

that his tabulations were not correct, but that the final figures which he arrived at were...

Mr. Webster replied that he would not insist upon an answer. "In making up the list in which you attempted to show how many cars went to the asylum, did you have Mr. Randall's book?"

When the noon recess was ordered there was a probability that there might be an effort made to kill time and throw argument over until Monday, but when the lawyers returned from their luncheon they were buckled on the harness and went to work with renewed energy...

Justice Maxwell held that such was the case. "Did you not request some of the democrats to give you letters to Dr. Miller of Omaha?"

Justice Maxwell held that it was not proper to propound the question to the witness, that if such a thing were to be proven, it would have to be done by some other party.

however, he said, had been guilty of a mistake as they had assumed a city ordinance which was repealed in 1877, and which placed the auditing of accounts in the hands of an auditing board.

There was no question but that the officials had depended to some extent upon their recollection of the ordinance of 1877. The steward and the superintendent of the hospital had been appointed by the governor, and they could not be removed without the confidence imposed in them by the board.

Leaving the hospital, Mr. Webster took up the subject of the prison cell house by which the legislature simply instructed the members of the board to construct a cell house, and the very instructions that were given were that it should be by day's labor.

Board of Public Works Opens Bids in More Than Fifty Districts. STANDARD COMPANY THE LOWEST BIDDER.

When the Board of Public Works met yesterday afternoon to open bids upon public work, and award contracts, Major Pickhauer was a pleased expression, and Major Furay also looked out from the corner of his eyes in a knowing manner.

Major Furay admitted the beauty of the manner in which the sealed bids were presented, and suggested that all that was needed to make perfect work of the performance. He opened the envelope in the most approved manner and as he unrolled the printed specifications he searched for the figures upon which bids had anticipated.

A tabulation of the bids has not been made, but it is believed that the lowest bid will be awarded at a meeting of the board to be held at 2 o'clock this afternoon.

The articles of impeachment, he declared, were not well thought out, and would be offered to show that no evidence was taken by the joint convention; no evidence went to either branch of the legislature and the joint convention did not consider any law or facts.

Justice Maxwell held that it was not proper to propound the question to the witness, that if such a thing were to be proven, it would have to be done by some other party.

game. Tonight the Australian will meet Al O'Brien in a contest of music. Philadelphia in a four-round bout and a hot arrangement is unannouncedly expected.

St. Louis National League Games. St. Louis, Mo., May 12.—The Browns secured four runs in the second by good batting. In the fourth Breitenstein got rattled after O'Connor's home run had enabled the visitors to tie the score and was replaced by Gleason.

ROASTED THE NEWSPAPERS. Wratny's Councilmen Vent Their Ire Upon the Mayor and Press. EFFORT TO REPEAL HASCALL'S ORDINANCE.

Councilman Hascall has not receded from his position regarding the location of sewer hydrants along the business street in the wood in the southeast part of the city to the Gilson school, and in a lengthy speech defended his action at the meeting of the city council last evening.

Mr. Hascall insisted that the repealing ordinance be rejected, to which Mr. Munro objected. He wondered why the hydrant ordinance was not taken to the committee to go to a committee for investigation, and when he saw that such was the case it looked very much as if there was something wrong.

change tomorrow afternoon, promises to be a pretty lively affair. The call states that not only the bond, but the will be discussed, but that the mode of giving out hay and grain at the yards, as well as the rents charged the commission men by the stock yards commission, will be the favorite topics.
