W. I. Thomas died yesterday forencon under strange circumstances. He had been ailing somewhat for about a week, but was not thought to be seriously iii. He was working about his place, near the corner of Seventh street and Twenty-sixth avenue, yesterday morning and went into the house and lay down upon the sofa to rest. A few minutes later his wife entered the room and at once noticing the pallor of his face, made a remark about it. Before she could reach his side his head dropped and he was dead. A physician pronounced his death the result of heart failure. The deceased was 50 years of age and a member of the Masonic order and the Presbyterian church. Charges Made Against Mr. Schurz, Candidate for Justice of the Peace.

HIS SERVICES PUT AT TOO HIGH A PRICE

While Justice of the Peace it is Alleger That He Pressed the Limit on Fees-What Mr. Cones Bas to Say.

The trial of the case of W. W. Cones against N. Shurz is set for next Thursday in the district court and it will be of considerable interest to the public from the fact that the defendant is running as a candidate for justice of the peace on the democratic ticket, and the present case is intended to throw some light on his way of doing business two years ago, when he held the office

to which he again aspires, The case is the outgrowth of a former one in which the Council Bluff's Savings bank was plaintiff and Cones was defendant. A petition was filed in Schurz's court and the next day Cones went to the office of the justice and said the amount claimed without allowing the case to come to trial. A bill of costs was charged up against him which he was compelled to pay, but soon after he comwas competed to bay, but son are decimenced a suit to recover a portion of the amount, elaming the fees were taxed up illegally. A judgment of \$12 was rendered in Cones' favor in Justice Swearingen's court, but Schurz appealed the case to the district eart, where it is now pending.

Among the items charged up by Cones was one of \$8.30 for attorney fees, D. M. West being represented to be the attorney. Although the netition was signed by West's name West denied having placed it there. Another item of \$1 was charged up for trial fee but Cones claims the case was never tried but was settled immediately. Another fee of \$1 was charged up for making out two original notices, while Cones claims the law stipulates that only one fee of 50 cents shall be charged. The last particular was one in which Schurz offended a great many times in case the court determines that it was an offence for him to make out and harge for more than one notice, as it was his regular practice as shown by his books to charge up a fee of 50 cents for each defendant named in the petition.

Counterteiters Sentenced.

Two men, who were found guilty of passing counterfeit money, were sentenced in the federal court yesterday afternoon. Frank Murphy of Creston was flued \$500 and seatenced to spend four months in the county fail at Keokuk, Lee county. Frank Gwynne was fined \$1,000 and sent to the neultentiary at Fort Madison for two years. Gwynne was arrested a year ago at Keekuk on the charge of being implicated in the robbery of the postoffice at Sweetburgh, Lee county. He managed to prove an althi and was discharged, although circumstantial evidence was strongly against him. R. A. Read, who was convicted Thursday night, was granted a continuance until next term so far as sentence was concerned, on condition of his good behavior. It is thought that if he behaves himself between new and the next term be will be let off with a neminal punishment.

Sentences were passed on a small army of bootleggers, about twenty live in number, and the last case of this kind was disposed of just before court adjourned in the even-ing. The rest of the term will be taken up with the trial of cases on the civil calendar. The first cases to be taken up is that of Ora Haley against Samuel Haas of this city, which grew out of a dispute ever a stock deal in the west. The work of the term will probably not be completed until some time furing the latter part of next week.

Saturdays. Outwitted the Officers.

A whisky joint in the sacred retreats of the city jail is a thing that not many cities in prohibition lows can boast of, but that was what was discovered by the men of the marshal's department last evening. During he afternoon half a dozen or more of the men who were convicted and sentenced for breaches of Uncle Sam's rules of etiquette were taken to the city jail for keeping until they could be taken away to serve their terms of confinement. In the evening the officers noticed that two or three of the fellows who had been shut un in the cells were somewhat more bilarious than might have been expected, and as their bilarity increased an investigation was made. When the jail door was opened one of the prisoners was discovered lying at full length on the floor of the corridor, with his lips encircling one end of a piece of rubber nose that had been commonly used by the prisoners in executing the sentences of their "kangaroo court." A glanco into the steel cell showed that the man who was locked up there was industriously emptying the con-tents of a large bottle into the other end of the hose. The cause of the nilarity that had leaked out through the crevices was at once made manifest. The man in the cell was of course immediately stopped in his missionary work by having the bottle unceremoniously taken away from him.

SOUTH OMARA

Railroad Improvements to Be Made in the Magte City Shortly. For some time past a change in the trackage privileges in the railroad yards at South Omaha has been contemplated. The deal has been consummated and \$65,000 will be expended in making the changes proposed, The work is to be done this fall and will be completed pefore the 1st of January.

The agreement has been signed by the Union Stock Yards Italiway company, the Union Pacific, B. & M. and Missouri Pacific companies. The scheme is to put in a turee trace crossing over the Union Stock Yards tracks, west of the Union Pacific denot, together with a complete inter-locking plant, I'wo of the tracks will be used for switch-ing and the third for main line purposes.

This improvement is of a great deal of importance to South Omaha. It will enable the Missouri Pacific to run trains over the union cut-off direct to the tracks of the Union Stock Yards company, a privilege not now enjoyed. The B. & M. will also then have the same privileges and trains will come in over the cut-off, the same as the Missouri Pacific. The stock trains brought n by these two companies at the present time come over the circuitous routes, caus ing delay and inconvenience. It is understood that the Missouri Pacific will also rur passenger trains over the cut-off as soon as

the change is made, Another project among the railroads is under consideration, which if carried out will be of vast benefit to South Onaha. The companies interested are the Union Pacific, Rock Island, B. & M. and the Missouri Pas citic, and it is the intention to erect a union denot for passenger and freight business. All of the companies have lines through the city. The Union Pacific and the Missouri Pacific use the same depot, the B. & M. has its own depot a mile distant, and the Rock Island's depot is located west of Albright. A union depot is badly needed, and the rail-way companies resilze the fact and some-thing will undoubtedly be done by them before the 1st of January, so that the depot may be erected next year.

Grading Twenty-Pourth Street. City Engineer King has completed the estimate of the cost of cutting down the Twenty-fourth street hill between N and Q streets. The work is to be done with private capital if the necessary sum can be secared and the permission of the council granted.

The profile prepared by the engineer shows that the lowering of the grade will be commenced at the center of the block between N and O streets and run to the center of the block between P and O streets. There will be a seven foot cut at O street and also at P street. The cost of doing the grading is placed at \$2,920.50; the taking up of the paged at \$2,320.50; the taking up of the payement \$5,346.65; relaying the payement with vitrified brick, \$14,186.60, making a total cost of \$22,847.35. This is rather a large sum to be raised by subscription, but the Twenty-fourth street owners of property, south of N street, are determined to have the work done and are enthusiastic in the belief that it will.

Mayor Mitter's Funeral. Mayor Walters and the members of the council met last evening for the purpose of arranging to attend the funeral of the late Mayor Charles P. Miller. A memorial committee consisting of Councilmen Wyman, Wood and Balla was appointed. The committee on carriages consists of Councilmen Schulz, Bruce and Haley.

The time of the holding of the funeral has been changed from i o'clock Sunday afternoon until 2 o'clock. The former intention of burying the remains in Prespect Hill cemetery has been altered, and Laurel Hill cemetery has been agreen upon. Yesterday the city offices, police station and fre halls were draped, and each police officer's star is covered with crape.

AMUSEMENTS.

"As You Like It," Read by Richardson. It was a positive delight to hear Mr. Locke Richardson read the best comedy written by the many-sided Snakespeare, "As You Lake It." last evening at the Lininger gattery. The melancholy Jacques in a cress suit would naturally seem most incongruous, but the audience quite forgot the garb of the reader in his ability and versatility to portray all the varied phases in the immortal

pasterale. With a rupping commentary upon the locale of the play and the personages that figure in the stdry, Mr. Richardson won a magnificent success by the natural and acquired forces of which he is so excellent a master. The sweet lovable Resalind, the a master. The sweet loveble Resslind, the good natured, loyal Celis: Touchstone, he of the motley: Jacques, the pronounced cynic and misanthrope; Orlando, brave and leal in his devotion to the light of his life: Adam, the faithful old servitor, all found perfect interpretation at the hands of Mr. Richardson, who showed a broad intelligence and a close observer of human nature.
