

ON STOP-OVER PRIVILEGES

Opinions of Railway Passenger Men Divided Concerning the Proposition.

MAJOR BUCHANAN IS OPPOSED TO IT

Why the Elkhorn Wants People to Go Straight Through—Hastings Seems a Little More Favorable—General Railroad Matters.

In the arrangement of World's fair rates in transmissory territory, the matter of stop-over privileges is an important point with the railroad men.

The railroad people generally do not look with favor on the proposition, though a few seem friendly toward giving the Omaha business houses the benefit which would undoubtedly accrue through stop-overs here.

General Passenger Agent Buchanan of the Elkhorn is opposed to the scheme, in speaking of it he said: "In general, I think stop-over privileges on passenger tickets are inconsistent for either the passenger or the railroad company, as confusion or loss of ticket may make serious inconvenience."

Mr. John Francis, general passenger agent of the B. & M., was a little more friendly to the proposition, stating that outside of continuous train passenger tickets which necessarily carried with them the idea of a one-fare for the round trip and limited as to time, he could see no reason why people who desired could not stop off at Omaha either going or coming.

Mr. Francis said that the rumor of close arrangements between the Pennsylvania and Burlington, the latter having an eye on Chicago, is so far as he knows, only a rumor.

BUREAU OF INFORMATION.

Visitors to the World's Fair Can Keep Posted on Lines of Transportation.

CHICAGO, Ill., Jan. 30.—An improvement is shown in the volume of eastbound freight traffic from Chicago, although the record is still considerably behind that of a year ago.

Articles of agreement for the reestablishment of a bureau of information during the World's fair were signed up today by the committee of general passenger agents appointed for that purpose.

The Burlington statement for December of the year 1892 was issued today. The report for the month shows that the earnings were \$1,544,275, an increase, as compared with the corresponding month of the previous year, of \$137,747.

Broken Agreement. KANSAS CITY, Mo., Jan. 30.—There is every indication that the agreement recently entered into for the purpose of maintaining eastbound rates has already been broken.

YOUR CASH OR YOUR CARS

Judge Dundy's Terms Decision in the Pullman Injunction Case.

WILL NOT GIVE IT ANOTHER CHANCE

Unless the Palace Car Company Complies with Certain Suggestions the City Treasurer Tomorrow Will Appear in the Role of Auctioneer.

By Judge Dundy's refusal to reinstate on the court calendar the case of the Pullman Palace Car company against Douglas county and the city of Omaha, it is not among the improbabilities that Mr. Pullman may have to go down in his jeans and settle his long open account with the municipal corporation.

In the order issued Judge Dundy reviewed the case at some length, giving the conditions under which the two positions were introduced to prevent the city of Omaha and Douglas county from collecting taxes levied against the car company.

Can Pay Under Protest. A few days ago the Pullman company introduced a motion to have the case reinstated and to allow it to be set for trial on the 15th of February.

FAVOR THE PURCHASE. Councilmen and Fire Commissioners Want Two Steamers Added to the Department.

Bound to Get the Cash. In concluding his summing up of the situation the judge said: "Anticipating a failure of this motion to reinstate the complainant has already filed a petition for a new action in the county court."

Building Permits. The following permits to build were issued yesterday by Inspector Tilly:

Put Up the Money. LINCOLN, Neb., Jan. 30.—(Special to the Bee.)—City Attorney Council of Omaha appeared before the federal court this afternoon with reference to the case of the city of Omaha against the Pullman company.

Printers' Election. At the meeting of Typographical union 130, held Sunday, Leo Hartley was elected delegate to the Central Labor union, vice Herman Mathes, resigned.

Is It Worth the Chance?

If you are sincere in encouraging honest manufacturers in giving you pure preparations instead of worthless ones, at fair instead of seemingly cheap price, it is worth the chance to purchase the dozen and one adulterated extracts on the market instead of Dr. Price's Delicious Flavoring Extracts of Lemon, Orange, Vanilla, etc., that impart the natural flavor of the fruit, and are endorsed for their purity, strength and economy?
