FARM BOSS HUBBARD NOT PRESENT

LINCOLN, Neb., Oct. 12.-[Special Tele gram to THE BEE. |- The investigation of the charges made by E. C. Rewick against the management of the hospital for the insanc, near this city, was resumed before the Board of Public Lands and Buildings this afternoon. The members present were Commissioner Humphrey, Secretary Allen and Treasurer

Attorney General Hastings was Hill. absent. There was also a general attendance of the witnesses who had been summoned but it was noticed that the much wanted farm boss, Frank Hupbard, was still absent. In view of the serious charges made against him, Mr. Hubbard's absence may be looked upon with suspicion by all parties who are auxious to learn the truth. In the absence of Attorney General Hastings the examination of witnesses was con ducted by Commissioner Humphrey.

The first witness was H. A. Smith. He testified that he sold to Frank Hubbard, the farm boss, a heifer, for which he received Hubbard's personal check for \$25, signing three vouchers in blank. The vouchers were produced and witness identified his signa-In answer to a question from Mr. Rewick the witness testified that he received but \$25 for one helfer, and not \$80.10 for two nelfers, as represented in the vouchers.

How the Trouble Originated.

He had received no warrant, and never certified or presented one to the state treasurer. At this point Mr. Rewick made the statement that the frauds against the state had resulted from this practice giving personal checks. G. P. Loos had also had business relations with Frank Hubbard, the farm boss. He identified his signature to a voucher that called for two breves for \$63.85, and testified that he had sold but one cow, for which he received but \$20. For the past three or four years he had transacted all his business with Hubbard. Frank Abbott testified that last July he sold a cow to Hubbard for \$28. The cow belonged to Rewick, but witness couldn't swear whether the signature at-tached to the voucher was made by himself or not. He owed Rewic: a note for \$15 and the latter agreed to remit the interest and not push the collection provided he would assist in the present exposure. C. W. Kauffman, G. A. Southwell, B. Safford, J. C. Haas, F. C. Huas and J. P. Hig-

gins were put on the stand. They testified to similar transactions, and their evidence clearly established the truth of the charges made against Farm Boss Hubbard, all of which were given in detail in The Bee last weer. The investigation will be resumed tomorrow morning and some interesting and sensational developments are promised.

The speakers came through a heavy rain storm to the opera house to meet a crowd of voters who faced the same rain storm to meet the guests Judge Crounse opened the meeting with a speech that for honesty and earnestness needs no especial mention. He made friends and none can deny it. When Mr. Crounse had forcible and pleasantly expressed himscif, Judge Lansing furnished one of his characteristic addresses. Nebraska City's Big Rally.

NEBRASKA CITY, Neb., Oct. 12 .- | Special Telegram to THE BEE. |-The first rally of the campaign occurred this evening under the auspices of the republican zonaves, Lieutenant Governor Majors being the speaker. He was escorted to the court house by the zouaves, in uniform with torches, about 100 strong, headed by the band. At the court house the exercises opened with a selection by the band. S. W. Collins, president of the Young Men's Republican club of Lincoin, was the first speaker. He made an eloquent plea for protection, honest money and the principles of the republicau party. Mr. Majors was then introduced by C. W. Hoge and the applause following his appearance lasted at least five minutes. When quiet was restored Mr. Majors entered into a caim discussion of the issues of the day, covering the ground entirely with unanswerable arguments. His arraignment of the alliance party caused great applause. His trioutes to Harrison, Crounse and Field wore greated with great cheering, and he closed with a burst of elequence which surprised his most intimate friends. At the closof the meeting Mr. Majors was escorted to the hotel by the club. Votes were made to night for the entire republican ticket. McCook, Neb., Oct. 12.-[Special Telegram to THE BEE. !- A large crowd turned out to hear Hon. John M. Thurston this afternoon despite the heavy rain storm. His speech was one of his strongest efforts and carried conviction to his listeners. He attacked the people's party platform, showing that by alsolute government owner-ship of railroad, telegraph and ex-press lines such a horde of federal officeholders would be created whose tenure of office would be measured by the length of the administration then in power that it would be impossible ever to get rid of a bad administration. He showed that a rigid governmental control was better than He took up the tariff in detail ownership. The attendance was good and the entire meeting a very enthusiastic one. Mr. Dech made the opening speech and for an bour told the people they were belog robbed by the acts of congress passed thirty years ago; that the republican administration had crippled the business interests of the country, and advocated government ownership of all resources of wealth and the unlimited issue of flat money.
Mr. Hainer opened in a speech of an bour and a quarter completely knocking the foundation from under the false structure of sophistry which Mr. Dech had raised, ably answering every point touched upon by him and quoting from President Lincin's message to congress in direct contraliction to statements made by Dech, and enving the audience to follow the advice of

tricating them. A number of ladies fainted. In Case of Accident.

An ambulance was stationed on the north west corner of Fiftieth street and Fifth avenue for instant service in case of an accident. The corners of the side streets, ending at the park and Fifty-ninth street, were actually congested with wagon-stands, and they were all liberally patronized, although the patrons It is estimated that 50,000 men were in line

today. It took fully six hours to pass a given point.

The parade was over fifteen miles long.

The troops which led the column had reached Fifty-ninth street, dispanded and returned to the lower part of the city before the last four divisions of the parade had started. After the military pageant was over, the crowas directed their steps to Central park, where the Columbus monument was up-A salute of twenty-one gans was fired as the monument was uncovered. Scenes After Dark.

Hardly had the last strains of music died away from the neighborhood of the Columbus monument at the Fifty ninth street en-trance of Central park than New York and her 500,000 or more visitors were ugain packed along in a line in order to witness the pageant. The scenes of the morning, a the side streets and along the route of parade on the grand stand, house tops and stoops, and in the windows and balconies, were re-It seemed as if 5,000,000 instead of ,000,000 people had gathered to watch the last great sight of the three days' series of events celebrating the discovery of America. The parade was remarkable from the facthat it made a wonderful showing of the uses to which electricity could be put to as a power and as a light.

The parade was also remarkable from another standpoint and that was in demonstrating that hundreds of thousands of women and children, to say nothing of men, are able to endure twenty hours of sightseeing from one point armed with good lunch baskets and yet not admit that they were tired. Shortly after 8 o'clock the different bodies

who were to take part in the parade had mustered at and about the Battery and the ower part of Broadway and the police began to clear the line of march. The way was cleared and the crowd waited, but the pro cession did not appear. The crowd waited patiently. An Associated Press reporter unted up and down the long line trying to find the cause of the delay and at length he found it. Cause of the Delay,

It was all a matter of Queen Isabella's lights. "The goddess of liberty has taken my tights?" exclaimed Queen Isabella, "and I'm not going to sit with Ferdinand wearing an Indian squaw's dress.

This was spoken on float No. 15 of the allegorical pageant, as the procession was being formed. Queen Isabella, who is Mary McGinty on other days, told the truth. Somepody had taken her costume and before she could get a suitable one, there was a detay.

Queen Isabella was not the only one in trouble. Fame and Electra had an argument over a blonde wig and the sparks flew. Americus Vespucius blamed poor old inno-cent William Penn for taking his cap. Mr. Penn and Vespucius made a search and it was discovered that one of the Toltee sun worshippers was the guilty one. The squabbles over uniforms had lasted for an hour, when Mayor Grant sent word that the show must go on at once. Now the mayor's message was conveyed to Colonel Garnett and those in command of the floats were told to hustle. They did so, and at 9:30 the big show was under way.

The route of the parade was up Broadway

to Fourth, west around Washington square to Fifth avenue to Fourteenth street, to Fourth avenue to Seventeenth, to Fifth ave nuc to Fifty-ninth street.

The beautiful remantic comedy drams of the "Harvest Moon" takes its name from a venerable inn of Old England, in Yorkshire, where the action of the play is laid. Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been caualed by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood discases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla "I cannot forbear to express my joy at

In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."-H. L.
