TROUBLE IN NEW ORLEANS

Every Industry in the Crescent City Affected by the Lockout.

NEWSPAPERS SUFFER FROM THE STRIKE

Trouble Feared and Gurets at the Armories Doubled in Anticipation of Rtots and Rows - Street Car Travel is Entirely Suspended.

NEW ORLEANS, La., Nov. 7 .- The strike here has assumed more alarming proportions and the prospect now is that all city industries, with possibly one or two exceptions, in which union labor is employed will be at a standstill from today.

The conference between the merchants and laborers committees was resumed at the | druggists. city hall yesterday morning, Mayor Fitzpatrick presiding, and a two hours session was finally dissolved without result. The mer-chants persisted in their demand that the men should return to work before any attempt was made to arbitrate the existing differences and the men were equally firm in their demand that an arbitrator should first

Later the labor committee of the merchants called upon the governor and were shown the demands made by the union's committee to be arbitrated. The merchants committee then made the following offer: To withdraw the demand that the men return to work pending arbitration; to arbitrate on time and wages; to employ men without reference to their being union members, promising not to discriminate against

WHERE IS ANDERSON?

Disappearance of a Clarks Blacksmith Causes Some Uneastness.

The continued absence of M. M. Anderson of Clarks, Neb., from his home has alarmed his relatives and friends, and yesterday the Omaha police were asked to assist in the search for him.

Anderson came to Omaha last Wednesday for the purpose of purchasing material used by him in his blacksmith shop at Clarks. He made the purchases and the goods were for-warded to him at his home. Since that time Anderson has been non est.

He had considerable money on his person when he arrived here, and his relatives think there is a possibility of foul play. Anderson was until a year ago an inmate

HOW THE WOMEN MAY VOTE

Board of Education Discusses the Interesting Topic to a Finish.

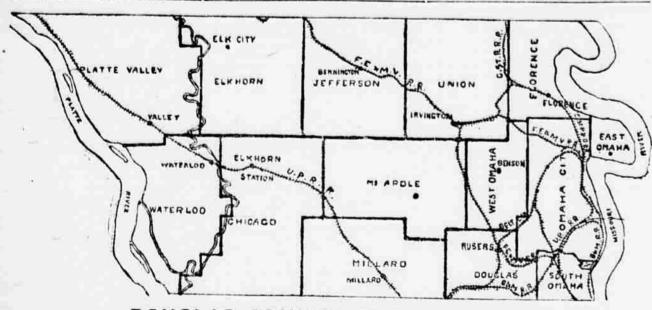

AT THE ELECTION JUDGE'S DISCRETION

Law on the Subject of Registration Read and Expounded by the Attorneys on the Board and Finally Laid Aside.

The Board of Education had a tussle last night with the problem of women voting at the election today. Attorney Baxter was present and gave an opinion upon the matter. He held that there were only two ways in which it would be legal to receive the votes of women. First, by having them register, and second, by having all who had not registered follow the same rules and regulations laid down for male voters who had not registered. As the women of Omana had not registered he was of the opinion that the only way they could vote under present conditions was to pre sent reasonable excuses, as provided by law, for failing to register and prove their statements by two witnesses. He thought that if a woman presented herself at the secretary's office and took oath that she had not been permitted to register or that she was informed that it would not be necessary for her to register and produced witnesses to prove these statements she would have a reasonable excuse and should be allowed to

He quoted the law upon the subject which reads as follows:

The longshoremen have refused to strike and have resigned from the American Fed-eration of Labor. The Typographical union met and decided to go out. This will propably suspend the publication of every morning paper in the city, except the German Gazette.

The Musicians union has joined the strike and the theaters are without orchestras. The French opera house has closed, but the other theaters have replaced the strikers with lany planists.

The guards at the armories of all the local military commands have been doubled and arrangements made to call the troops out at a moment's notice. There has so far been no demand upon their services.

Street car travel has been entirely sus pended and the only means of transit to dis-tant parts of the city is by hacks or wagons. New Orneans, La., Nov. 7.—The following

Therefore, as chief executive of the city, I hereby issue this, my proclamation, notify-ing all persons that any act of violence or disturbance of the public peace will be followed by immediate arrest and imprisonment and the aid of all good citizens is earnestly requested to co-operate with the authorities in keeping the peace. ATLANTIC LINERS ARRESTED.

United States Cutter Intercepts Steamer Which Passed Quarantine Officers.

NEW YORK, Nov. 7 .- The Treasury department's construction of the president's proclamation of September 1, which quarantines all ships with immigrants in the cabin or steerage for twenty days, caused the detention of the Hamburg-American steamer Suevia and the Hill line steamer, Richmond Hill, in the bay all day vesterday.

The Suevia has 248 cabin passengers.

Among them are eighty-nine citizens and 150 Some of the latter intend to settle in the United States. The steamships arrived at quarantine on Saturday. The quarantine officials inspected and fumigated her and permitted her to proceed to dock. She was inercepted by the cutter, Washington, and or dered to remain until orders were received from Washington permitting her to go up. She dropped anchor under the shadow of Liberty, whose appearance was not as pleasing as it might have been under other cir-

cumstances to the Americans aboard. The Richmond Hill was also passed by the quarantite officials. She has sixty-nine cabin passengers and six steerage passengers, who are cattlemen. Sixty of her cabin passengers are aliens who intend to take up rmanent residence in the United States. As the Treasury department was closed

the agents of the steamships could not get an order releasing them. They remained at anchor all night. As they have clean bills of health they will doubtless be allowed by the federal authorities to go to their docks some time today.

the first of the season. The weather is growing much colder.

Sr. Patt, Minn., Nov. 7.—Snow, with blizzard propensities, is falling here today. The fall is comparatively light here, but in the state it has already fallen to a depth of six inches. A hard storm is raging in North Dakota. Much loss to stock is feared.

His mental derangement was due to an excess in frinking, and it is thought not at all improbable that the missing man may have again taken a convival turn and become mentally as well as physically unbalanced. Wyley left New York at 9:33 a. m. October 17, and was given three weeks to make the trip. He has some fifteen hours to his credit. An Indian Trader Tells His Story of Kickapoo Indian Sagwa.

Cured of a Distressing Stomach Trouble by Kickapoo Sagwa-First learned of the Medicine through a Souix Indian.

Here is another story from the frontier of the wonderful curative properties of the Kickapoo Indian Remedies, and proof of their high regard among the frontiersmen-and Indians.

G. S. ASAY, Indian Trader

The following letter from G. S. Asay, the Indian trader and interpreter of Rushville, Nebraska, gives positive proof of the curative, tonic, and blood purifying qualities of Rickapoo Indian Sagwa.

RUSHYLLE, NEBRASKA, June 5.

Sometime ago after suffering severely with stomach trouble, and dyspepsia which had been greatly aggravated by the alkali water of the western country, and when I had reached that stage where I could frequently hold nothing on my stomach, and would even throw up water as soon as drank, I learned from a Sioux Indian who had been on a visit to the Kickapoo tribe of a wonderful remedy called "Sagwa." I got him to procure some for me. The effect was remarkable. I tried to get more from the Indian, but he would not let me have more of his. He prized it so much he would not give it up. I then learned that Healy & Rigelow, of New Haven, Conn., had an arrangement with the Kickapoo tribe, and was putting their remedies on the market. I sent and got a bottle and found it to be the same as that I had procured from the Sioux Indian. I got more, and after the use of a few bottles, I was not only relieved but entirely cured, and have stayed cured ever since.

I can cut anything set before me. Salt Bacon, which used to have a most distressing effect, I can now eat and relish like an Indian. I have also used the Kickapoo Indian. Salve for my horses, when they have been cut severely on barbed wire fences, and Indian. I have also used the Kickapoo Indian. I have also used the Kickapoo Indian Salve for my horses, when they have been cut severely on barbed wire fences, and it heals them right up.

I cannot speak too highly of the Kickapoo remedies. I keep them all in my trading post, and cheerfully recommend it to anyone. G. S. ASAY, Indian Trader and interpreter
