REJOICINGS OF A NATION

Everywhere in the United States Columbus Day is Enthusiastically Observed.

FITTING AND GLORIOUS CEREMONIES

Important Parts Taxen by the School Chil-

dren of the Land-Lessons of Patriotism Learned-Some of the Cities Which Celebrated.

Sr. Louis, Mo., Oct. 21. - Under an over cast sky, but with patriotism so earnest and sincere that the weather, forbidding as it was, had not the slightest chilling effect, St. Louis today observed the 400th anniversary of the landing on that little West Indian islet of the Genoese discoverer.

The first part of the day's observances was given up to the thousands of school children. As early as 8:30 the school exercises began and were much the same at all points. A detail of Grand Army of the Republic veterans from the many posts assembled at each school building, and escorted by the school children proceeded to the yards attached and, arranged in hollow squares, listened to the reading by the master of the president's proclamation. Concurrent with the conclusion of the reading, the fing of the nation was unfuried above the building and in an instant the hundreds of choolhouses in the city were surmounted by

Children and veterans then saluted the flag, all repeating the allociance pleage, fol-lowing it with the singing of "America." The second part of the school program was beld within the buildings and was mainly of essays, etc., suited to the grade and appropriate to the day, together with addresses by

ren of prominence, locally.

The permai and High schools were an exception to the rule. For them a special program was arranged and carried out at Musichall, exposition publing. In addition to the appropriate oratorical part of the program, there was music by Glimore's great band, all preceded by the formal flag salute. Exercises of a devotional character were held at all the religious and parochial schools

In the Afternoon.

But all this was preliminary to the great general celebration by parade. At noon the various Italian societies of the city, who formed the first division, assembled and repaired to the foot of Market street. The sounding of whistles that the singlet of helis on the various of Market street. The sounding of waishes and the ringing of bells on the various steamers which lined the levee announced the arrival of the Santa Maria with Colum-bus on board. The discoverer was met at the water's edge by a committee, and after being given a royal welcome, the line of procession was formed and passed to Tweifth street, where the division was assigned to its proper place in the main parade. After a little the bugle sounded the signal to start, and the vast column took up its line of march to Chouteau avenue, at which point the paraders were dismissed. BThe Italian societies took carriages and were driven to Tower Grove park, the cav-

alry company preceding the procession.

At the park the statue of Columbus was decorat d with flowers and evergreens. Several national airs were played by the band and Rev. Father J. Long delivered an address in Italian on Columbus, followed by one in English by Mayor Edward Noonan, and after playing the national anthem, the

various organizations dispersed.

Along the line of parades, preliminary and main, crowds in almost countless numbers had assembled and gave each passing organization its meed of cheers. Starting a little late, the procession was fully two hours in passing a given point, and, considering the close marching order, it is estimated that 20,000 men were in line. But the lookers-on they numbered hundreds of thousands-it cannot be told now many.

OMAHA CATHOLICS MARCH.

Church Societies and Communicants Turn Out to Honor the Day.

Yesterday there was no Catholic in this city who was too proud to pay reverence to the discoverer of America. The lines of caste were not drawn, and for once, rich and poor, great and small, young and old met on the same level, with but one object in view, and that to do homage to the great navigator of the seas.

It was distinctively a Catbolic celebration and was participated in by only the Catholic residents of the city, the Catholic societies and the pupils of the parochiai schools and colleges. The day was perfect and all nature smiled upon the undertaking in a manner to gladden the hearts of the participants.

Promptly at 2 o'clock, the grand marshal of the day, William M. Bushman, assisted by his several aides, started the column from Ninth and Harney streets, and the parade, fully 6,000 strong, moved away without hitch or hindrance, The line of march was past St. Philomena's cathedral, from the steps of which the parade was reviewed by Rt. Rev. Bishop Scannell, Father Tighe of New Jersey. Father Kenny of St. Louis, Vicar General Choka and Rev. A. M. Column of Omaha. There was music—music of the bands and music by the fife and drum corps, but none was sweeter than the chimes St. Philomena's cells, which ring only upon state occasions. Every detail was carried out to the letter.

and the thousands who witnessed the parade from points of vantage along the line of march pronounced it the finest that has ever been seen in the city. The Hibernians and the members of other kindred societies marched with the bearing of so many sol-diers, keeping time to the strains of the inspiring music. The children of the parochial schools at-

tracted a large amount of public attention, as nearly every little tot was resplendent in red, white and blue. The boys who were large enough went on foot, while the smaller ones and the girls rode in wagons, carrvalls and tailyho coaches. Several floats found places in the line. They were all artistically constructed and many of them were especially appropriate for the occasion, but more so than the one on which stoon Columbus pleading with King Ferdinand and Queen Isabella of Spain. The modern Columbus was supposed to be a good represen-tation of the Columbus of old, while the king and queen had the bearing of titled nobility of the present day.

PATRIOTIC CALIFORNIA.

Observance of Columbus Day in the Golden

San Francisco, Cal., Oct. 21.—Columbus day was observed throughout California as a legal hotiday. In this city the services held in all the churches were greatly attended. There was a parade of German societies in the forenoon, but the chief interest centered in the exercises held at the city schools, which in many instances took the form of presentation of the American flags by citizens, accompanied by orations delivered by members of Grand Army posts and the singing of national songs. Appropriate ex-ercises will take place at the Grand opera house this evening, which will be attended by civic and military officials. In all parts of the state the program of

the day was carried out on the same general lines observed throughout the country, the public schools taking the lead in the patriotic demonstrations, and in many respects their efforts were on a more elaborate scale and the effect more impressive than in an similar event heretolore. The flags of all countries were thrown to the winds, but everywhere the American flag predominated Along the coast and in the bays and harbors the skippers commemorated the discovery of Columbus by a unsplay of cunting, and in San Francisco harbor the French of war D'Ubourdieu, the British Howth and American ship America were especially acticeanie in this respect. Columbus' Memory Honored in the New York City.

BROOKLYN, N. Y., Oct. 21.-Brooklyn's gala day in honor of Christopher Columbus dawned under grey saies, but later the clouds broke away and the sun appeared. Grover Cleveland was the special guest of the day, together with a brilliant array of military amd naval officers. Cleveland having declined to be present at Chicago out of respect to President Harrison's affliction, only consented to witness the Brooklyn celebration as a private citizen, on the assur-ance that it should be devoid of any political significance. Along the route of parade the decorations were especially elaborate.

The ceremonies of dedicating the soldiers' and sailors' memorial arch were the principal feature of the day. The military parade started at 11:30 and was successful from every point of view.

Then followed the civic and religious organizations, the school children and col-lege students in the line of march. When When the last company had filed by the formal exercises of dedicating the immense white marble memorial arch at the entrance of the A salute of forty-four guns was fired, after

Too Busy to Attend. OTTAWA, Ont., Oct. 21.-The Dominion ministers are being severely criticised for not attending the opening ceremonies of the Chicago World's fair, although invited as a government and individually by the United States government. The invitations were received some time ago and the reason given by the ministers for not attending is pressure of business. This appears strange in the face of the fact that they found time to take tours to Europe and elsewhere.

Hon. G. D. Meiklejohn. The meeting was preceded by a grand torchlight procession, which marched through the principal streets headed by the Wisner band. Hon. H. C. Brome of Omaha followed with a ringing speech, that was received with enthusiasm, as he swept away the financial soonistries and calamity assertions of the opponents of his party. His long acquaintance with the people of the Elkhorn valley and this partot the Third district enabled him to speak authoritatively of the progress and prosperity of the farmers. He showed that the farmers are interested in the home market first of all and in a foreign market for the 10 per cent of surplus sent abroad after they had secured the interests of the 23,000,000 consumers of their products employed in the other pursuits of the country. No less convincing and vigorous was his defense of the sound currency of the republican party as
