GRAND LODGE OF ODD FELLOWS MEETING

Three Scattish Rite Masons Were Elevated to the 33 2-Knights of Pythias Getting Into the Harness-Hairs From Lodge Goats.

Marathon lodge, No. 82, will give a stag social Monday evening, and the arrangements are completed for a jolly time. Cards will be prayed, some of the mombers will give musical selections, there will be punch o take the dust out of the throats of those present and later more solid refreshments This will be an open meeting and the mem-bers and their friends are urged to be present and help inaugurate the fall festive

The order of Pythian Sisters is having remarkable growth in lowa.

The following are some of the things to be remembered by sir knights:

1. That a full and punctual attendance of the members on each regular meeting adds much to the interest and prosperity of the

odge.
2. That a hasty increase of members does not always indicate a healthful growth.

3. That in the admission of new candidates who are worthy, the mere personal prejudices of a few should not frustrate the wil

of the many. 4. That those who can merge their private feelings in a desire for the general good are generally promoters of peace and true friends

5. That those brothers are apt to make the best officers who are influenced by an ambition to be useful, rather than a bankering for honors. 6. That no members should be appointed

on committees whose inexperience or unwillingness to serve renders them incompe attend to the business awaiting their action.
7. That the duties of committees are among the most important, and should b

performed in a manner at once prompt and occeptable to all concerned.

8. That we should not always wait for a formal application before assistance is ren-9. That every loage is more or less liable to

10. That the stability and usefulness of a lodge depend greatly upon the proper man-agement of its financial affairs.

11. That courtesy and kindness are due from one brother to another, whether within or without the walls of a iodge room. 12. That it is always safe, and very bene

ficial, for each member to be familiar with the lectures, lessons, etc., of the degrees he has taken. 13. That the essential perpetuity of the inter and conduct of its supporters.

14. That faithful adherence to the principles of our order will facilitate our admission into all other good societies, and en-hance our usefulness in all the relations of

15. That great care and discretion should be observed in the propor examination of all visitors. Superior has a candidate in the field for the position of grand chancellor for the jurisdiction of Nebraska, Sir Knight Wilastically by his fellow townsmen as one of

the most bushing, thorough and enterprising young business men in that section. Mars loage No. 130 held their regular meeting on the evening of the 21st at their hall, Thirtieth near Brown, with Vice Chancellor Woods in the chair. There was Chancellor Woods in the chair. There was a large number of members present and the utmost good fellowship prevailed. The Second rank was given to Page Ractiff in first class style, the rank team being fully prepared and in good working trim. The Third rank will be worsed next Wednesday wight in the Amelified day night in the Amplified. All brothers are cordially invited to attend On the evening of the 28th at Mars lodge ball, Thirtleth near Brown, the Oriental degree will be conferred on all who wish to take it. Any member of a secret society of any kind who is a full member in good standing can take this degree. Come one and all and take it prelate of Mars lodge has left the city for an indefinite period his chair was vacant, and election took pince in which Brother Henry Erk was elected pretate for the remainder of this term, and a more competent man could not fill the chair. Do not forget the Oriental

degree, and a pleasant entertainment after The founder of the Knights of Pythias we understand, lies in an unmarked grave. The order is trying to erect a 'Rathbone Home' to his memory. Thomas Wildey, the American father of Odd Fellowship, rests beneath a pile of marble in the cemetery at Baitimore, beneath the shimmering leaves of the aspen. Four hundred thousand brave men praise the memory of Rathbone and enjoy the craft he evolved. One cent from each member would place a stately pile at his grave, the absence of which is a di to every knight. Why is it not done?

Odd Fellow Links. The coming meeting of the grand lodge of Odd Fellows, which will be held in this city October 19-21, promises to be one of the most enthusiastic meetings ever held in the state. The order has had great increase during the past lodge year, averaging 100 a month, and the members of the grand lodge are going to come out and boom matters all along the line The grand lodge meeting will be preceded by the meeting of the grand encampment which will take place on the 18th. At the same time the grand lodge meets the Daughters of Rebekah will hold their annual meeting in Red Men's hall, in the Continental build-ing. While a separate organization from the Odd Fellows the Daughters owe

allegiance to the grand lodge and look to it for succor and assistance. While the program is not yet complete for the meeting of the grand lodge it is quite well known that the grand lodge of lowa, which meets in Council Bluffs at the same time the grand lodge of Nebraska meets in Omaha, will parade on Thursday with the grand lodge of this state, subordinate lodges from both states and Patriarchs Militant of western Iowa and Nebraska. It is thought that 2,000 mer will be in line and a great demonstration made possible. In the evening a banquet will be given at Washington hall for the vis

Pears Soap

To keep the skin clean is to wash the excretions from it off; the skin takes care of itself inside, if not blocked outside.

To wash it often and clean, without doing any sort of violence to it, requires a most gentle soap, a soap with no free alkali in it.

Pears' is supposed to be the only soap in the world that has no alkali in it.

All sorts of stores sell it, especially druggists; all sorts of people use it.

iting Odd Fellows, their wives and other female friends.

Four hundred members will be in attendance on the grand lodge in this city next

There are 200 subordinate lodges in the Mayor Weir of Lincoln will be the next grand master.

Woodmen of the World. Alpha camp No. 1 of this city gave a Social Thursday evening which was a distinguished success in every particular. Somehow or other these wood choppers are de-lightful people to meet, and sithough now and then they talk in strange phrase of the lorging camp they are thoroughly congenial and pleasant to know. The grand ball and social which inaugurated the fall series of entertainments of Aipha camp No. 1, Thursday evening, brought out quite 500 people and never did those same people have a better time. There was little formality and by the time the evening wore away everybody knew everybody else. Between dances there was music, a very pretty duet being given by Sovereign Lenhart and Miss Ina Kennedy, Prof. E. P. Roe gave a piano solo and Deputy Sovereign Consul W. W. Moseley delivered an address. Among other things, Deputy Moseley

said:
"Fraternal beneficiary associations paid to

the beneficiaries of deceased members during 1891 the sum of \$26,000,000. The general average being \$2,000, this means that 13,000 famil lies were furnished the necessities of life by the surviving members of the organization to which their natural protector had belonged.

The Woodmen of the World is one of the latest of these popular organizations.

Coming into the field twenty-five years later than some of these organizations and profiting by the experience of all of them, it would be surprising if they had not made some improvements. They have adopted the feature of grading according to ago. Their certificates are absolutely incontestable after one year and are free from all burdensome restrictions. The feature of placing a motument over the grave of every deceased member is entirely new and is practiced by no other fraternity. The hazardous occupations which of late years have been debarred by most life msurance companies and fraternal organiza-tions have never been accepted by the Woodmen of the World.

quarters west of the Mississippi. With its home office here in Omaha, working under a Nebraska state charter, under the supervision of our own state insurance departmen, it is eminently a home institution, and particularly worthy of the support of every citizen of Omaha. Alpha camp of this city was the first camp organized. In about eighteen months more than 200 camps, distributed over twenty-three different states, have been organized and a number of them are nearing the size of Alpha No. 1. However, we are awakening to the fact that in order to hold our place in the van we must materially increase our membership during the coming fall and we earnestly request every lady and gentleman present to use their influence to assist us in attaining this result. We ought to have at least 1,000 members in this, the oldest camp of the order, located as it is in the home city of the order, and we can easily reach that number if you will all go out and carry the gospel of the Woodmen of the World among your friends. Remember that if you influence a friend to join us you have conferred a favor upon him and

upon our camp."

Then there was more dancing and of course refreshments that were very de-

The Congregational-ist reports another clergyman who an-nounced a Sunday evening talk on the sub-ject, "Your Trolley's Off."
