in the Case.

LINCOLN, Neb., Sept. 19. - Special to Tan Beg. | -Governor Boyd at 2 o'clock this afternoon granted a free and unconditional pardon to Charles H. Paul, the ex-treasurer of. Adams county, who was last month convioted of emberriement and sentenced to three years' imprisonment in the state penitentiary. The case has been pending before the executive for over a month. A large number of the most prominent citizens of Hastings and Adams county signed petitions for the pardon of Mr. Paul. The trial judge and eleven of the jurymen who convicted him, as well as the county commissioners who pressed the suit, united in the petition for a pardon. Several dates had been set for a hearing of the arguments of the attorneys on both sides of the case, but it was not until today that the hearing was finally given. Messrs. McCreary and Smith of Hastings and Harvey of Lincoln appeared to argue on behalf of the petition, while Messrs. Bowen and Hoeppner appeared for the state. Both sides were listened to with attention by the governor. The arguments were concluded at 12:30 and at 2 o'clock the executive au-nounced his decision in favor of Mr. Paul,

Still Asking for Damages.

The Bohanan brothers are the defendants in a damage suit commenced in district court today by Joseph W. Saunders and his wife, Julia Saunders, The petition alleges that on the evening of August 19 they engaged passage for Burlington beach in one of the carryalls owned and operated by the Behanans. On the return journey the driver carelessly drove over the eage of a high employed the control of the carryalls. bankment, precipitating Mr. and Mrs. Saunders to the ground with so much violence that both were severely injured. The petition further alleges that Mrs. Saunders has been permanently injured and that her husband is in such a condition that he can with difficulty pursue his regular avocation in life. They ask for \$10,000.

John Chilton also commences a suit for camages against the city of Lincoln, placing the amount at \$2,500. Several weeks ago Mr. Chilton fell through a hole in a sidewalk on Q street, and in so doing he sustained severe injuries. He put in a claim for the amount asked to the city council, but as that body failed to allow it he has taken the case to the district court.

Mrs. Smith's Narrow Escape.

Mrs. F. Smith, a respectable colored lady living on North Sixteenth street, and a very narrow escape from death last night. She conducts a boarding house, and Henry Harrison, the young man who stabbed Amos Conrad last evening, is one of her star boarders. When the news of his quarrel and arrest was received at the Smith domicrie the estimable lady at once went into an attack of bysteries which anarmed her friends to no inconsiderable degree. Someone suggested that a dose of morphine was about the proper thing. A little bey was at once dispatched after a quantity of the drug. When he returned Mrs. Smith unhesitatingly swallowed all that he brought her. Later in the evening it became evident that the attack of hysterics was likely to be succeeded by something a great deal worse. A physician was immediately summoned and after a ong and hard fight the woman's life was

Amos Conrad's Condition.

Amos Conrad, the colored man stabbed in a quarrel with Henry Harrison, is still alive and likely to remain so for some time. His condition was somewhat better this morning in spite of the statement of the doctor that he had but one chance in a hundred in re-covering. He was removed to his home on North Seventeenth street this afternoon. where is being well taken care of. There are but few new developments in regard to the case today. It is learned that both men had been at a "party" during the afternoon at which beer was furnished in large quan-tities. During the afternoon Courad and another colored man indused in a free fight in which Courad got the worst of it. During the melee Harrison, who with the rest of the party was an interested spectator, shouted to Conrad's opponent, "Give him h-!" Conrad heard the remark and threatened at the time to get even with Harrison. Harrison left soon after and was found at the corner of Sixteenth and O streets by Conrad, who at once assaulted him. Harrison had a pocket kulfe in his hand at the time and when Conrad struck him he grappled and in the struggle used hi knife. He expresses no regret at Conrad's condition and insists that he stabbed to kill

VETERANS ARE INDIGNANT

They Are Not Much Pleased with "General" Stevenson.

HE WAS A KNIGHT OF THE GOLDEN CIRCLE

Lincoln is a Candidate for Encampment Honors, but the Indications Are That Indianapolis Will Be the Winner This Time.

WASHINGTON BUREAU OF THE BEE, WASHINGTON, D. C., Sept. 19.

If anything was needed to arouse the la dignation of the Grand Army of the Republie members now in Washington against the "military record" or "General" Adiai Stevenson, the democratic vice presidential candidate with Grover Cieveland, it was the publication of a dispatch today from Middletown, Conn. Middletown is a great center for the manufacture of firearms and was during the war. The dispatch says that it has been discovered that in 1862 the Savage Arms company of Mindletown shipped to the Knights of the Golden Circle at Columbus, O., 2,000 revolvers which were manufactured for the United States and thrown out by its agent as not being up to the required standard; that an examination of the records of the arms company discloses the fact that "General" Stevenson was one of those who stood responsible for the arms and was recognized as an agent for those to whom the revolvers were seat.

How the Veterans Feel. The publication of this statement created considerable talk in Grand Army of the Re-public circles and the democratic candidate for the vice-presidency has come in for a good share of political condemnation. His record during the war, the veterans say, must have been known to Grover Cleveland who hired a substitute and it has been said left him in to the poor house at the close of the rebellion to die a pauper. Consequently the head of the democratic ticket also goes down at the foot of the list in the estimation of soldiers.
The Middletown uispatch does not cointo substantial details by which "General Stevenson's name was connected with the shipment of arms, but it states that General Henry B. Carrington who was Governor Morton's right-hand man at Indianapolis dis-covered and confiscated the arms. It is believed here by Hoosier veterans that this was a part of the shipment of a ms made to In-diana for the Knights of the Goiden Circle. The publication has aroused indignation upon the part of the veterans toward both of the democratic candidates.

Will Go to Indianapolis. There is no doubt now that Indianapolis has captured the Grand Army of the Repub-lic encampment of next year. Chicago today

reiterated her statement made privately to the Indianapolis Commercial club some months ago, that she did not want the encampment and would favor Indianapolis. Lincoln has flung out her banner and is a candidate, but she is apparently but a pissive aspirant. It is conceded now by Nebrassans here, even by citizens of Lincoln, that Indianapolis will get the encampment, and by acciamation. Pennsylvania, which always acts a unit, today announced in favor of the Hoosier capital. New York, which also acts as a unit in matters of this character, says she believes Indianapolis should have it. These are the greatest cards, after Chicago, which Indianapolis could get. Ohio and Michigan are working for the Hoosier capital and are confident she will get the
