THERE WAS A VERY QUICK ADVANCE

During the Last Hour There Was a Reaction and the Market Became Weak on Realizing Sales-Stocks and Bonds.

CRICAGO, Ill., Dec. 8.-Wheat maintained its fall of day before yesterday's closing prices, but it was weak to toward the close, and at about is higher than on yesterday afternoon. Corn opened firm and closed weaker and is lower than on the day before. Provisions felt the effect of liquidation, more especially for pork, which made a drop of 42%c from the top prices, but recovered 17% at the close.
Wheat opened with first sales at yesterday's

closing figures with a number of buying orders on the market, and very little for sale, and there was a quick advance. Receipts in the northwest, while a good deal smaller in consequence of the storms there, were still largely in excess of those a year ago. But the Cincinnati Price Current reported that the stocks of wheat in the country— except in the northwest—were reduced below the average of former years. The clearances from the scaboard were also reported liberal and the talk of big concentrated buying by a powerful bull clique made shorts nervous, stimulated covering and increased the speculative buying. There was a reaction during the last hour and the market became weak on realizing sales in the final fifteen minutes. The market at the start advanced \$\frac{1}{2}\text{c}\$, then sold off \$\frac{1}{2}\text{c}\$, held steady and closed from \$\frac{1}{2}\text{c}\$ to \$\frac{1}{2}\text{c}\$, then sold off \$\frac{1}{2}\text{c}\$, held steady and closed from \$\frac{1}{2}\text{c}\$ to \$\frac{1}{2}\text{c}\$, the market at the start advanced \$\frac{1}{2}\text{c}\$, then sold off \$\frac{1}{2}\text{c}\$, held steady and closed from \$\frac{1}{2}\text{c}\$ to \$\frac{1}{2}\text{c}\$ in the buying of 33,000 bu. of May by Wright, which made room traders a little uncertain and many covered, but when this support was withdrawn the price sagged back losing the early advance and closed with \$\frac{1}{2}\text{c}\$ to \$\frac{1}{2}\text{c}\$ decline. Receipts were larger than expected.

Oats averaged slightly higher early, but closed easy about \$\frac{1}{2}\text{c}\$ lower than last night for May. The early strength came chiefly from sympathy with other grains. There is quite a "shortrage" in December, and the difference between it and May that was 5%c a week ago has decreased from \$\frac{1}{2}\text{c}\$ to \$\frac{1}{2}\text{c}\$.

Hog products opened strong and higher on the fact that hog receipts were 10,000 less than expected and prices at the yards higher. But there was free selling on the advance and a drop.

The week's packing in the west, according to buying by a powerful bull clique made shorts

drop.

The week's packing in the west, according to the Cincinnati Price Current, was 370,000 head, compared with 625,000 on the correlated, compared with sponding day a year ago. As compared with last night, pork is off about 15c; lard,7½c; and

Estimated receipts for tomorrow: Wheat, 200 cars; corn, 175 cars; onts, 175 cars; hogs, 23,000 head. The leading futures ranged as follows:

Omaha Produce Market.

Omaha Produce Market.

The receipts of produce were light, owing no doubt to the storm, which has delayed the trains and interfered with the movement of commodities of all kinds. There is likely to be only moderate receipts for a few days, or until the country roads are well opened, so that farmers will have no trouble in reaching town with their products. The general market continues rather quiet and with few changes of any importance. The egg market is a little firmer, as was noticed yesterday.

APPLES—Quotations are: Good'stock, 83.50 (24.00; choice to fancy, 84.0024.25.

BANANS—Quotations are: Fair to good shipping stock, 82.00@25.0 per bunch.

BUTTER—The bulk of the receipts of country roll sells at 14@16c. Select stock brings 1760 19c. and occasionally something is received that is good enough to bring 20c, but such packages are scarce. There is practically no demand for creamery, which is quoted at 2sc.

CRANBERRIES—Quotations are: Hell and cherry, 88.50 per bbl.; bell and bugle, 89.50; late Cape Cod, \$10.00. The arrivals on the market are light.

CELEMY—30.835c.

EGOS—The market is firmer and fresh stock is selling at 236224c.

GAME—The receipts for the week thus far have been quite large. The shipping demand at this point is good and that, together with the local demand, is sufficient to keep the receipts well cleared up.

MALAGA GRAPES—The market is well supplied and quotations are \$9.0029.50 per keg.

OYSTERS—New York counts are quoted at 35c and other fills as low as at 13c per can.

ONIONS—Homogrown stock is quoted here at \$00.85c, and \$5anish at \$1.90 per crate.

ORANGES—At present there are only Florida oranges, on the market, which are quoted at \$3.50 per box. It is estimated by competent authorities that in Florida there are 10,000,000 trees that will come into bearing within a few years. In California there are \$0.000.000 trees that will come into bearing within a few years. In California there are \$0.000.000 trees that will come into bearing and part will produce in a few years. As each tree rarely grows less than two boxes, and sometimes reaches as high as ten, it can easily be seen that in ten years from today the production of oranges in the United States on the basis of the low average of two boxes a tree will be \$3.000.000 boxes, or enough to supply the whole world. Last year the crop of California, and Florida combined was about 5,000,000 boxes of oranges, each box containing about 175 oranges.

Potatrix—The general market was about \$5.000,000 boxes of oranges, each box containing about 175 oranges.

Traders' Talk.

Chicago, Ill., Dec. 8.—Counselman & Day to Cockrell Bros. Commission Company: Wheat had an upward fluctuation of \$50 which frightened in some small shorts and brought out scattered lines held for a shipping profit. The advance was lost on moderate selling by bear houses and while there was not a beavy aggregate of trading done we think that the large lines both long and short, were slightly increased today. A conservative estimate of the amount of wheat sold in this market against purchases elsewhere and of the speculative short interest makes the aggregate slightly exceeding the visible supply. We do not believe that this imprecedented short interest can be liquidated without forcing prices considerably higher.

Cora and oats were dull and closed a shade easier after following the fluctuations in wheat. Trading was small and unimportant. The Cudahys continued their recent policy of selling all the hog product that the market would absorb. The country trade who sold pork below \$10.00 per bid during the cholera scare last summer are buying at \$6.00 per bid, advance with another cholera scare almost inevitable next summer. Comments are superfluous. perfinous.

Chicago, Ill., Dec. 8.—Kennett, Hopkins & Co. to S. A. McWhorter: On the quick advance shortly after the opening there was a taking of profits by room traders and probably some realizing by hig holders but the market has shown considerable strength. The clique have demonstrated their ability to sustain prices when the outlook was particularly gloomy and now that advices show a falling off of receipts it is generally conceded that it is possible for them to bring about a further advance. The short interest is quite large and the talk of a big

combine to bull the market would make it easy to force it to cover. Mysterious manipulating has special terror for shorts Exports continue large. Cables show some strength and receipts in the northwest were mearly 400 cars less than yesterday. Corn and oats were strong early but weakened on realizing sales. We advise buying them. In provisions heavy liquidation was checked by purchases for parties who have controlled the market recently.

STOCKS AND BONDS.

Dealings.

New Yorks Dec. 8.—The stock market had brief spurts of activity today but generally speaking speculation ruled dull and presents a feature of interest. The course of prices was decidedly irregular, but the net results of the day's operations were merely fractional changes in a majority of instances. It was reported that a new pool had commenced operations and were taking advantage of the large short interest to advance the price. Distilling and Cattlefeeding opened at 68 and closed at 67 the extremes of the day. There was a good deal of manipulation of the shares which mystified the traders and caused some of the timid ones to part with their stock. It is said that the

the traders and caused some of the timid ones to part with their stock. It is said that the directors at a meeting to be held on Saturday will determine the rate of dividends to be paid for the current quarter. The general list was influenced by the strength of sterling exchange and the talk about an influx of gold either on Saturday or by the steamers sailing early next week. The market closed weak. The sales aggregated 159.764 listed and 54,539 unlisted. Railway bonds were firm. The sales amounted to \$1,608,000.

The Post says: Sterling exchange was advanced again today, but the change in rates did not seem to clear up the situation in the market. The state of affairs is very singular. Monday's reduction in the demand rate was ascribed to the #asing off in London discounts; so that since the London money rate has not advanced since that day, it may be assumed that the actual trade and security movement has become more adverse to us; something which certainly was not expected. On the other hand Europe's demand for gold has shown considerably less urgent than it was a month ago. It is believed in London that Russia's needs have been pretty much supplied and the exceptionally strong position of the Bank of England suggests that the Austrian demand has been already provided for. The declining market rate for money in London and the reported reduction in the English price for bar gold point in the same direction. Cattle Trade Rather Inactive-Hogs Brisk but Slightly Lower.

OMABA, Dec. 8.—As was generally anticipated, the recent storm resulted in comparatively limited receipts today. Receipts for

Brief Spurts of Activity Characterized Early

the past four days foot up 11,000 cattle, 18,800 hogs and 2,200 sheep, as compared with 14,917 cattle, 27,080 hogs and 3,033 sheep for the corresponding four days of last week.

The cattle market was rather uneven. Fresh receipts wire not large, but added to what was left over from Wednesday the offerings were very pespeciable as to numbers. Sellers rather discounted light receipts for a day or two and were asking good strong prices, while buyers with plenty of cattle "in sight" were unwilling to pay more than steady prices unless it was for something really choice or prime. As a result the trade was not particularly active although in the main prices were rather strong than otherwise. Fair to very good 1,000 to 1,400-40, confied steers brought from \$3.55 to \$4.00 with poor to fair grades from \$3.50 to \$3.50. A very fair clearance was finally effected.

The trade in butchers' stock and canners was also more or less uneven although prices generally ruled steady with Wednesday. Including holdovers there were in the neighborhood of fifty loads on sale and everything changed hands in good season. Good to choice cows and helfers sold from \$2.00 to \$2.50. Under the same should be seady with wednesday. The standards had in good season. Good to choice cows and helfers sold from \$2.00 to \$2.50. There was a very fair trade in builts, oxen and stangs at fully steady prices. Sales were all the way from \$1.50 to \$2.50. Common cows and canners sold all the way from \$1.00 to \$2.00. There was a very fair trade in builts, oxen and stangs at fully steady prices. Sales were all the way from \$1.50 to \$2.50. Under the way from \$1.50 to \$2.50. Under the same selling at from \$2.00 to \$2.50.

Business was not very rashing in the stocker and feeder line. The fresh offerings were freely taken by the yard speculators at steady to strong prices, but with no country demand to speak of the movement in that direction was decidedly limited. Quotations were nominally unchanged. Representative sales:

Hogs—The supply was light, but as on Wednesday the demand did not appear to be overly urgent at the prices and the offerings did not go off like hot cakes. On account of the storm the receipts so far this week have fallen nearly 8,900 short of the same four days last week. The general quality of the offerings the past few days has been rather below the recent average. On the weak close to the provision market Wednesday the buyers all started in bearish and as there was little speculative and shipping inquiry to sustain prices early sales were at barely Wednesday's closing figures. Improvement at eastern markets caused a better feeling here and the close was at a shade to 5e advance on the early morning prices. Fair to good hors of all weights sold largely from \$5.95 to \$6.00 with choice heavy loads at \$6.05 and \$6.00 with choice heavy loads at \$5.05 and \$6.00 with choice heavy loads at \$5.05 to \$6.00 with choice heavy loads at \$5.95 to \$6.00 with choice heavy loads at \$5.95 to \$6.00 with choice heavy loads at \$5.95 to \$6.00 with choice heavy loads at \$6.00 against \$5.95 to \$6.05 Wednesday and \$5.65 to \$5.75 on last Thursday. Chicago Live Stock Market.

Chicago, Ill., Dec. 8.—(Special Telegram to The Bee.1—The cattle market was in no respect more favorable to sellers than on the closing day of last week. Supplies were far too large for the demand, and sellers found it impossible to empty the pens even at yesterday's decline. Trade was slow all day and the close of business found enough cattle still in the yards to nearly meet any demand that is likely to exist tomorrow. Sales were on a basis of from 90c to \$5.00 for inferior to choice cows and bails, at from \$1.65 to \$3.25 for stockers and feeders and from \$2.75 to \$5.75 for common to extra steers. Christmas beeves are quoted from \$5.75 to \$5.25.

At the opening of business this morning hogs advanced a point and they sold equally strong in the forenoon, the closing sale showing a gain as compared with yesterday's market of 5c. ELLA NEWTON'S MURDER. Arrest of James Meyers Charged with Com-

mitting the Crime. MOUNT VERNON, N. Y., Dec. 8.-Before daylight this morning Coroner Drew, accompanied by Detective Moore, went to the house of Mrs. Meyers, the woman who keeps the intelligence office at which Ella Newton applied for the address of some one wanting a nurse girl, and arrested Mrs. Meyers' son James on suspicion of having murdered Ella Newton. Meyers was locked up at police headquarters, with the two ne-groes who were arrested last evening. Cor-oner Drew thinks that James went to his mother's place, followed her and enticed her to East Chester, where he tried to assault her. It is also believed that he murdered her, either with or without the assistance of the negroes, and that after she was dead the three threw her into the water.

Not from a Financial Standpoint. "I do not recommend Chamberlain's Cough Remedy from a financial standpoint, for we have others in stock on whick we make a larger profit," says Al Maggini, a phominent druggist of Braddock, Pa., "but because many of our customers have spoken of it in the highest praise. We sell more of it than any similar preparation we have in the store." For sale by druggists.

Chicago Robbers Nabbed in St. Louis. St. Louis, Mo., Dec. 8 .- A gang of robbers from Chicago have been operating with the utmost boldness in this city, as they recently did in Chicago, but the police went to work with such good results that the band appears to be broken up. Over forty arrests of crooks have taken place and a Chicago de-tective has recognized about thirty of them as members of the organized gang which has been holding up and robbing people in broad daylight in that city and suburbs. Requisitions will be secured for the whole

Draw Your Own Conclusion Mr. J. O. Davenport, manager of the Fort Bragg Redwood Co., Ft. Bragg, Cal., has this to say of Chamberlain's Cough Remedy: "I used it for a severe cold and cough and obtained immediate relief. In the Fort Bragg Redwood Co.'s store we have sold large quantities of Chamberlain's medicines." For sale by druggists.

Didn't Dare to Kill Them. WILLIAMSBURG, Ky., Dec. S.-Several persons suspected of complicity in the assault and murder of Mildred Bryant were arrested and placed in jail here. A mob took es and one white man out, carried them to the woods and strung them up, pleading pitcously for life and protesting their innocence. They strung them up to a tree till nearly dead and then let them down. Still they protested their innocence. Again

they were hauled up and again let down and carried back to the jail. The white man and one negro will die. Something Good. I have sold and used in my family for several years Chamberlain's Colic, Cholera and Diarrhoza remedy, and have found it one of

the most useful and satisfactory remedies. I ever handled.—C. H. Lewis, druggist, Salt Lake City, Utah. Father and Son Assassinated. ATLANTA, Ga., Dec. 8.-John Roberts. well-to-do planter, while driving on the Sandtown road nine miles from Atlanta, was, with his 10-year-old son, waylaid near a dense clump of woods and both fatally shot from ambush yesterday. Roberts stated it was too dark to see who fired the shot, but he strongly believed it to be a farmer named Fred Cunningham, who is said to have a

sworn vengeance against Roberts for assault-ing his half-brother. An honest pill is the noblest work of the apothecary. DeWitt's Little Early Risers cure constipation, biliousness and sick head

RICHMOND, Va., Dec. 8.-Four Greeks, two brothers named Gibling and two brothers named Johnson got into a free fight in the Westlend last night. Blood flowed freely, pistols, knives and a bar of iron figuring in the contest. Peter Johnson, who was shot in the neck, is believed to be fatally wounded. The difficulty was about a profligate named Lottie May Whitlock, formerly an employe of the Johnsons, but who left them and engaged herself in marriage to John Gibling.

You don't want a torpid liver; you don't want a bad complexion, you don't want a bad breath; you don't want a headache. Then use De Witt's Little Early Risers, the

sponsible men.

Think what it means! Absolute confi-

dence in their Remedy, or they couldn't af-ford to take the risk. A long record of per-fect and permanent cures of the worst cases fect and permanent cures of the worst cases—or they couldn't have faith in it. It means no more catarrh—or \$500. If you fail to be cured, you won't fail to be paid.

But perhaps you won't believe it. Then there's another reason for trying it. Show that you can't be cured, and you'll get \$500. It's a plain business offer. The makers of Dr. Sage's Catarrh Remedy will pay you that amount if they can't cure you. They know that they can—you think that they can't. If they're wrong, you get the cash. If you're wrong, you're rid of catarrh.
