queen Isabella. Kate can probably think of only one name better than that.

STEVENSON is now in Indianapolis trying to placate Mr. Gray, but it is of no avail. The only thing which will suit Mr. Gray is Mr. Stevenson's job.

IF WE may believe the dispatches all the negroes voted the democratic ticket at the late Alabama election. Now this is the horrible "negro domination" which the democrats are bewailing so much.

TWO LIES about McKinley are circulating in the east, one that he has received \$350 for every campaign speech and the other that in Omaha he admitted that the consumer pays the tariff. Both of these stories are without a shadow of foundation.

THERE is a disposition among Omaha capitalists to keep their money in bank vaults and discourage any enterprise that does not assure a big profit from the start. This policy is suicidal. Omaha cannot stand still. She will either grow or decline.

AND now we observe that the gold train has arrived first in Chicago and then in New York with only \$20,000,000 on board. Now, we want to know what has become of that \$40,000,000 more which the train had when it reached Omaha. We didn't get it.

WE ARE told that the soot will disappear from the city hall vaults as soon as the air fans are in operation. If the same speed is used in their arrangement which has distinguished the other equipments of the building, we may expect air fans about January 1, 1894.

A CAMPAIGN orator of the people's party in Georgia is reported as saying that "the time will come when a poor man can stick a postage stamp on a mule and ship it from Georgia to Texas." When that time does come there will be fine facilities for the colonization of voters by the people's party.

THERE are carrying on a prosperous business in lead pipe and plumbers' fittings stolen from vacant houses and the houses of people temporarily absent from home. The business could be stopped if all junk buyers were conscientious enough to notify the police whenever their suspicions are aroused.

THE celebration of German day at Omaha October 6, will be an unusually large one this year. This is the great anniversary of the landing of the first German ship in this country, and it is only fitting that the German-Americans, one of the very best classes of citizens, should observe it with appropriate ceremonies.

THE MARKET OUTLOOK.

The Market Outlook takes a gloomy view of the outlook in Minnesota and North and South Dakota. It says that there will be a shortage of about 30,000,000 bushels in those states, making their crop for this year approximately 180,000,000 bushels.

Taking the principal corn and wheat districts together it now seems probable that in both of these cereals the aggregate yield for this year will be a little below the average, but there is yet time for a change for the better in corn.

FROM CENTER TO CIRCUMFERENCE. In making new paving districts it would be wise to give special attention to streets in the center of the city.

THE Point is Well Taken. The most reputable record of the past session of congress will be found in a study of the things which it left undone.

A CIPHER'S PRANCING PAIR. Van Wyck, as the chief party candidate for governor in Nebraska, is expected to ramp and roar as he never ramped and roared before.

RESENTING CALAMITY FALLOUT. The fusion movement in Kansas is not making the headway that its manipulators expected.

A PARTY of Patriotism and Progress. Governor McKinley is doing a splendid work for the people of the educational west.

THE BANK OF THE "WATCHDOG." Representative Holman, chairman of the house committee on appropriations, among whose titles is that of "Watchdog" of the treasury, has given the public a comparative statement of appropriations at the first session of the present congress and the second session of the Fifty-first congress.

REPUBLICAN STATE PLATFORM. The republicans of Nebraska in convention assembled affirm their faith in the principles enunciated in the platform adopted by the national republican convention at Minneapolis.

MERRY THOUGHTS.

Troy Press: When a mosquito presents his bill he is not invited to call again.

Cape Cod Item: It isn't the man who blows most who finds it easiest to raise the wind.

Philadelphia Times: "Alzernon," she said dramatically, "is a man after my own heart."

Yonkers Gazette: It seems a perversion of nature for a farmer to put his pig to work for him.
