

CHICAGO IS PLAYING HOG

Efforts of the Windy City to Queer Omaha's Shooting Tournament.

WILL HAVE A COUNTER ATTRACTION

Breaking Pledges of Support Made at St. Louis - Other Associations Remain Loyal and Will Attend to the Meeting at Omaha.

There is blood in the eyes of the German marksmen of Omaha and the west, and it is all caused by the attempt of the marksmen of Chicago to hog the attractions for next year to the detriment of this city.

In the case that is now demanding attention, the success of the meeting of the National Shooting Association tournament, to be held in this city next summer, very largely depends. And there is quite a story in connection with the manner in which the Windy City members of the association are working against Omaha.

The association meets every two years, and at the tournament in St. Louis last year Omaha and Chicago were bidders for the next meeting. The contest was quite spirited, but Omaha won it honestly and fairly and was assured of the hearty co-operation of the marksmen of the World's fair city.

It was this circular that brought Louis Fischer, vice president of the association, from his home in St. Louis to Omaha yesterday.

Mr. Fischer is very indignant over the action of the Chicago members of the association and terms it an outrage upon the association and an insult to the other members who voted for Omaha and are working for the success of the meeting in this city.

Mr. Fischer says that the Chicago members of the association were ready to carry out the promises made at the last meeting in this city when selected and would entertain the association in a royal manner, but did not propose to go ahead and make arrangements for the tournament unless the Chicago club would make the meeting a winner.

It is what Louis Fischer actually does that has the most of the Chicago members who have given it the largest sale of any medicine.
