

DOINGS IN DISTRICT COURTS

Barbara Lawson Regards Marriage as a Failure After Long Experience.

HER HUSBAND IS NOW IN JAIL

Larry Callahan Arrested for Burglary—Decision in the Harris-Kaiser Squabble—Whisky Trust Mortgage—Small Verdicts Against the City.

Barbara Lawson has commenced proceedings looking to a loosening of the matrimonial fetters which bind her to her husband, Robert, to whom she was married some twenty years ago. For a cause of action she alleges that Robert is built upon the brute order and that coupled therewith he has a habit of getting drunk about twice a week, at which times he is cruel and abusive.

The Harris-Kaiser Case. The somewhat shop worn case of Anthony Kaiser against Jonas R. Harris, exhaustive mention of which has previously appeared in The Bee, was brought up in Judge Keyser's court yesterday. Mr. Harris was released from custody on a writ of habeas corpus. Criminal proceedings against him were dismissed on the civil features of the case will bob up later.

IN THE FEDERAL COURT.

Frank Thunder Found Guilty of Larceny—Colored Trooper Sentenced.

Frank T. Thunder, an Indian charged with the larceny of \$25 on the reservation where he holds forth, was found guilty in the federal court and was sentenced to five months in jail. The sentence was subsequently reduced to three months.

Frederick Brown, the colored trooper from Fort Robinson, who attempted to decapitate a fellow soldier with a razor, was indicted on two counts, the first charging assault with intent to kill, and the second charging assault with intent to wound. He pleaded guilty to the jury on the second count, and was therefore declared not guilty on the first count. He was sentenced to the penitentiary at Sioux Falls for a year and a day, the sentence to begin to-morrow.

Private Middleton, who was acquitted last term on his second trial for rape after the first jury had disagreed by a vote of ten for conviction to two for acquittal, more for the reason that under the federal statutes the penalty is death than because there was any question of his guilt, was again, this time charged with assault and larceny. He pleaded guilty to the former, and the latter was dismissed. He will carry in the county jail for the next ninety days.

Don G. M. Lambertson of Lincoln was in the city yesterday, engaged in federal court business, with reference to an old case between the city and the Sun Paper Lighting company, dating back to the time when he was city attorney of the capital city.

The jury in the manslaughter case against Private Samuel Baker of Fort Niobrara, was still out when court convened this morning, having been deliberating over forty hours, and was announced as unable to agree upon a verdict. Further time was granted.

On Trial for Burglary. The criminal division of the district court has got its hands full with the case of the state against Larry Callahan, who is charged with being a bold, bad burglar.

In this particular case it is charged that Larry, in the night time, with malice aforethought and with force and arms, entered the rooms occupied by the female help at the Madison hotel and stole female wearing apparel of the value of nearly \$200, which he soaked with a parabenol of the city.

Larry enters a general denial, claiming that it is a case of mistaken identity. The two complaining witnesses who occupy seats in the court room both swear that it is nothing of the kind and that they saw the man just as he was leaving the room, but that they did not dare to make any outcry for fear that he would return and kill them on the spot.

Small Verdicts Against the City. Over in Judge Scott's court Anton and Marjak Popf have convinced the jury that they have a claim against the city of South Omaha. They owned some lots along one of the streets. The city council thought that the street should be graded and ordered the work performed. Then the Popfs sued for damages and this morning the jury returned a verdict finding for the plaintiffs, assessing Anton's damages at \$88 and his wife's at \$140.

A Whisky Trust Mortgage. The Distilling and Cattle Feeding company, or in other words the Whisky trust that has its headquarters at Peoria, Ill., this morning filed an \$8,000,000 mortgage in the office of the register of deeds. The mortgage is the Central Trust company of New York city and the property covered includes all of the distilleries under the control of the trust, the Willow Springs of this city and the plant at Nebraska City being among the number.

Claim Against the County. Joseph H. Taylor is seeking to recover a judgment against the county of Douglas, and placing his damages at \$10,000. The plaintiff in the case alleges that he owns a strip of land along the line of Leavenworth street, just outside the city limits, that as long ago as 1890 the county commissioners, with force and arms and with a loud noise, entered his premises, confiscating his property for the purpose of opening the street.

Strongly Endorsed. The advertising of the Cattlemen's appeal to the sober, common sense of thinking people, because it is true; and it is always fully substantiated by endorsements which in the financial world would be accepted without a moment's hesitation. They tell the story—HOOD'S CURES.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation.

Prospective Damage Suit. Months ago the South Eleventh street viaduct was condemned and declared to be unsafe for wheeled traffic. However, the street railway was permitted to run its cars over the rickety structure.

On Tuesday night a gentleman who lives on Mason street near South Eleventh street, received a severe fall on the viaduct, due to a loose plank. When a reporter for The Bee visited the spot yesterday afternoon, he found the plank still elevated three inches in the air, on one side, and presenting an ever-ready appearance to do its utmost to trip up a fresh victim.

City Taxes. City taxes for 1893 fell due May 1 and will become delinquent July 1. The total amount of the tax is \$900,000. Of this amount \$9,497 was paid in during April and \$39,922.85 during May, making a total of \$49,420.85. Treasurer Bollen says that compared with former years property owners are paying their taxes very well, and especially is this gratifying in view of the claim of the scarcity of money and consequent hard times.

Down with the Records. If the horses will finish the speeding season as successfully as the steam engine has opened it, this year of grace 1893 will mark a good many important smashing of the records. On land we have a New York Central engine going a mile in 32 seconds, while on the Atlantic the new Cunarder has surpassed all performances on the eastward passage.

The public appreciation of high speed grows keener year by year. Americans like sport, especially if the character of it is above reproach and in the tests of engines, land and marine, they have no reason to worry over the chance of crooked work. Every time a record is broken the public is delighted. And there seems to be every promise that this year will bring a great deal of enjoyment of the kind to the residents of these United States.—Railway Times and Financial Register.

NEW UNION DEPOT. F. L. Ames, an Eminent Boston Financier, Expresses His Views on the Subject.

Mr. F. L. Ames is in favor of locating the new union depot at the foot of Farnam street, if such a thing can be accomplished without any great loss to the Union Pacific company, in which he holds the largest interest of any individual stockholder.

Although in the midst of interviews with heads of departments, Mr. Ames had time to talk to a representative of The Bee, as follows:

It is to be regretted that the people of Omaha would not allow us to complete the present union depot along the lines mapped out by the depot company. It does seem to me that whatever we wanted to do anything for the city the people would step in and put a stop to intentions that were manifestly honest and just. Tied up as the depot matter is at present, it is very hard to say what will be done with the structure. It is no worse than the Michigan central was for years, and the people of Chicago got it.

and tide over the theorists that seems approaching. He has a same silver delegation in congress to contend with, but everybody having the interest of the country at heart hopes that he will carry with him enough members to repeal the Sherman act.

Mr. Ames and Mr. Clark leave early this morning on a tour of inspection of the Union Pacific, returning in about a week.

General Manager H. C. Perkins, of the Burlington, with President Perkins, is making a tour of the system.

Assistant General Passenger Agent W. J. Black of the Atchafalpa, Topeka & Santa Fe railroad is authorized for the statement that there will be no more cut rates between the Missouri river and Chicago.

The Missouri Pacific yesterday brought into Omaha, consisting of a well known firm in this city, a train load of salt, consisting of eighteen full cars from the Kansas Salt company at Hutchinson, Kan. This is the largest shipment of salt ever made to this city.

A new local time card goes into effect next Sunday on the Burlington. No. 4 leaves Denver east bound at 12:30 noon, instead of 6:15 a. m., as heretofore. The arriving time will be the same. This train will carry a sleeping car, as will also No. 5 west bound, in this season.

Messrs. Hawley of the Elkhorn, Marquette of the Burlington, Hall of the Missouri Pacific and Thurston of the Union Pacific met in a room in the city of Omaha, and endeavored to agree upon some plan of action looking to a test of the maximum rate law. But the lawyers like doctors could not agree and they adjourned without day.

A Traveler Taken with Cholera Morbus. While Mr. J. Richey of Alton, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is a good remedy for cholera and nothing else. It never fails.

AN INDIAN'S ORATION.

Flying Cloud's Masterly and Thrilling Speech.

Worthy of Ingersoll, Blaine, Gladstone or Bismarck.—The Indian East and West. Present—Presented in a Verbal Panorama—Here is a Lesson to Read.

The Indian is the most poetic race in the world, in their relations with their own; in their habits when not on the warpath; in their customs, songs, dances, in their belief in the happy hunting ground, and in their conceptions of the Great Manitou.

The following is an extract from the speech of Flying Cloud, a famous Kickapoo medicine man:

"Children of the Great Spirit, whose form is the air, though invisible, I am here to tell you of our wrongs and of our rights! Four hundred years ago the great White Man sailed from Spain to find a New World."

"That World was the Red Man's. Then all went well with our people until the white men came to the upper waters of the Hudson to the Great Warm Guit that blessed the land of Fruit and Flow'ring. Then the white men came with their axes and their fire, and they hunted and killed the Indians."

"The Indian welcomed the White Man and for that welcome our people were driven from their homes, and the great Salt Lake, beneath which the Great Spirit's Eye every day sees what twilights come down upon the earth."

"We are sentenced like horses when autumn winds shake the forest of the forest. We, the Kickapoo, whose home was in the land of the Sacs and Foxes, are at peace with the White Man. What we have, that we will give to our White Brother."

"Our Kickapoo Indian Sagwa makes men live to be one hundred years old. There are led men living who have used it ever since they were young men. But the white men say they can only eat, lie and sleep in the sun."

"Our Kickapoo Indian Oil is the foe of pain. Our Kickapoo Cough Cure stops the hand of pain. Our Kickapoo Indian Salve heals and cures all wounds, and our Kickapoo Worm Killer preserves the lives of papooses."

"Our Sagwa—good medicine—is from the great mother of us all—Nature. All that is best that grows in the woods, the fields, the mountains on the plain, that hides in the earth, our Sagwa has taken and made it live the lives of our warriors and our women."

"It acts upon the body like sunshine on the trees and flowers, and gives life and strength to all who use it. Men and women partake of it freely can only die of old age."

"This secret which the Kickapoos alone possess, they give freely to their White Brother. It is our richest offering. I have spoken. Let the voices of the world be raised for what I have said!"

Without doubt the Indian has a profound knowledge of the mysterious herbs with which they cure radically many formidable diseases which baffles the greatest physicians of the world.

Those remedies can now be obtained of any druggist or wholesale dealer. The Kickapoo Indian Sagwa one dollar per bottle. Six for five dollars. Our Cough Cure is fifty and all the other remedies twenty-five cents per bottle. In using these remedies you may be absolutely certain that they are purely vegetable, that they do not cure or injure, and are not poisonous, because the Indians know absolutely nothing of these harmful drugs.

The Kickapoo Indian Medicines are genuine Indian made. How they came to be given to the white man, we do not know. In our large book, which we gladly send free to all applying who care for it sufficiently to write an enclosing three-cent stamp to pay postage. Address Healy & Sigshaw, 211 Grand Ave., New Haven, Ct.
