

DUN'S REVIEW OF THE WEEK

Cheering Reports Come from Every Trade Center in the Country.

NEVER WAS PROSPERITY SO UNIVERSAL

Not a Cloud Obscures the Financial Sky—Collections Good and Money Abundant—On Wall Street—The Clearing House Statements.

NEW YORK, Sept. 30.—R. G. Dun & Co say in their weekly review of trade: Business continues larger than ever at this time of the year and the commercial sky is without a cloud.

Money is in very ample supply and collections have rarely been more generally satisfactory. The outgo of money from western centers for purchases in the country is larger than usual and yet there is no embarrassment. Crop reports are uniformly favorable and the promise is distinctly better than it was a few weeks ago. General business is not only large and healthy, but the outlook for the coming months is everywhere regarded with the utmost confidence.

Reports from Business Centers.

At Boston dry goods are active and the mills very busy, with the demand such in some lines that they cannot produce goods fast enough. The hat and shoe trade is very satisfactory, groceries and furniture are active and sales of wool much larger than last year.

At Philadelphia iron improves with large sales. Trade in glassware is very busy. Iron is in better demand at Pittsburg, and the glass business good.

At Cleveland trade is improving and larger than last year. At Cincinnati the clothing trade is better than previous years, though a slight decline is seen at the south and western trade largely exceeds previous reports.

At Indianapolis the general trade is fair. At Detroit trade increases over the last year in some lines.

Business is fair at Milwaukee and crops are in good shape. Chicago reports merchandise sales greater than last year. Receipts for wheat show an increase in everything except rice.

At St. Louis trade is distinctly better and collections prompt. At St. Paul business is larger than a year ago.

At Omaha trade is very active. At Kansas City business is good, with heavy receipts of cattle and grain and elevators about full.

Business at Denver is moderate. At the south trade generally improved though caution prevails at Memphis. Better prices for cotton bring larger trade at Montgomery, and though business is only fair at New Orleans, sugar is strong and active and money in good demand.

Speculation in breadstuffs is lower, with small transactions. Wheat and oats are nearly 1 cent and 1/2 cent lower. Receipts of wheat at western points have been 6,363,335 in four days, against exports of only 659,116 bushels.

Speculation in cotton has been enormous, sales reaching 3,200,000 bales, with an advance of a quarter during the week, in spite of better receipts and more favorable crop reports.

Hog products are higher, pork 75 cents per barrel, lard 95 cents and ribs 25 cents per 100 pounds. Coffee is one-eighth of a cent stronger, but oil is about 2 cents lower. Western receipts of cattle are 10,000 head, against 145,000 the same week last year.

The Hebrew holidays cause the usual decrease in the sales of textile goods, the chitona trade has diverted many buyers from New York and it is between seasons for woollens, but dealings are still large. The outlook in woollens is excellent and sales of wool improve here and at Philadelphia, where the consumption is greater than in any other year, though some concessions in territories and Ohio have been made in Boston.

At the three markets 23,000,000 pounds have been sold last year, against 18,000,000 pounds last year to date. Trade in knit goods is rising slightly and shoe orders are pressed to meet their orders; large sales of pig iron reported and especially at Cincinnati. All works making structural iron are busy, though bar iron is still weak and rails inactive. Copper is unchanged at 113 1/2, tin fluctuating at \$20.95 and lead down to \$6.07 1/2. Foreign exchange has risen slightly and money has advanced to 5 per cent, but no anxiety is felt, and stocks are a shade stronger than at Detroit.

At St. Louis and the west and south continues smaller than usual. The business failures occurring throughout the country during the last week, number 208 as compared with totals of 211 last week. For the corresponding week last year the figures were 233.

CLEARING HOUSE STATEMENTS. Omaha Again Shows the Largest Percentage of Increase of Any City Reporting.

NEW YORK, Sept. 30.—The following table compiled by Bradstreet's gives the clearing house returns for the week ending September 29, 1892, and the percentage of increase or decrease as compared with the corresponding week of 1891:

MORE CARS OR TRAOBLE. West Leavenworth Street Property Owners. After better street car facilities.

To add to the trouble that is expected to occur next Tuesday's council meeting, a lot of impatient West Leavenworth citizens will be on hand to demand redress for grievances suffered at the hands of the Omaha Street Railway company.

For more than two years that section of the city west of Park avenue, between Farnam and Pacific streets, has been served by a stubble running west from Park avenue on Leavenworth. Only one car has been kept on the line, which has made the trip but once every fifteen minutes.

Accordingly last July a resolution was presented to the city fathers reading the facts of the miserable and ineffective service and praying that the railway company be forced to grant some relief. This resolution was referred to the committee on viaducts and railroads and it has been resting there ever nearly three months.

Something will have to drop on Tuesday night.

A Friend

Wishes to speak through the Register of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so nicely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills.—Boothby (Me.), Register. "Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the face, and especially to the bend of the knees above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va. "I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
