Stockholders of Sioux City's Embarrassed Institutions Make Serious Charges.

THE LEEDS COMPANY FAILED

Affairs of the Organization Said to Have Been Managed With a View of Promoting the Interests of a Few Individuals.

Stoux Crrv, Ia., Jan. 7. [Special Telegram to THE BEE. |-William Gordon, representing the Sloux City stockholders in the Leeds Land and Improvement, Sioux City Land, Leeds Annex and American Security and Trust companies which went to the wall yesterday made an application in the courts today for the appointment of a receiver for the four companies. He alleges that the Boston stockholders in the Leeds company conspired to get control of the management and then subverted it to push sales of lands they owned surrounding Leeds and in which Sioux City stockholders have no interest. He also makes specific charges against John I. Brooks of Boston, the financial agent, and accuses him of raising \$10,000 by sales of the company's bonds and of misappropriating \$95,000 of that amount. Boston stockholders who also hold some of the mortgages bonds oppose the appointment of a receiver. The question will be finally determined Monday. Today F. C. Henderson made an additional attachment of \$50,000. Sloux City creditors today discovered that when the Leeds company executed its trust deed to secure the mortgage it left out of the description two blocks of forty lots each and twenty-eight lots valued \$1,000 each, located between the factories, which it proposed to donate for factory sites. This property was free from all incumbrances and was at once levied upon in the same order for the same amounts as given yesterday. This discovery is assurance that local creditors will come out whole. Sloux City stockholders have no interest.

that local creditors will come out whole.

The Fidelity Loan and Trust company of
Sioux City, trustee for the local bondholders,
tonight instituted a foreclosure suit against
the Leeds company on \$200,000 worth of first

mortgage bonds past due.

G. W. Felt, Sioux City, filed an attachment against the Leeds company tonight for \$36,000. Total claims now filed aggregate \$95,673.

Iowa Murderers to Hang. CEDAR RAPIDS, Ia., Jan. 7 .- [Special to THE BEE. |-Iowa has had fewer legal hangings perhaps than any other state in the union Not since 1887 when Chester Bellam was hanged in Floyd county for the murder of his hiece and William Schmidt, was executed in Fayette county, for the brutal murder of the aged German couple who had adopted him, has capital punishment been resorted to. Within the next few months, however, two murderers will have paid the extreme penalty for their crimes. At Corning, January 16, James Dooley will be hanged for one of the most brutal murders ever committed. He is a young fellow about twenty years of age. He worked for a farmer named Coons. One day he took offense at Mrs. Coons. He seized a hatchet and hacked her to pieces, He then turned on her innocent little daughter and dealt her a fatal blow, then took a horse and fled but perhaps than any other state in the union

on her innocent little daughter and dealt her a fatal blow, then took a horse and fled but was overtaken by a posse and captured and narrowly escaped being lynched.

In 1888 J. K. Cumberland killed James and Jasper Robertson for their money. Cumberland had worked for the Robertsons and when neighbors missed them Cumberland said they had sold their farm and gone to Nebraska. He afterwards moved to Mis-Nebraska. He afterwards moved to Mis-souri, and there, long after the commission of the crime, was arrested. He pleaded guilty at his trial, but is now trying to get a new hearing.

RAILROAD WORKERS DEFEATED.

South Dakota Legislators Manage to Score

One Against Monopoly. PIERRE, S. D., Jan. 7 .- [Special Telegram to THE BEE.]-The city is nearly described. The legislature adjourned until Tuesday and nearly all the members except those from the Black Hills have gone home for Sunday. Much amusement has been caused here as a result of the speakership fight. Charley Mc-Coy the principal anti-Pettigrew leader in South Dakota, just after election made a deal with Surveyor General Sullivan, also anti-Pettigrew, to put in the field for speaker Everett of Huron and Lawson of Aber-

Everett of Huron and Lawson of Aberdeen, apparently rivals but in reality both pledged to McCoy.

A very hot fight ensued. When,
Pettigrew men arrived McCoy and Sullivan
both appeared to be backing Everett hard,
so Kittredge and Phillips eagerly backed
Lawson. Everett pulled out and Lawson
was elected. Kittredge gave it out as his was elected. Kittredge gave it out as his victory and promised all his friends fat com-mitteships. He made out a list and in-structed the speaker to name them. The latter said nothing, but appointed McCoy men and Pettigrew men were left out in the cold. Kittredge is an attorney for the Mil-waukee road and purposed to control the railroad committee in the interest of railroads. The speaker appointed a committee, all farmers and all howling anti-monopolists. This is considered the smoothest political play ever made in this state.

The governor has decided on the appointment of the railway commission, but the announcement will not be formally made until late next week. Joseph Green, chairman of the republican state committee, will be chairman and Frank Conklin of Clark will be a member, but John Brennan of Rapid City will not be appointed, despite the work of the solid Black Hills delegation. Thornby, the senator from Full River, feels

confident that he can secure the school for the feeble minded at Custer. Such institu-tion is urgently demanded to relieve the in-sane asylum. He claims that the air and water about Custer are more suitable than in any other part of the state. The bill was referred and will come up in a fortnight.

SCHEMES OF THE POPULISTS.

They Make a One-Sided Proposition to the

Kansas Republicans. TOPEKA, Kan., Jan. 7.-It is said that the populists intend to try and have all persons whose seats are contested excluded from the floor of the house pending a decision in their cases. If they can do this it will give them control and the organization. This will not be submitted to by the republicans, and it now seems probable that there will be a split, and that the parties will separate and each house set up for itself.

cach house set up for itself.

The supreme court handed down a large number of decisions this afternoon, among them being the Coffey legislature contest, wherein Rice, populist, asked that the canvassing board be reconvened and issue the certificate to him, heretofore awarded to Hallings seeding the convened and the certificate to him, heretofore awarded to the convened and the certificate to him, heretofore awarded to the convened and the certificate to him, heretofore awarded to the convened and the certificate to him, heretofore awarded to the certificate to him th Ballinger, republican, as a result of lot on a tie vote. The court holds that it has no authority to reconvene the board. The de-

cision thus favors republicans.

L. D. Lewelling, populist governor-elect, will be inaugurated on Monday, and Chairman Breidenthal of the populist state central committee will be master of ceremonies. A reception will be held at the state boxes in the evening. There will be no house in the evening. There will be no inaugural ball.

Governor Routt Delivers His Message. DENVER, Colo., Jan. 7.—The legislature met this morning, but the only business transacted was the appointment of a committee whose business it was to notify the governor that the two houses were ready to

receive his message.
At 2:15 this afternoon Governor John L. Routt appeared before the assembly and de-livered his message.

At the conclusion of the reading of the message both houses adjourned until Mon-

day.

The main topics reviewed in the governor's message are the finances and the manage-

ment of the state lands and public institu-tions. A World's fair appropriation of \$100, 000 is recommended. The message suggests an amendment to the state ballot law, mak-ing it possible to vote for persons whose names are not on the ballot.

names are not on the ballot.

One of the most interesting portions of the mossage is that relating to Colorado coal mines, as follows: "The enormous growth of our coal mining industry must challenge admiration. The total production of coal in 1873 was less than 70,000 tons, while for the current year we have the grand total of 3,770,000 tons and giving employment to 7,300 men. About one-third of this yast amount of coal is shipped to other states, thus bringing the revenue of about 3,500 tons annually. It will, with proper encouragement, within a few years be one of the greatest of all our industries."

PREPARING FOR A STEAL.

Wyoming Democrats Determined to Elect a

United States Senator. CHEVENNE, Wyo., Jan. 7 .- [Special Telegram to THE BEE !- All the members-elect of the legislature and the two state senators from Laramie county, in which Cheyenne is situated, had notices of contest served them this evening. All eight are republicans. Democrats claim that it has been done in order to prevent a has been done in order to prevent a steal of the legislature by the republicans who have a majority in the senate. They say it is only a precautionary measure and the contests will not be pressed if the republicans do not begin a wholesale slaughtering of democratic senators. Republicans look upon it as a scheme to insure the election of a democratic United States senator. Legislators are coming into the city on every train in order to look over the ground before the assembling of the legislature on Tuesday. The crop of senatorial aspirants is daily increasing and each appears to have some little strength. It is impossible now to even guess who will be Wyoming's next senator.

CARLISLE'S SUCCESSOR.

Many Kentuckians Desirous of Occupying

His Place in the Senate. LOUISVILLE, Ky., Jan. 7.-The Louisville Courier-Journal announcement that the Hon. John G. Carlisle will accept Mr. Cleveland's offer to go into the new cabinet as secretary of the treasury has brought out another candidate to succeed Mr. Carlisle as junior sena-tor from Kentucky. It is now said that Judge T. F. Hargis, a prominent law-yer of this city, has decided to enter the race. The following names have been men-tioned as probable candidates to fill Mr. Cartioned as probable candidates to fill Mr. Car-lisle's prospective vacant seat, and out of them no doubt the field of starters will come: Governor John Young Brown, Hon. W. C. P. Breckinridge, Hon. Cassius M. Clay, jr., Hon. J. Proctor Knott, General S. B. Buckner, Hon. James B. McCreary, Hon. W. J. Stone, Ex-Judge William Lindsay, Mr. Thomas H. Sherley and Hon. I. P. Good-night. Many others have been incidentally mentioned but the next United Stater sena-tor is probably somewhere in the group named.

South Dakota's Electoral Vote.

PIERRE, S. D., Jan. 7-[Special Telegram to THE BEE.]-Monday was the appointed day for electors to meet and vote for president. They arrived this evening and quali-fied and will meet at noon Monday and cast the vote for Harrison and a special messen-ger will depart for Washington with the ballots.

Wyoming's Electoral Vote. CHEVENNE, Wyo., Jan. 7.—The electoral college met here today and cast the three votes of this state for Benjamin Harrison for president. W. H. Kilpatrick was chairman and J. H. Barron secretary. At a session Monday a messenger to carry the certificate o Washington will be designated.

Filed Their Bonds.

TOPEKA, Kan., Jan. 7 .- The bonds of four of the new state officers were filed today. State Treasurer-olect Biddle is sick, but it is expected his bond will be ready Monday.

Annual Clearing Sale of Fall and Winter Goods:

For the Next Three Weeks Previous to Our Annual Inventory

We shall give a discount of 20 per cent on all Fall and Winter Goods in our establishment.

We have always adopted this method for our annual sale, as it insures our customers the exact reduction advertised --- no scheming, no deception, that so-called marked down sales are capable of---a big profit on some lines and a small loss on others---but an actual discount of 20 per cent on our entire stock of fall and winter goods, this discount to be taken from the low prices to which our stock was recently reduced---and in no instance will these prices be changed. Everything marked in plain figures. Please note that this discount does not include muslin underwear, linens, cotton goods, or dress trimmings.
