Wheat Declined One Cent on Forebodings of a Bearish Government Report.

CORN WAS STRONG UNTIL WHEAT DROPPED

All Plans of the Bull Clique Expected to Be Frustrated, and a Great Crash in Prices May Follow.

CHICAGO, Ill., March 9 .- Forebodings of the government report tomorrow of the stock of wheat on hand would be bearish caused a decline of nearly Ic today in the price of the

Corn was strong until wheat began to drop; It then weakened and closed Mc lower than on the day before. Provisions were dull, and closed with losses of 714c in pork and lard and

With the congested condition of the wheat market, the Dodge report means much more than usual. If the reserves are much greater than looked for, it may be the means of defeating all plans of the heavy holders known as the bull clique, and something of a crash in prices may follow. If the showing is quite the reverse, making the reserves below 100,-000,000 bu., it will be alarming to the short sellers and may start a bull campaign. Statistician Dodge is celebrated for his surprises and it is not strange that operations are light in advance of his March statement.

In advance of his March statement.

Mild weather, profty free offerings, weak cables and the absence of any support contributed to the inpetus to the downward trend. There were a good many crop damage reports but they did not seem to attract any attention, compared with the talk that Chicago is wildly out of line with other prices. The price at the opening was from 'se to 'se lower than the closing—of yesterday; held fairly steady for a while, but later declined Ac for May and ic for July; then ruled steadier and closed from '5e to belower for May and Ic lower for July than the closing figures of yesterday.

le lower for July than the closing figures of yesterday.

The story that James R. Keene is the central figure in the buil clique did not become public until after 'change hours.

A few buyers took hold in the corn pit soon after the opening with some show of interest and there was a slight raily. But with these orders filled there was a lack of support, and under moderate speculative offerings prices refused to hold and settled below opening figures. The weakness was intensified when wheat sold off and 44c for May called out a number of stop loss orders to sell. Pending publication of the supply report operators were apparently afraid to do much buying. Receipts were small, but the light movement from first hands was generally accounted from first hands was generally accounted for through the lack of transportation facil

There was a fair trade in oats and a steady feeling early, but the late weakness in other grains caused a decline of \(\frac{1}{2} \) for from outside prices, and the close was weak at about the bottom with a net loss of \(\frac{1}{2} \) for from outside the bottom with a net loss of \(\frac{1}{2} \) for \(\frac{1}{2} \) for the close was weak at about the bottom with a net loss of \(\frac{1}{2} \) for \(\frac{1}{2} \) for semi-stagnation. Prices were kept fairly steady on a light run of live hogs at the yards.

Estimated receipts for tomorrow: Wheat, 110 cars; corn, 150 cars; outs, 90 cars; hogs, 13,000 head.

The leading futures ranged as follows:

STOCKS AND BONDS.

There Was a Further Diminution in the Volume of Business. NEW YORK, March 9.- There was a further liminution in the volume of business on the Stock exchange today. The duliness is attributable almost entirely to the uncertainty in regard to the probable action of Secretary Carlisle with reference to the finances of the government. While money was easier and there is little likelihood of gold exports by Saturday's steamers, operators don't feel inclined to go ahead until they obtain a clearer idea of the gold and silver questions. Definite

information from Washington is awaited with no little anxiety.

The only important fluctuations of the day outside of New England were in the industrials, which were having heavy liquidations. There were a number of stop loss orders in the stocks, the execution of which accelerated the downward movement. American Tobacco declined 74 per cent to 93, National Lead preferred 6 per cent to 80, common 34 per cent to 35, American Sugar, 3 per cent to 1154, and the others 5 per cent to 114.

New England, after selling down about a point to 244; rose to 265, and closed at 26, keading touched 225c, the lowest price yet, but afterwards recovered 1 per cent. The remainder of the list ruled lower in the early trading, but subsequently improved. Among the low-priced stocks Louisville, New Albany & Chicago fell to 21. The declaration of the usual dividends by the Chicago, Milwaukee & St. Paul railroad had no perceptible effect upon the shares. There was some selling of Lead during the day on the reports that the paying of the dividend on the common stock would be enjoined. The market closed steady in tone.

The Post says: Rumors from Washington continue to govern the stock market this morning. Wall street is in such a hurry for the 11,641 hogs and 5,916 sheep, against 14,189 cattle, 12,297 hogs and 4,664 sheep the cor-

came in of a decline in New York the market weakened here and 13½ was considered a good price. Some even sold as low as 13c.

GAME—The receipts are extremely light. Maliard ducks, \$3.50; teal and mixed, \$2; small grees and brants, \$5.50; 4.40; Canada greese, \$6.00@7.00; \$mall rabbits, \$1.25; jacks, \$3.50.

GRAPE FRUT—Per box, \$3.75.

HAV—Steady at \$5.50; \$6.00.

HIDES—No. I green, \$4c; No. 2 green, \$6; No. 1 green, saited, \$4;c; No. 2 green, saited, \$4;c; No. 2 green, saited, \$3.50; No. 1 year calf, \$5.00 for a radical measure has not yet arrived. Nor is the \$100,000,000 mark itself a dead line, the crossing of which means instant disaster. A policy of allowing this reserve to be continuously depleted would be a different thing, but it should be observed to responsible Washing-ton dispatches intimates any such purpose as this.

LEMONS—Choice \$3.50; fancy, \$4.

NEW VEGITABLES—Lettice, radishes and parsley, \$5c per doz.; green onions, \$40c.

NUTS—Large hickory, \$1.50; black walnuts, \$1,000; 1.25.

Oxions—Home grown, per bbl., \$4; Spanish, per crate, \$2.

Oxions—Home grown, per box, \$3.25; five to ten-box lots, \$3. California noomitain oranges, stand pomentain oranges, single boxes, \$3.25; five to ten-box lots, \$3. California noomitain oranges, \$2.50; Washington navels, \$4. Newcastle California seedlings, \$2.75; Med. sweets, \$3.

Oysters—Porta, 166:38c.

| London, March 9.—| New York Herald Cable — Special to The Bee.|—The stock market was generally inactive and dull, no desire having been shown to enter into new engagements, either investment or speculation. The approaching settlement no doubt is in some measure the cause. Consuls improved by percent louder, but Indian sterling loans are by percent lower. Foreign government securities, influenced by weakness on the continental bourses, close heavy. Greek bonds have fallen to 19 per cent, and most other international stocks by the continental bourses, close heavy. Greek bonds have fallen to 19 per cent, and most other international stocks by the continental bourses, close heavy. Greek bonds have fallen to 19 per cent, and most other international stocks by the continental home railways close very irregular, notwithstanding the comparatively few dealings. North Eastern improved by per cent; Great Northern deferred by per cent, while North British have fallen be per cent, caledonian by percent and Brighton deferred by per cent, while North British have fallen by per cent, caledonian by percent and the others from by to be percent. Americans were more or less weak all day, closing flat, New York sending lower prices. A general decline was established, including 1 per cent Philadelphia & Reading ordinary, be percent in Philadelphia & Reading ordinary, be percent in Chicago & Milwaukee and Atchison and by to be percent in others. Canadians were equally inactive and close weak, Money was quiet. Short loans were easily obtained at 1 to 114 per cent. In the discount market fewer bills were offered, those at two and three months quoted at 1½ to 15 per cent.

Chicago Live Stock Market.

Chicago, Ill., March 9.—(Special Telegram to The Bee.)—Prices for the several grades of cattle ranged about the same as for Wednesday. The run was light, but the demand lacked the urgency necessary to Start prices upward. The market opened very glow and did not develop much animation until the morning was far advianced. The latter movement was reasonably active and the close was firmer than the opening. Quotations had a spread of from \$1.75 to \$6.20 for inferior cows to fancy steers. It took a pretty choice bunch of steers to bring \$5.50 and sales at better figures were extremely few, though there were more fat cattle here than for some days past. The wants of local butchers were not principally at from \$2.25 to \$3.25 and from \$4 to \$5 took the built of the dressed boef and shipping steers.

The hog market was stronger today but not much higher. Prices were not as goes as at the opening of business yesterday, but averaged 5c better than at that day's close. From \$7.55 to \$7.55 was paid for poor to prime heavy weights, from \$7.65 to \$6 for mixed and me-MEMPHIS. Tenn., March 9.—New York ex-change selling at \$1.50. cent. Exchange on New York, 20c discount St. Louis Mo., March 9.—Clearings, \$4,331,-162; balances, \$623,279. Money quiet at 6557 per cent. Exchange on New York 50c discount.

New York, March 9.—[Special Telegram to The Beel]—Exchange was quoted as follows today: thicago, 60c discount: Boston, 20c discount to par; 8t. Louis, 25c discount. PARTS March 0.—Three per cent rentes, 97f 85c for the account. The weekly statement of the Ban cof France shows an increase of 575, 060f gold and a decrease of 1,850,000f sulver. CHICAGO, Ill., March 9.—Clearings, \$15,400,-241. New York exchange, 60c discount. Ster-

ling exchange, duli; 50-day bills, \$4.85; demand, \$4.67. Money more quiet; rates unchanged at 6 per cons. diam and from \$7.30 to \$7.35 for light. The quality was poor and while from \$8.15 to \$8.25 was secured for a few good loads, \$7.05 to \$8 carried away the greater part. There were many trades at from \$7.50 to \$7.65, and a few pigs and culls were closed out at from \$4.50 to \$7. London, March 2.—Amount of builton in the Bank of England increased £10,000 during the past, week. The proportion of the Bank of England's reserve to Hability, which last week was 50.7 per cent, is now 51.82 per cent.

Sales of sheep and lambs were at essentially archanged prices. Although the demand was not as sharp as heretofore the decreased receipts checked any ten lency to weakness. All things considered the market was fairly satisfactory to schers, the offerings being taken on a basis of from \$4 to \$5.75 for poor to extrasheep, and from \$4.75 to \$6.50 for lambs.

Receipts: Cattle, 13,000; hogs, 10,000; sheep, 6,000. Cattle Trade Recovers and Closes Brisk-As a result of the demoralized markets of

sheep, and from \$4.75 to \$5.50 for lambs.
Receipts: Cattle, 13,000; hogs, 16,000; sheep,
5,080.
The Evening Journal reports:
Cattle—Receipts, 12,000 head; shipments,
4,000 head; market strong on prime steers,
others, weak; best steers, \$5.50,00,00; others,

560 head; market steady; natives, \$4.50,6,60,0;
westerns, \$5.00,6,50; lambs, \$4.40,6,60.

Kansas City Live Stock Market. Kansas City, Mo., March 9.—Cattle-Re-elpts, 1,700 head; shipments, 1,000 head; gen-Thursday, the shipping demand was merely nominal. Local dressed beef houses, however, all wanted cattle and the competition between them was brisk enough to advance prices at least on the more desirable offerings. Fair to good 1,000 to 1,200-lb, steers sold at from \$4.15 to \$4.40, with a few bunches weighing 1,300 lbs, and upwards at \$4.50 to \$4.90. Common light stuff and odds and ends sold at from \$3.50 to \$4.7 he feeling was not particularly buildsh, but it was a good, healthy trade throughout and little of any consequence remained unsold over the noon hour.

If there was any change in the cow market it was on the side of slightly improved prices. There was a better outside demand and as the supply was rather limited the movement was fairly brisk and the pens soon clearen. Sales included poor to very good cows and heifers at from \$1.05 to \$3.00, but it was very poor stuff that had to sell at under \$2, and anything that sold over \$3.30 had to be choice. Buils, oxen and stags were in moderant supply, fair demand and steady at from \$2.40 to \$3.75. Veal calves were generally unchanged around \$4 and \$5.50.

There was nothing doing in the stocker and feeder line to amount to anything. Councerpts, 1, 700 head; supposeds, 1, 500 head; serial market active, steady; choice cows strong to 10c higher. Representative sales: Dressed beef and shipping steers, \$4.1025.25; cows and theirers, \$4.3024.50; stockers and feeders, \$3.60 kg/4.50; 654.52%.
Hoos-Receipts, 3,700 head; shipments, 3,100 head; maarket active, 5@10c higher. Representative sales: All grades, \$5.25@7.70; bulk, \$7.25@7.50.

SHEEF-Receipts, 900; shipments, 100; market steady. Representative sales: Muttons, \$4; lambs, \$4.80@5, 20. New York Live Stock Market. New York Live Stock Market.

New York, March 9. — Brever — No fresh arrivals and no trading, feeling firm; shipments, 325 betves and 45 sheep.

Calves—Receipts, 300 head; market 4c per pound higher; veals, \$5.0028.25 per 100 lbs; grassers, \$2.50.

Sheev and Lambs—Receipts 4,000 head; market duil, shade easter; sheep, \$4.0026 5.00 per 100 lbs; lambs, \$6.2576.05.

Hoos—Receipts 925 head; market nominally firm at \$8.0028.50 per 100 lbs.

around \$4 and \$5.50.

There was nothing doing in the stocker and feeder line to amount to anything. Country roads are almost impassible and country buyers are naturally scarce. The weakness in beef cattle values is also more or less reflected here and only the good to choice grades were in anything like fair demand, while inferior stuff was lard to meye at any price. Representative sales: St. Louis Live Stock Market. St. Louis Live Stock Market.
St. Louis, Mo., March 9, "Carrie," Receipts, 1,409 head; shipments, 2,500; market lifeless; nothing on sale except some fed Texan steers which went at \$4.35.
Hogs-Receipts, 4,409 head; shipments, 2,209 head; market easier; heavy, \$7.7052.00; mixed, \$7.4052.799; light, \$7.5052.59.
Surke-Receipts, 900 head; shipments, 300 head; market stendy at \$3.0055.30.

OUR GOLD SUPPLY. Some Startling Figures on the Proportion of

Paper Money to the Reserve. New York, March 9 .- [A morning paper says: One hundred and fourteen million dollars in gold certificates are out. Of this enormous sum only \$20,000,000 worth, according to treasury experts, are in actual circulation. The rest are hearded. According to the reports of national banks they hold \$37,000,-000 in gold certificates. Statisare not furnished by state banks, but it is a fair estimate that they hold \$21,000,000. Probably the accumulation of the bills by some of the bankers repre sents many large special accounts by individuals. Any financier may make a collection of gold notes and deposit them for safety with his bankers, in which case no particulars are furnished in reports, and the particulars are furnished in reports, and the amounts are not included in the gold totals of the bank statements. The \$107,000,000 gold reserve which is thought by some to be imperilled may be called on any day by United States notes or "greenbacks," of which the limit of issue is \$246,000,000. On this basis of proportion of paper money of this sort to gold the ratio of the United States is 25.84 per cent. Recent reports of the Bank of France show a percentage of 48.36. Reports of the Bank of

4...365 3 00 25..., 881 3 65

Hoos-Low prices in a measure shut off recelpts. Only 22 fresh loads were received and including holdovers and speculators' supplies there were considerably less than 2,500 hogs on sale. There was a better tone to eastern advices and with an improved shipping demand prices ruled steady to a nickel higher than Wednesday all around. There was little if any improvement in the good to choice butcher weight and heavy hogs at \$7.50 to \$7.60, the advance being chiefly on the light and mixed grades, although they sold very generally at Wednesday's rangeof prices from \$7.25 to \$7.45. Today, however, there was very little of any consequence below \$7.45. The sales were very largely at \$7.45 to \$7.55 as against \$7.40 to \$7.50 Wednesday and \$7.60 to \$7.70 last Thursday. Representative sales:

No. Av. Sh. Pr. No. Av. Sh. Pr. centage of 70.81. Money Easy on the New York Market. NEW YORK, March 9.-There is a decidedly easier feeling in the money market and call loans were quoted at from 6 to 8 per cent. The withdrawals of currency for shipment to the interior are smaller than for weeks past, and money brokers assert that they don't expect a recurrence of the stringency which prevailed early in the week. The sub-treasury in this city has increased its gold balance, \$25,000,000 having been received from Canada during the past few days. There is less talk of gold exports and the alleged new bond issue by the government.

The head of a prominent Nassau street house with important European connections, said today: "Our firm has been credited with having made up a syndicate to purchase \$10,000,000 of bonds. We know noth-

centage of 48.36. Reports of the Bank of England show a percentage of 60.46, and the banks of Germany, whence no exact reports

ng of this alleged syndicate and don't believe that any exists. New YORK, March 9.-A Post's London special says: Further inquiry has been made on behalf of President Cleveland concerning the readiness of English banks, insurance and financial houses to take \$10,000,one kept here nine nonths without realiza-tion. The feeling on the whole is favorable if interest at the rate of 3/6 per cent can be secured.

WILL TEST THE LAW.

Decision to Be Secured on the Local Peddlers Ordinance. F. B. Wood, a traveling man for a large St. Louis fancy grocery firm, was arrested by Officer O'Gorman Wednesday for peddling without a license. The arrest was made capable of being constructed so as to prevent any person from selling goods in Omaha for any firm which is located outside of the state. This would apply to all traveling

men. Mr. Wood, who was arrested, is in one scuse representing a local firm. Although he is employed by a St. Louis firm all the orders which he takes in Omaha are filled by Paxton, Gallagher & Co. He says that if he is prescuted he will see that the ordinance is enforced regarding every other and see how it will work.

In Memory of Bishop Clarkson. A memorial service for the late Bishop Clarkson will be held at Trinity cathedral at 10 o'clock this morning. Bishop Worthington will celebrate the holy communion

TO WIN OR LOSE MILLIONS.

electrician to cause the removal of all dead wires but those of the telephone company, although the latter is the chief offender in this particular. Certain councilmen are moving for a revision of the ordinance. Immense Amount Involved. Cuicago, Ill., March 9.-James L. Keene stands to win or lose \$10,000,000 in wheat on the Chicago Board of Trade. This at least EARTHQUAKE IN NEW YORK. is the current gossin here tonight, and the information is added that as the deal now Sensation Created. stands it is a toss up whether he wins or makes another huge contribution to the experience fund charged against Chicago wheat. Fourteen years ago the Chicago wheat pit took from Keene below \$6,000,000 slightly (but Henry Clows says \$10,000,000.) It is said that the present venture was started by Keene in the nature of a grim settlement of old scores. The story is that he is operating through Sigmund Gruner, a stock, cotton and sugar broker of New York. Keene has obtained control of about 20,000,000 bushels of the best wheat in western store houses and has accumulated a prodigious line of futures. The cash end o the deal is in charge of "Sandy" Eggleston and the speculative end in charge of John Cudahy, both masters in their special dis-tricts. Nearly all the "contract" wheat in Chicago, amounting to about 10,000,000 bushels, is lodged with Eggleston, and nearly as much more high grade property in St. Louis, Minneapolis, Duluth and other western centers is controlled by the same individuals. Besides his immense cash holdings in this city, Eggleston has cornered about all the elevator space in Chicago in the control of the c holdings in this city, Eggleston has cornered about all the elevator space in Chicago that can by any possibility become available, for the storage of new receipts between now and the end of May. He has accomplished this feat by contracting with elevator companies to provide him room for several million bushels of grain which he expects to receive before the end of May. If by any chance he should not get the grain the elevator companies will not care, as Eggleston has contracted to pay full storage rates on the space. Keene laid his plans with consummate

sail. Expression is said to be the most commanding figure in the cash grain market of the west, and as for the speculative branch of the campaign. Jack Cudahy, the greatest speculator on 'change, was just the man to run the deal to a conclusion. In the flush of a successful series of bold ventures in providing and farmers for tearlies play in wheat visions and famous for terrific play in wheat and corn, operations could be carried on under cover of his name without exciting suspicion. It has been charged for a month or more that Cudahy has been milking the market. Cudahy displays a remarkable preference for directors in the distribution of brokerage favors, probably because it hap pens that most of the directors are responsi le gentlemen and excellent brokers. Keene undertook to run his wheat corner in this city one his mistakes was in his selection of brokers. He complained bitterly that he was robbed, and that he could obtain no redress through a prejudiced board of di-rectors. Harper, now in the Ohio penitentiary, has mournfully declared that he would have cleared \$5,000,000 on his 1887 deal but for the fact that he had to fight the directors of the Chicago Board of Trade. In Wall street Keene has since met with equally galling setbacks, but within the past two years, it is said, has cleared enormous win-nings by the successful manipulation of Sugar, Cordage, Lead, Whisky and Gas stock, Neither Eggleston nor Cudahy is the man to engage in operations of magni-tude without ample financial protection, and from the first there has been plenty of money to meet every possible demand from the Chi-cago end of the deal. Keene's advances up to date have been at least, it is said, \$15.000, 000 in cold cash, and possibly \$10,000,000 more may be required, depending on whether the

Keene laid his plans with consummate skill. Egglesten is said to be the most com-

deal is pushed through or dropped.

There are two chances for the success of the deal. One is the government estimate the deal. One is the government estimate of farmers' reserves and the other serious crop damages. The Department of Agriculture will publish the estimate of reserve tomorrow, and if the figures should be under 100,000,000 bushels, general speculation may spring up and let Keene out of his bargain. A spell of freezing and thawing weather might also assist speculation. If the deal can command help from neither of these sources, Keene, in the opinion of some, will have the grizzly by the tall and be yelling for somebody to let him go.

At breakfast time a strengthener, at lunch time a comfort, at dinner time a delicacy— Cudahy's 'Rex' Brand Extract of Beef.

City Electrician Hampered. Now that the city electrician has entered upon the discharge of his duties, the ordi-

nance creating his office is found to be very defective. For example, it makes no provision for the testing of electric lights, and it neglects to give the electrician authority to order the removal of unused poles left standing in the streets. It requires the "About ten years ago I contracted a severe case of blood poison. Leading physicians prescribed medicine after medicine, which I took without any relief.

I also tried mercurial and potash remedies, with unsuccessful results, but which brought on an attack of mercurial rheumatism that made my life one of agony. RHEUMATISM After suffering four years I gave up all remedies and began using S. S. After taking several bottles I was entirely cured and able to resume work.

Is the greatest medicine for blood poisoning to-day on the market."

Empire City Much Snaken Up and Quite a

NEW YORK, March 9,—[Special Tele-gram to THE BEE.]—The severe shock, evidently caused by an earthquake move-ment, which was felt in the central part ment, which was felt in the central part of this city early this morning, extended from Thirty-third to One Hundredth streets. It sounded more like a roar than anything else and lasted at least ten seconds. It wakened many persons who were already asleep, and in the big apartment houses along the wide side of Central park it created a sensation. Heads were stuck out of windows and some men put on their clothes and hussome men put on their clothes and hur-ried out to see if there had been an ex-plosion. On West Sixty-fifth street it was particularly heavy. Buildings were shaken from top to bottom.

At police headquarters reports of the earthquake were received from all the stations above Houston street. It was also felt in Brooklyn and at other parts of Long Island. It began with a low rumbling, followed almost immediately with a jar like a heavy explosion under-ground. Then followed a prolonged

At Long Island City the shock was especially severe, in many instances shaking pictures from the walls and creating havoe among china and brie-abrac. At several points persons fled in terror from their houses to the streets in their night robes, supposing that the nouses were settling or falling. Most of these persons say that a dull boom and a strongly marked simultaneous trem-bling of the earth were perceptible. The seismie disturbance lasted several seconds and then passed away in a southerly

Fearful Fall at Niagara Falls.

NIAGARA FALLS, N. Y., March 9,— Special Telegram to THE BEE. —A terrible accident happened in the wheel pit of the Niagara Falls Paper company last night. Joseph Malcolm, a Scotchman aged 24, lost his balance and fell from the top of the pit to the bottom, 150 feet. The body was found a shapeless mass of pulpy flesh and broken bones.

Big Texas Land Claim Settled.

ELGIN, Ill., March 9.—A lawsuit involving 55,000 acres of land on the Brazos river, Texas, of which Colonel John S. Wilcox and certain relatives claim 1,200 acres, has just been decided in their favor and against D. H. Williams in the United States supreme court. The land is now worth about \$13 per acre.

"Oldest Mason" Dead.

PORTLAND, O'e., March 9.—William Gardner, said to be the oldest Mason in the United States, died here yesterday aged 97. He came here from Kansas City, Mo., only a few months ago.

—upon you before you know it. It is sure to be in the air we breathe, the water we drink. The germ of consumption is everywhere present. The germ begins to grow as soon as it reaches a weak spot in the body. Catarrh, Bronchitis, and a scrofulous condition, furnish these weak spots. The way to fight these germs—begin early—render the liver active and purify the blood with Dr. Pierce's Golden Medical Discovery. Besides, it builds up healthy flesh.

It's guaranteed in all bronchial, throat and lung affections; every form of scrofula, even

lung affections; every form of scrofula, even Consumption in its earlier stages. If the "Discovery" fails to benefit or cure, you have your money back. Fortify yourself against disease by making the body germ-proof, then you will save yourself from grip, malaria, and many of the passing diseases.

Too well known to need lengthy advertisements—Dr. Sage's Catarrh Remedy.
