AFFAIRS AT SOUTH OMAHA

Improvements at the Stock Yards Still Being Made.

HOW THE PLANT IS BEING ENLARGED

One Reason Why Southwestern Cattle Car Be Handled to Better Advantage in Omana Than in Kansas City.

Improvement continues to be the order of the hour at the Union stock yards, and there is no prospect of it ceasing until South Omaha has cleared the distance and beaten Kansas City in the great race for second place in the packing world and as a live

The Stock Yards company has commenced the work of greatly improving a portion of the yards, and several thousand dollars will thus be expended. The old cattle pens in the east end of the original yards have been removed, and the ground is being filled, in some places nearly three feet, to bring it to a better grade. New sheds for nogs are being erected and they are pronounced as fine as any in the country. As soon as the work there is finished, which will be within a few days, the old sheds from the main alley west to Cudahy's repair shops will be torn down and the ground will be filled in. This por-tion of the yards is too low and a fill of several feet will be made to make it higher and better for the stock. New sheds for hogs will be erected as soon as the grading is completed. This done, the portion of the yards used for caring for the hogs will be as fine as any in the country and the capacity will be considerably increased.

considerably increased.

Since September the Stock Yards company has decided upon improvements which will require an outlay of nearly \$150,000. The change in the trackage and the putting in of the finest interlocking system in the west will require an outlay of \$65,000. The new electric light plant will cost \$30,000. The water works plant, which will be put in in case the decision of the court is unfavorable to the company in the water works controversy, will cost a good many thousand dollars. The changes and improvements in the yards now under way and those agreed upon will run away up into the thousands of dollars. These improvemements are all needed to meet the inof the yards. Other improvements of extensive nature are contemplated and Manager Babcock says that South Omaba is the coming packing center and live stock market of the world. The Stock Yards market of the world. The Stock Yards company is abreast of the times and enter-prising and is leaving no stone unturned to build up the most magnificent stock market in the world at the Magic City.

The Cudahy Packing company yesterday received seven cars of cattle from Kansas City, making a total of thirty cars received by that company during the week. The company purchased them at the Kansas City stock yards at figures away below wha they could be purchased for here. The cat the came from away beyond Denver, and sold at Kansas City cheap enough to enable Cudahy to ship them here and make a near profit by so doing. The Texas and south western cattlemen might, with profit to themselves, make a note of this fact. They certainly would be a few dollars ahead if they shipped their cattle to South Omah; Instead of to Kansas City, where the mar-ket is stagnated and prices rule several cents

purchased a Kansas City at from \$1.75 to \$2.25. At South Omaha cows are purchased for canning purposes, and although not near so good for the purpose, the prices raie the same as those of the Texans at Kansar City. Shipments of Texans to South Cmaha always bring better figures than at Kansas City, and for 100,000 bead of them each year there is an quexaelled market awaiting at this point Columbus Day Celebrated.

The public schools celebrated Columbu day yesterday forecoon in an appropriate manner. Programs in each school in the prepared for the and carried out yesterday Patriotic music the children. rang out from hundreds of young throats interesting dialogues were presented and recitations and essays, all bearing upon the discovery of America 400 years ago, were read. A large number of visitors were pres ent and their delight was as keen as that of

At the Missouri avenue school President Cheek of the Board of Education and the cholars raised the new flag over the build The scholars were given a half holiday and

no school was held during the afternoon. No great attempt was made in South Omaha to observe Columbus day. But a few houses were decorated, and they not on a very extensive scale. The city offices and banks were closed during the day. The postoffice closed at 11 o'clock and there was but one delivery of mail. The Cudaby Pack-ing company gave most of its employes an opportunity to observe the day. A few business houses closed for a short time during the afternoon. The celebration of the day in Omaha by the

Catholic schools and societies attracted a large concourse of people from the Magic City, and it was with some difficulty that the was handled by the street railway company. Syndicate Park Closed.

Syndicate park is practically closed to the public. For several weeks past the sound of the workman's hammer has been heard, telling the story of the encircling of park with a high board ice, which will keep tespassers ay in the future. Fifty-six acres park land is inclosed, or will be when about 300 feet more of fence is erected. The fence is a tight board one, seven feet high and is substantially built. The fence encircles the park, runs on about A street from Twenty-second street east to abou thence south to very near G street west in a continuation of curves to Twenty second street and thence north to A The closing of Syndicate park leaves South Omaha without a public park and the people do not appreciate it very much.

As a Board of Equalization. The city council met as a board of equaliza tion yesterday morning and adjourned until Monday evening at 7:30 o'clock, when will be taken upon any complaints which may be filed by The taxes and assessments to be equalized are those levied against the property on Twentieth street from G to J streets, to pay for grading. Also for the grading done on M street from Twentieth street to the alley between Seventeenth and Eighteenth street. Eighteenth street from Missouri avenue to M street; Nineteenth street from Missouri venue to M street, and for sidowalks laid in cifferent parts of the city.

Argentine Affairs-Uncle Sam Recognizes Crespo's New Government. (Copyrighted 1892 by James Gordon Bennett.) Valparatso, Chili (via Galveston, Tex.) Oct. 21 .- (By Mexican Cable to the New York Herald-Special to THE BEE. J. A revolution was begun in Santiago del Estere, Argentina, yesterday afternoon. A band of twenty-five men under the lead of a man named Garcia attacked the residence of the governor and a desperate fight occurred, resulting in the death of five men and the wounding of nine others, among them Cap-

guard. After a brave resistance the guard surrendered and Governor Rojas was taken prisoner. Gorostinga is the chief of the revolutionists.

After the surrender of the governor the revolters were crowned with flowers by the women of the cits. A justs was formed to govern the province. The government has 500 national guards with which to oppose the revolution, and, while everything is quiet now, a fight is imminent. It is a question whether or not the federal government will interfere at present, as Pena has announced as his policy nonintervention in state affairs unless the constitution or federal laws are it danger. The radicals generally favor the

revolution and there is a marked feeling of uneasiness in all the provinces. The revolution is the result of fully matured plans to upset the governor and has the hearty support of the people. It is gen-erally believed this is only the beginning of a movement which will spread throughout the country.

Preferred a Public Hanging.

GREENSBORO, N. C., Oct. 21.—Charles Reynolds and Judge Merriam Headly, negroes, were hanged in public yesterday for the murder of S. Swavne, a white man of 80 years. Swavne lived in the suburbs of the town and was supposed to have a large sum of money. The negroes broke into the house, crushed in his skull with an ax and plundered the premises. Upon arrest they onfessed their crime.

Headley seemed to fear his fate, but Revholds was auxious to be hanged and asked for a public execution, saying he wanted to nave as many people present as possible About 10,000 people came from five counties oday to the hanging. Half of them were negroes and there were many women in the crowd. The gallows was placed so that it

The prisoners were both nervous and frightened. Reynolds, who was only 18 years old, made a speech from the gallows confessing his crime. He said he was drunk when he committed it,

Masked Mob as Detectives. ATCHISON, Kan., Oct. 21.-Last evening wenty masked men attacked the home of Mrs. Parrin Walcott and assaulted Mr. Fowler, a young lawyer, who was calling. The mob finally fled, as neighbors were congregating, but Mrs. Walcott tore the mask from the face of one man and recognized her husband, whom she is suing for divorce. Walcott admitted he helped the mob, but for the purpose of getting evidence of his wife's infidelity rather than for injuring Fowler. Mrs. Wolcott and Fowler deny improper conduct.
