The three cases of Alderman C. R. Nicholson Percy Thornton and Mrs. W. C. Jen-kins were set for hearing vester iay morning in police court. The Adams tribe was there, ready to give their testimony, but neither the city attorney nor the county attorney showed up. The cases were accordingly continued until next Mouday afternoon at 2 o'clock in order to give the prosecution a chance to work up their evidence.

chance to work up their evidence.

The story told by John Wallace with reference to the beating administered to his son by Officer Martin Sanday night seems to have been considerably exaggerated, as the boy binnelf comes to the front and says that the officer did not pound nor choice him, and merely took hold of his collar and tried to set his feet in the straight and narrow path. When his father heard the true state of affairs he told Martin he had done right and hoped the experience would teach the boy how to behave.

The discussion was so animated in its nature that when Peterson presented himself at the office of Justice Fox to pour his take of wee into the ear of the court his own car showed evidences of having been chowed off. Christiansen was arrested on a charge of assault and battery, and the case will be heard this afternoon at 2 o clock.

DEMOCRATS CAPTURE THE SCHOOL BOARD

Candidacy of Mrs. Syms and Mrs. Aylesworth Failed to Evoke the Enthusiasm Expected-They Polled a Surprisingly Large Vote.

There are a good many indications that there has been a failure of the republican crop this year. At any fate, it is safe to say that it has been a long time since there were as many republicans in Council Bluffs with an empty feeling in their crops as there are this morning. A week ago yesterday the people administered a sound spanking to the republican party by choosing three democrats to represent them in the city council, and the operation was repeated yesterday in the election of two democrats to the school board. Plainly there is something the mutter, and the political wiseacres will be very busy for the next few days telling how and why it all happened.

The polls opened at 9 c'clock and it was soon evident that the "stay-at-home" republicans were going to get in their work again. There were but few workers at the polls, and the election being carried on by the oldfashioned system, ward workers were an indispersable adjunct to success. The democrats, on the other hand, were well organized and the result of their work was shown when the day was over in the election of the demo-cratic ticket by a majority of something like 450 on a total vote of 2,400. Considering the want of organiza-tion on the part of the republicans and people's party, the two ladies whom they had endorsed made an excellent run, and the vote they polled is a flattering testimonial of the esteem in which they are held.

The two pentionen who were elected, W. H. Thomas and William Moore, are well known in this city and it is to be doubted if the democrats—or republicans either—could have put up two men who would have made a better to be seen or the country. better ran or in whose hands the interests of the public schools would have been better leoked after. There was nothing to lose in the event of the election of either ticket, and the people of Council Bluffs are to be congratulated upon the wistom of the lengers of both parties is presented to

congratulated upon the wisdom of the leaders of both parties in responding to the demand for sood, clean candidates.

In addition to the election of directors the voters were given a chance to vote on two propositions, the first being to levy a tax of \$10,000 for the school house fund, and the second to appropriate \$10,000, or so much thereof as necessary, to creet a school house in the western part of the city, at or near the corner of Avenue B and Twenty-ninth street. Many voters neglected to vote either way, but each proposition was carried by a vote of about 2 to 1. The following table shows the vote for each candidate in each ward, the vote for each candidate in each ward, the vote for each proposition, the total vote for each candidate and the majority by which each proposition was carried:

TOOK OUT THE TRESTLE.

Ice in the Missouri Carries Away the Temporary Span at East Omaha.

Something of a stir was opersioned yesterday morning by a report, which circulated early and fast, that the floating ice had demolished the piers of the new bridge over the Missouri river. The report was not altogether without foundation, as fifteen workmen for Sooysmith & Co. can testify, who spent the entire night out on the draw pier 250 feet from terra firma, imprisoned by a mass of ice that crashed up against their thold all night long, and would have made a decided impression on a structure less

The ice commenced to brank up Sunday afternoom about 3 or 4 o'clock, but it was not until nearly 6 that it became evident that

For a clear head and steady nerves
Use Bromo Seltzer—Trial bottle 10c something must be done in order to save the works of the company. A force of men at once went to work to move the cars and other apparatus off the tramway spans the 250 feet of water between the draw span and the east shore of the river. All went well until it decided that to try to move it on the tram-way would probably result in its being hurled down, with the filmsy structure on which it was standing, into the crishing and eddying torrent below. It was accord-ingly moved to the west end of the tramway, which being over a portion of the transvay, which being over a portion of the river that had not broken up as yet, it was thought would not go if the rest did. It had hardly been deposited in a place of safety before the huge clumks of ice which had been burling themselves against the piles on which the tramway rests claimed their prey, and

about 200 feet of the structure fell into the fleed of mingled ice and water. This left the diffeen men who had been at work standing on the draw pier with 200 feet of plunging ice chunks between them and the shore. It would have been death for them to have tried to get across, and after trying several expedients they gave it up as a bad job and submitted to the inevitable. They built a fire in the interior of the up as a bad job and submitted to the inevita-ble. They built a fire in the interior of the pier and passed the night as comfortably as could be expected, but yesterday morning when they found the ice had gorged between the pier and the shore they were perfectly willing to take advantage of the bridge thus

formed and get back to land.
Only that part of the work which was intended for purely temporary use was des-troyed, so that the occurrence casts no retroyed, so that the occurrence casts no re-flection upon the contractors. The tramway was used simply for carrying the materials from the shore to the draw pier, and had been built on temperary piles. The damage, however, it is estimated, will figure up in the vicinity of \$2,000. Until it can be re-placed the work will have to be stopped, un-less a system of boats is found practicable after the flow of ice has stopped.

Mrs. James Peterson Has Rescued Her Sister from Destruction.

Myrtie Wright, a pretty 14-year-old girl, was brought before Justice Vien yesterday afternoon by her sister, Mrs. James Peterson, who charges her with being incorrigi-

So far as was learned in the course of the hearing which was given the case yesteriny afternoon the girl seems to have been led astray by a Mowery woman who lives in 'Happy Hollow," and was rentered somewhat notorious a couple of years ago by her connection with a most outrageous case of girl ruining that was brought into the jus-tice courts about that time. Mrs. Mowery had gone with her to the office of a young atterney and had received an opinion from him to the effect that the girl had the right to do as she pleased, regardless of her sis-

ter's wishes.

The father of the girl is in the insane asylum and the mother has run off with another man, so that the girl had been left in charge of her sister. She has a large amount of self-will and consequently things did not run perfectly smoothly. She persisted in run-ning with the Mowery woman in spite of Mrs. Peterson's commands to the contrary. After the domestic difficulties had been aired to some extent Justice Vien assumed the role of peacemaker, and taking the two girls into his private office, induced them to kiss and make up. The prosecution was then suspended in order to show how well the justice's reconsistent. the justice's reconciliation would stand the

President Noel made the following statenent to a representative of the Associated press: We have not yet paid the purse but we will do so in good season. The club is temperarily embarrassed. It is no secret that we have lost considerable money on the fights recently given. The public already knows that we have no desire to deny the truth of that statement. It is also true that truth of that statement. It is also true that the club has enemies and that they are doing what they can to affect our reputation and our credit. They would be pleased to know that we have failed. But you may say to the public that a satisfactory settle ment with Fitzsimmens will be made and that other indebtedness of the club will be paid after a little time. Our friends are coming to our assistance and we shall be on our feet in a very short time. Fitzsimmens has met the club half way and the settle-ment will be perfectly satisfactory to him and he will lose nothing whatever for having fought before the Crescent City club.

PETER'S LATEST PROPOSITION.

Willing to Desert Uncle Tom in Order to Fight with Corbetts

San Francisco, Cal., March 13.—Peter ackson today sent a letter to Jim Corbett in which he calls attention to Corbett's recent reply to his challenge in which Corbett said. that if Mitchell did not appear at the ringside on the day of their fight next December Jackson could take his place. Jackson then declares that this proposition looks like a bluff, but he accepts it on the following terms: Both Corbett and Jackson to deposit \$5,000. Jackson to cancel his theatrical engagements three months previous to the date of the Corbett-Mitchell fight, go into training and be at the ring side on that date, then if Mitchell does not appear Jackson will bet \$10,000 and all the purse that he can defeat Corbett. If Mitchell should appear Corbett to forfeit \$5,000 for Jackson's loss of time and training expenses, and Jackson to forfeit the \$5,000 should he himself fail to appear at the ring side on the day of their fight next December ould be himself fail to appear at the ring

Buffulo Will Have a Carnival BUFFALO, N. Y., March 13.-A meeting of rentlemen interested in giving boxing conests in Buffalo next December was held Saturday. The meeting was to consider the advisability of offering a purse sufficiently large to bring the Corbett-Mitchell boxing

large to bring the Corbett-Mitcheil boxing match for the world's championship to this city and to make preliminary arrangements. It was decided that if necessary the syndicate would be made as high as \$75,000 for the match, which will, in all probability, be larger than any club in the country will offer. The syndicate, however, believes \$50,000 will get the match. It was decided that the contest will nmatch. It was decided that the contest will be given under the anspices of the Buffale Athletic clab, so this institution will be as well known. The intention of the syndicate is to give an athletic carnival and not a prize fight, and there will probably be boxing, wrestling and many other kinds of athletic sports.
