Mr. Cladstone's name has been seriously considered by the ceremonies committee and Secretary Kulp believes the committee can secure the famous Briton. Some weeks ago secure the famous Briton. Some weeks ago
the name of Emille Castellar was prominently mentionep. That a Spaniard, and so
eminent an orator as Castellar, should be

was also said that while Senor Castellar left
nothing to be desired in the Spanish language, when it came to speaking in English
he was at a disadvantage. Mr. Gladstone,

CONTESTS

Herman Stein Files Hip Answer to the Petition of S. W. Christy.

MAY SETTLE AN IMPORTANT QUESTION

Printed the Name of a Candidate Twice On Each Ticket Under the Advice of Independents and Democratic Committees.

Lincoln, Neb., Dec. 12.—[Special to THE Ber.]—Herman E. Stein, county cierk of Clay county, this afternoon filed his answer in the case of the State of Nebraska, ex rel., S. W. Christy, against Herman E. Stein This case was filed the week following the general election on the 8th of November, and was instituted by S. W. Christy who asked the supreme court to issue a premptory writ of mandamus compelling Stein to issue to him a certificate of election instead of to L. L. Johnson. The contest was commenced by Christy on the grounds that Johnson's name appeared twice on each ticket, once as the independent candidate and once as the democratic nominee. Christy claimed that this was illegal and insisted that the votes should not be consolidated.
In his answer Stein admits all of the alle

ations set up in the relator's petition, and presents copies of his correspondence with the chairmen of the democratic and independent central committees. He had prepared the ballot originally with Johnson's name followed by the words—"democratic—membra's independent." On October 37 he name followed by the words—'democratic—people's independent." On October 27 he received notice from the chairmen of the two committees to the effect that unless he printed Johnson's name twice on each ticket they would apply to the properly constituted legal authority for a mandamus to compel him to do so. To this letter Stein replied that in his opinion it would be illegal for one name to occupy two places on the ticket, and for that reason he declined to comply with their request. He was willing, however, to submit the case he declined to comply with their request. He was willing, however, to submit the case by stipulation of facts to the supreme court. Before any arrangement could be made to submit the matter to the supreme court Mr. Stein came to Lincoln and consulted an attorney of this city. This attorney advised him that either form of ballot would be legal, whereupon he notified the chairmen of both committees on October 29 that "rather than mittees on October 29 that "rather than appear to be taking an advantage of a political opponent by reason of my official posi-tion, I-have concluded to grant your request and print the ballots as you suggest." In order to make the matter certain, however, the democrats and independents commenced legal proceedings in the district court to compel Stein to print the tickets after their

Made Assurance Doubly Sure. After the vote of Clay county had been canvassed by the proper authorities, and after a certified abstract of the vote of Hamilton county had been received, Johnson commenced a suit in the district court to compel County Clerk Stein to issue to him the certificate of election. Judge Hastings caused an order to be issued requiring Stein to issue a certificate of election to Jonhson In accordance with this order Stein issued the certificate to Johnson. He new represents to the supreme court that he has no interest in this cause save and except as he may be affected by costs, and he prays the court that the peremptory writ may not issue.

Mr. Stein also files his answers in the cases of Palmer against Stein and Turner against Stein. His answer in both cases is similar to the one filed in the Christy contest.
