The morning after he was nominated some of the members of the organization started a report to the effect that a vigorous fight would be made against him, on the ground that he was unfriendly to them. They stated that two of his employees had applied for membership in the order, but before they joined he told them that if they joined they would have to get a new place to work, as he would have no one of that kind about his place. Keller was approached by a man yesterday and asked as to the truth of the report. He stated emphatically that he had never stated anything of the kind, and as a guarantee that he was telling the truth offered \$1,000 in cash if he would find any of his employees who would tell any different story.

NEWS FROM COUNCIL BLUFFS

Talk of Erecting a Young Men's Christian Association Building.

HAS A GREAT MANY EARNEST ADVOCATES

Members of the Association Discuss the Matter Intensely - Need for More Commodious Quarters - A Great Revival in Religious Affairs.

A meeting was held at the rooms of the Young Men's Christian association yesterday morning to talk over the advisability of making before the public the idea of erecting a building for the association in this city. There were present, besides the members of the board of directors, W. A. Magee and C. C. Michener, two of the state secretaries. The meeting was rather informal, and was devoted mainly to the discussion of the matter referred to in the call-to-build, or not to build. The remarks made by those present were uniformly favorable to the scheme. Every one admits that it is a long time since Council Bluffs has been so stirred up over religious matters in general, and Young Men's Christian association work in particular as it is now. The Mills members of the fall and winter meetings held in nearly all the churches during the last two months, and the four days session of the state convention of the Young Men's Christian association, which were here all combined to stir the city deeply. It is believed that the present is as good a time as any to commence the active work of securing the necessary funds to purchase a lot and put up the building, and steps will be taken at once in this direction. Several meetings are under consideration, and will be held in the near future. It is believed that the directors are anxious to see Council Bluffs keep up with the best work in the state. The plan now proposed is to purchase a lot in the Merriman block, near the corner of the Merriman block, and erect a building of about 100,000 feet of space to be used for the use to which they are not at present being used. MR. O'DONAHOE'S PLAN FAILS

Council Refuses to Approve World's Fair Advertising.

POPULAR SUBSCRIPTION IS RECOMMENDED

Fifty Squabbles Over the Selection of a Library Director to Succeed Mr. Poppleton - Number Men Suspected of Sharp Practices.

The council has refused to appropriate \$10,000 for the purpose of advertising Omaha for the Nebraska building at the World's fair. This action was taken at last night's session, and no vote was lifted in favor of making the appropriation.

Some of the members were favorable to Mr. Ellasser's suggestion to vote \$5,000, provided \$2,500 was raised by the public spirited citizens; but the sentiment was not general enough to voting any sum, as the council did not have the legal right to appropriate money for such a purpose, and the members were not inclined to make their homesteads liable.

After a protracted discussion a resolution was adopted providing for the appointment of a committee of three to act in conjunction with the Board of Trade and other organizations to secure the required sum by subscription, commencing the project and urging the citizens to lend it financial support. The committee consists of Munn, Bruner and the following:

Mr. O'Donahoe, the president of the Nebraska Development company, was present and expressed the belief that the sum could be raised by subscription. From a personal canvass he had found but few business men opposed to the council making an appropriation for the city, and had met hundreds who were in favor of it.

The councilmen were all enthusiastic for the project but did not consider themselves justified in voting the money for such a purpose. The committee of three, however, is not expected to count for much, and the big show is not very bright.
