THE OMAHA DAILY BERS FRIDAY, NOVEMBER 11, 1892.

The outlook for the completion of the union depot at Tenth and Marcy streets in this city is not so favorable as it was some time sgo. In fact the whole matter is now in the taugle of a lawruit, which hid; fair to have some lasting qualities and go through the long run of the courts.

There are two suits, one brought by the Whicago, Milwaukee & St. Paul and the Sther by the Rock Island railroad, and both are against the city of Omaha the Union Depot company and the Union Pacific road,

The petitions which wore filed yesterday morning are identically the same and set forth the several attempts of Omaha in trying to secure a union deput fown in that part of the city. The history of the advent of the Union Pacific read into Omaha is recited at length. as well as the history of the gifts which the city has made and the subsidies that it has given to that road. The viaduet question is all gone over and the whys and the wherefores; the recent action of the city council in appointing a special committee to reach an understanding and then report to the council is touched upon and made a cause of action.

Then the petitioners pray for an injunc tion to restrain the city of Omaba from deed-ing any property to the Union Depot com-pany, the Union Pacific Railroad company, or their assigns until such time as the Union Pacific Railroad company shall be will-ing to enter into an agreement by which the other railroads entering Omana shall be allowed to pass over the bridge upon the payment of just and reasonable tolts, such as may be agreed upon by the city, the roads and by all other inter-

ested parties, persons and corporations. The petitions recite that when the city shall enter into a contract that will protect other roads, as well as the Union Pacific, then all will be well. What the petitioners object to is the giving away by the city of the right to legislate on bridge tolls.

The grounds of action are those treated of by Messrs, Cable and Miller in their recent letters to the city council.

BETTER SUBURBAN SERVICE.

Changes Made in the Missouri Pacific Train Service-Other Railroad News.

A. W. Dickinson, general superintendent, C. M. Rathourn, division superintendent, H. P. Payne, assistant general passenger agent, J. C. Nicholas, general baggage agent, and E. S. Jewett, passenger and ticket agent at Kansas City, officials of the Missouri Pacific system, were in the city yesterday on a tour of the Nebraska division. As a result of their visit it is announced that a new time card will go into effect Sunday, November 20, on the western division, the object of the new card being to give visitors from the state a longer time to spend

A meeting of the Transmissouri association a meeting of the Pressmissouri association is called to meet at Chicago November 15 to decide whether a chairman shall be elected or not. Mr. G. Mor adden, it is thought, will be elected should the association decide to have a chairman instead of a secretary. There is a report in railroad circles that the Rock Island has made a deal with brokers in Spokane to secure second class and controllable business for that line. If this is true it is the beginning of the prom-ised war on the Union Pacific be-cause of the latter's refusal to accept coupons from other lines unless business be given that road at the Missouri uver.

AFFAIRS AT SOUTH OMAHA

Settlement of the Difficulty Between the City and the Paving Company.

WHAT THE CITY COUNCIL DID LAST NIGHT

Business of Importance Transacted - Democrats Aiready Fighting for the Appointment of Postmaster - The Policemen's Party-Magie City Notes.

All is now lovely between the city council and the California Petroleum and Asphalt company, and the long drawn out controversy is at an end. A few weeks ago terms of settlement of the Twenty-fourth street paving muddle were spreed upon between the council and company, and at la t night's meeting of the council the company handea in its increased bond of \$25,000 for the faithful performance of the completing of the paving of Twentyof the completing of the paving of Twenty-fourth street. The bond is signed by Ed Ainscow, James Ainscow and F. J. Kaspar. The bond was approved by Mayor Walters. B. E. Wildox submitted a bid for sloping banks in the city at 2014 cents per cubic yard. This is the third attempt to secure bid was received before and thay was for 30 bid was received before and thay was for 30 cents per cubic yard. In the past the city cents per cubic yard. In the past the city bas been paying for this work not to exceed 23 cents per cubic yard. Chairman Wood of the committee on streets considered the price excessive and asked the council to coaider the bid, without the recommendation of the committee. Owing to the high price com-manded by a man with a team of horses, and the demand for them so good, it seems impos-sible to secure a lower bid. The bid was re-jected, and it was voted to postpone sloping

the banks until next spring. An ordinance was introduced providing for the issuance of 7 per cant paving bonds, \$2,700 for district No. 12 and \$4,500 for district No. 13. Also an ordinance providing for the issuance of 7 per cont grading bonds, \$1,350 for district No. 17, and \$1,500 for district No. 18. Both ordinances were referred.

The assessment against Coupeilman Haley's property at Twentieth and Brown streets was reduced to a valuation of \$240. Mr. Halley's property was assessed after fire had destroyed the buildings and returned at the same valuation as last year.

Mr. Wyman offered a resolution that the city confess judgement to John Condon & Co. in the sum of \$561.54 for grading done. Condon & Co. have a suit pending against the city for \$1,151.90. The claim at one time was assigned to the South Omaha National bank, and judgment will be confessed when that institution reassigns the claim to Condon &

Chief Beckett's report showed seventy four arrests during October. Attorney Charles Offutt called the coun-cil's attention to a suit brought in the dis-triet court by the South Omaha National bank to recover payment on several grading warrants amounting to \$2,231.68 held by the bank. He suggested that the city confess judgment. The mayor referred the matter

to the finance committee and Attorney Van Dusen The council's attention was called to the fact that a saleon is being conducted at Twenty-fifth and N streets on a license issued to an employeef a brewing associat tion, who has since been discharged. Chief Beckett win investigate and an arrest will follow if such is the case. The council aujourned until Monday even-ing at 7:30 o'clock.
