

WEATHER CROP BULLETIN

Estate Averages as Given Out by the Department of Agriculture. GOOD SHOWING FOR GENERAL CROPS

Corn Has Made a Slight Advance During the Month, Aided by the Absence of Frost—Figures on the Yield of Wheat.

WASHINGTON, D. C., Oct. 10.—The report for wheat gives the state averages of yield per acre as ranging from 6 to 22 bushels and averaging 13 bushels. The averages of the principal wheat growing states are as follows: New York, 14.3; Pennsylvania, 14.4; Minnesota, 13.7; Iowa, 11.5; Wisconsin, 11.5; Kansas, 14.7; Nebraska, 13.3; South Dakota, 12.5; North Dakota, 12.2; Washington, 18.4; Oregon, 15.7; California, 12.8.

The October statistical returns of the Department of Agriculture make the general condition of corn 79.8, against 79.6 for last month. The absence of frost has been favorable to the ripening of the crop and the average yield in September was especially beneficial. During the past ten years there were three years—1889, 1887 and 1890—which reported a worse condition in October and made a yield of from 20 to 22 bushels per acre. The range of yields of ten years has been from 6 to 22 bushels. The present condition indicates a yield below the average. The state averages are as follows: Ohio, 80; Indiana, 77; Illinois, 71; Colorado, 77; Missouri, 82; Kansas, 70; Nebraska, 80. Only the figures of Ohio and Missouri are up to the general average.

EGAN IN WASHINGTON. He Talks with the President About the Recent Troubles with Chili.

WASHINGTON, D. C., Oct. 10.—Minister Egan had an hour's conference with the president at the white house this morning in regard to the relations between Chili and the United States. The president received him most cordially and expressed deep gratification at the fair and honorable settlement of the recent differences between the two countries.

Mr. Egan delivered a personal message from the president of Chili to the president of the United States, expressing his joy and satisfaction at the equitable adjustment of the matters recently in controversy. President Harrison received the message with great interest and insisted on hearing all the details. The conversation, however, related principally to the riots in Valparaiso in which the soldiers of the Baltimore were so badly treated.

The money paid by Chili in settlement of the affair in the matter of soldiers of Chili on Paris, and Minister Egan has endorsed them to the order of Secretary Foster. The distribution of this award has been placed in the hands of the secretary of the treasury. The claims treaty between the United States and Chili, negotiated by Minister Egan, has also been transferred to the custody of the secretary of the treasury. It is eminently satisfactory to the administration, and will be promptly submitted to the senate for ratification. It is believed that it will be an accomplished fact, as it has already been ratified by the Chilean congress. It covers a period of forty years, including claims arising from revolutions in Chili and the war between that country, Peru and Bolivia. It is in such shape that the ratifications can be exchanged in Washington.

There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will relieve in a few minutes, and cure in a short time. Have tried it and know—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used there with great success. For sale by druggists.

James Tenney placed fully to the charge of being drunk and disorderly yesterday morning. His head was enveloped in bandages and his two eyes were dressed in mourning. He claimed that he was assaulted by three colored men in the rear of the Merchants hotel Sunday night. He was locked up but his assailants are still missing.

Too Much of a Risk. It is not unusual for colds contracted in the fall to become chronic. In such cases Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure any cold. You can afford to risk so much for so small an amount. This remedy is intended especially for colds, coughs, croup, whooping cough, and all ailments always depending upon. For sale by druggists.

educating children in Omaha was less last year by \$2.30 than the year previous. For the year ending July, 1891, the per capita cost of the Omaha schools was \$8.70 for each pupil in actual attendance, and for the year ending July, 1892, it was \$8.44. The saving has been accomplished largely by a system of consolidation introduced by Superintendent Fitzpatrick. With over 1,000 more pupils in school this year than the year before, the number of teachers was increased, but very slightly.

One of the most interesting characters the police have had to deal with for some time is now at the station waiting identification. He says that his name is Eddie German and that his home is in Wabash, Ind. He does not appear to be more than six or seven years old, but he is as bright as a newly coined dollar and gives a straight answer to every question.

A Cholera Scare. A reported outbreak of cholera at Helmetta, N. J., created much excitement in this city. Investigation showed that the disease was not cholera but a violent dysentery, which is almost as severe and dangerous as cholera. Mr. Walter Williams, a prominent merchant of Amesbury, two miles from Helmetta, says Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured his case. It is certainly one of the best things ever made. For sale by druggists.

Norfolk's Water Works Bonds Causing Trouble Among the Holders. REPUDIATED AFTER THEY WERE ISSUED

An Omaha Contractor Paid Defective Work and the Town Won't Pay the Bonds—What Omaha Bankers Say

There appears to be discordant music in the air for people who have had anything to do with the Norfolk water works company. Mr. A. L. Strang, formerly of Omaha, was found after the works had been completed a short time that the foundation of the stand pipe was defective. On this account the city of Norfolk refused to pay the interest on the bonds, which had been guaranteed by the city, and the bondholders were obliged to have a receiver appointed and then go into their pockets and furnish money to rebuild the foundation for the stand pipe.

One Suit Started. Mrs. Mary Painter, a resident of this city, has brought an action in the supreme court against the Globe Loan and Trust company of Omaha, Neb., which formerly had an office at No. 45 Broadway, to recover \$4,734.55 damages, representing the sum of her investment. At the request of the company's agents she invested the amount mentioned in bonds in the Norfolk water works of Norfolk, Neb. She now claims that the statements made to her concerning the bonds were false.

At the time we sold the bonds we asked Mr. Millard, of the Omaha National bank, about them and he said he believed they were good. He said he had bought them for himself. The Omaha & Grant Smelting Works company bought some of the bonds and he was the reason to believe that they were all right. All statements to the effect that we misrepresented the matter in selling the bonds are utterly without foundation.

PRICE \$10.50 SUITS

The past week has demonstrated beyond a doubt the fact that the male portion of Omaha appreciate the difference between "tweedledee and tweedledum." They appreciate the fact that when the Nebraska advertiser to sell a fifteen dollar suit for ten and a half, they don't sell a ten dollar one—they sell a fifteen dollar one. To call our last week's sale a success would be "drawing it mild." We never sold so many suits the first week in October as we did this year. We're going to beat it this week—going to give you still bigger values—give you more suits and more kinds of suits to pick from. Today you can choose from over two thousand suits—all at one price. You can pick

SACKS or CUTAWAYS

You can choose cassimeres or chevots. You can take plain or fancy. You can buy browns or grays. You can get the heavy, old-fashioned pepper and salt cassimer that never wears out—or the very best all wool heavy indigo blue suit with double or single breasted sack coats. You can buy suits of us this week that have never been offered for less than fifteen dollars—and you can buy them for ten dollars and fifty cents.

STRICTLY FINE SUITS

Four of the largest manufacturers of clothing in the world—who make nothing but fine goods—who hire as good cutters and as good tailors as are to be had—sell all the goods they sell in Nebraska to the Nebraska Clothing Company. No house on earth, no matter who nor where, can show you suits that are any better, or are made better in any particular than the suits we show as our strictly fine suits, and we haven't the gall to ask you to pay twenty-eight or thirty dollars for them either—but offer them at \$16 to \$22.50.
