

WORK OF THE LEGISLATURE

Paddock and Powers Still Lead a Scattered Host of Senatorial Applicants.

CLARKE COMES IN WITH A RAILROAD BILL

Will Repeal the Newberry Affair—Some Investigations Provided For—Watson Offers a Memorial Favoring the repeal of the Sherman Silver Law

LINCOLN, Neb., Jan. 24.—[Special Telegram to The Bee.] The senatorial joint ballot developed 124 votes today, Farrer being the only absentee. The following was the result:

Table with 2 columns: Name and Votes. Includes names like Paddock, Powers, Clarke, etc.

Ricketts' vote was for Frank E. Moore of Douglas. R. E. Moore of Lancaster wasn't heard of today. The following were the other changes: Clarke, from Maxwell to Cronson; Cain, from Paddock to Furnas; Eggleston, from Thurston to Majors; Goss, from Paddock to C. J. Greene; Hale, from Miller to F. W. Vaughn; Keane, from Paddock to Reese; Leitch, from Boyd to Bryan; Lockner, from Paddock to C. J. Greene; Nelson, from Bryan to Vaughn; Sinclair, from Bryan to Boyd; Spencer, from Howe to Majors; Thomson, from Bryan to Vaughn.

Those not voting yesterday voted as follows: For Powers—Campbell, Felton, Harmon, Higgins, Johnson of Clay, Krick, McVey, Rhodes, Riley, Ruzgles, Scott.

For Paddock—Brown, Cotton, Johnson of York, Kloke, Lockeb, Wilson.

Ames and Withnell for Boyd; Griffith and Zahn, for Andrews; Jenkins, Nason and Klymer, for C. J. Greene; Luikart, for Miller; Schappel, for Majors.

IN THE SENATE

Investigations Ordered—Clarke Introduces a Railway Regulation Bill.

LINCOLN, Neb., Jan. 24.—[Special Telegram to The Bee.] In his opening prayer in the senate this morning Chaplain Snyder prayed for the enactment of wise laws in the state of Illinois. He afterward amended his petition by inserting the word Nebraska in place of Illinois. The journal of yesterday's proceedings was then read in part, and the remainder dispensed with.

Taking up the regular order of business, the senate listened to a petition from the Kearney county Patrons of Husbandry asking for the passage of a maximum freight rate bill.

Senator Halleck, chairman of the committee on railroads, wanted the papers in the Douglas county contest case and the senate adopted a resolution directing the secretary of state to turn the papers over.

A memorial was read from the State Agricultural society asking for an appropriation for an assembly hall for the coming year. Several incorporated state societies, the building to be erected on a site to be furnished free to the state by the regents of the State university.

The committee on employes was discharged from further service, but not until several members, whose friends evidently had not yet been provided with access, were given an opportunity to protest by an aye and nay vote.

For Two Investigations. Senator Harris introduced the following resolution: Whereas, There is a widespread feeling of distrust in the minds of the people occasioned by the suspension of the Capital National bank of Lincoln, one of the banks of deposit of the state funds; therefore, be it

Resolved, That the senate shall appoint three members of its senate, one of each political party, which shall be empowered to employ an expert accountant to thoroughly examine the condition of the state treasury report the same to this body at an early day.

The resolution was adopted without a dissenting vote. Senator Moore introduced another resolution on the same subject, as follows: Whereas, The Capital National bank of Lincoln, Neb., has recently failed, owing to the same cause as the Capital National bank of Lincoln, one of the banks of deposit of the state funds; therefore, be it

Resolved, That the attorney general of the state is hereby respectfully requested to advise this senate, if he has any information as to the admission of anti-monopolists in all the western states. The bill fixes the same minimum rates that prevail at the present time in Iowa and adopts the system of classification governing all systems west of the Mississippi river, with but two exceptions. One of these is in the rate of classification of binding twine, the rate fixed by Senator Clarke's bill being more favorable to the Nebraska farmer.

Must Operate Joint Switches. Representative Sator has brought forward a bill to compel all competing lines of railroad to construct and operate joint switch tracks at any city, town or village where two or more lines of railroad meet, as drawn by Mr. Sator provides that these transfer switches shall be for the common use of all parties interested. Whenever a shipper of freight from any point in this state to another point in the state, over two or more lines of railroad to reach such point

Amending the Insurance Law. Representative Bugbee has offered for the consideration of the house a bill to amend the insurance laws of the state. It provides that no joint stock insurance company shall be incorporated in this state unless the laws of Nebraska with a smaller capital than \$100,000 or more than \$1,000,000, of which capital at least 50 per cent shall be paid up in cash, and the remaining 50 per cent there must be in its possession notes of its stockholders secured by real estate in this state, or by mortgage on unincumbered real estate in this state to an amount at least twice the value of the notes, the security to be approved by the state auditor.

Relating to Deficiency Judgments. Two bills relating to deficiency judgments have been introduced. One by Mr. Suter provides that any person or corporation who takes a mortgage on real estate to secure the payment of money loaned shall not be entitled to any deficiency judgment against the mortgagor in case of foreclosure, when the mortgagor is under the mortgage fails to satisfy it. The other bill was introduced by Representative Woods. It provides that when a

petition shall be filed for the satisfaction of a mortgage the court shall have the power to decree and compel the delivery of the possession of the premises to the purchaser, but after having done so, the court shall have no deficiency that may remain unsatisfied, but the amount realized from the sale shall be in full satisfaction of the indebtedness for which the mortgage was given.

To Michiganize the State. The Michigan presidential law has been embodied in a bill introduced in the Nebraska legislature by Representative Van Housen. The provisions of the act are brief and simple. The law as prepared by Mr. Van Housen states that the presidential electors shall be elected by congressional districts instead of by the state at large, as at present.

Most Deposit State Funds. Representative Lynch has offered an amendment to the law requiring state and county treasurers to deposit funds in their hands in state banks. The amendment provides that all moneys coming into their hands must be deposited in state or national banks, and that no company or bank shall pay for the use of the moneys not less than 3 per cent per annum.

Striking at the Coal Combines. One of the bills that will doubtless come in for its full share of legislative attention this session, is that introduced by Representative Gifford. It is designed to prevent coal and lumber dealers from combining to maintain the price of these two important commodities. It prohibits coal and lumber dealers from combining to fix prices or to divide between them the aggregate profits. It also prohibits any company or individual from entering into any such combination or pool shall be liable to any person injured thereby to the full amount of damages sustained in consequence of such combination.

Stock Yard Charges. Comparison of Present Rates with Those of 1892. House bill No. 75, a bill for an act to regulate stock yards and fix commissions for selling live stock therein, and providing punishment for violation thereof, introduced by James G. Kreuse, and now in the hands of the committee on live stock and grazing, provides for radical changes in the management of stock yards.

Under present rules the commission for selling cattle is 50 cents per head, not to exceed \$10 per head; for horses, 80 cents per head, not to exceed \$10 per head; for sheep, 80 cents per head, not to exceed \$10 per head.

The new bill fixes commissions at 88 per cent for selling cattle, 80 per cent for horses, and 80 per cent for sheep. It also provides for a standard weight per ton of hay and per bushel of grain.

Under present prices are: Hay, 81 per 100 pounds; corn, 81 per bushel. The most radical change provided for in the new bill is the fixing of a standard weight for a sufficient number of competent persons appointed by the governor of the state to act as inspectors of the purchase of incandescent lamps.

Must Furnish Lamps. CHICAGO, Ill., Jan. 24.—Attorneys for the National Electric Construction company appeared before Judge Crosscup in the United States circuit court this morning to continue arguments under an intervening petition in the case of the Edison Electric company against the Sunbeam Incandescent company.

Upper House of the South Dakota Legislature Defeats Unfavorable Legislation. PIERRE, S. D., Jan. 24.—[Special Telegram to The Bee.]—The great railroad question was practically decided so far as this legislature is concerned.

CONTROLLED BY RAILROADS. PIERRE, S. D., Jan. 24.—[Special Telegram to The Bee.]—The great railroad question was practically decided so far as this legislature is concerned.

ALLEGED STARTS SOUTH. ILLINOIS' Sick Governor Goes to North Carolina for His Health. SPRINGFIELD, Ill., Jan. 24.—Governor Altgeld left this morning for Asheville, N. C., to seek rest and recuperation.

Moonsighting in New York. BROOKLYN, N. Y., Jan. 24.—An illicit whisky still in a barn located in a swamp near Woodhaven, L. I., was raided by government officers early this morning.

Another Hitch. GALVESTON, Tex., Jan. 24.—A special from San Antonio to the News says: The fact that the San Antonio & Aransas Pass railway was not transferred to the Southern Pacific company yesterday as expected is an embarrassing and helpless condition.

Weather Forecasts. LOCAL NEWS AND Cold Northwestern Winds is What Nebraska May Expect Today. WASHINGTON, D. C., Jan. 24.—For Nebraska, North and South Dakota: Local snows; colder; northwesterly winds.

Official of the Weather Bureau, OMAHA, Jan. 24.—Omaha record of temperature and rainfall compared with corresponding day of last four years.

Relating to Deficiency Judgments. Two bills relating to deficiency judgments have been introduced. One by Mr. Suter provides that any person or corporation who takes a mortgage on real estate to secure the payment of money loaned shall not be entitled to any deficiency judgment against the mortgagor in case of foreclosure, when the mortgagor is under the mortgage fails to satisfy it.

One True Medicine for Lost Nervous Strength.

Cures Effected by Pain's Celery Compound.

What Scientific Research Accomplished.

Proved by Success Where All Else Has Failed.

There is one true specific for diseases arising from a debilitated nervous system, and that is the Pain's celery compound generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced.

Phelps, M. D., L. D., of Dartmouth college, first prescribed what is now known the world over as Pain's celery compound, a positive cure for nervous ailments, neuritis, rheumatism, and kidney troubles.

For the latter Pain's celery compound has succeeded again and again where everything else has failed. Washington correspondents have recently given it a great deal of attention since the most wonderful cure effected in the case of Commodore Howell.
