

SPECULATORS IN CONTROL

Choice Lands in the Cherokee Strip Already Spoken For.

ALLEGED SCHEME OF A BANKER EXPOSED

Privileged Persons Will Select the Fifteen County Seats for the Bank and File Will Have an Opportunity to Secure Homes.

WASHINGTON BUREAU OF THE BEE

There is a queer state of affairs in connection with the opening of the Cherokee Strip which will probably result in placing in the hands of speculators all the desirable lots in the sites selected for the fifteen county seats to be formed in the strip. It appears that a banker of Muskogee, named Robert L. Owen, conceived the idea that there are seventy-one families of Indians settled on the strip, although no one else has been able to find one of these families up to date.

MINISTERS' TROUBLES.

Minister Guzman Does Not Credit the Reports Received at Washington.

WASHINGTON, D. C., May 12.—Minister Guzman of Nicaragua received advice exactly opposite to those sent Secretary Gresham by United States Minister Newell. Instead of the revolutionists having things all their own way, Guzman says his advice, which are several days later than those of Newell, are to the effect that a big and decisive battle, which will doubtless result in a permanent victory for the government, is expected to be fought today. Definite news of the result cannot be known for a couple of days.

The United States war ship Atlanta will leave New York today for Greytown, Nicaragua. A dispatch to the Navy department from San Francisco, Cal., says that the Atlanta will sail for Corinto, Nicaragua, today instead of Saturday.

Secretary Gresham said today that he had received no additional information from Nicaragua since the statement so serious and complicated that he began to be excused from expressing any opinion on the matter one way or the other.

He will sell Wisconsin full cream for 74c, and 12c; finest cream cheese made for 14c and 16c; brick cheese, 14c, 16c and 18c; Swiss cheese, 16c, 18c and 20c. We have all kinds of cheese at very lowest prices. Call at the fruit department.

We have everything in the fish line. Brick codfish, 5c per pound; Norwegian herring, 10 for 25c; halibut, 15c; smoked salmon or salted, 12c; anchovies, 12c; oia, 15c; mackerel, 12c.

Congressmen Oates May Resign.

WASHINGTON, D. C., May 12.—Representative Oates of Alabama called at the white house for a few moments this morning. It is said that congress may lose this well known and thoroughly popular member, as a movement is on foot in Alabama to nominate him for governor.

The populist and farmers' party men are renouncing themselves for another desperate fight for Kolb for governor and the straight democrats are said to feel that Colonel Oates will be their Moses to lead them out of the wilderness.

A reporter asked Colonel Oates today if he would take part in the gubernatorial contest, to which he replied:

"I am not a candidate for nomination, but if they call upon me I will accept and make the fight."

Washington Notes.

WASHINGTON, D. C., May 12.—The Russian extradition treaty is expected at the State department Monday and will probably be made public through the State department next week. No additional formalities other than the issuance of the proclamation are expected.

Secretary Carlisle has appointed Charles W. Owsen of West Virginia chief of division in the auditor's office.

In the Department of Agriculture P. L. Lyles of Missouri was today appointed chief clerk of the bureau of animal industry.

General Wade Hampton, commissioner of railroads, interior department, will start next Tuesday on an official inspection tour of the Pacific railroads. He will go direct to San Francisco.

Recognized Their Merit.

WASHINGTON, D. C., May 12.—Postmaster General Bissell made an announcement today to the effect that the deaths of Alfred R. Chadwick, Jesse Long and Charles H. Myers, clerks in the railway service, who lost their lives in the accident that occurred at Lafayette, Ind., on the 7th inst., on the Cleveland, Chicago & St. Louis railway, are greatly deplored. He also stated that he regretted that the department is not clothed with authority to extend to these men substantial and meritorious recognition of the faithful and courageous services rendered by those upon whom it is dependent.

Exports of Breadstuffs.

WASHINGTON, D. C., May 12.—The bureau of statistics, in a report to the Treasury department today, gives a comparative statement of the total values of the exports of breadstuffs as follows:

For the month ended April 30, 1893, \$12,621,158, a decrease of \$6,500,000 from the corresponding period of 1892.

For the four months ended April 30 last, \$53,028,363, a decrease of \$44,000,000 from the same period of last year.

For the ten months ended April 30 last, \$417,653,918, a decrease of \$105,000,000 from the corresponding period of 1892.

Impatient at the Delay.

WASHINGTON, D. C., May 12.—While many of the democratic statesmen who are at this time devoting their attention to the question of appointments, are worried that the ax-

does not fall a few more times to the hour, there is an impression, general enough to indicate that there is some ground for it, that in the future of time there will be a very complete change in all the offices not protected by the civil service law and that the appointments to the places will be fairly apportioned among the democratic workers.

Will Deliver Up the Murderers. WASHINGTON, D. C., May 12.—The threatened trouble at the Navajo Indian agency has been averted through the friendly disposition of Chief Black Horse, who has undertaken to deliver up the Indians who murdered Ranchman Welsh several weeks ago. Today Adjutant General Williams received a dispatch from General McCook from Los Angeles transmitting one from Colonel Hunt, commanding the United States forces at Fruitland, Ariz., conveying the above information.
