WILD SCENES AMONG THE OPERATORS

The Peculiar Features of the Day's Transactions-Not in Ten Years Have Similar Conditions Existed on 'Change -Stocks and Bonds.

CHICAGO, Iil., May 26.- Waking up to find the hotel aftre was about the experience of the pork trade today. The September price opened it \$20.85. It was two hours slowly getting up 15c to \$21. Then, without a particle of warning, it was less than five minutes getting

The selling of about 1,000 bbls, at that figare stopped the run-away market, and in fif-teen minutes the price was back to \$21.30. The close was at \$22.35, or \$1.50 up from the opening. This remarkable action is but a flash in the deal which has quietly tied up all the contract pork in sight, and will release none except at great punishment to the shorts.

The manipulation, which is credited to the Cudahys, Charley Wright, and some say N. K. Fairbank, has been the scarecrow in the private trade for weeks. The country got frightened out a long while ago. The scalpers have been filling the chairs, but fighting shy of the the pit ever since May 1. To venture in on either the buying or seiling side has been to get nipped sooner or later. Prices have been either the buying or seiling side has been to get nipped sooner or later. Prices have been so fancy that temptation was great to sell short and place step loss orders \$1 or more above the market. Those who were led into temptation were wild to be delivered today. When shorts bid for pork, no one without it dared sell it. Those with the pork would not sell it. Prices went from 25c to 50c at a jump between trades and the \$23 mark was quickly reached. One stop loss order placed at \$22.55 was filled at \$23, and this was but a sample. Only small lots were wanted and the trade was not heavy. Steever sold 750 bbls, for the clique and cased the pressure. The product may apparently go to \$25 or \$30 as well, for it seems to be cornered for all it is worth. It is said that in ten years the market had not gone up so rapidly on so little buying.

There was nothing in other hog products. Lard and ribs closed nominally at 22% higher than last night.

Conditions seemed to strongly favor the selling side of the wheat market and much of the local talent was engaged in the effort to force a decline. Brosseau, Poole, Lester, Murphy, Nelson and Congdon sold from the start and when the downward movement was started Charley Wright's brokers joined vigorously in the assault and during the first hour a break of 1c from yesterday's close was made.

Cables were weaker and failed to bring any

made. Cables were weaker and failed to bring any

Cables were weaker and failed to bring any Crop calamity reports; domestic markets were all on the down grade, western receipts were heavy, local arrivals beyond expectations, generous rains reported in the dry districts in the southwest and generally magnificent wheat weather gave the bears the ammunition which they used for a time with good effect—Wright freely taking 65c wheat and N. B. Ream reservedly reversing the sentiment. There was a good deal of apprehension growing out of the uncertainties of the monetary situation. The Australian failure and the assignment of ex-Secretary Foster increased the apprehension, but active buying by Wright on the decline and on the excitement in pork, sent wheat up during the last hour. The opening was about the same as yesterday's closing to 3c lower, and with some slight fluctuations, prices declined ic for July and %c for September, then railied %c, cased off %c and the closing was 4c lower for July and %c lower for September.

September.

In corn brokers supposed to be acting in the interest of a large local long sold freely and wheat declining, the price worked down he, but rallied he later owing to the strength in provisions, ruled easier and at the close had lost from he to he call the lose had the still larger estimate for tomorrow had a weakening tendency.

weakening tendency.

Oats early were a shade better, advancing from \$\frac{1}{2}c\$ to the wheat and corn and the closing was quiet at about inside figures.

Estimated receipts for tomorrow: Wheat, \$180 cars; corn, 590 cars; oats, 376 cars; hogs, \$000 head.

The leading fotuses ranged as follows:

STOCKS AND BONDS. Course of Prices Was Irregular, But Fluc-

'tuations Were Important. New York, May 26 .- The stock market was less active than on yesterday. The course of prices was irregular, but the fluctuations, save in a few instances, were quite important. The market opened lower in sympathy with London, but a rally ensued, and later, under a fairly brisk demand, prices generally went above last night's final figures. Manhattan rose 3 per cent to 164½, Sugar 1½ per cent to 90; General Electric 1½ per cent to 72½; Tennessee Coal and Iron 1% per cent to 20; Dis-tillers 24 per cent to 19% and Consolidated Gas 8% per cent to 134%. The last mentioned

tillers 24 per cent to 194 and Consolidated Gas 84 per cent to 1344. The last mentioned was favorably affected by the action of the directors in raising the rate of quarterly payments from 4 to 2 per cent.

The failure of the Foster Banking company of Fostoria, O., of which ex-Secretary Foster was president and the engagement of \$2,500,000 of gold to export to Europe induced the bears to make a raid on the market during the afternoon. Manhattan dropped 54 per cent to 1284 on reports that at the next meeting of the rapid transit commission, it would be decided to invite bids for the construction of new lines. Consolidated Gas, General Electric, Sugar and Tennessee Coal and Iron reacted 1442 points. The leading shares like the Grangers, Atchison and Lake Shore closed with merely fractional net changes. The market closed rather weak in tone.

The Post says: Two million in gold will go out to England on bankers' shipments tomorrow, raising the total export thus far in the year to the unparalleled sum of \$60,000,000. The figure is worth remembering, because the regular gold exporters are pretty well agreed that Saturday's shipment will bring to an end the execution of the European orders. There are possible in the international movement of specie, two quite distinct operations and in the recent sterling market both have played their part. A banker may ship gold and cover his transaction by sale of his own bill of exchange bills drawn by himself or sold to him by other drawers and cover by gold shipments. The second of these transaction is usually known as normal, yet it has figured relatively little in the exported proposably Austria in particular—has had its orders filled, and for the present closed its books. Whether the regular export of gold to cover foreign debts will cease may prove another question. At the moment there is a fair commercial profit in the transaction.

in sections, owing to fear of a troublesome settlement. Railway securities were especially depressed. British railroad shares fell is to it per cent, Grand Trunk of Canada consols fell is per cent, Denver & Rio Grande preferred, is per cent; Louisville & Nashville, it and other American railway securities, is to it per cent.

London Financial Review.

[Copyrighted 1893 by James Gordon Bennett.]

London, May 26.—[New York Herald Cable—Special to The Ber.]—Realizations and preparation for the settlement Monday were numerous on the Stock exchange while new business was nearly at a standstill. Consequently speculative markets have shown some degree of duliness, but the higher class of securities was well maintained. Consols advanced 1-16 per cent. Colonial government bonds are also in several cases higher. Foreign government, securities close rather depressed. The feature was some heavy seiling of Greek bonds. Home rallways were rather duil all day and a decline of from ½ to ½ per cent was established. Americans showed considerable depression during the morning on renewal of realizations, but during the course of the afternoon a better tendency prevailed, and at the close New York showed a disposition to support the market a little, so the final quotations were generally above the worst. At the same time most descriptions are lower on the day, including Louisville & Nashville, % per cent; Northern Pacific preference, and Wabash debenture ¾ per cent, Norfolk & Western preferred and Union Pacific % per cent; and others ½ to ½ per cent. Canadian; were very little dealt in and leave off duil, Canadian Pacific showing a fall of % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and Grand Trunk issues from ½ to % per cent and there was rather easier, two and three months bills being quoted at from 3 to 4 per cent. London Financial Review.

OMAHA LIVE STOCK MARKETS. Cattle Trade Much Firmer-Hogs Flat Because Prices Offered Are Low.

FRIDAY, May 26. Receipts of all kinds today were light, the five days supply footing up 11,480 cattle, 26,271 hogs and 2,445 sheep, against 9,132 cat-tle, 17,221 hogs and 1,741 sheep for the same period last week, an increase of about 2,300 cattle, 9,000 hogs and 700 sheep. Dealers generally were disappointed at the

Dealers generally were disappointed at the light run of cattle. Only 54 cars were received. This fact, together with the more favorable tone to eastern advices, made a lively market with prices on an average fully 10c higher than Thursday. On right choice, fat, light steers the advance was even more, while on some of the medium and heavy cattle, especially if not ripe or a trifle course, the advance was hardly so much. Speculative shippers showed more activity than on any day so far this week, and with the dressed beef men all hustling to fill orders, business was brisk from start to finish, and the meager offerings soon changed hands. Good to choice 1,200 to 1,462-lib beeves solu at from \$4.70 to \$5.25, while fair to good steers weighing from 974 to 1,156 lbs. sold at from \$4.40 to \$4.75. Fair to poor light stuff and odds and ends sold at from \$4.40 down.

There was considerable life to the cow mar-

poor light stuff and odds and ends sold at from \$4.40 down.

There was considerable life to the cow market, and as receipts were light, about ten cars, and the demand good prices ruled steady to strong, good to choice fat cows and helfers selling at from \$3.70 to \$4.20, with fair to good butchers' cows mostly at from \$3 to \$3.65, and common and canning grades at from \$1.75 to \$2.75. The few calves offered changed hands briskly at firm prices from \$4 to \$5.25. Rough stock was fully steady, fair to choice buils and stags bringing \$2.50 to \$4.

There was considerable potential strength in the feeder market. The demand was good, both from regular dealers and country buyers, but the volume of trading was necessarily limited on account of the small supplies. Representative sales:

10..... 653 3 40
Hoos—There was a sharp falling off in supplies today, the fresh receipts being but little over 3,000 head, which, added to the holdovers, made fully 4,000 on sale. The general quality of the offerings was not a great deal different from what it has been all week, but the top hogs were hardly as good as recently. There was a good demand early from shippers and fresh meat men, and early sales showed an advance of a shade to 5c over Thursday's average prices, the good to choice hogs weighing all the way from 223 to 309 lbs. selling at \$6.85 and \$6.90, while the common to fair light and mixed packing grades at \$6.75 and \$6.80. Business was fairly lively early, but the filling of outside orders and the bearish news from Chicago weakened the market before long, and by 9 o'clock the advance was entirely lost, and the best bids sellers could get were \$6.70 and \$6.75 for good hogs. The sellers were stubborn, and the market closed flat, with all of 1,000 hogs unsold. Sales were mostly at from \$6.80 to \$6.85, against \$6.75 to \$6.85 Thursday and \$7.20 to \$7.25 one week ago. Representative sales: move her little house back from the boule-vard. The board decided to comply with the request. A petition presented by north end citizens urged the propriety of naming the north boulevard the Florence boulevard. The name struck the members of the board very

favorably, but Judge Lake held that the board had no authority to name parks or boulevards, and it was finally decided to leave the matter with the committee or designation of grounds until next meeting. Bids for the erection of the Hanscom park pavilion were opened. These are the bids: Thomas Herd, \$11,800; E. H. McKenna, \$11,580; J. R. Shaw, \$12,875; Henderson & Parish, \$12,000; J. M. Counsman, \$15,200; A. W. Dholas & S.D., \$15,200

W. Phelps & Son, \$15,200. Bids on incandescent lighting were re-ceived as follows: John T. Burk, \$180; the Wolfe Electric Light company, \$175.

SHEEP-Receipts were light, there was a good demand and everything solu quickly at a shade to 5c advance. With light supplies everywhere, the market is getting in better shape every day and the demand improving right along. Fair to good natives, \$4.5025.50; fair to good westerns, \$4.0025.50; common and stock sheep, \$2.502, 4.00; good to choice 40 to 100-lb. lambs, \$5.0026.50. Representative sales:

Piles of people have pues, but De Witt's Witch Hazel Salve will cure them

RAILROAD NOTES.

Beat the Maximum Rate Law. As yet the Iowa roads show no disposition to meet the Sante Fe rate of \$17.50 which

say they are willing to make as low a rate as any other road, but brokers play so large a part in their business that to make a low rate would simply throw the whole thing wide open to the scalper, and then revenues

of the Union Pacific, returned from Chicago yesterday, but had nothing to relate of the situation outside of that given by The BEE. He stated that things were decidedly mixed and the future considerably hazy. The general attorneys of the railroads di-

rectly interested in the maximum freight rate law will hold another meeting today in the library at Union Pacific headquarters and try to agree upon some concerted plan of action to have the act declared unconaction to have the act declared uncon-stitutional. As preliminary to the meeting General Manager Holdrege, Attorney C. J. Greene and J. M. Thurston held a long session in Mr. Thurston's office at Union Pacific headquarters yesterday, and it is generally thought these magnates will have a "line of procedure" to present the ther attorneys today which will be

Chicago Live Stock Market.

Chicago, Ill., May 26.—[Special Telegram to The Bee.]—Highest prices were paid for cattle. Not enough stock was here to supply the demand, which was active both for local and shipping account. The advance was not in any case very pronounced, from 10c to 15c per 100 lbs. covering it, but it makes a gain since Wednesday of from 20c to 30c, and carries the market to about as high a point as it has yet occupied. Native shipping steers were salable at from \$4.35 to \$6.15, cows and heifers at from \$1.85 to \$4.40. Bulls and Texas cattle sold equally well. About 1.20c arrived and they were quickly out of the sellers' hands on a basis of from \$2.25 to \$5 for poor to extra qualities. Of the native cattle a co-siderable part consisted of distillery fed.

The hog market was lifeless; it was also lower. Buyers' blds were generally from 5c to 10c off from Thursday's quotations, and although sellers made stiff opposition, they were brought to terms. Nothing in the shape of a hog could be moved at better than \$7.25 and the great bulk of the stuff was weighed below \$7.15. The range of prices was from \$6.80 to \$7.15 for lightweights, and from \$6.90 to \$7.20 for medium and heavy. These quotations show a decline since Tuesday of from 500 to 55c per 100 lbs.

The last week has been one of more than ordinary activity in the sheep branch of the live stock market. So strong has been the demand that in spite of the fact of an increase in the receipts of 5,000 head, the previous week's advance has easily been sustained as to sheep, while for lambs (yearlings) materially higher prices have been established. The present range of quotations is from \$3 to \$5 for Texas sheep and from \$3.25 to \$5.00 for natives and westerns. These prices are for shorn lots. Shorn lambs are selling from \$5 to \$6.40 and spring at from \$5.00 head.

The Evening Journal reports:

CATTLE—Receipts, 6,000 head; shipments, 8,000 head; market steady to slightly higher; today's top prices, \$5.604.25; native cows and heifers, \$3.104.25.

Hogs— Delegates to the fourth annual convention of the State Business Men's association have been provided with tickets from their vari-ous localities through the courtesy of the Manufacturers and Consumers Association of Nebraska, the Commercial club and the jobbers and manufacturers of Omaha out side these associations. Some 250 delegates are expected next week in this city to meet and discuss topics of mutual benefit to their varied lines of business General Manager Dickinson and party will

return home this evening from their sin-spection of the Union Pacific.

L. E. Sessions, traveling passenger agent of the Monon route, is in the city, as are Messrs. Thorp and Jenkins of the Penn-

Piles of people ave pues, but De Witt's Witch Hazel Salve will cure them.

The end of the theatrical season brings to Omaha one of the brightest stars of the modern stage. This is Marie Wainwright, who appears in the first of three performances at the Boyd this evening. Miss Wainwright's Viola was as charming and in-telligent a study in Shakespearean comedy as the student or the general theater goer ever enjoyed. Miss Wainwright retires from the stage next month and none should miss seeing an actress whose personal beauty is only equaled by the excellence of her art, and nothing higher of praise could be accorded.
This afternoon Miss Wainwright will

be seen in modern comedy, presenting one of the successes of the passing season, Clyde Fitch's "The Social Swim." It is a comedy of fashionable life in New York, and it is said all the sartorial possibilities of the piece have been exhausted. The ladies in the cast are arrayed in the very latest creations of the greatest modistes of Paris, London and New York. The ladies of Omaha have a treat provided for them tomorrow afternoon. Incidentally be it remarked that the play has been praised for its eleverness of plot.

Shakespearian gallery.

Those who saw "The Nabobs" on its last, and first, appearance at the Farnam some months ago will welcome the announcement of its return to the same house, where it opens a five nights engagement with tomorrow's matinee. For really funny business, funny songs and funny situations it were hard to beat "The Nabobs." It is a laugh maker, nothing more, but that is much. It introduces one of the cleverest buriesque comedians on the stage today, George Henshaw, whose English music hall songs sung shaw, whose English music hall songs sung in the first act are alone worth going far to hear; but all through the farce he is admir-

brightness of dialogue and truthfulness of characterization.

This evening Miss Wainwright as Rosaind, fairest feminine picture in the

Those who saw 'The Nabobs' on its last,

I AM SO HAPPY 3 BOTTLES S.S.S.

able in his fooling. George is somewhat of an Adonis, and he is pardonably cognizant of the pleasant fact. In the opening act he is "made up" with a face calculated to stop a clock, so that in the last act he may the more effectually dazzle the onlooker with his

manly, Apollolike countenance.

The supporting company in "The Nabobs" is particularly elever. The chorus girls are handsome and sing well. All in all, one of the best farces of the season comes to the Farnam next week, and is presented by one of the eleverest companies in its line on the road today. road today.

The engagement of Filint, the mesmerist, at Boyd's theater, commencing Monday night, May 20, guarantees a novel performance of interest to all cultured people. Press and public have prenounced him an eminent exponent of mesmerism. As a fun-maker, too, he is said to be considerable of a success. It is claimed that more than of a success. It is claimed that more than one-half the volunteers coming upon the stage prove susceptible to his influence.

Piles of people have piles, but Dewitt's Witch Hazel Salve will cure them.

POLICE COURT AND CATCHES. Professor's" Loss the City's Gain to the

Extent of Twenty-five-Fined and Found. Judge Berka was kept busy with small cases yesterday, most of the offenders being of the "vag" variety. Sergeant Whalen was acting as prosecuting attorney. James Whiting, who was arrested with three other boys on the charge of having burglarized a banana stand, was acquitted, his companions being held. Whiting proved that he had nothing to do with the burglary. Early in the morning the police arrested A. J. Loss, who hails from Missoula, Mont., and pretends to be a "professor." The police allege that the prisoner is a first-class "con" man, who makes a business of robbing the drunken visitors at bawdy houses. Judge Berka fined him \$35 and

Joseph Novak pleaded guilty to the charge of stealing some minkskins from his employers, a hide firm on Leavenworth street, and was fined \$25 and costs. Joseph says a woman beguiled him into sinning, but that he won't do so any more.

Jack Harding was held to the district court for assaulting Fred Joesei of 805 North

court for assaulting Fred Joesei of 805 North Sixteenth street on May 21.

James Clark, a hard-looking ex-citizen of St. Louis, which city he left recently at the urgent invitation of the authorities, was taken in by Sergeant Ormsby, Detective Vizzard and Officer Fahey and booked as a suspicious character. The officers say he is a crook and a had you generally. a crook and a bad man generally.

Detectives Hudson and Hays arrested W. C. Myers yesterday on suspicion of being engaged in floating bogus coin. Myers had eight good dollars and one bad one when arrested. He only arrived here from Hastings Thursday night. The police will investi-gate the man's character and reputation. Little Jimmie Greggor, who came to town with his father from Cedar Rapids yester-day, was lost and later picked up by the police and returned to his anxious parents.

Read It in His Paper. People who never read the advertisements

in their newspapers miss more than they presume. Jonathan Kenison of Bolan, Worth county, Ia., who had been troubled with rheumatism in his back, arms and with rheumatism in his back, and shoulders, read an item in his paper about how a prominent German citizen of Fort Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad that he bad to do the cooking. I told him of Chamberlain's Pain Baim and how it had cured me; he got a bottle and it cured them up in a week. I have great faith in Pain Balm and believe it will cure the worst cases of rheumatism."
