Mrs. W. A. Coulter Made Happy by a Decision of the District Court. HER DIVORCE DECLARED TO BE LEGAL

Samuel Simmons Will Never Desert Another

Woman-Valuable Property Involved in the Controversy-An Interesting Case Decided by Judge Macy.

Mrs. W. A. Coulter was highly elated vesterday over a decision which was rendered in the district court by Judge Macy and in which she was defendant. The case was tried about a month ago, and involved, not only the ownership of a piece of property valued at about \$1,000, but the vandity of a divorce, which was granted her in the same court a few years ago. Lemuel Simmons was the plaintiff. He was formerly the husband of Mrs. Coulter, but the latter was divorced from him on the ground of desertion. and she was awarded the title to the property in question. Simmons, wrose whereabouts had been unknown at the time the decree of divorce was granted, turned up later on and filed a petition in court asking that the decree be set aside in both particulars, and that he be given possession of the property. His allegation was that Mrs. Simmons had known where he was at the time her petition for a divorce was filed, and that instead of erving him with a notice, had published the

notice in an obscure country paper for the purpose of kceping him in the dark as to her Yesterday the case was decided by plans. Yesterday the case was decladed by Judga Macy in favor of the defendant, so that all doubt is to the ownership of the property and the legality of her separation from her former husband is set at rest. Believes in Protection. Judge James, who is known far and

near as one of the tried and true democrats, in talking yesterday admitted that he believed in protectior. "That is, I believe in it to this extent. I think that every one should get protection from loss by fire by insuring in our home company, the National Mutual. If you call that believing in protection, set me down as one of them. But, without joking," continued the judge, "and without reference to politics, it seems a little strange that lowa people are so easily blinded to their own interests. Our new company is doing first rate, and we have no special cause for com-plaint, but as with all enterprises we have to meet competition and opposition, and let me tell you that the meanest opposition comes from outside They are making a regular companies. war on all Iowa companies. They say to their agents, 'you must not place any business in Iowa companies, and if you do we will take our business away from you.' In this way many agents are influenced against home companies, and their lowa policy holders are induced unwittingly to send their money outside of the state, instead of encouraging home industries. How long will the Iowa agents allow themselves to be bulldozed, and how long will the people allow themselves to be drawn into a scheme for supporting outside institutions instead of their own state companies? We have started in on a campaign of education, and we find that as fast as the people get light they are more favorably inclined to home companies. "Our company, the National Mutual,

is one of the institutions that Council Bluffs people feel very kindly disposed to, and we have done a bussness that is very gratifying. Our company is doing much more than its most sanguine friends anticipated, and we have covered hundreds of homes and business houses with our policies."

Davis for drugs and paints.

He and his family were at supper Friday evening, when the thief came slong and robeed his hen roost of nearly 100 inmates, from under his very mose. To add to Mr. Hamilton's exasperation, the visitor traded a broken wagon tongue for a good one that was on a wagon in Hamilton's barn. The thief was thought to have come to this city, and a watch was kept for him yesterday, but without success.

The Louis, Masonic block, will this week have special bargains in fall and winter millinery. Persons wishing to engage rooms at hotel "South Shore," located near the World's fair buildings, Chicago, can see

Pennsylvania People Who Have Wandered off Lately. READING, Pa., Oct. 29 .-- Another batch of disappearances of well known people is

reported in this region. George W. Echsneiderand Adam Wagner, both of Reading, have been missing from their homes for a week and no trace of them can

be found. Josiah Gernard, a rich miller, has been missing since October 14 and fears are entertained by his family that he has met with foul play.

George W. Singlery of Dorrance disap-peared mysteriously last week. He has con-siderable money and his friends are greatly alarmed for his safety. William Llovd, a feeble-minded resident of

Minerville, wandered away from home in September. It is believed that he has per-ished in the mountains.

Doane's Foot Ball Team Too Lively for the Outfit from Lincoln.

KNOX BADLY DOWNED AT IOWA CITY

Illinois Boys Don't Understand the Game-Lincoln Beaten at Denver-Princeton Pulls Out One-Harvard Disgusts Itself-Other Sporting News.

CRETE, Neb., Oct. 29, -|Special Telegram to THE BEE. |-Doane college and Cotner university played foot ball on Doane's grounds today and the result was a victory for Doane, with a score of 62 to 0. Doane's great gains were made by her end running. The blocking by Doane was excellent, and the team did good team work, which is so essential for success. The Cotner team is composed of gentlemen and they have some excellent material for a good team. They were unable to make any end runs and the only way they could advance the ball was

y forming the V. The principal features of the game were Fuller's end run of cighty yards, Leavilles' excellent blocking for the runner and the tackle plays.

NEW YORK, Oct. 29.-Princeton defeated Weslevan on the foot ball field today by the big score of 60 to 0. It was the first cham-pionship game of the senson and was witnessed by a large crowd in spite of the threatening weather. Yale and Harvard were represented on the field to size up Princeton's play and Captain King of Prince ton did not don his canvas jacket, as he also wished to study the work of his team. The first half of the game was as bad an exhibition of foot bali as has been seen here this senson. Westeyna played like grammar school boys and Princeon was only a triffe better. In the last half. nowever, Princeton braced up and played in fine form.

Nebraska Downed.

DENVER, Colo., Oct. 29.-The foot ball game between the University of Nebraska team of Lincoln and the Denver Athletic club eleven was won by the Danvers by a score of 18 to 4. 'Ine game was a very interesting one and was marked by hard playing throughout.

More Light.

"I saw a meek little roast in THE BEE the other day for the gas company," said a citizen vesterday who can see after 4 o'clock as well as at any other time of the day. "I wish you would say it again, and say it harder. I never knew such miserable stuff to be furnished people to burn. You may not believe it, but I had an experience a night or two ago that awoke me to the fact that the need of something inflammable in the way of gas was the crying need of the hour. A gentleman called on me at my house. I met him at the door, ushered him inco the parlor, and although the gas was burning full blast, I had to strike a match before I could see his face to recognize him. I'm ready for a change."

There are doubtless a great many people in the city who use gas, and if so there are a great many who feel moved to profamity about the time the sun sets. What the trouble is no one seems to know, but the fact remains that the gasometers all over town go on with their work night and day as be-fore, without furnishing the people of the city anything as the result of their arduous labors. A reform will be gladly welcomed.

Must Not Burn Leaves.

"There is a city ordinance that prohibits the burning of leaves or other rubbish on the block pavements," said a city official vester-"but it seems to be disregarded in some day. parts of the city. Many, perhaps, do not know there is any ordinance of the kind, and others who do know it have forgotten it now that the trees are putting their summer clothes in soak. The block pavements wea out soon enough, even with the best o usage, but when it comes to applying the fire test, it won't work. Our late loss by fire was covered by two policies, both in the COUNCIL BLUFFS INSURANCE COMPANY.

By 7 o'clock the next morning after the fire the secretary was on the ash heap, pencil in hand, ready to figure the loss down to bedrock, which he did, too, saying that' it was his duty and no small part of his business." So long as he did not go below bedrock we had no reason to complain, consequently the settlement was not only prompt, but in every way satisfactory, so much so that in addition to \$9,200.00 (seven policies) carried by this company before the fire we now add to it \$16,000.00,

Being intimately acquainted with the secretary and directors we cannot be persuaded that better indemnity can be obtained than that offered by our home company, besides we blieve in patronizing worthy home chterprises, everything being equal, and unless we do shall continue to 1/2 dependent on foreign capital and corporations. Though statistics are not at hand to prove it, there is doubt if divorces much exceed golden weddings in number. They certainly do not exceed silver weddings. Investigation of the subject of improper mar riages would seem to offer more hope of re sults beneficial to society than examination

of divorce statistics. It takes both time and money to get a livorce, while marriage is casy and cheap.
