

DUN'S REVIEW OF THE WEEK

Business Throughout the Country Remains Excellent. ACTIVITY IN THE GREAT INDUSTRIES

This Year's Volume of Trade Has Been Greater Than Any Previous Year's—Clearing House Statements—Wall Street for a Week.

New York, Nov. 25.—R. G. Dun & Co.'s Weekly Review of Trade says: The announcement that gold would be exported today, though not in a large amount, has not necessarily as much meaning as many supposed.

At Philadelphia trade in general is fairly active, money is easier from lack of demand, and is expected to be easier than usual for the coming month.

At Baltimore a slight increase is seen in the local demand for goods, the supply of money is ample and the caution shown in southern dealing has been justified by excellent collections this season.

At Cincinnati cigar manufacturing does well. Trade is good at Cleveland, though not changed in iron. Money is close, with active demand.

At Detroit money is in strong demand, but iron is lower. The volume of trade at Chicago is satisfactory and collections are good, with money in strong demand.

At Kansas City, live stock receipts are heavy, but grain receipts are light. At St. Louis retail trade is improved by more favorable weather.

Business at Memphis has slightly improved, as also at Little Rock. Trade is improving at New Orleans, with money much easier and cotton and sugar very active.

In the speculative markets cotton has absorbed interest because of the enormous transactions, amounting to about \$3,000,000, or nearly the entire crop, broken and one full week. The sales this week have been 1,800,000 bales, and the price has advanced five or six cents a cent, with small signs of the reaction which such a movement generally brings.

Low crop estimates now prevail at the south, on the ground that frost has done much damage. Wheat is comparatively inactive, with three-eighths of a cent decline, and corn and oats unchanged with small transactions. Pork prices are higher, at \$1.25 per barrel and lard three-fourths of a cent. Coffee is also stronger by half a cent.

In the Great Industries. The condition of the great industries is decidedly favorable, in general the manufacturer promises to have no "between seasons." Women cuts are still in demand, sales of wool greater than a year ago, with smaller stocks. The cotton industry is thriving everywhere. In iron the market remains firm, with large orders for structural products.

Money has been steady at 4 per cent, the treasury having declined to circulation by issuing \$300,000 more notes. Exports here for three weeks fall 17 per cent below last year's, and imports are much larger, but last year's excess of exports in November was so vast that some excess is probable this year. Stocks have been weaker, declining in a dollar per share, but there is no sign of special disturbance.

The business failures occurring throughout the country during the past seven days number 303, as compared with 207 for the corresponding week last year. For the corresponding week last year the failures were 202.

CLEARING HOUSE STATEMENTS. Omaha Again Shows Percentage of Increase—Reports from Other Cities. New York, Nov. 25.—The following table compiled by Bradstreet's gives the clearing-house returns for the week ending November 25, 1892, and the percentages of increase or decrease as compared with the corresponding week last year:

Domination of Canada. Montreal, \$4,438,711, 2.7. Boston, \$1,908,287, 2.9. Philadelphia, \$1,700,000, 2.9. Total, \$8,046,998, 2.9.

Bradstreet's Review of Trade. New York, Nov. 25.—Bradstreet's weekly review of trade says: Features of the business week, aside from a certain total of transactions, due to the holiday, are the improvement in distribution of seasonable fabrics, owing to cooler weather in the west and northwest, and, notably, the encouragement given interior merchants at the south by the advance of three-fourths of a cent in cotton. Eight of the larger southern cities, with a possible exception at Charleston, find an improved demand in leasing lines, revived interest in Christmas specialties, and mercantile collections very favorable. At Richmond and Atlanta this is true, as at Birmingham and Galveston. At New Orleans, while sugar and rice are moving freely, the former is higher and the latter lower in price. Not the least important consideration respecting the outlook on this side is that while the cotton output is considerably smaller this year the acreage planted with corn and other grains, tobacco and "fruits" has more than correspondingly increased.

SAVED THE LIFE OF A CHILD

Good Result of Motorman Glass' Presence of Mind. WHY BALL PLAYERS SHOULD NOT RECOVER

Novel Ground Taken for the Dismissal of Suits Brought Against a Member of the Defunct Western League at Lincoln.

Lincoln, Neb., Nov. 25.—[Special to The Bee.]—Motorman Glass, an employe of the Lincoln Electric Street Railway company, had the good fortune to save the life of a little 6-year-old girl this forenoon in a singular manner. He runs from the city to Battery Heights on car No. 108, and it was while making a regular run to that suburb that the incident described below occurred.

Two children named Betts, whose parents live at the corner of Twenty-eighth and Y streets, had been raking together a quantity of dead grass and leaves and when they had accumulated quite a large pile they set fire to it. The little girl approached too close to the flames, and as a result of her carelessness her dress was ignited. She started to run for home just as Motorman Glass observed her predicament. He was half a block away, but he instantly shut off the current, put on the brakes and jumped from the platform. The flames were by this time burning furiously and the entire lower part of the little girl's body was being horribly scorched. After a pursuit of a block Glass caught the child and with his gloves hands quickly beat out the flames, but not until the little one's legs and body had been badly scorched. He carried her home, where medical aid was summoned, and tonight the child is resting easily, but suffering not a little. The timely action of Motorman Glass undoubtedly saved her life, for in another moment or two she would have been so badly burned that recovery would have been impossible.

Punished His Brother's Coat. Seth Beale, a young colored man, was arrested at Omaha this morning for obtaining money under false pretenses and Chief of Police Otto started for that city on the first train after his prisoner. The crime dates back a year when Seth pawned a coat which belonged to his brother Thomas. The other day the coat was replaced from the pawnshop and Seth was arrested on a warrant for the brother's arrest. Seth Beale has figured quite prominently in the criminal annals of the city. A few years ago he was indicted for murder at Beatrice, but after being sentenced to be hanged he secured another trial and was acquitted. Last winter he was stabbed in the neck by Mattie Woods, his white wife, and for several weeks his life hung in the balance. He was present at Wilson's saloon when the silver coffee was shot and killed Charlie Thomas last May, and was a witness of the attempt of Burke to shoot W. N. Corneal at the same saloon last July.

Again in Court. Lincoln has yet to see the end of the two ball war. It will be remembered that two years ago, after the ill-fated Western league had gone into bankruptcy, a number of the members of the Lincoln team sued the local association for salary due them. Among these players were Dave Lowe, Cleo and O'Day. Their suit was against Frank N. Little and has been pending in the district court ever since. This morning Mr. Little came into court with a petition to have the case dismissed on a very novel ground. Two weeks ago the supreme court of the state decided that ball players are not entitled to salary until they have been paid for a game. Mr. Little claims that inasmuch as Sunday ball playing is illegal, and as the contracts with the players all provided for Sunday ball, the contracts are therefore against public policy and null and void.

Lynch an Alleged incendiary. Columbus, S. C., Nov. 25.—The particulars of a lynching at Timbers Creek, near Rock Hill, last Tuesday, have just been received. Nathan White, a colored tenant on the farm of Thomas Corneal, was suspected of having burned the latter's barn and contents, occasioning a loss of \$1,000. Corneal and Dr. G. W. Hill arrested him and started to tow him to have him put in jail. Hill reports that when about eight miles from Rock Hill a mob rushed on them, beat the prisoners and killed him to death. White confessed that he burned the barn.

DIED. SCHIEBEL—Leonard, age 63 years. Funeral Monday, November 28, at 8:30 a. m. from residence, 248 California street to St. Mary's Catholic cemetery. Interment German Catholic cemetery. Mr. Schiebel was an active member of the Catholic Knights of America.

HAIT—Mrs. Donnell, age 31 years, at family residence, 2714 South Twenty-first street. Funeral Sunday, November 27, at 1:30 p. m. from residence to St. Patrick church. Interment St. Mary's cemetery.

The grand jury has adjourned until Monday. The large safety racks across O street on each side of the Rock Island tracks are being placed in position. They are operated by compressed air. The fire department was called to 1300 E street this morning by a blaze in a small grocery store. The damage was trifling.

Mrs. Mary C. White of Oak Oak, Ia., is in the city in search of her 4-year-old daughter whom she claims was stolen by her husband two years ago. She recently learned that White had abandoned the child in this city and came here in search of it. Gospel at the State House. Governor Boyd this afternoon commuted

A Friend

Wishes to speak through the Register of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need of a laxative to try Ayer's Pills."—Boothby (Me.), Register.

And I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Rensselaer, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists Every where.

Every Dose Effective
