Thistle Won HARTFORD, Coun., Aug. 26.-In spite of the rain and a very heavy track, the unfinished 2:19 pace race, carried over from Wednesday, was called at the Charter Oak track this afternoon and finished. Thistle was the winner. None of the races on Thursday's program were called, but are carried over to Saturday. There were about 1,000 people on the track. Two heats were necessary today to decide the race. Thistle already had two to his credit and Nelhe B one, Henry H took the first heat easily. In the second Thistic led all the way around, but it is likely Henry H would have overtaken him coming up the stretch but for a bad break. Best time: 2:14.

Entries in the running classes do not close till the day before the races, but a large number of runners are al ready on the ground, and it is probable that the entries will run up to 125 when all are in.

Mr. Raworth, who is a whole-sule grocer, complained that the Northern Pacific and Union Pacific discriminated against fargo by charging a higher rate on carloads of sugar from San Francisco to Fargo than a longer haul from San Francisco to St. Paul. COUNTY OFFICES IN DEMAND

Some of the Candidates Who Aspire to a Place on the Public Payroll.

ANDREWS ACCEPTS M'KEIGHAN'S DEFI

Candidates for Congress Will Join in Joint Debate-Idaho and Washington Democrats Name Their Tickets-Other Political News.

The democrats are giving it out cold that they propose to put one of their number in County Commissioner Stenberg's place this fall, and here is the why and the wherefore: Judge Stenberg was elected to his present position last fail for a term of three years, and in accordance with the new law was elected from and by one of the three districts into which the county is divided. Right there is where the democrats claim that a mistake was made. They say that this ofii cer should have been nom nated from that district, but voted for by the entire county and not by a single district, and in support of their position cite a decision of the supreme court in a similar case taken up from Otoe or Richardson county, in which it is said that the court held that no part of a county could be disfranchised in the election

of a county officer.

So it is held by the democratic wise men that Judge Stenberg can not hold his scat against a new man elected this fall by the entire county, and they propose to put up a candidate to capture the judge's job in case he does not run again and secure another election to the ffice which he now holds and for the palance of the term for which he was originally

The republicans assert that the original

election will hold tighter than a pauper mar-riage in Rhode Island, and depy that Judge Stenberg's tenure of office can be shortened According to the figuring of the democratic oracles there will hardly be enough candi-dates to fill all the vacancies that the democrats aforesaid are counting on in the county

The way they do their arithmetic is some thing like this: Major Paddock was ap-pointed to fill the vacancy caused by the pointed to fill the vacancy caused by the death of Mr. Corrigan, and it is claimed that his appointment holds good only until the following general election, which in this instance comes next November, as Mr. Corri gan died less than the thirty days required by law before the election of last November It is claimed, first, that a candidate must be elected to serve out the unexpired term of Mr. Corrigan, which ends January 13, 1893, and that a candidate must also be elected for the three years following that time

three years following that time.

It will thus be seen that four men must be elected to fill the vacancies on this board of five, at the same time allowing two of the old members to retain their seats undisturbed.

This is figuring by plain, simple democratic arithmetic. If the same problem is solved by any of the advanced branches of bourbon mathematics, trigonometry or calculus, it will require the election of eight new members, turee deputy commissioners, five clerks, two pages and a sergeant-at-arms, Fortunately, the unexpired term of the late George Timme, for which Mr. Williams was appointed, does not expire until January,

1894, so even the democratic lightning calculators concede that if he is elected once in November he can complete his torm. Major Paddock is well nigh heartbroken over the array of figures presented by his democratic brethren. He thought that he had a big enough job on his hands before, but now that he is confronted with the pros pect of having to get elected twice on one day he is tempted to do just as Governor Boyd did when he saw a ponderous task looming up ahead of him—get out of politics. Indications for a good candidate crop could not be better. In addition to those whose names have already been submitted to whose names have arready open submitted to the public with a prayer for considerate treatment, are the following aspirants for one or more of the soon-to-be-vacant com-missionerships: Hiram R. Avery and James Walsh of McArdle precinct; David Reed of West Omana; Herman Timme of Benning-ton: Eved R. McConnell of Omaha.

ton; Fred R. McConnell of Omaha. s ne cannot afford to negect his private business for politics any longer, and seriously asserts that he is not a candidate.

W. S. Shoemaker has boosted his castor over the ropes and is a full-fiedged demo-cratic candidate for county attorney. He

counts on the assistance of Joseph Edgerton on the recriprocity plau, as he de-clared long and loud for Edgerton last year. D. L. Johnson and J. C. Hammond of West Omaha, Bruce McCuliocn of South Omaha, and Will McCague of Omaha have been spoken of as additional candidates for

Fifth Ward Democrats.

The democrats of the Fifth ward are slow to enthuse. They intended to meet last night to reorganize their club, but as only eighteen of the faithful and a small boy put in an appearance, the proposed reorganiza-tion went over until next Saturday night. To keep the ball rolling Henry Osthoff was temporary president and Tom Birmingham temporary secretary. Ed O'Conner, Frank Salon, Thomas Kinney and P. J. Riley were appointed a committee to go out into the byways and hedges to look up a hall. They will report at the next meeting,

They Do a Lot of Denouncing and Nominate a Ticket.

Borse, Idaho, Aug. 26. -The platform adopted by the democratic convention endorsed the Chicago deciarations, demanded the free and unlimited coinage of silver and denounced the international monetary conference as a fraud. Referring to the Cour d'Alene troubles, the platform denounces the course of the republican authorities in dealing with affairs after the suppression of all riotous demonstrations, and the arrest of the rioters as a deep-laid plot and political scheme for the suppression of a free vote and fair count and the disfranchisement or expulsion from the state of the democratic voters of the sec-tion. ACCEPTED THE CHALLENGE. Andrews and McKeighan Will Meet in

Joint Debate. MINDEN, Neb., Aug. 26. | Special to THE BEE.]-Hon. W. E. Andrews and Hon. W. A. McKeighan, rival candidates for congress,

will meet in joint discussion. The following acceptance was today sent to Francis Phil-lips, chairman, in response to his challenge of August 23: of August 23:

MINDEN, Neb., Aug. 24—Hon. Francis Philips, Chairman Independent People's Party. Fifth Congressional District, Hastings. Neb.: My Dear Sir—Your communication of the 23d in regard to political debates between Hon. W. F. Andrews and Hon. W. A. McKeighan, candidates for congress, received this morning. Would say, however, that I was first apprised of Your challenge by a publication of

same in the World-Herald. I was therefore prepared for the allegaure awaiting my return home.

You requested a prompt answer and as chairman of the control You requested a promoti answer and as chairman of the republican committee am pleased to say I am prepared to give you a prompt answer. By Your challenge is accepted subject only to a settlement as to, have and place; number of meetings and other, necessary preliminaries. Our executive committee will meet at Hastings Monday, Angust 29, and I would be pleased to meet McKeighan and yourself at shat time to make definite arrangements.

Your letter and the published copy of same recites and gives as a reason for the challenge, to-wit: "Bulleving that W. E. Andrews, the republican candidate for congress in the Fifth construction and struct, is trying to secure his election by advocating principles that are detrimental to the best interests of the people of the stake and district, etc."

In answer to such violent presumption would say that we are not responsible for what you or vour candidate may believe. Mr. Andrews is honestly emicavoring to secure his election by presenting and proclaiming republicanism, which means the hope, prosperity, advancement and welfare of the peoper. Yours Truly.

IT AMAZED CLEVELAND.

Southern Citizens Call on the ex-President for an Explanation. CHATTANOOGA, Tenn., Aug. 26,-Michael

Shelly, a merchant of this city, get into a discussion recently on national politics with a republican neighbor, who asserted that doring Cleveland's administration he (Cleveland) permitted Land Commissioner A. J. Sparks to turn out 20,000 families from their bomes in Minnesota and other northwestern states.

Shelley addressed a letter to Mr. Cleveland on the subject and received the fol-lowing reply today. It was marked "Per-

sonal;"

Gray Gables, Buzzard's Bay, Mass., Aug. 22.—M. Sheliey, esq. Chritanocra, Tenn. My Dear Sir: Your letter of the 12th list is at hand. In reply, I have to say that I have not the least idea what your "worthy friend" meant when he declared that I had been the "medium through which 24,000 families were made homeless and had lost their all, firting for their rights." I am perfectly aware that I have been the means of saving some homes to my countrymen and have tried very hard to make the burden of their lives easier. I am amazed at receiving from the southern country letters containing charges like that which you bring to my attention. I am surprised, first, at the ingenuity necessary for their concection without the least resemblance of foundation. I am more amazed that with my record before the people of this country such baseless its should be deemed sufficient arguments to prejudice me and cause for the time being resentment in the minds of southern people. Very truly yours.

Sioux City's Democratic Paper Bolts the

Congressional Nominee, SIOUX CITY, Ia., Aug. 26 .- | Special Telegram to THE BEE.]- Democrats of the Eleventh congressional district are excited because the Tribune, J. C. Keliy's paper, and the leading der cratic organ of the district, has belted Dan Campbell, the democratic nominee. Editorially the paper gives its reason because Campbell, who is also the people's party nominee, does not stand on the democratic platform, but that of the people's party and is for flat money.

Dodge Comity Democrats. FREMONT, Neb., Aug. 26.- Special to THE Bes. |-The democrats of Dodge county held their convention in this city at 2 o'clock this afternoon. There was the smallest attendance ever seen at a convention in this democratic stronghold, eight townships being unrepresented. The only business of the convention was to select sixteen dele gates to the state convention on the 30th. The following were chosen: C. Hollenbeck, Wenzel Lagro, N. W. Smails, G. C. Ker-kow, J. A. Nason, W. H. Weeks, Thomas Killen, George W. Rosa, John Dern, E. W. Renkin, Detlef Hein, R. C. Smith, J. E. Shervin, Herman Wolsieger, A. Forman and F. M. Tillman. South Dakota's First Gun. DEADWOOD, S. D., Aug. 26.-[Special Telegram to The Ben. |-The first gan of the republican campaign in the western half of South Dakota was fired at a large mass meeting held in the city hall last night. The principal speech was made by Civil Service Commissioner Roosevelt, who arrived vesterday from his cattle ranch on the Little Missouri river and who left this evening for New York. Though addressing his remark especially toward the people's party, Mr. Roosevelt did not neglect to pay a compliment or two to democracy and wound up by predict-ing an overwhelming victory for Harrison and Reed in November.

Snively for Governor. OLYMPIA, Wash., Aug. 26 .- At the democratic convention H. J. Snively was nominated for governor on the first ballot.

Buffalo County's Strong Ticket. KEARNEY, Neb., Aug. 26. - Special Telegram to THE BEE.]-The republican county convention met at the court house this afternoon. It was one of the largest, best and most harmonious conventions ever held in this county. John Wilson, ex-sheriff, and Charles Minor were nominated for representatives and Norris Brown for county attor ney. All nominations were made unanimous by acclamation, no ballots being taken. The ticket is considered the strongest ever put in the field here. There are no sore spots to be healed over.

Deen Discovered.

At 6 o'clock this evening a rescuing party came to the surface with two men whom they found near the bottom of the pit. Both were badly burned and unconscious, with little hope of recovery. Shortly after this, fire suddenly burst forth from the mouth of the pit. This has cut off all hope, for those who first escaped death have certainly been suffocated or burned to death.

A large number of rescuers are working in the Parkslip hill. Many have been hoisted uo exhausted. Seven miners found dead have not yet been brought to the surface. The explosion was felt over an area of ten miles. It caused tremendous falls of earth which has completely blocked the galleries. As the workings extend 1,500 yards, it is hoped that some miners who were working at a good distance from the shart where the explosion occurred will be rescued alive.

Race War in France. Pants, Aug. 26. -A dispatch from Laevin, a mining town near Catais, states that there has been serious trouble between the French and Belgian miners employed there. The Belgian miners have been advised to leave France to avoid further trouble.

WILL SAVE THE CITY.

Rev. B. Fay Mills Will Open His Campaign Here in November.

The special committee appointed by the ministerial association to make preliminary arrangements for the engagement of Rev. B. Fay Mills, the evangelist, met last night at the Young Men's Christian association building and took steps toward perfecting the plans for the great religious effort. Rev. Mr. Mills has informed the committee that he could open the campaign against sin and Satan in Omaha on November 30, if that date would be satisfactory to the clergy of the city.
It was decided to set November 30 as the

date for the meetings to begin.

The most complete and careful preparations will be made by the church and ministers who intend to join hands and assist in this united effort. The committee will meet again on September 5 with the representatives of each church in the alliance, and a general commit tee of arrangements, a committee on finance, music and advertising will be appointed to pash the preliminaries to completion. It is confidently expected that this will be the greatest religious awakening ever experienced by the evangelical churches of Omaha. The Presbyterians, Congregationalists, Bap-tists, Methodists, Lutherans and several

other denominations will be interested in the great meeting.

Claiming Damages. Several of the South Sixteenth street property owners who informed the appraisers a few days ago that they would not ask damages because of the reconstruction of the viaduct have changed their minds and now demand sums aggregating \$114,400.

The greater number of them were awarded damages soven

awarded damages seven years ago at the time of the construction of the present viaduct, but they now ask additional damages, alleging as a reason therefor that the new viaduct is to be thirty feet wider than the old one and a little longer.

The mayor has stated that the damages cannot be allowed unless assessed back, as there is no provision made for the same, and the city attorney expresses the opinion that the claiming of such an amount of damages as is threatened will simply prevent the erection of a new viaduct. Messra. W. H. Ijams, Adolph Meyer and Alfred Miliard, the board of appraisers, will meet Monday to consider the claims and go on with their work. The claimants and the amounts demanded by them in 1885 and 1892 are as follows:
