The layers were several blocks away and

the music was conveyed to the audience over

a telephone wire. The young ladies furnish

the music.

NEWS FROM COUNCIL BLUFFS

Citizens Generally Participate in the Exercises of Decoration Day.

FRAGRANT GARLANDS FOR HEROES' GRAVES

Program Carried Out—Part Taken by the Little Folks in the Exercises—Lessons in Patriotism—Incidents of the Day.

Decorations day was celebrated in Council Bluffs yesterday with all of the usual frills and furbelows. The weather could not have been better during the earlier part of the day, the slight rain of Monday evening having laid the dust and made marching considerably pleasant than it would have been otherwise. Business was almost suspended all day long, but the streets were far from deserted. It was hardly afternoon when the children, each one clad in Sunday-going-to-meeting clothes, commenced to collect in battalions park, followed soon after by their elders, all anxious to witness the parade. A great many who live in the rural districts were present to swell the throng of spectators. While the procession was forming Dalbey's band rendered a number of choice selections in front of the Grand hotel in a way that pleased the great audience highly.

It was about 2:30 o'clock when the various societies intending to take part in the parade were marshaled into position and the procession started, although for a full hour previous the marshal and assistant marshals had been working like bees to get the line formed. The procession was one of the largest ever seen in Council Bluffs on any similar occasion, nearly every society in the city being represented fully.

High School Cadets. The High school cadets made their first appearance in public, led by the new flag, which was presented them by the young ladies of the High school last week. It was conceded by all that they made about the finest appearance of any body of young men in the procession, and the military evolutions they executed were well received for work they have done during the past few months since the corps was organized.

The Doolittle Light guards were also on hand in a most creditable showing, occupying a position just in advance of the Grand Army and Union Veterans. The city officials and speakers of the day rode in carriages. Among the most notable of these were the hundred school children, who vented their enthusiasm in ear splitting yells at suitable intervals. The rear of the parade was made up of a large number of citizens in carriages. Before the day was over several cogs slipped in the weather machine and the beautiful sunshine of the morning was obscured by a heavy rain. In the midst of the program to a dreary rain that sent the white dresses and American flags hunting for their homes in a very much bedraggled condition. About the time the crowd arrived at the cemetery the clouds began to roll up, and while the speecheeving was going on the outlook became so threatening as to send a large portion of the audience home in alarm. Those who did not retreat it before they finally reached their homes.

Orator of the Day. Prof. W. H. Christie of Omaha was the principal orator of the day. His effort was an eloquent, although somewhat lengthy one. He was followed by Rev. Stephen Phelps, D. D., gave an address on the subject, "The Object of the Woman's Relief Corps." Music was furnished by the High school quartet, the drum corps and the school children. After these features of the program had been finished it was found necessary to postpone the rest until evening.

Last evening that portion of the exercises which was postponed was completed during the afternoon by the storm which prevented the Grand Army hall, a large number being present. The main feature was the address of S. B. Wadsworth.

FREE TRIP TO MANAWA.

Bonison Bros., the Dry Goods Men, Will Give the Children of the Three Cities a Day's Outing.

Bonison Bros. have made arrangements for a great time for the children of Council Bluffs, Omaha and South Omaha next Saturday. They will take the children to the public schools, parochial and private schools, with all the teachers who will go, on a free trip to Lake Manawa and return. Children who are not in any of the schools, newsboys and all other boys are included in the invitation. It is that will be necessary for each child who wants to go to call at Bonison Bros., store, corner Broadway and Scott street, between 12 and 1 o'clock Saturday and get a free ticket. Tickets will be sent to the teachers before that date, and as many of the parents, mothers especially of the children, who will assist in giving their children an outing, will also receive free tickets. Lunch baskets should be filled, and all preparations made for a good time. Special attractions will be provided at the lake. The chief event will be the opening of the new pavilion at opera house, where a free concert and other will be given for the children and others. The children will not go on the water and there will be no danger of an accident.

It is expected that 5,000 or 6,000 of the little people and their guardians will take advantage of this opportunity, and that the event will be one of the greatest in the history of the popular resort. Recollect, Saturday, June 3.

Tore Down the Card. F. C. Childs was arrested yesterday morning on an information filed by City Physician Macrae charging him with violating the State Board of Health law in tearing down a measles card before the expiration of the thirty days provided for in the law. His little daughter came down with the measles May 4 and the residence, 519 Seventh avenue, was quarantined as usual. Some time before last Friday the card was torn down. He will have a hearing in police court this morning. The city physician proposes to get after all similar violations, and convince them that the rules of the Board of Health were made to be observed.

Metzgar & Handlett's Ice Cream. Try Metzgar & Handlett's pure and delicious ice creams and ices and you will order no other.

Free treatments daily from 2 to 4 p. m. at the Council Bluffs Medical and Surgical Institute, 20th and Broadway.

Hurt in a Runaway. Z. W. Cole, who lives on North Main street, was seriously hurt yesterday afternoon in a runaway. He was returning from the exercises at the soldiers' cemetery, and was driving down Oakland avenue. With him were two ladies. The horses became frightened at some object and started to run, turning the corner suddenly and turning the buggy over at the corner of Washington avenue. Mr. Cole landed underneath the horses when it overturned, and was badly cut and bruised. The ladies, strangely enough, were uninjured. The buggy was broken into kindling wood and the horse was badly cut about the legs.

Greenfields, Nicholson & Co. have moved their real estate office to 600 Broadway, opposite postoffice.

Children's Picnic. Bonison Bros. are making arrangements for a children's picnic at Lake Manawa next Saturday. It will be somewhat different from the picnic of former years in that an invitation is to be extended not only to the children of Council Bluffs, but also to those of Omaha and South Omaha, to enjoy an afternoon on the lake under the auspices of this enterprising firm. The "pavilion"

ONE DAY GIVEN TO THE DEAD

[CONTINUED FROM FIRST PAGE.]

old soldiers in Wykes and six in St. Theresa's cemetery. Commander Sprague addressed the gathering briefly and the salute was fired by the Regimental Band. After the music, the prayer and several brief addresses, the orator of the day, Captain C. E. Adams of Superior, was introduced and spoke at length on the subject of the day. He was followed by General J. R. Webster and F. W. Collins. Governor Crouse formally presented the Grand Army of the Republic in Wyuka to the public, and his presentation was responded to by Commander Sprague, after which the flag that will be constantly kept in place was raised with music and benediction.

Beatified People Pleased. BEATRICE, Neb., May 30.—[Special Telegram to THE BEE.]—All elements combined to make Decoration day a success. The weather was delightful, the city was beautifully decorated. Most of the business houses closed their doors in the afternoon, thereby giving their employees an opportunity of witnessing or engaging in the exercises of the day. A 2 o'clock a large procession of bands, city council, fire department, Grand Army of the Republic and Women's Relief corps, secret societies in uniform and citizens marched to the Chautauqua grounds, where the exercises were held. The exercises consisted of vocal and instrumental music, prayer, by Rev. J. D. Coutermarsh, address by Mayor Blum and an oration by Hon. John M. Thurston. Hon. Alex. Graham acted as orator of the day. The program was very interesting, even for that eloquent speaker, Hon. John M. Thurston. In the evening a grand concert was given at the Paddock opera house by the Third City band.

Escaped from the Reform School. Mary Froberg, a girl living in this city, was sent to the reform school about two years ago on the charge of incorrigibility. She stayed at Mitchellville until last March, when in some way she managed to elude the vigilance of the guards and get away. Marshal Templeton ran across her on the street and recognizing her, locked her up over night in the city jail. She left for the state institution again yesterday morning in charge of an officer.

Cook you? meals this summer on a gas range. At cost at the Gas company.

RAILWAY SURGEONS MEETING.

First Day's Program of the Convention that Opens in Omaha this morning.

Today the National Association of Railway Surgeons of America meets in annual session in Omaha. A right hearty welcome will be accorded the 1,300 odd doctors, who will be in attendance at the meeting. Dr. W. J. Galbraith, who has had charge of the local arrangements for the reception and comfort of the delegates, has been elected secretary. He is in charge of the fitting entertainment of the distinguished guests. Three sessions will be held on Monday, Tuesday and Wednesday, at 10 a. m., 2 p. m. and 8 p. m. Today's program has no particular interest for the public, beyond the address of welcome to be delivered by Hon. J. M. Thurston at the morning session.

This is the program for today: MORNING SESSION. Call to order by Dr. Galbraith, chairman of arrangements committee. Prayer by Rev. T. J. Mackay. Address of welcome by Hon. John M. Thurston.

Response by Dr. George Chaffee, secretary New York Association of Railway Surgeons, Brooklyn, N. Y.

Introduction of the president by Dr. Galbraith of Omaha.

President's address by Dr. C. W. P. Brook, chief surgeon Cincinnati & Ohio railroad, Richmond, Va.

Appointment of committee on nominations. First report of executive committee.

First report of case of collision of the back and abdomen followed in five months by intestinal lesions by Dr. Paul F. E. Louisville & Nashville railroad, Nashville, Tenn.

Discussion, opened by Dr. G. J. Northrop, Marquette, Mich.

Report of a case of fracture of the astragalus, by Dr. Robert Burns, Plymouth, N. H.

Discussion, opened by Dr. S. L. McCarley, Dennison, O.

AFTERNOON SESSION. Call to order. Report of minutes of last morning session. Report of secretary.

Papers and the dinner. Injuries of the Cord and its Envelopes Without Fracture of the Spine—History, by Dr. George Ross, Chicago, Ill.

Discussion, opened by Dr. J. H. Murphy, Chicago, St. Paul, Minneapolis & Omaha railroad, Minneapolis, Minn.

Anatomical Landmarks, by Dr. Jabez N. Jackson, Washburn railroad, Kansas City, Mo.

Discussion, opened by Dr. H. M. Smith, Pittsburg, Chicago & St. Louis railroad, Pittsburg, Mo.

Physiology of the Spinal Cord, by Dr. A. P. Grinnell, Central Vermont railroad, Burlington, Vt.

Discussion, opened by Dr. Solon Gray, Chicago, Milwaukee & St. Paul railroad, Milwaukee, Wis.

Experimental Research, by Dr. Thomas H. Montgomery, St. Louis, Mo.

Discussion, opened by Dr. B. Merrill Bickett, chief surgeon Cincinnati, Peoria & Vincennes railroad, Chicago, Ill.

An Experimental Study of Spinal Myelitis and Meningitis, by Dr. George A. Baxter, Chicago, Ill.

Discussion, opened by Dr. Solon Gray, Chicago, Milwaukee & St. Paul railroad, Milwaukee, Wis.

Many Towns Observe the Occasion in an Appropriate Manner.

SLOAN, Ia., May 30.—[Special Telegram to THE BEE.]—Nearly all business and work was suspended this afternoon, and the Congressional church, which was filled by an interested audience, who listened to music and an unusually interesting address by Rev. J. E. McNamee. The largest procession ever formed by Sloan citizens proceeded to the cemetery, where the graves of veterans were decorated. The band added to the occasion with good selections, and much interest in the day was manifested by the public generally.

DEWEE, Ia., May 30.—Memorial day was observed in a quiet manner here. There was no procession. Business generally was suspended.

DON'T HAVE THE BLUES.

How differently people see things! Some people have to get very near to see things, others hold them off to look at them. Some people think the moon looks as big as a silver dollar, others as big as a cartwheel. And some people think the moon is green and others call it yellow. But to those who see through sick eyes there is no doubt that the world looks unmistakably blue. There are people who trouble about the route next year, foresee trouble from comets not yet visible, and get thin over smashes and crashes that never come. The cause of this uncomfortable state of mind is very often bad digestion, nervous depression, or general debility. Health is hopeful. Things looked blue to the bright young woman whose portrait is given here, Mrs. C. B. Markham, of Valley Falls, Mo. Dr. Williams' Pink Pills for Pale People cured her. "I had neuralgia," she writes, "in the worst stage. The doctors could only give me relief by giving me morphine. Dr. Williams' Pink Pills for Pale People cured me. I had only taken a few doses when I felt relief. I have now taken about three bottles and feel that I am permanently cured. Dr. Williams' Pink Pills for Pale People cured me.
