SNAPPER GARRISON'S GREAT WORK

His Superior Riding Lands the Rich Matron Stakes for Brewer Enret's Sir Francis-Four Horses Head Apart at

the Finish.

MORRIS PARK RACE TRACK, N. Y., Oct. 1 .-This was a great day for Jookey Snapper Garrison and Brewer Enret, the former being the winning jockey, the latter owning the winning horse of the rich Matron stake, which was decided here this afternoon be fore 15,000 men and women lovers of the race horse.

The weather was simply perfection. A strong wind was blowing down the straightaway and made the lightning fast track a record breaking one.

It was expected that the Matron stakes would be the feature of the program, but much of its importance was lost sight of when Dr. Hasbrouck, with 122 pounds and 1 to 2 in the betting, chopped two full seconds off the five furlong record. No one thought the son of Sir Modred and Sweet Briar was fast enough to lower the 59 seconds originally made by Fides over the same track and auplicated by himself and several others afterwards, and when 57 seconds was hung out by the official timers after he had galloned in ahean of his opponents, the spectators were amazed. It is seldom that two seconds are clipped off a record and the spectators were inclined to be skeptical. The time was absolutely cor-

A strong wind blew down the track, which was never in better condition for the making of fast time and when Yemen (6 to 5) beat off his opponents in the second race of six furlongs and lowered the record for that dissance from 1:101/4 to 1:005/4, half a second, the doubting Thomases were convinced that it was really a record breaking track.

Races the Snapper Rode. Then came the Fordnam handicap and a

plunge on Montana, this year's Suburban winner, who had Garrison in the saddle, Equity was next in favor, with Sleipner (4 to 1), Reckon (7 to 1) and others at still longer odds. Reckon jumped from fifth place into the lead at flagfall and never gave her backers an instant's uneasiness. She led by from three to five lengths from start to finish, winning in a big gallop, while whips were flying in the air behind her.

Speculation on the seventeen starters in the Matron stakes was spirited but rather one-sided, Miss Maud and Sir Francis being respective first and second choices at 2 and 234 to 1. The others were asked to be backed at from 8 to 1 to 100 to 1. The Rebecca Rowett colt headed the bunch balf way down the hill and looked to be a sure winner a six-teenth from the fluish. Suddenly the only Garrison came out of the bunch with a only Garrison came out of the bunch with a rush, followed closely by Littlefield on Miss Maude. Jockey Billy Donohue, who owns, trains and rides the Rebecca Rowett colt, made a final effort for the \$42,000 Matron. His colt, however, was doomed to defeat. Donohue, because of his lack of riding ability, was no match for either Garrison or Littlefield, the Snapper driving Sir Francis in a winner by a head from Miss Maude who the Snapper driving Sir Francis in a winner by a head from Miss Maude, who was a head in front of the unnamed colt, Eagle Bird being at the latter's shoulder. The stake was worth \$42,000, of which \$2,500 gues to the second horse and \$1,500 to the third. The race was a scorcher from the start, the 2-year-old running it in 1:10, which is only a quarter of a second behind the record made by Yemen. Garrison was greeted with salvos of applause. He could have won with either Miss Maude or the Rebecca Rowett colt. It was a case of a clover tockey against less commetent riders His fee for winning with Sir Francis is said to be \$5,000.

Other Events of the Day. Adelbert (7 to 10) won the fifth race after hard tussel with Stalactite. Owner, trainer and jockey McCafferty brought a memorable day's racing to a close by backing Hugh Penny from 10 to 1 to 3 to 1 and giving the bookmakers a bad scorching when the colt won in a gallop. Hugh Penny was bid up \$1,000 over his selling price and bought in by McCafferty. Summaries;

Pirrishuno, Pa., Oct. 1 .- Corbett, the champlon pugilist, gave a sparring exhibition last night. In regard to McCaffrey's challenge, the champion said:

"On, I don't know anything about Mc Caffrey, There are only two men in the world was have any claim to fight me and they are Charlie Mitchell and Peter Jackson. Mitchell has done nothing but blow for the last five years, and I don't intend to pay any attention to him while he is not in the country. I will fight him nowhere outside of America. I once fought Jackson and did not whip him, therefore he has a right to try conclusions with me again."

OMAHA TURNVEREIN.

Its Members Open the Season by a Most En Joyable Entertainment. Last night the Omaha Turnverein opened its season of musical and theatrical entertainments with a most enjoyable musical

program, followed by a ball, for which Phiele's orchestra furnished the music. After the overture, "Alpine Blossoms," by the orchestra Mr. Otto Beindorff who has ust finished a course at the musical conservatory in Leipzig was introduced and de inghted the audience with a charming selecpersistently encored that the talented young

performer was compelled to respond.

Then the Swedish singing society "Norden" sang 'Har oss Soca," and in respons to an encore "Lilia Stina," with Ernest Nor-dine as director. Mr. Henry Lotz, the cornetist, gave the

Cavatine by Hasselmann, and was heartily applauded Turner H. Eck gave an unique and inter sting exhibition of club swinging, timed by the music of the orchestra, after which the hall was cleared and the dancers danced the

Daring and A'most Successful Attempt a Escape of a County Prisoner. Granville Wade, colored was bound over in police court yesterday in the sum of \$1,200 for attempting to shoot George Wallington on the island several days ago. The prisoner requested permission to seek bondsmen and Daputy Jailor Ernest accompanied him to Twenty-third and Farnam streets, where he asserted his employer resided.

When the door was opened in response to the officer's knock the prisoner sprang through the ball, shut the rear door and was off like a flash through back yards and over fences. He was located by his former guard among the high weeds in the rear of the power house, a block from the county jail. He surrendered a big revolver was shoved in his Wade explained that he had sought a hiding place near the jail, thicking that the officers would not be expecting such a move. As a punishment the prisoner was fastened up by the wrists so that he could not lis down during the night. He kept the neigh-borhood awake for several hours by his

DISAPPOINTED THE LOBBY

City Hall Investigators Did Not Make Their Report to the Council Last Night.

MAYOR BEMIS MAKES MANY VETOES

Sidewalk Resolutions Knocked Gallywest and a Ketcham Furniture Contract Receives a Body Blow-It Was an Interesting Meeting, However,

The attendance at the meeting of the city council held last night was unusually large, most of the spectators expecting that a report, or at least a partial report, of the city hall investigating committee would be one of the features. But in this Chairman Lowry fcoled the lopby. Not a word did he say until the hour of adjournment rolled around, when he announced that on Tuesday night a report would be presented. Then everybody breathed easier and the members of the lobby wished that they had not held down their seats until the nour of midnight.

The mayor was on hand with a number of vetoes, and, as a rule, the council was with

On the Wakefield Contract. Upon the subject of the John A. Wake-

Upon the subject of the John A. Wakefield lumber bill, he sent this message:

I have the honor to report that I have not approved of an item in the general approprition ordinance in favor of J. A. Wakeheld for 14,000 feet of sidewalk lumber at \$16 per thousand, amounting to \$170. for the reason that 11,000 feet of sidewalk lumber at \$16 per thousand, amounting to \$170. for the reason that 11,000 feet of sidewalk lumber at the contract price of \$16 per thousand was not furnished to the city by Mr. Wakeheld as represented in the bills furnished to the city. As a matter of fact, what purports to be \$11.00 feet of lumber, being in two items, one of 5,000 feet at \$16 a thousand, and one of 6,000 feet at \$16 a thousand, and one of 6,000 feet at \$16 a thousand, and one of 6,000 feet at \$16 a thousand, and one of 6,000 feet at \$16 a thousand, are costing, according to contract price, from \$14 to \$17 per thousand, and also including an item of lumber of various lengths, costing, according to contract price, from \$14 to \$17 per thousand, and also including an item of lumber in preparing a portion of said lumber. It may be, as stated in a report of the committee on sidewalks and bridges, that the total amount due Mr. Wakefield from the city for lumber, material and labor so furnished would aggregate \$70 or a little more. This however, is not the point at issue. What I contend is that a correct bill, showing the true nature of the Items and the amount thereof should be furnished to the city. Mhat I contend for is a matter of principle, that correct bills should be andited by the comptroller in the proper manner before they are paid. There is no more reason why the city should pay out \$170 cn two items of lumber amounting to 11,000 feet at \$16 per thousand to cover items of lumber at \$14, \$10 and \$17 a thousand, and for labor, than for a merchant to pay a bill for ten kegs of nalls, when as a matter of fact the correct lems should be three burrels of flour. To pay Mr. Wakefield's bill as presented by him and as audited field lumber bill, he sent this message: It should show it according to correct business principles. With regard to this no business man would take Issue. The veto was sustained by a unanimous

Vetoed an Even Dozen.

There were vetoes on an even dozen sidewalk resolutions. The points on which the votoes were based were all of a similar nature, and the facts stated in this one show what the mayor found in each of the reso-

ferred to.

It seems very strange that the members of the council should accept the off-hand opinions of members and others as against the statements made in a veto message, which are ivariably based on a full and careful investigation. Such action only results in burdening the official records of the city with liberal resolutions and can never result in securing the walks intended to be ordered by the resolution. If the members or others who prepare these resolutions would exercise even the city result in the preparation of these prepare these resolutions would exercise the slightest care in the preparation of these resolutions all delay and illegal action might be avoided.

be avoided.

Scarcely a week passes without several sidewalk resolutions being passed by the council which give evidence on their face of grossest carclessness, and the fact that these same resolutions are reported back to the council by a committee, with the strement that "they have carefully examined the same and recommend that the same do pass." Is indeed a poor commentary on the manner in which committee work is done.

Last week was no exception to the rule, and which committee work is done.

Last week was no exception to the rule, and five such resolutions are returned because of wrong descriptions or other blunders for

which there can be no reasonable excuse Ali of these vetoes were sustained by unanimous vote.

Hit the Ketcham Furniture Company. Right here the Ketcham Furniture com-

pany got a blow below the belt. Some days or about September 20, a resolution was dopted ordering another lot of furniture. Last night the mayor handed the resolution o the council, and with it he sent this vetmessage: GENTLEMEN: I herewith return without my

GENTLEMEN: I herewith return without my approval a resolution instructing the committee on public property and buildings to have placed in the Board of Health rooms and the rooms of the fire and police commissioners certain furniture, according to the plans attached to such resolution as per terms and conditions of original contract, for the reason that as I am advised by the city attorney, the city is not obliged, under the original contract, to purchase from the Ketcham Furniture company any furniture hereafter required and not covered by the amount to be paid, as specified by said contract. I also yet the same for the reason that, in my opinon, no order should be given for any considveto the same for the reason that, in my opinion, no order should be given for any considerable amount of furniture, as is proposed by

is proposed under this resolution.

Mr. Tuttle said that the furniture was not ordered at the request of the company, but at the suggestion of the mayor and the offi-

Mr. Edwards, of the committee on public property and buildings, remarked that as chairman of that committee he had never seen the resolution. An examination showed that Mr. Tutue was the only member of the committee who had signed the report. The veto was sustained.

Mr. Elsasser's Horse.

The mayor veloed the Item in the appro priation sheet ordering the payment of \$100 to Chris Eisasser for a horse that was inupon a defective pavement. The mayor neld that there was no liability on the part of the city.

Mr. Jacobson said that the claim had been before his committee twice and that it been ascertained that the claimant had a good cause of action against the city. The veto was rejected. The Board of Public Works was instructed

to at once take steps to level down the dangerous sidewalk in front of the Patterson plock at the corner of Seventeenth and Farnam streets. The sum of \$324.84 was deducted from the

August bill of the Metropolitan Street Lighting company. The original bill was for \$1,350.84 and the deduction was to cover lamps which were not lighted during the The chairman of the Board of Public Works asked for an additional clerk. The re-

quest was referred, Health Commissioner Somers called attention to the city dumps, stating that they were detrimental to the health of the city. He suggested that some plan be devised by which the garbage could be transported to the channel of the river. The matter was handed over to City En-

gineer Rosewater. Board of Education declared itself, and in a carefully penned letter, which was signed by the president and the secretary, declared that it could and would not use the rooms assigned on the fifth floor of the city hall. In a postsoript, which was attached to the letter, the board demanded the return of the sum of \$20,495, which, it claimed, that it had contributed toward the erection of the oity ball.

A committee will look into this and report at some subsequent meeting.
Property owners protested against the laying of the sewer on Ninta street, be-tween Dorcas and Hickory.

August Schroeder and others asked for

the appointment of new appraisers to assess damages arising from the proposed reconstruction of 500 Sixteenth street viaduct. There werdenders for the tract of ground, a pofficial of Twenty-ninth street, between Half Alloward and Farnam street, E. L. Bierbower bffered \$9,101.25, and S. K. Darling \$5,000,00 The ground equals two lots.

Rossfed to a Turn.

Mr. Bruner, chairman of the committee on gas and electrical lights, was put upon the spit, where he was roasted to a turn. Mr. Bruner had had the eletrician ordinance in his possession and had refused to allow the other members of the committee, Messrs Prince and Mologie, to see the document. The upshot of the whole matter was that the sergeant-at-arms was instructed to call on Mr. Bruner tomorrow morning and take the ordinance away from him. As Mr. Bruner was absent from last night's meeting he knew nothing of this action.

By resolution the mayor was authorized to

name an inspector on permanent sidewalks at a salary of \$75 per month, Some weeks ago the council asked for bids for furnishing cement for city use. Last Tuesday night the bids were opened and referred to the comptroller. Last night Mr. Olsen returned the bids with these papers. With the documents he returned this explanatory letter:

Mr. Olsen's Letter.

Mr. Olsen's Letter.

Bids for cement of the Omaha Coal, Coke and Lime company and Frederick Glears have been referred to me and I would respectfully report that I have carefully tabulated and compared prices as per schedule and find that the bid of the Omaha Coal, Coke and Lime company's bid is the lowest.

As will be seen from the schedule the lowest price of the best Portland cement, delivered, for one-barrel jots is \$1.37; two-barrel lots \$1.34 per barrel, and larger lots \$1.20 per barrel, which will be considerable more all around than we have been paying heretolivered, for one-barrel lots is \$1.51; two-barrel lots \$1.29 per barrel, and larger lots \$1.20 per barrel, which will be considerable more all around than we have been paying heretofore on comptroller's private contract; being lower as follows: On on-barrel lots, is cents per barrel; on two-barrel lots, 5½ cents per barrel, and in larger lots, 1 cent more per barrel. On Milwaukee cement you will indice, we will also pay more as follows: Single barrel, 18 cents; two barrel lots, 5½ cents per barrel. Thus it will be seen that in every instance we will be paying considerably more than we now pay if we enter into a new contract, especially as we are mostly buying a few barrels at a time. All bills in my office will verify my statement, except a few barrels of Portland cement bought at special request of the street commissioner at another place.

Louisville cements would be a little cheaper according to this bid, but we use so very little of this kind.

According to my above statement it will be seen that allough we have adventised line.

According to my above statement it will be according to my above statement it will be seen that, although we have advertised time and again for bids for the various materials, the outcome has been to prove that the offi-cers of this city have been vigilant in guard-ing the city's interest in buying at the lowest flagures.

I would recommend that your honorable body refer these bids and report to some committee to verify my report. The papers were referred to the committee

on public property and buildings.
By resolution the council decided to offer a \$5 reward for the arrest and conviction of any person defacing or injuring any election booth, lamp, sign or signpost belonging to

the city.

The fire and police commission was authorized to purchase six horses for use in the fire department.

The amendments to the rules of the Board

of Health were adopted and referred to the city attorney to draft the necessary ordinance by which the city can cut the weeds upon vacant lots and charge the expenses up to property as a special tax. City Pest House.

The committee on public property and buildings reported in favor of the president appointing a committee to confer with the county commissioners relative to the construction of a pest house, to be paid for and used jointly by the city and county. Acting President Chaffee named Messrs. Bechel, Jacobson and Howell as the members of the council committee. The members of the present city council

will never have their names inscribed on me-morial tablets in the city hall. Two weeks ago a resolution looking towards something of this kind was introduced and referred back. Last night the resolution went glinmering and was consigned to the files in the

mering and was consigned to the nies in the city clerk's vault.

An ordinance looking to the construction of a viaduct along Twenty-fourth street, from Hickory street to a point 100 feet south of the railroad right-of-way and over the tracks of the Union Pacific and the B. & M. railway tracks, was introduced and referred. The ordinance declaring the necessity of appropriating property for the purpose of ming South Sixteenth street from Vintor to the south city limits was passed.

HEROIC SAILORS OF THE PHILADELPHIA

Prompt Action by a Lieutenant and Two Seamen Save the Vessel from Destruction-Killed Before Thousands-Events Out of the Ordinary.

Sr. Paul, Minn., Oct. 1 .- At half past 2 o'clock this afternoon a terrible hallstorm visited this city, doing much damage to vegetation and buildings. The hallstones were fully one incu in diameter and a great many pedestrians were injured before they found shelter. For half an hour business was suspended all over the city, travel on the streets being perilous and almost impossible, while the noise of the peiting hail prevented indoor labor. There was a general stampede throughout the city, and for a time it seemed as though terrible ruin would result. The rain fell in torrents, the streets were flooded and the ground was soon white with the heavy nuggets of frozen water. Several heavy reports of thunder added alarm to the situation, but at 3 o'clock the storm

had passed away. Trees were almost denuded of leaves and great numbers of window lights were broken. Telephone wires were badly damaged by being broken down, and much loss results herefrom. Numerous runaways have been reported, the horses becoming frightened at the halistones. One driver was seriously injured by a fall. The lightning struck in several parts of the city during the hall storm, fortunately doing but little damage. A borse was killed by lightning on Fairfield

Business of the Order Turned Over to an

Assignee for the Benefit of Creditors. PHILADELPHIA, Pa., Oct. 1.—The troubles which have been hanging over the Fraternal Guardians for some time past culminated today in the order making an assignment to Joseph L. Tuli for the benefit of creditors. The assignment, it is said, is, indirectly due to the attacks commenced against the order by dissatisfied members. Assignee Tull is preparing a statement of the reasons for the assignment and the condition of the order. The Dauphia county court having decided that the suit must be heard before a jury, the executive committee of the order decided, as it would be more equitable to all certifi cate bolders, to make an assigntment. The total amount of certificates held by the men bers of the order, had they matured, would be about \$4,000,000. The certificates will not be paid, but each member of the order will receive the amount that be or she has paid in.

To the students of Brownell hall Mr. Locke Richardson, the reader, last evening gave a flavor of his quality, and they appre ciated the privilege. His selections displayed the infinite variety of his powers. Few men, indeed, can afford to put themselves in judg ment on their interpretation of such various work as the scene between David and Go-liath, as recorded in the King James bible, the courtship scene in the fifth act of "Henry Longfellow's "King Robert of and the Dora chapters of "David Copper Yet this is what Ar. Richardson die and did admirably. A number of the students' friends made up a select audience o mentally sympathetic personalities, so that author, reader and auditor were at all points en rapport, and the result was one of the

most charming evenings imaginable, Organizing the Young Men's Congress. The Young men's congress, which was organized a week ago, met at the Young Men's Christian association rooms last even ing. The evening was devoted to perfecting the organization and its methods. A Chinese exclusion bill was introduced and referred to the committee on legislation. IN A STATE OF EXCITEMENT

Those Homestead Arrests Take the People of That Place by Surprise.

DEFENDANTS ARE HELD IN HEAVY BAIL

Charges Made After Long Deliberation -The Chief Justice Will Deliver a Special Charge to the Grand Jury-Other Cases.

Perrsnung, Pa., Oct. L.-The issuance of warrants against the Homestead strike leaders on a charge of treason at the instance of Uniel Justice Paxton yesterday caused a decided sensation, not only among the strikers, but also among the sympathizers here and at Homestead. This is the first time the charge of treason has been brought in any state for acts arising from strikes or labor troubles, The strikers were ready to laugh at any charge of riot or murder brought against them by the Carnegie company, but when the great state of Pennsylvania takes the matter up it is an entirely different thing.

The informations were lodged after long consultation between all the members of the supreme court and the district attorney, A novel point in the case is that the chief Justice will near applications for bail before the cases go to the grand jury and will call that body before him and deliver a special charge on treason. Should true bills be found an unprecedented thing will peeur: Chief Justice Paxson, as ex-officio judge of the court of over and terminer, will sit and try the cases. The attorneys for the strikers declare the proceedings a persecution of the defendants, and assert that the charge of treason cannot be made to hold. They hint that the long contemplated suits for treason against the Carnegies will now be pushed.

Nine Under Arrest.

O'Donnell, Critchlow and Clifford are now in jail, making nine under arrest. It is expected that more arrests will be made today. Homestead is quivering with excitement. There is some talk of taking a band and flag and marching to Pittsburg in a body and applying for admission to the jails. Under all is a deep seated auger, which is liable to take a most unexpected

This afternoon an informal discussion was

held by Justice Paxson and the attorneys for both sides on the charges of high treason

against the Homestead advisory board. Jus-

tice Paxson decided that the accused should give ball in the sum of \$10,000 each, but up to a late hour nove of the defendants now in iail had secured the necessary bond. "The prosecutions were not sprang suddouly," said Attorney Kaix today. "It was no thunderclap from a clear sky, except to those not posted. We have been preparing the cases for months, securing evidence and

consulting on the matter." W. J. Brennau, Esq., attorney for the Amalgamated association, was in anything but a pleasant frame of mind when seen today. He characterized the arrest of the Homesteaders as the crowding outrage in the great melodrama of the Homestead strike and said that Justice Paxson had evidently reversed matters and caused the arrest of

the wrong people. Stole a March on Them.

"Why," said Mr. Brennan, "we were just taiking about bringing suit against the Carnegie people for treason for bringing an armed force into the community and attempting to usurp the power of the government, of the municipality and the state, We have received letters from emment lawyers all over the country urging such a step, and we have been so advised by the best lawyers of our own bar. It seems to me that Judge Paxso should have issued warrants for the other
