

CHRIST THE ALL AND IN ALL

Moral Law Embodied in Jesus of Nazareth, the Faultless Example.

FIRST PRESBYTERIAN'S NEW PASTOR

Where Rev. Mr. Patterson Is At Theologically He Believes in the Confession of Faith—Orthodox Discourse of the Pastoral Complexion.

The First Presbyterian church has a new pastor. Yesterday morning Rev. J. M. Patterson entered on the duties of the cure left vacant by Mr. Harsha a year ago.

At the very outset of his sermon Mr. Patterson told his hearers exactly "where he is at" theologically. He is Evangelical and Presbyterian; he didn't mention Calvin's name, but he confessed a consuming reverence for the "Confession of Faith."

"While it has been a joy to me and to you to come into you, that joy has not been unmitigated. I have been troubled by others. We here believe that God through you has called us to do His work among you, and it is my hope that the joy which you have in me will be sweetened over laborers in the field we have left. The text will be the keynote of my ministry. All Christian doctrine recognizes that the Christian life is a life of love."

CAUSE OF DISENSEN.

Washington Church Yesterday. The absorbing topic in church circles tonight was a sensational incident which occurred this morning in the First Presbyterian church, the pastor of which is Rev. Dr. Sunderland.

Christ, the Moral Law Embodied. Christ is all in all of Christian conduct. He shows not a thought, but a fact. His life shows the moral law in its fullness in flesh and blood. He gave to the world a faultless example. His moral grandeur was acknowledged by all who came within its influence.

LIQUIDATED THE INDEBTEDNESS.

De Witt Talmage officially announced that the floating debt of the tubercule had been liquidated and that his remaining with the church as its pastor was assured.

NO SCARCITY OF MONEY.

Mr. M. L. Roeder, Back from the East, Reports the Recent Crisis Well Over. Mr. M. L. Roeder returned yesterday from a six weeks' trip through the east, during which he visited New York, Boston, Philadelphia, Washington and Chicago. WOMAN'S GREATEST BOON

For Weakness, Debility, After the Grip. Took Hood's Two Months and Was Perfectly Well. "I wish to add my mite to the many recommendations of Hood's Sarsaparilla as a general medicine. Last winter my wife had an attack of the grip, which left her in a very weak and debilitated condition. She had good many medicines, but none of them did her any good until she got a bottle of Hood's Sarsaparilla. She took it for two months, and before she had finished the bottle she was so greatly improved that she was able to do her usual household work."

Minister Giguault's Opinion on French-Canadian Immigration and Annexation. Hon. G. A. Giguault of Quebec, deputy minister of agriculture of the Dominion of Canada, and a member of the royal commission now in Omaha, is a recognized authority on the subjects of immigration and agriculture in the United States.

IN FAVOR OF THE CHINESE.

New York Divines Declare Exclusion to Be Unjust and Cruel. NEW YORK, May 21.—The Chinese question was discussed by Rev. Madison C. Peters this morning at the Bloomingdale Reformed church, where he said: "In the name of God, who of one blood made all nations of men to dwell on the face of the earth, I protest against our unmanly, unamerican and unchristian treatment of the Chinese. They are human beings, having the same parts, affections, passions and the same material rights as other men."

While it has been a joy to me and to you to come into you, that joy has not been unmitigated. I have been troubled by others. We here believe that God through you has called us to do His work among you, and it is my hope that the joy which you have in me will be sweetened over laborers in the field we have left. SOLDIERS WON THE SECOND

Nonpareils Bow Their Proud Heads Before the Hustling Infantrymen. TOOK LIBERTIES WITH JELLEN'S CURVES Unfathomable Delivery of the South Side Pitcher Solved Successfully Fourteen Separate and Distinct Times During the Game.

ESTERDAY afternoon was about as tough an afternoon as has snarled along this way for many and many a day. A veritable Sarcasmo, laden with pulverized real estate, swept continuously over the diamond, rendering anything like clean or effective play out of the question. Despite this horrible meteorological condition, however, the Second Infantry team of Fort Omaha, and the Nonpareils of this city, met on the military campus and for nine innings indulged in one of the hottest and most stubborn battles that has ever taken place on those grounds.

And it was witnessed, too, by a large and enthusiastic crowd, who stuck to their posts and cheered the smothering and suffocating episode until the game was virtually hit in the head with an ax. It was the second of a series of three games between the two teams for the championship of the city. Last Sunday the South Side lads turned the trick successfully and this time the army reversed matters.

Not I. Jerry Denny Mahoney, Champion Jack McAuliffe and Kid Lacey, too, played as if they were playing for the first time. A lot of yellow paint with which they became smeared at the last picnic at Ruser's, rather than hang another bunch of curls at David's, was still on their faces.

WILLIAM SCHMIDT SUICIDES. All Because a Young Woman Would Not Go to the Park with Him. Just because a young woman refused to spend the afternoon with him at the park yesterday, William Schmidt, a baker, shot and instantly killed himself.

New York, May 21.—A morning paper says: Eugene V. Debs of Terre Haute, Ind., has been in New York several days, consulting with friends and old-time associates concerning the details of the organization of the American Railway union, a new labor organization. Mr. Debs was secretary and treasurer of the Brotherhood of Locomotive Firemen for a dozen years, but though unanimously re-elected last fall, resigned.
