The Lonesome Man

Was the fellow that went the other way;

all the rest got to the Pacific coast a day ahead of him. They went fishing for a whole day along the resort places on the

Union Pacific, the world's pictorial line, and then beat him. And they traveled on cars lighted by Pintsch light and

BOIL THE WATER.

Full of Organic Matter-Water Works Com-

With the present high state of the river

and the large flow of surface water into it, it

to furnish the city with anything but muddy

looking water. All attempts to settle the

water in the basins so that it will look clearer are futile. Dr. Somers gave his views of the matter yesterday, saying:

"I am informed by the water works com-

pany that its pumps and settling basins are in the best of condition and the present state

of the water we are consuming is not due to any fault of the company. My idea is that the water is filled with organic matter in

solution and that it is impossible to cause a settling. I believe it is actually colored.

This is due to the vast surface wash into the

river and the use of the water in its pres ent state is not good for the health and will

cause a derangement of the digestive organs.

"I recommend and urge the people to boil
all water before using for domestic purposes
until such a time as the suface water has
ceased to flow and the river resumes its nor-

present state no serious results will follow

Dr. Somers had an analysis of the water

made, and last evening he reported that it was filled, as he supposed, with organic mat-

NORFOLK, Neb., March 25 .- To the Editor

of THE BEE: It is suggested to the citizens

of this place that they purchase the old

Creighton skating rink and have it moved to

the open ground near the sugar factory, sur-

round it with a tight barbed wire fence, en-

closing sufficient ground for a graveyard, where it can be used as a place of meeting

for a society known in these parts as the Commercial Pilgrims.

The society, or some members of it, had a meeting here last night, radiating between the two leading hotels, and the wail of

"Good Lord, deliver us," that went up from the guests that were not pilgrims was piti-ful. At about 5 a.m. the pilgrims sank in

the heated sands, or the spirits that had stimulated them gave out, and the chilling blasts that came roaring through windows

that had been smashed in the melee drove

What Would They Think, Those old-timers, of a railway train lighted by gas and heated with steam? The patrons of the Union Pacific, the World's Pictorial line, enjoys the warmth of steam-heated cars and the luxury of the Pintsch light. "The old 'Overland' has no real rival yet."

Frescoing and interior decorating designs and estimates furnished. Henry Lehmann, 1508 Douglas street.

W. T. Seaman. wagons and carriages Annie Besant,

The eloquent and scholarly lady who recently visited this country, says.

"The midwinter journey was reduced to a minimum of discomfort by the luxury of the cars and the friendliness of the officials. I shall carry away with me pleasant memories of the Union Pacific, the 'Woria's Pictorial Line,' and shall gladly entrust myself to its care when I next visit the districts over which it

Chauncey M. Depew, The other day, in speaking of the improved facilities for luxurious travel in this country, said:

"We are abandoning the old system of lighting the ears with kerosene lamps, and more than half the craches have already been equipped with the most im-proved and the safest system of lighting known in this country or Europe. With the new Pintsch lamps there can be no possibility of danger from explosion or otherwise, as the apparatus is all outside of and under the car, and in the event of a mishap, the fixtures become detached

and the gas escapes into the air.' The brilliant Pintsch light, the finest car Illuminant in existance, now in use on the Union Pacific system, fulfills all the requisite conditions so happily noted by Mr. Depew.

Sheet music, 6c. S. Bank, 114 S. 16 st. FAIR GROUNDS.

Douglas County's Next Agricultural Show is Not Yet Located. The Douglas County Agricultural society held a meeting yesterday afternoon in the

Board of Trade rooms, with President James Walsh in the chair. The bids for printing the premium list, submitted by the Omaha, Roes, Burkley and Festner printing companies, were read. After some discussion the Burkley proposition was accepted, the secretary being in-

structed to draw up a contract with the company. The offer was to print 5,000 copies free of charge and to give a bonus of \$25 for the privilege.
G. W. Hervey reported that the premium st would be ready for the printer by next

O. J. Pickard of the committee appointed to suggest a modification of the name of the society recommended that it be not changed, but that the title page of the premium list and other advertising matter be made to read: "Omaha Fair and Races; Open to the

World; Held by the Douglas County Aricul-tural Society." This form was adopted. Henry Eleke having declined to act as superintendent of the floral department, G. S. Ambler was elected in his stead. The rules and regulations governing the sugar beet display as read by John F. Mc-Ardle, superintendent of the department,

were adopted.

A lengthy discussion followed as to what should be done relative to securing fair grounds for the present year. It was stated that if \$40,000 could be raised and eighty acres of ground purchased by the Omaha Driving Park association, the new grounds west of the city might be obtained. A roadway to these grounds would probably be paved during the summer, and the street railway company had agreed to extend its tracks to them so soon as the fair should be successfully inaugurated. Some of the members, believing there were too many contin-gencies in the way, favored securing without delay the old grounds north of town. They could have them, they said, for the same price as last year, \$1.000, with the privilege of removing any buildings the society should construct. A motion was finally carried that the committee having the matter in charge should make arrange-ments for leasing the old grounds, provided they could be secured on satisfactory terms. President Walsh submitted that the fair should be thoroughly advertised and thought bers, believing there were too many contin should be thoroughly advertised and thought an agent should be appointed for the pur-

The honor was, much to his surprise, estowed upon him.

After the society had fixed upon April 15 as the date for holding the next meeting cigars were passed around by the secretary in commemoration of the arrival at his home of an infant heir.

Petition to the Government to Repeal the New Bell Telephone Patent.

HEADQUARTERS NATIONAL CITIZENS INDUS-TRIAL ALLIANCE, NEW YORK, March 21.—To the Editor of The Bee: We ask your aid and co-operation in this effort of our citizens' and business men's associations and workingmen's trade and labor unions, to repeal the grant of a new patent to this great monopoly (the American Bell Telephone comfigures, stripes and checks, in the latest spring colorings, worth up to \$1.75, sale pany of Boston, Mass.,) who have raised their rates from \$60, when competition existed, to \$180 and \$240 per year, when the Sole agents for Edwin C. Burt's ladies rates charged for the same instruments in Europe, where the patent has also expired, but was not renewed by a corrupt official, is

from \$18 to \$20 per year.

We propose to appeal to the president, the attorney general and the senators and representatives of the United States for justice, and to the circuit court of Massachusetts for a speedy trial of the suit now before that court, to declare the new patents illegal and void, so that this monopoly may and shall be destroyed for the good of the community and the benefit of all classes of the people.

Therefore we ask you to aid in this good work by securing the adoption and signing of this petition by organizations of business of this petition by organizations of business men and workingmen, who are robbed of their earnings by the excessive and unjust rates charged for telephones and messages, and by their forwarding one copy of the same to the president, vice president. At-torney General Olney, Solicitor General Aldrich, and to the senators of your state, and also one copy to our secretary for the use of our committee. Yours for the cause of justice and anti-monopoly,

JOHN J. GARBUTT, Chairman.

E. J. MURHAY, Secretary.

For petitions and references, address PETER THOMPSON,
7 Warren Street, Room 21, New York.

The Engineers and Hod Hoisters union The Painters union of New York City The Knights of Industry, New York City. The National Industrial Political union. The National Anti-Monopoly league. And a number of other pusicess men's and

vorkingmen's associations. Form of Petition

Petition to relieve the people from the unjust and extortionate rates and charges of the Bell Telephone company monopoly.

Whereas, The Bell telephone patent has expired after enriching a few stockholders of a private corporation by over a hundred millions of dollars, extorted from the people by exorbitant rates and charges for the use of that instrument, through its monopoly by the Bell Telephone company of Boston. And as

This monopoly is still continued by illegal and fraudulent patents reissued by the United States patent office, in violation of the laws of the United States, and in defiance of the written protests of the attorney general of the United States, who seven years ago entered a suit in the courts to repeal the Bell, Edison and Berliner patents, as expired by law, and vold, illegal and fraudulent, which suit cannot be forced to trial by the attorney general of the United States, as this monopoly, by its great wealth and influence, can block the wheels of law and justice in all our courts and halls of legislation, and own and control the ring in our patent office, who in every case rule and decide in favor of corporations, and against the rights and welfare of the people.

Be it resolved, That we petition the president of the United States, the attorney general, and the senate and house of representatives to relieve the people from the oppressions and exactions of this great and powerful monopoly, who propose, in defiance of all laws and justice, the voice of the press, and the desires and will of the people, to continue to rule and rob our citizens who use the telephone, by a fraudment use of this illegal reissaed patent, and by dilatory litigation in our courts of justice.

them to cover.

The proprietors of the hotels will be requested to run their houses bereafter with Gatling guns, with a platoon of policemen for bell boys whenever the pilgrims come to town. It is an outrage on respectable men, who are traveling men by occupation, that employers should hire such a lot of hood-lums and inflict respectable communities with their presence and discrace, the occuent, and by dilutory litigation in our courts of justice.

District Court Notes.

High Class Photography At Popular Prices. 313-315-317 South 15th Street, Omaha.

The Omaha and Chicago Short Line of the Chicago, Milwaukee & St. Paul Ry , was opened for freight and passenger traffic. It these ten short years the "Milwaukeo" as it is affectionately termed, by its patrons, has taken front rank amongst its older competitors, and to-day stands unrivated for speed, comfort and safety. Here is a map showing its short line be-tween Omaha, Council Bluffs and Chi-

cago, over which runs the finest Equipped Electric Lighted Steam Heated Vestibuled Trains with Magnificent Dining Car service enroute, F. A. Nash is the General Agent and the Omaha City Ticket Office is at No. 1501 Far-

Paxton Hotel Building.
