SOUTH OMAHA, Neb., Dec. 14, 1892 .-On the 6th day of October, 1892, I insured my dwelling house and furniture in Persons & Berry's insurance agency of South Omaha, in the Delaware li surance company, and on December 10 I was unfortunately burned out. Upon December 14 the full amount of the loss amounting to eight hundred and fifty dollars (\$850) was paid to me, and I take this means to advise my friends, acquaintances and the public to insure in the above agency, thereby being sure of prompt and equitable settlement in case of an honest loss. THE POLICY OF "HONEST" COMPETITORS

The Awful Honesty of a Business House Will Nearly Always Bear Watching-Legitimate Dealers Make No Such Claims.

Beware of the business house that is always advertising how hopest they are. Honest dealers' goods speak for them-

A man who is always talking about himself and telling people now honest he is and how dishonest his competitors are is a good man to watch as there is generally a

METHOD IN HIS MADNESS.

We know of a certain house in the same line of business that we are who are continually howling honesty when it relates to their goods and crying fraud against all other dealers, when the actual truth is that they carry in stock more imitation goods than any other house in Nebraska.

A FEW WORDS TO THE PUBLIC. California wines and brandies, Kentucky and eastern whiskies, and in fact all goods of every description usually carried in a general wholesale liquor dealer's stock, are all graded according to age and all wholesale liquor dealers handle the same kind of grades of

They are generally purchased from the same distillers and wine makers. Hence, in competition between whole-

sale dealers, it resolves itself down to strictly business ability and to the ability to purchase good goods cheap for for each and to conduct the business at the least possible expense.

All this talk by other dealers against us is simply because they cannot compete against our prices, therefore they resort to the only method left, that is simply BUSINESS lying.

We make no claims. We merely state that we buy our stock in large quantities for spot cash, and we sell it for cash at small margains depending on the volume of business for success. We leave it to the public to decide between our goods at reasonable prices and the goods of our ESTEEMED HONEST competitors at war prices.

To Houston, Tex.

On Tuesday, December 20, 1892, my second special party will leave Omaha, bound for Houston, Tex. On November 28 I took my first special excursion, a party of twenty. This party I conducted in person and hope to be able to do likewise with the next. All of the first party were so much pleased with their trip and with the rich and productive country they went to see that out of the twenty who went fifteen have made arrangements to move down and live there. I can't tell you about the many advantages of the place. Space does not permit. Suffice it to say, every one who went came to me and remarked, "I had not told the half." It is the place to make money. All kinds of business is good. Labor is greatly in demand. Wages are high. The climate is per-fect. The lands are deeply rich and as yet extremely low in price and terms The price ranges from \$2.50 to \$20.00 per acre: I have several thousand acres, in tracts and at different points, near the railroads, with timber or without, and all with good water. Can suit you or no harm done. Everything that can be grown in braska or Iowa can be grown on these lands; besides many things can be grown there which cannot be grown here. The most excellent results are obtained without fertilization.

Remember the time we go, next Tuesday, December 20. We will leave Omaha about 9:30 p. m. and arrive in Houston in forty-eight hours. Both chair and Pullman cars run all the way. The rates for the round trip, first class, will be cheaper than you can buy of any railroad company, and I will give you fifteen days to go in, fifteen days to come in and until June 1, 1893, to return.

WILL NOT OBSERVE SECRECY.

Chairman Caldwell of the Western Passenger Association Makes a Ruling. CHICAGO, Ill., Dec. 17 .- A ruling, handed down today by Chairman Caldwell of the Western Passenger association, removes all doubt as to whether the vote of any proposition may be kept a secret from the other members. In his decision Chairman Caldwell says there seems to be no provision in the agreement for the observance of secrecy, and that he not warranted in treating the votes cast by correspondence in any proposition as secret. In this decision Chairmain Caldwell reverses the position taken by his predecessor. Some time ago the Rock Island road asked for information as to how a comuetitor had voted on a certain question, and under the custom in vogue the information was withheld. This brought about a discussion of the subject and event-

ually led to the present ruling.
In accordance with a resolution adopted by the special meeting of the managers of the Western Passenger association this week, Chairman Caldwell has appointed a committee to go to New York and meet with representatives of the Canadian Pacific and Soo lines for the purpose of bringing about an agreement on steamship business. The committee is composed of John Sebastain of the Rock Island; W. F. White of the Santa Fe: George H. Hefford of the St. Paul; W. R. Busenbark of the Chicago Great Western, and J. C. Pond of the Wisconsin Central.

Commissioner Goddard confirms the call for a meeting of the joint committees in the Central Traffic associations in New York next Wednesday, as authorized by the managers' meeting last Wednesday. jects will be presented. BURIED IN THE POTTER'S FIELD.

Disposition of the Body of Benson, the Leavenworth, Kun., Murderer. LEAVENWORTH, Kan., Dec. 17 .- The body f Charles A. Benson, butcherer of Mrs Mettman, who made a desperate assault upon Captain Morgan, his death watch, and then stabbed himself to death, was buried in the Potter's field at Mount Muncie cemetary this afternoon at the txpense of the

county. The widow declined to receive the body or to look upon it. The body lay in an undertaker's shop last night and this forenoon and was viewed by several hundred people.
At 2 o'clock Rev. Dr. Page of the Presbyterian church went to the undertakers, ac-companied by Rosa, the dead man's daugh-ter, and performed a brief ceremony for the dead. The rude coffin containing the body was then placed in an express wagon and taken to the grave in charge of the under-taker. Rev. Dr. Page and the daughter were the only other persons who accompanied it.

Alloted Lands Indiscriminately. El Reno, I. T., Dec. 17 .- A question i being argued before the court now in session here, involving the legality of a great number of allotments made to the Cheyenne and Arapahoe Indians during last spring and winter. It seems that the alloting agents in charge of the work alloted land to almost every person who applied, whether they were members of the tribe or not. Some white men had settled among this tribe of Indians, but no provision was ever made for the adoption of themselves or their
