

TOWER FOURTEEN FEET SHY

Sensational Charge Lodged Against the City Hall Contractor by the Mayor.

HIS HONOR AGAINST THE ARCHITECT

Feeling Game of Talk Which Condemns Lowry is Umpiring Before a Special Committee—Some Hot Words from Mr. Heindorf.

A special committee of the council, of which Mr. Lowry was the chairman, took up the investigation of the city hall elevator question yesterday.

Some weeks ago the mayor wrote a letter to the council calling attention to the fact that the architect had made many blunders in the plans for the construction of the city hall.

At the start it was conceded that the elevator did not come up to the contract requirements.

The mayor maintained that the architect was the party who was to blame, and that he had not exercised the proper supervision of the building.

Mr. Heindorf remarked that the mayor had been listening to outsiders and not coming to him with his complaints.
