There was more or less excitement throughout the city and county towns dur-Ing the day, but on the whole the election was a quict one. The concernic threats of resistance to the United States authorities aid not materialize, Flifty democrats not entitled to vote were cought at Alexander Lee's hotel in Bay Ridge. Thus for the first time in many years New York will have two democratic scenters in the bigher beauch of democratic senators in the higher branch of congress.

Probably the largest financial winner on the election is Mike Dwyer, the well known turfman. It is said on good authority that he will pocket a gain of \$30,000. Mr. Dwyer placed us money in every conceivable way. He bet on the general result, the state of New York, New Jersey, the city and county majorites and in Indiana. He has won nearly every bet he has made. Joseph J. O Donohue is another heavy winner, his figures being placed at \$20,000.

The intest Tribune extra save that the election of president may devolve on the house of representatives. Congress is dem-ocratic by a clear majority of about fifty. New York is democratic by not less than 30,000 and has elected a democratic assembly. New Jersey is democratic by from 5,00 to 8,000, but Kean, for governor, claims his election. Connecticut is democratic by not less than 1,000 and has chosen a democratic governor and legislature. Massachusetts has cho en Harrison electors and probably a publican state licket. All the rest of New England is republican.

The Pioneer will tomorrow claim his election, and claim the state for Weaver. The Times claims the election of the entire republican na-tional, congressional and electoral tickets by 5,000 plurality. The chairman of the republican state cen-

tral committee claims the state for the re-publican national and congressional trenet by \$,000 plurality. The legislature will probably be republican. Sr. PACL, Minn., Nov. 9.--Chairman Peemiller of the South Dakots democratic committee tonication the second committee tonight telegraphed the Associ-ated press from Yanaton as follows: State close on electors. Result still in doubt. The republican state ticket elected and both con-greasmen. No returns in to give corrected count on legislature. YANKTON, S. D. Nov. 9.- [Special Telegram to Tag Brg.]-Returns from South Dakota are

reaching democratic state headquarters here very slowly. The short acquaintance of election judges with the Australian ballots, election judges with the Australian ballots, the complex political situation and the fact that the democratic attempt to swing the state for Wesver caused thousands of scratched tickets are assigned as reason for the slow returns. Fifteen counties out of of lifty in the state gave Harrison, 4,835; Weaver, 2,029; Cleveland, 041. Mr. Peemiller still claims the state for Weaver, saying that the work of the demo-

Weaver, saying that the work of the demo-crats to influence votes for Weaver was very thorough and will be felt very materially in the most remote coun-try precision. He is disappointed at not having earlier feturns and does not expect a complete report until Friday. The figures in his possession show a won-derful nonulist gain 'a corresponding does derful populist galo a corresponding decrease in democratic votes, but no loss to the re-In democratic votes, but no loss to the re-publicans. Yankton republicans think the estimate of 1,500 by Republican chairman Greene ta be liberal and expect about 8,000 plurality for the republican national and con-

Democrats Concede the State to the Re publicans by a Good Majority.

DES MOINES, Ia., Nov. 9.-From the result as far as tabulated from the different counties, with a number yet to hear from, republicans claim a plurality of not less than 20,000. The democrats concede 16,000. Republicans claim the First, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth Fifth, Sixth, Seventh, Eighth, Ninth, Joura and Eleventh congressional districts. Siotx Crrv, Ia., Nov. 9.—George D. Per-kus, republican, is re-elected to congress in the Eleventh district by a plurality of 1,588.

to Tuz BEE. |-Complete unofficial returns to The BER. --Complete unofficial returns show a republican landslide in this county and district. The county is from 100 to 400 republican, a change of over 1,000 votes and Lacey's blurality for congress in the district is hearly 1,500. The vote on president is Harrison, 3,639; Cieveland, OREGON FOR HARRISON.

Failure of the Democratic and Third Party Fusion.

PORTLAND, Ore., Nov. 9.-One hundred and seventy-nine precincts out of 645 in the state give Harrison 17,611, Cleveland 7,200, Weaver 14,064, Bidwell 130, Figures em-brace over half the entire vote of the state. If the same ratio is maintained Harrison will carry the state by 7,000. The democratic central commantee concedes the election of three Harrison electors in Oregon by pluralities ranging from 2,000 to 3,000, but they claim the election of one Weaver elector, who was endorsed by the

iemocrats. North Dakota Safely Republican. BISMARCK, N. D. Nov. 9.-National and

state republican dickets' safe by 2,000 majority. The legislature is in doubt. One hundred and pluety-two precincts in North Dakota give Harrison 6,681; Weaver, 5,372. For congressman-Johnson, repub-lican, 6,414; O'Brien, democrat, 4,612. For governor - Burke, republican, 6,732; Short-ridge, fusion, 5,564. BISMARCK, N. D., Nov. 9.-One hundred and forty-three preclasts as heard from covering the returns from twenty counties give Burke, republican, 6.020; Shortridge fusion, 4.684, a republican majority of 1,336, The average, if held throughout the state, would give Burke \$,000 majority, but the fusion strongholds in Walsh and Grand Forks counties will reduce it to about 2,500. Johnson is elected to congress by 3,000, Har-rison electors by about 2,500.

Utah Liberals Discouraged. SALT LAKE, U. T., Nov. 9 .- Incomplete returns indicate the election of Joseph R. Raw lins, a democrat, for delegate to congress by a plurality of 2,000, over Frank J. Cannon. republican. The result is said to be the out come of an acreement made a year ago be tween the Mormon church and tha deno cratic party. It is the belief that statehood will be inflicted on the territory by the next congress, and is that manner the Mormore will again obtain control. Women will undoubtedly be given the ballot that was taken from them by the Edmunds Tucke aw and the liberals will be in a hopeless minority.

Predictions from Washington.

Tacowa, Wash., Nov. 9 .- Returns so far indicate a plurality of over 7,000 for Harrison. The exact result will not be known however for twenty-four hours. The indi-cations are that Harrison has carried the state by 4,000 at least, and that both the congressmen elected are democrats. The re-

Returns from Idaho.

Boise, Idaho, Nev. 9.-Forty-three precincts reported in Idaho show a net republican loss of 357 on the electoral ticket and a net gain on governor of fourteen. At the same ratio the 350 precincts in the state would show a net loss on the electoral ticket of 1,950. The republican majority two years ago was 4,814.

Massachusetts Results.

BOSTON, Mass., Nov. 9 - Returns are coming in very slowly, but it is certain that the Harrison electors have been chosen by a good plurality. The democratic state com-mittee claim the election of their governor by from 1,500 to 2,000, but republicans do not concede it.

HELENA, Mont., Nov. 9. One hundred and seven precincts give Harrison 9,918, Clove land 9,704. Republicans claim the entire state ticket.

Discussed Politics With Fatal Results. MONTGOMERY, Ala., Nov. 9.-Judge F. C. Randolph, probate judge of this county, shot and mortally wounded William Metcalfe last night. The trouble is said to have been Randolph is one of the leading democrat, of the state.

The three rooms were filled with the THE BEE from thirty-four counties on presiyoung congressman's most ardent agnirers, but none of them undertook to explain why dent, which show a plurality for Harrison of Mr. Bryan claimed his election by a net 5.422, and incomplete returns from ten other plurality of 235 when official returns from counties increase that plurality to nearly every 7,000.

Complete returns have been received on governor from thirty-three counties which show: Crounse, 39,180: Morton, 21,527; Van Wyck, 30,242. With incomplete returns from eleven other counties the indications are that Crounse is elected by from 10,000 to 12,000 plurality over Van Wyck. The vote of the counties heard from complete on president and governor is given below :

between the election board and Deputy United States Marshal Harris and Special Deputies Reninger and Brewer. The BEI Wea representative interviewed Deputy Sucriff Joseph Carney, who was in Jackson the entire day. He says: "Marshal Harris arrived in Jackson about So'clock in the morning and went to the place intended for voting purposes, but the polls were not open and it was close onto f o'clock before the election board was sworn in and voting commenced. Immediately after the opening of the poils Marshal Harris and he deputies, followed by about forty citizens who acticipated trouble, went to the poling what authority he was there and stated that he intended to remain and follow out his instructions and see that no illegality took place. The judge of the election informed him that they were able to run their own elections and would not tolerate inter-ference by United States marshals, or any body cise. Harris said he would leave only by force, and he was accordingly forced out of the building, as was also everybody cise. Harris then deputized me as special deputy, but I would not accept the office and refused to assis 38,411 him in effecting an entrance by force. I tried to prevail on the board to let him in, but they refused flatly to let him interfere with their election. At one time it looked as though blood would be spilled, but cooler heads prevailed. Harris again made demands for admission, but was refused." Jackson is a strong democratic precinct and for years illegality has reigned supreme. Harris has taken the names of the election board and the deputy 1,469 156 411

sheriff and will cause warrants to be issued for their arrest. The presence of Deputy Marshal Harris and assistants in Covington caused illegal voters to keep away from the polls and those who did offer their ballots upon whom suspicion rested were challenged and had to be sworn Of all of these a record was kept and 1,040 1,733 948 1,789 296 an example will be made of them.

Hicks, chairman of the Board of Public Works, on the charge of illegal voting. The arrest was caused by James Malone, who went before United States Commissioner Billingsley this morning and filed complaint charging Prof. Eleas with having fraudulently registered at the Oriental hoter from 1426 L street. The complainant recites that Hicks never resided at that number, and therefore had wrongfully voted. Prof. Hicks was taxen before United States Commissioner Ellingstey and gave bail for his

Bartley, the republican candidate for treasurer, has but 57 the better of Beckman, comocrat, and Attorney General Hastings' plurality is but 400. The other republican candidates for state offices are 2,100 to 2,900 votes to the good.

For the Legislature,

Humphrey, for commissioner

The democrats have elected W. N. Babcock, manager of the South Omaha stock vards, to the secate. The republicans have elected Lobeck and either Clarke or Noyes. Clarke is 224 ahead of Noyes, and as the unreported precincts are in the city he is likely to maintain a lead over his older colleage on the ticket.

The republicans have captured seven seats in representative hall, which will be occupied by Crane, Goss, Kyner, Lockner, Nason, Ricketts and Sutton. The democrats have saved only Ames and Morrow.

Kaley, the republican candidate for county attorney, will have a plurality of about 1,000. The independents polled a big vote, but their only consolation is the election of Judge Hascall as councilman from the First ward. For President and Governor.
