Broke His Back While Jumping from the Rock Island Flyer.

RESULT OF TRYING TO SAVE CAR FARE

William McGreevy of Des Moines Was

Frightened at the Appearance of

the Conductor and Jumped the Firer. William E. McGreevy, who lived in Des Moines until within the last day or two, is lying at the Woman's Christian association

hospital with a broken back as the result of a jump he made from the incoming Rock Island fiver yesterday morning at 1:15 o'clock. He was on his way to Nebraska, where he expected to go to work on the

railroad. He only had \$1 in his pocket and was saving railroad fare by beating his way. He managed to get within a mile or two of this city when the conductor of the train found him and his partner secreted on the front platform of the express car. The conductor jumped for him, and McGreevy, thinking that the only thing for him to do was to get away, jumped off. The train was going at the rate of about forty-five miles, and he received a fearful fall. The only thing that saved him from instaut death was the fact that he fell into a mud hole. His partner was allowed to remain on board His partner was allowed to remain on board the train until it reached the local depot, when he set out to find McGreevy. After about three hours McGreevy was found lying by the side of the track, senseless and almost frozen. He was picked up and carried in the patroi wagon to the hospital, where he will remain until he gets well or dos

lies.

His back is broken within four inches of the neck, and a clot of blood has formed in the fracture, which, unless it dissolves within a very short time, will inevitably cause death. McGreevy is perfectly conscious and does not seem to suffer any pain. His entire body, with the exception of his head and abdomen, is paralyzed. His mother still lives in Des Moines and has been notified of her son's mishap.

Closing Exercises.

Yesterday was celebrated by the pupils of the public schools as the practical winding up of the work of the school year. It was the last full day of school, though sessions will be held in the morning during the rest of the week, to give the teachers an opportunity to close up their work in good shape. Yesterday afternoon a number of the schools had special exercises. Among the most in-teresting were those of the pupils in the rooms of Mrs. Barclay and Miss Craig in the Washington avenue building. A large num-ber of friends were present, and the following interesting program was rendered:

Song by school; declamation, Robert Halladay; piano solo, Mona Reed; reading, Lillie Norene; vocal solo, Helen Baldwin; essay, "Electric Telegraph," Jessie Wallace; piano solo, Ruth Mayne; song by school; piano solo, Ruth Mayne; song by school; recitation, Minnie Rice; piano solo, Delia Fenner; recitation, Ethyl Thomas; recitation, Edith Wycoff, Lillie Norene; song by school; recitation, Anna Walker; harp trio, Willie Arnd, Herbert Coy, Willie McPherson; vocal solo, Jessie Wallace; piano solo, Katie Raser; song by school; history of school, Clara Kracht; piano solo, Bertha Towler; essay, "Education," Edyth Wycoff; piano duet, Odessa Downing, Alma Pfeiffer; farewell song by school.

At the close of the exerciser addresses were made by W. C. Stacy and Prof. H. W. Sawyer. Prizes were also awarded to Miss Edyth Wycoff and Miss Jessie Wallace for having written the best essays. The first prize was a book on "American History" and the second on "English Literature."

10WA MASONS MEET.

Annual Communication of the State Grand Lodge at Davenport. DAVENPORT, Ia., June 6 .- | Special Telegram to Tue Bre.]-The fiftieth annual communication of the Iowa Masonic Grand lodge opened here today with over 700 delegates present-the largest attendance at any convention of the Iowa grand body.

The day has been occupied with addresses and the work of the committee on credentials and other preliminaries. Interesting work is expected in connection with the sta nd of the grand lodge opposing the Cerneau or Scottish Rite Masons. This body is pronounced fraudulent and illegal by the grand lodge and it had previously amended its constitution to that effect requiring Masons in good standing to abstain from connecting with it. Nevertheless there is a large following of the Cerneau body in Iowa and many delegates have come to the grand lodge instructed to work and vote for the re-peal of the amendments. They are not numerous enough to carry it, but warm work expected. The grand lodge may draw the lines tighter on the Cerneau body in consequence of this effort at repeal.

FOUND MOS. TO BE UNFIT

City Council Summarily Disposas of the Newly Appointed Police Court Clerk.

SOME PAVING ORDINANCES WERE VETOED

Mayor Bemis Returns Several Disapproved and is Sustained-New Ruling on the Payment of Judgments Against the City Laid Down.

Last night the special committee of the council that investigated the charges lodged against Charles V. Mos, the newly appointed clerk of the police court, submitted its report. It was adopted by a close vote. Munro, Wheeler and Howell of the committee reached the conclusion that Mr. Mos is not a fit person for the position and recommended that the appointment be rejected. Mr. Hascall, the fourth member of the committee, did not sign the report, because it was impossible for him to be present at the meetings of the committee, and he refrained from voting. Neither did Mr. McLearie, the fifth member, as the report did not meet his views and he considered Mr. Mos innocent of

the charge made. Before the vote on the adoption of the report was concluded there were many explanations of votes by members. Those voting in the affirmative were: Back, Edwards, Howell, Jacobsen, Munro, Parker, Steel and Wheeler. In the negative: Bru-ner, Elsasser. McLearie, Prince, Saunders, Specht and Thomas. Vetoed a Paving Ordinance.

The greater part of the session was taken

up in considering a large number of vetoes from Mayor Bemis. The first and most im-portant was that of an ordinance ordering the improvement of Twenty-first street from Burt street to Lard street, for the reason that a protest has been filed by a number of the signers of the original petition asking for such paving to be done, and also for the reason that it is claimed by a number of parties who signed the original petition that they did so under a missapprehension of their rights and upon the statement that unless they designated the material they desired used for paving the city would proceed with the paving regardless of their pref-erence of material. Also for the additional reason that under the recent decision of the supreme court it is necessary that a petition should be presented by the property owners owning a majority of the feet front-age without any condition. In order to fully protect the city and prevent the cost of pavprotect the city and prevent the cost of paving being put upon the city, he believes that petitions for paving without condition or qualification should be first submitted before the material is designated or the paving is ordered to be done. Such petitions, as he has advised, have been prepared by the city attorney, with the approval of the city engineer and chairman of the Board of Public Works. While the mayor is desirous that such paving as is to be done during the present year should be done doneduring the present year should be done without unnecessary delay, he believes that there should be sufficient caution, in view of the recent decision of the supreme court, as will fully authorize the special assessment necessary to cover the cost of doing all paying except intersections. The veto The mayor also vetoed the ordinance order-

ing the pavement of Cuming street from Twenty-fifth avenue to Thirtieth street for the same reasons as prompted the Twenty-first street veto. This veto was also sus-tained, as were the vetoes, for the same reasons, of the ordinances ordering the paving of Nineteenth street from Farnam to Dodge, Dodge street from Twenty-sixth street to Twenty-seventh avenue, Cuming, from Thirtieth to Thirty-second street, and Sixteenh street from Farnam to Howard.

Cut Out Mrs. Tusler's Judgment. Mayor Bemis vetoed in the appropriation dinance two items in favor of Catherine . Tusler, one for \$603.50 and the other for \$42.24, being the amount of principal and in-terest of a certain judgment in favor of Catherine H. Tusler for taxes paid on account of opening Park avenue. A number of judgments are standing against the city as much entitled to immediate payment as this one. If such judgments were to be paid in any manner except out of the special fund to be created for the purpose of paying eral fund, as well, would be entirely exhausted within the next thirty days. It was contended by Hon. A. J. Poppleton, as well as Mr. Connell, that all claims or judgments against the city which might be paid out of a special fund should be paid way. The mayor was advised that the mat-ter of making a special assessment to cover the cost of opening Twenty-ninth avenue is The mayor was advised that the matnow pending before the council, and that the same will be consid-ered by the council when it next sits as a board of equalization. As demon-strating the danger of paying any claim out of the general judgment fund, or general fund which should be paid out of a special fund, he says that he has been advised by the city attorney that the question was raised and argued before the district court today as to whether the city has any legaright to make an assessment to cothe cost of an improvement which the money has already been advanced by the city. It is contended by counsel against the city that such an assessment would be unauthorized, and would be merely for the purpose of reimbursing the city treasury, for which there is no author-ity in law, in place of an assessment to cover the cost of an authorized improvement While the mayor would be glad to take such action as would enable Mrs. Tusier or any other taxpayer to obtain prompt relief, he could see no other way than to take the course indicated for the protection of the

city. The veto was sustained.

For the same reasons a similar claim, amounting to \$809.19, in favor of Louisa Van

Cott was vetoed and sustained. Too Many Dead Dogs. Another veto was the claim of Newton Niday, amounting to \$76.50 for 153 dead dogs removed during the month of May. The mayor thought that a good many canines to be removed in one month, in view of the fact that the poundmaster had dis-posed of several hundred during the same period. He desired the claim looked into. The veto was not sustained.

Mayor Bemis called attention in a com-munication to the necessity of an ambulance for the use of the city, and urged the purchase of one. Referred to the committee on

Mayor Bemis submitted the notice of the building inspector calling attention to the smoke ordinance. The mayor suggested that steps be taken to provide the city hall boilers with smoke consuming devices. The communication was referred to the commit-

tee on public property and buildings.
The bids upon permanent and wooden side walks were rejected and the Board of Public Works instructed to readvertise. This action was taken as the council has neglected to ap-

prove specifications.
Mr. Saunders endgavored to secure a hearing on the fuel gas franchise ordinance, but failed. A majority of the members preferred the regular order of business. A resolution was adopted empowering the Board of Public Works and city engineer to

repair the washouts and breaks in the sewers made by the recent storm. Deeds, dedicating a portion of Poppleton avenue, from Thirty-fourth street, and Thirty-fourth street, from Poppleton to Woolworth avenue, were approved. An appropriation of \$5,000 was made from the general fund for the use of the street commissioner in repairing washouts and damage done by the late storm. The com-missioner was instructed to put a force of men at work immediately on the streets in the different wards.

For a Garbage Contractor. The clerk was directed to advertise for

two weeks for bids for the gathering, haui-ing and cromating or removing from the city all dead animals, garbage and offal of the city for a period of ten years.

The committee on public property and buildings was instructed to purchase the necessary furniture for the offices to be occupied in the city hall by the chief of police, fire and police alarm system and the super-intendent of the building, and to prepare a

The committee found that the telephone company had removed fifty-three poles and will remove more, including those in the heart of the city, within the next sixty days; also that the Western Union company should not be entitled to more than one line of poles on Farnam street between Ninth and Thirteenth. The company now has two lines. A resolution was adopted giving sixty days to the company to remove the poles on the north side.

The resolution leasting as a secliption the The resolution locating an arc light on the High school grounds, on condition that the Board of Education place another there, was

The judiciary committee reported favorably upon the ordinance fixing the licenses to be paid by circuses and the same was adopted. A meeting will be held this evening to consider the fuel gas franchise and clean up unfinished business.

STILL IN A WRANGLE.

Railroad Lines Cannot Come to an Agreement on World's Fair Rates. CHICAGO, Ill., June 6 .- The Illinois Central has now blocked the way to the adoption of the Western Passenger association's revised agreement. It has already conditionally withdrawn from the association and, if the revised agreement is not adopted on or berevised agreement is not adopted on or before June 15, the notice of withdrawal will
hold good thirty days from today. Further
than this, the Illinois Central will
not sign the association agreement unless the Burlington, Cedar
Rapids & Northern and Iowa Central both
sign. The members of the association
wrangled all of today on making reduced
excursion rates from transmissary territory excursion rates from transmissouri territory and reached no conclusion before they ad journed until tomorrow. The committee on Colorado and Utah traffic reduction of round trip tickets from California was given time to report. For the first time since the meet-ing began, doubts were expressed today of the final adoption of the agreement.

If tomorrow's meeting of the Central Traffic association does not develop a first class row over passenger rates, it will not be because the incentive is lacking. Some of the lines favor a general or special reduction and others are strongly in favor of a general maintenance of all rates. Some of those lines favoring reductions may go to the length of withdrawing from the association if their demands are not granted. The net earnings of the Atchison for the fourth week in May were \$1,193,630, an increase of \$29,485 over the corresponding

week last year. Resigned by Request. Sr. Louis, Mo., June 6 .- Something of a

sensation was created in railroad circles this afternoon by the resignation of Colonel R. E. Ricker as general superintendent of the St. Louis. Iron Mountain & Southern, a branch of the Missouri Pacific system. The resigna-tion was accepted and General Manager the Missouri Pacine system. The resigna-tion was accepted and General Manager Doddridge appointed, as Colonel Ricker's suc-cessor Mr. E. A. Peck, who at once took charge of the office. It is understood that the resignation of Colonel Ricker was not voluntary. Mr. Peck, until six months ago, was general superintendent of the Big Four.

AMUSEMENTS,

"The Idea" at the Boyd. The modern farce comedy is truly a thing of "threads and patches." made up of songs, recitations, occasionally bright dialogue and senseless plot, with a lot of pretty girls in brilliant-hued costumes as seasoning. Now and then a really clever farce is seen on the local boards, and judging from the re-ception accorded Hallen & Hart's new piece last evening at the Boyd "The Idea" bids fair to be as successful as their former play, "Later On." There are several new ideas in "The Idea," the finale of act second being particularly a clever bit of comedy work, the scene changing from the of the Salvation army. The company is strong in personnel, Mr. Al Wilson outside the stars, Messrs. Hallen and Hart, making a genuine hit in the character of Pretzel

CRIME IN HIGH PLACES! It is not strange that some people do wrong through ignorance, others from a failure to investigate as to the right or wrong of a matter. But it is strange, that individuals and firms, who are fully aware of the rights of others, will persist in perpetrating frauds upon them. High-toned, wealthy manufrcturing firms will offer and sell to retail merchants, articles which they know to be infringements on the rights of proprietors, and imitations of well known goods. We want to sound a note of warning to the retailers to beware of such imita-tions and simulations of "CARTER'S LIT-TLE LIVER PILLS." When they are offered to you, refuse them; you do not want to do wrong, and you don't want to lay yourself liable to a lawsuit. Ben Franklin said "Honesty is the best policy"; it is just as true that "Honesty is the best principle."

Mr. Vilson is one of the very best monologue entertainers seen in Omaha this season, having a refined sense of the humorous and the unusual. Miss Fanny Blood-good, Miss Fuller and Miss Carle add to the enjoyment of the evening with good specialties, while the other female characters are up to the requirements. Mr. Hallen persisted in guying throughout the performance, which detracted seriously from the perfected entertainment the people in front have a right to look for in those who

are paid for being bright and clever.

Altogother 'The Idea' is a rattling good farce comedy, a little tiresome sometimes, but always an excellent cure for a fit of the

Change of Bill at the Bilou.

From time to time, since the establishment of cheap theaters in Omaha, the field has been entered by different managers, with more or less success, but it remained for Manager Day of Wonderland and Bijou theater to make it a really profitable ven-ture. He has surrounded himself with a of efficient assistants and the best stock company the city has ever witnessed, which combined with his excellent business management has made the Bijour theater the favorite resort of the city. This week the stock company are presenting "Our Boarding House" in a really creditable man-ner. It is a very funny play and is warmly applauded by the patrons of the house, Ralph Cumming as Gillered and W. J. Holten as Elevator are excellent and as Betty Miss Lisle Leigh makes a big hit. Pans La Petrie introduces a clever specialty, which is repeatedly encored, and the balance of the company are all exceptionally strong in their roles. strong in their roles.

RARE, RIPE OLD WHISKY. Limited Stock of the Finest in the

World. World.

8. H. Ford has opened a wholesale liquor store at No. 17 Pearl street. Council Bluffs, and has put in a large and well selected stock of wines, brandles, whiskies, etc. It is a fact worthy of mention that Mr. Ford is the fortunate possessor of nearly forty harrens of the linest whicky in the United States. In 1880 he bought seventy five barrens of Kentucky C. F. C. Taylor whisky, and it was not until about three years ago that he placed the goods on the market. Of this stock he has left about forty barrels and experts all premounce it about the finest whisky in the country: He sells it mainly to families for medicinal use, as it is too costly for the regular trade. It is worth over Hid per gallon. There is not another brand of such whisky in the U. S. His stock of handles and wines comes from the amous Leland Stanford vineyards. California and have a high reputation for cellence and purity.
