

SPARRING FOR WIND

Independent Senators Put in Two or Three Hours Staving Off Action.

ON THE GENERAL APPROPRIATION BILL

Question of Hearing Heads of Institutions Before the Committee of the Whole.

CHURCH HOWE FAILS OF CONFIRMATION

His Old Time Foe Gets Him on the Hip in the Executive Session.

SPEAKER GAFFIN HAS LOST ALL HOPE

He Thinks the Senate Will Kill Off All the Anti-Monopoly Legislation Passed by the House—Detail of the Howe Vote.

LANSFORD, Neb., March 1.—[Special Telegram to THE BEE.]—The usually steady and dignified senator threw off his courtly demeanor for once this evening and indulged in a free-for-all parliamentary scrapping match. The struggle arose over an effort by the independent senators to prevent the consideration of the general appropriation bill in committee of the whole, to which the representatives of the various state institutions had been invited for the purpose of speaking in regard to the needs of the several establishments. The independent senators had protested against the allowing these gentlemen to appear, claiming that the standing rules of the senate prohibited them. A point of order raised on Monday to the effect that it would require a two-thirds vote to change the rules was overruled by the president.

Trouble from the First Jump.

The fight commenced tonight as soon as the senate was called to order. When a motion was made to go into committee of the whole Stewart called for the reading of a number of bills which had been read by their titles this afternoon. The chair decided that the bills could be properly read tomorrow.

Senator Tefft moved that the senate go into committee of the whole. On this the yeas and nays were demoted.

Before the result was announced Dale demanded a call of the house. The doors were locked and the sergeant-at-arms sent after Senator Grey, who was the only absentee. At the end of ten minutes the speaker brought in the senator. As soon as further proceedings under the call were disposed with Stewart moved to adjourn. The chair ruled the motion out of order for the reason that a roll call was pending.

On the motion to go into committee of the whole Dycart changed his vote to aye and there he remained for a reconsideration of the bill. He called Senator Mattes to the chair. Then the independents began to filibuster and for an hour they prevented the effecting of the purpose for which the evening session had been called.

With Mattes in Command.

Stewart, Dycart and Dale led the fight. Stewart's motion that the committee rise was not agreed to and loud calls for a division were ignored by the chairman.

Innumerable appeals were taken from the decision of Chairman Mattes and he put them in a manner that tickled the crowd immensely. "All who favor sustaining the decision of the chair say aye." A chorus of ayes would float upon the smoke-tainted atmosphere and the opposition vote would then be called for in this manner: "All those opposed say no. The chair is sustained."

Independents would catch their breaths and fall back helplessly in their chairs, overcome by the superb presiding genius of the senator from Ohio. Of course they protested and waxed indignant, but that was all the good it did. Senator Stewart said he favored putting on hats and walking out, to which Senator North replied, "Go ahead, there is no string tied to you." No one walked out.

For Dycart.

Senator Dycart in grievance. Before the body went into committee of the whole he appealed from a decision of the president, but the lieutenant governor sat down on him and told him that his point was raised too late, out that it would properly come on again later in committee of the whole. Dycart waited his time, and when the same matter came up in the committee raised a point of order. Chairman Mattes promptly ruled it out of order. The senator from Nuckolls protested, saying that he had been promised that the point would be considered in committee, and that when he was called to the floor he would be able to make a speech.

Dycart's chair caught him before he fell to the floor. Finally Heard the Call.

The independents were in a minority, but after a long period of fighting they carried their point. They insisted that in order that the proceedings might be perfectly regular the committee be called to order. The senate took a recess in order to allow the gentlemen to speak. The republicans gave in at the end of an hour, only because they saw that they would be unable to make a progress unless they did give in. Motion was made to adjourn, and the lieutenant governor took a recess for one hour. Superintendent John G. Kearsney industrial school appeared for their respective institutions, and at the close of their remarks the meeting adjourned.

Majors Downed His Man.

The lieutenant governor took another leaf from Church Howe's cabbage this afternoon when the senate refused to confirm the appointment of the latter as a member of the State Educational board. It is stated that the reason that the senators refused to confirm was that they feared that such action would be unconstitutional and in violation of their oaths of office. Inasmuch, however, as this was the point raised by Majors against Howe when the matter was first talked of, it is not difficult to attribute the confirmation to the proper source. Further than this, it is a well known fact that the same objection was made against Howe's confirmation on former occasions when he was appointed to the same position and under the same circumstances by other governors, force or significance was not held to be sufficient to pass upon the question two years ago. The attorney general was called upon to pass upon the question two years ago, and he is not difficult to attribute the confirmation to the proper source. Further than this, it is a well known fact that the same objection was made against Howe's confirmation on former occasions when he was appointed to the same position and under the same circumstances by other governors, force or significance was not held to be sufficient to pass upon the question two years ago.

ALL SERENE IN KANSAS.

Populist Senators Recognize the Republican House of Representatives.

TORONTO, Kan., March 1.—The house today adopted the resolution introduced yesterday by Speaker Douglas pledging the house to consider bills for the extension of the powers of the railway commission for the redemption of land within a reasonable time after foreclosure, and other radical reforms. The senate recognized the house by sending a congratulatory message.

Factional Strife in Montana.

HELEN, Mont., March 1.—Factional lines are drawn tighter than ever in the senatorial struggle. Clark's friends declare they will stick to him to the death, standing by the caucus nomination. The Daly crowd say they will assist any democrat but Clark. The republican faction being manifested in the official relationship of Governor Osborne and Secretary of State Barber. The secretary today returned the commissions of five trustees of the university which were sent to him to have the state seal affixed. In an accompanying note Secretary Barber refused to affix his seal, asserting that the governor had no authority to make the appointments, the secretary quoting the law to sustain his refusal. The secretary would not receive the secretary's advice with very good grace, and the relations of these two officials are slightly strained.

SLIGHTLY STRAINED.

Governor Osborne and Secretary of State Barber of Wyoming No Songer Friends.

GREENSBORO, Wyo., March 1.—There is considerable friction being manifested in the official relationship of Governor Osborne and Secretary of State Barber. The secretary today returned the commissions of five trustees of the university which were sent to him to have the state seal affixed. In an accompanying note Secretary Barber refused to affix his seal, asserting that the governor had no authority to make the appointments, the secretary quoting the law to sustain his refusal. The secretary would not receive the secretary's advice with very good grace, and the relations of these two officials are slightly strained.

BEATRICE BUSINESS METHOD

Councilmen and Mayor Engaged in a Spirited Contest.

LEGALITY OF THE BODY QUESTIONED

Philip's Friends Claim That He Can Hold Over Another Year and Costly Litigation is Threatened by His Opponents.

BEATRICE, Neb., March 1.—[Special Telegram to THE BEE.]—Regular session of the council assembled in a regular session with Councilman Saunders, president, in the chair. There are at present but six councilmen in the city and it takes these six to make a quorum. Under the new law all the councilmen have filed their bonds and qualified, except Saunders. He has, however, filed his bond, but Mayor Phillips has thus far declined to approve of it.

While the meeting was in progress last night, Mayor Phillips put in an appearance and demanded to know by what right Mr. Saunders sat in the council. He would not be able to successfully engage between the two and some rough language was used. The mayor observed finally if Mr. Saunders would ask him to approve his bond he would do so, but he would not be bound by the council's action. The council adjourned. The question is a peculiar one, as according to the mayor's position, the city council has no legal existence if members and cannot consequently transact any legal business, nor has any of the business transacted by the council since February 25 been legal, because it has exceeded the constitutional limit for the members to qualify by filing their bonds.

Mayor Phillips' friends claim that he can hold over his office for another year, and that the call made by the council on Saturday last for a city election is null and void. The matter will very likely be carried to the courts for final settlement.

ANSIUS TO GET EVEN.

How a Nebraska Farmer Narrowly Escaped Being Hung.

CLEARWATER, Neb., March 1.—[Special Telegram to THE BEE.]—This community was the scene today of a species of ruffianism not often excelling even in the west. W. Hyatt employed a man on his farm about a year ago. He says the man took one of his horses out of the stable without his permission and caused it to break its shoulder by roughly using it in settling with the man he held back part of the horse's neck, breaking the injured horse. The man sued him, but Hyatt got judgment for more than he had paid out of his wages, and he was ordered to pay the balance of the horse's value.

Today the hired man with one of his friends came to town, hunted Hyatt up and tried to get into a fight with him. Hyatt stepped away from them and took to his heels. As soon as the two men found he had left for home they followed him on horseback with a cowboy's lariat and revolvers. They forced him to throw down his pocketbook. They took out the money and threw it down and ordered him to pick it up, intending to shoot him if he refused to do so.

Hyatt had nothing with which to defend himself but a pocketknife and had all he could do to keep the rope off. He thought both his assailants were large men they sought to get the lariat around his neck before they would approach him. They drew guns and ordered him to lay his knife down. Luckily for Hyatt some cowboys were in sight at this juncture and the ruffians ran away. This is the second time Hyatt has been forced to give up his money. So far no arrests have been made.

CAPITAL NATIONAL DEPOSITORS.

They Meet to Discuss the Question of Protecting Their Claims.

LANSFORD, Neb., March 1.—[Special Telegram to THE BEE.]—Some sixty depositors in the late Capital National bank gathered at the council chamber tonight in response to a call, but the meeting was adjourned for some unexplained reason indefinitely postponed. The object of the meeting was to raise funds for the purpose of employing counsel to look after the interests of the depositors in the settlement of affairs of the bank. The settlement of affairs of the bank and to see that no further loss of money were paid. Among those present were some twenty Russians who had deposits of from a hundred dollars to \$1,000 in the bank and the postponement was announced they held an indignation meeting, in which excited jabbering and ominous expressions, the better to vent their spleen. The smaller fry were disappointed at the outcome and it is probable they will secure an attorney to represent them.

IN THE INTEREST OF SUNDAY SCHOOLS.

HASTINGS, Neb., March 1.—[Special to THE BEE.]—The Nebraska State Sunday School association has issued the following letter to Sunday school workers: "You are earnestly asked to aid us in advancing the Sunday school interests of our state, bearing in mind that there are at present two-thirds of the children in the state not in the Sunday school at all. The state association seeks to, and should do its best to, look after the interests of the children. We must send a competent man out into the field to visit every county and precinct. We assist in holding county conventions, we hold teacher's institutes for instruction in Sunday school work; to keep our state in the line of Christian progress with our sister states. The state association is not a denominational society; our aim is to untie the hands of the workers in every county and precinct. To do this you are invited to help us. You will not miss the collection of one Sunday school in every county, and you will work, so please send the collection of Sunday, April 2, 1893, to the state secretary at Hastings, who will issue proper receipts, and the recipients of two gold watches and one silver watch. We must send a competent man out into the field to visit every county and precinct. We assist in holding county conventions, we hold teacher's institutes for instruction in Sunday school work; to keep our state in the line of Christian progress with our sister states. We assist in holding county conventions, we hold teacher's institutes for instruction in Sunday school work; to keep our state in the line of Christian progress with our sister states. The state association is not a denominational society; our aim is to untie the hands of the workers in every county and precinct. To do this you are invited to help us. You will not miss the collection of one Sunday school in every county, and you will work, so please send the collection of Sunday, April 2, 1893, to the state secretary at Hastings, who will issue proper receipts, and the recipients of two gold watches and one silver watch. We must send a competent man out into the field to visit every county and precinct.
