

MADE A MILE IN 2:04 FLAT

Nancy Hanks Goes Just Three Seconds Below Her Mark.

SHE TRAVELED IT WITHOUT TROUBLE

Not a Hitch, Skip or Break in the Work of the Great Little Mare as She Chased Old Time Around the Track.

THURSDAY, Sept. 28.—Nothing that Nancy Hanks has done in the way of speed seems to us surprising, so when she placed the world's record at 2:04 this afternoon, the big crowd was quite prepared for the feat. The day was the warmest of the week and bright and clear and the track had received careful preparation last night for the queen's supreme effort.

It was nearly 5 o'clock when Bud Doble and the famous mare came out for the trial, and an assemblage of about 10,000 enthusiastic spectators greeted them with loud applause. After scoring with Nancy several times, Doble took her clear up round the turn to get under full headway. When starting Judge Frank Walker said "Go!" in response to a nod from Doble, she was trotting at a rate that carried her to the eighth in fifteen and one-half seconds. When the quarter was made in thirty-one seconds everybody with a watch felt that something wonderful was at hand. Up the back stretch there was no perceptible change, though the second quarter was slower, the half being made in 1:02 3/4. That was recorded on a circular track, but the sensation was to come.

Speed Almost Beyond Belief.

Along the straight to the third quarter the peevish mare came at a clip that made the earlier part of the mile seem slow, taking only twenty-nine and one-half seconds to cover the distance. Round the turn she came without a falter, moving like well regulated clockwork, with Doble helping her, and she came a length behind.

Starters Walker requested everybody to keep still until the mare finished, but he had scarcely finished speaking when her nose was even with the wire and the watches stopped at 2:04 flat, a figure once deemed utterly beyond the power of any horse that trotted or paced.

Every one knew that all records were swept away before President Hanks made the announcement, and as the crowd yelled itself hoarse scores of excited men rushed on to the track to congratulate the clever woman who had placed the queen of the turf on a still higher pedestal. Mr. James finally got a hearing and in a brief speech said:

"Mrs. Hanks called, Nancy Hanks and Bud Doble as well. The feat just accomplished is beyond what has ever before been done in harness. The kite track is not in it."

He concluded by announcing the time by quarters. When he ended by stating the official time as 2:04, there were loud cries for Doble, who stood in the center of the track. The clever Chicago driver bowed his acknowledgment, but declined to say anything further.

Nancy Hanks trotted her third quarter at a 1:58 clip, this marvelous flight enabling her to make the half in 1:30 3/4. The mare now moved as fast when she finished as she started and could probably have increased the rate a little to the first half.

Axe-ill Laid Out Again.

Scarcely was this sensation over when George Starr, president of the Standard track, sent Monbars to beat his record of 2:15 1/2, made at Columbus last Saturday. The colt was in great form and lowered the record for 3-year-old stallions, previously held by Axe-ill, trotting the mile in 2:11 1/2. His fractional time was 33 1/2, 1:07 1/2, 2:05 1/2, and that in 1:57 1/2 seconds. This was scarcely noticed, however, for the greater event had preceded it. Summary:

2:20 race, purse \$1,000. Diego won. Chester Allen second, Blandicho third. No time given.

3:00 class, purse \$1,000. Wheatland Onward won. Max second, Ambrosial third. Best time: 2:17 1/2.

3:00 class, purse \$1,000. Cheyenne won. Allie second, Jack Shepherd third. Time: 2:14 1/2.

2:15, 2:14, 2:15.

CINCINNATI, Sept. 28.—Fair weather, a fast track, with uneventful racing, were the features today. Summaries:

BRAZIL'S PROPOSED EMPEROR

Dom Pedro's Grandson May Secure the Position.

South American Republicans Continue to Be Alarmed Over the Cholera Situation—One Instance in Which the United States Figured.

VALPARAISO, Chile (Via Galveston, Tex.), Sept. 28.—Brazil—Special to THE BEE.—Letters received here from Rio Grande do Sul, Brazil, say that a strong party has formed in that state for the purpose of proclaiming Dom Pedro's grandson emperor. Governor Martins is said to be more or less favorable to the project and papers have been started to advocate it.

The council of state has approved the Beacour-Erasmus protocol and the matter was considered at a secret session of the Chamber of Deputies, Minister Erasmus making a lengthy explanation of the document and there is little doubt but that it will pass both houses.

Senator Abrecht, director of the observatory, has told of his observation of the planet Mars since July 29. He fully confirms Prof. Pickering's observations, which show an increase in the dark area of the planet, the amount which indicates, he says, either a rapid melting of the snow or violent volcanic action. Senator Abrecht thinks the dark spots consist of water. He has seen no signs of Schiaparelli canals.

The Herald correspondent at Buenos Ayres says there have been no new facts developed by the investigation into the recent revolt. Generals Mier and Rooc and President Pona met recently at a reception and discussed the political situation. It is reported that changes in Pona's ministry will result from the meeting.

Cholera has developed among the people quarantined at the Martin Garcia island.

The judge of crimes at Santiago is investigating the proposed extradition of the Mont. It is thought they were instigated by Balmeada's ex-officials. The British charge d'affaires is in a critical condition from typhoid fever.

The authorities both here and at Santiago are taking active precautions against the introduction of cholera into the country. Freeman Bottale, who gave evidence of great carelessness and brutality in regard to the loss of the torpedo boat Rosales, has disappeared.

The Argentine estimates for 1903 have been very largely reduced. The Herald correspondent at Montevideo says that the Uruguayan Senate has declared against silver coinage.

The political situation is tranquil.

PANAMA (Via Galveston, Tex.), Sept. 28.—[By Mexican Cable to the New York Herald—Special to THE BEE.]—The Pacific Mail steamer arrived at Colon early this morning. The commandant of police boarded her and warned Captain Sheakford not to enter the port as it was closed against vessels from the United States. The steamer is lying off the port still. The feeling is bitter against the Pacific Mail company for dispatching the steamer in the face of the decree closing the port. Owing to the late favorable news as to the cholera in New York, a decree had been prepared for publication today opening the port to the United States, but it has not reached the city and the Colombia will only be admitted through a display of force. If such action is taken the government will protest and appeal to other nations for help. It is thought the Colombian consul at New York will lose his position for giving the Colombia a clean bill of health.

INVESTIGATING IN EARNEST

Mr. Lowry's Committee Buckles Down to Night Work in Good Shape.

WHAT HAS BEEN LEARNED THUS FAR

Several Witnesses Tell Very Different Stories While on the Stand—What the Committee Hopes to Establish Today.

The first evening session of the council in investigating committee was held last night and it drew like a magnet. It drew the members of the committee, the mayor, most of the officials, half a score of lawyers and a fair sized lobby. And what was more, it held everybody until after midnight.

The mayor sprung something of a sensation by stating that yesterday afternoon he was informed that the investigation would result in a whitewash and that the committee would take snap judgment on him if a watch was not kept on the movements of the members.

The first witness to testify was Dr. S. D. Mercer. He was questioned in order to run down the statement that Dr. Fowler & Beindorff's first estimate had been divided between Councilman Chaffee and other councilmen whose names had never been mentioned. The doctor stated that he had called on the mayor and found him before the investigating committee; called him out to talk about some private business and incidentally mentioned that Councilman Chaffee was in the room, good as if he had to be divided between Councilman Chaffee and others, and that he had not seen the mayor since that time.

The mayor was called to the stand and asked the names of the parties who had told him that the committee would whitewash the investigation and try to take snap judgment. The mayor stated that he did not believe that the committee would do anything of the kind, but he refused to name his informant.

Failed to Get the Name.

Chairman Lowry said that if the mayor would name the parties who had said that the committee would whitewash the investigation and try to take snap judgment, the committee would do anything of the kind, but he refused to name his informant.

HAMBURG Enforcing Cleanliness.

HAMBURG, Sept. 28.—The Hamburg senate, with the view of preventing the introduction of cholera into African territory, has ordered that all vessels bound to Africa from Hamburg be kept for medical supervision at Cuxhaven for five days.

The various sanitary committees are endeavoring to enforce measures to stamp out cholera. Hamburg is no exception and has been made compulsory. The police have removed 150 persons from a crowded tenement house in Hamburg, where a case of cholera and other diseases had been reported since the breaking out of the epidemic. The evicted people have been taken to healthy lodgings, while their homes and clothes have been put in sheds, pending disinfection.

Notes of the Plague.

HAMBURG, Sept. 28.—The official figures give for Hamburg, up to the 28th inst., 15 cases of cholera yesterday, a decrease of fifteen cases and an increase of seven deaths. Private reports, however, make the number of cases 16 and the deaths 11.

S. FERRISS, Sept. 28.—The cholera is decreasing in Hamburg. The city health officer reports that the number of cases is decreasing. The number of deaths is 11.

CHICAGO, Sept. 28.—Three or four cases of cholera have been reported here in the last few days. The number of cases is decreasing. The number of deaths is 11.

BUTTS, Sept. 28.—The medical authorities declare that the danger of cholera is decreasing. The number of cases is decreasing. The number of deaths is 11.

BUDA PEST, Sept. 28.—Two persons suffering from cholera were removed to a hospital in this city today.

WOMAN BOUND OVER

David City's Lucretia Borgia Held to Await Trial in District Court.

SHORT SKETCH OF HER MANY CRIMES

Accused of Poisoning Her First Husband, Her Mother-in-Law and Her Step-Daughter—Much Excitement Among the Friends of the Dead Man.

DAVID CITY, Neb., Sept. 28.—[Special Telegram to THE BEE.]—The preliminary examination of Anna Armagost for poisoning Andrew J. Roberts was concluded today. She was held to the district court.

No case in Butler county has attracted the attention for some time as has the charge against Mrs. Armagost. Andrew Roberts, first husband, died on the 19th day of February, 1887. Circumstances at the time were not especially suspicious. On the 3rd day of February, 1890, died Mary N. Armagost, her mother-in-law. Nearly one year ago suspicion was so strong against Mrs. Armagost that complaints came from suspicious neighbors.

Early the present season an investigation began to be made. About the middle of July Coroner Keys went to Omaha to secure the services of an expert chemist. The bodies were taken up and the work of investigating the contents of the stomachs was completed. It was found that the stomachs of Mrs. Armagost and A. J. Roberts came to their deaths probably by poison administered by the person under suspicion. Accordingly a complaint was entered and Sheriff Armagost was given the painful duty of arresting the wife of a cousin and of the same name. As the jail was unfit for use the prisoner was left under the personal supervision of the sheriff.

DIED ON THE STREET

J. R. King of Blue Springs Falls Dead at 87.

AN old man, probably 80 years of age, dropped dead at the corner of T and H streets yesterday afternoon, about 7:30 o'clock last night. A telephone message to the jail brought the patrol wagon and the coroner, and the body was at once removed to the morgue.

The dead man was of medium height, with grays hair and sooty white whiskers. A search of his pockets disclosed a purse containing \$1.00, a watch, a pocket watch, and a key. The man's name was given as J. R. King of Blue Springs, Neb. The deceased came up from Lincoln on the evening train and was carrying a large trunk. He was traveling alone. Several passengers who got off the car at the same time as the old man fall, and their names were taken down by the police. Coronator Maul telegraphed to the nearest agents at Blue Springs and Woodbine, asking them to notify friends. An inquest will be held this afternoon.
