

HIS GUARANTY WAS NO GOOD

Fritz Miller, who Advertised in the World-Herald, Denied License. Outcome of the Trial by the Board.

Decided that the applicant acted in bad faith in not publishing his notice in the paper having the largest circulation.

In the application of Fritz Miller the license board decided in executive session last night to refuse the license.

The guaranties of the World-Herald company are therefore worthless and not worth the paper they were written on so far as obtaining licenses are concerned.

At an afternoon session of the license board yesterday, Fritz Miller was resumed. Two complaints had been filed against the applicant by Mr. Roswater, the first claiming that the applicant had not complied with the law when he advertised in the World-Herald.

Testimony from the records. Frank S. Brownlee, the clerk of the board, was called by Attorney E. J. Wines, who represented Fritz Miller.

He testified that he had seen the records of one year ago, which showed that Miller had advertised his application in the World-Herald.
