

STATE INDUSTRIES ON SHOW

Increasing Interest Evidenced in Nebraska Manufacturers Exposition.

COTTON LOOM FROM KEARNEY HUMMING

What Strikes the Eye and Holds the Attention of the Visitor—Much Machinery in Motion—Dead Exhibits—School Children Attend.

The manufacturers of Nebraska have expended many thousand dollars in their effort to make an exposition creditable to the state, and they are feeling not a little elated at their success.

Machinery in Operation.

The feature which strikes the visitor most forcibly is the amount of machinery in operation. There is the cotton loom from the Kearney cotton mill, one of the newest and most perfect machines imaginable, which gives the visitor a practical illustration of how cotton cloth or muslin is manufactured.

Then there is the great overall and shirt factory, where every article made can have no idea of the extent of the exhibit or of the expense and pains undergone to make it a success.

The feature which strikes the visitor most forcibly is the amount of machinery in operation.

The Porter and His Wheel.

Just across the aisle is an exhibit of the Lincoln Patent Sewing Machine, which is worth going a good many miles to see.

Many people have an idea that bars or corks of soap are run in molds, but they will learn differently if they visit the exhibition.

The pupils of the Deaf and Dumb Institute show their methods of working in wood, besides having many very attractive articles already finished.

The planing mill is a large exhibit worth spending a good deal of time with.

The children of the Kellon Webster street schools attended the exposition yesterday.

The shirt factory, where garments are turned out to order, is a most creditable display and interesting.

Subjects Discussed Before Their Convention at Chicago Yesterday.

Chicago, Ill., May 25.—The question of reducing the size of the Sunday paper, or of still further increasing it, was the chief topic discussed today by the American Publishers association.

They Pitting for an Early Opening of the Cherokee Strip.

ARKANSAS CITY, Kan., May 25.—A largely attended meeting of the Cherokee strip homesteaders was held on the line this afternoon to take some steps toward, if possible, securing an early opening of the Outlet to settlement. Resolutions looking to this end were adopted and earnestly implore President Cleveland, with the assistance of Secretary of the Interior Smith, to take immediate steps to open the land to settlement by the first day of June, so that thousands of prospective settlers along the line can have at least one month to break sod, and thereby enable them to get in a crop of fall wheat which will add greatly to their wants and comfort in the coming year, and that they may be able to save the bountiful crop of hay now growing to feed their stock through the winter.

The resolution requests the president to issue a proclamation requiring all cattle to be removed from the Cherokee strip, and that cattlemen be prohibited from driving herds of Texas cattle across the strip, thereby infecting the country with Texas fever.

"Be it further resolved," conclude the resolutions, "that in the interest of the poverty-stricken settlers along the border of the strip that a committee be appointed to correspond with the different boards of trade in the west and ask their co-operation with us in securing the opening of the strip by July 1."
